FORM OF BALLOT.

Election for the Electoral Division of York, 1891.

TEMPLE — Thomas Temple, of the City of Fredericton, in the County of York, Gentleman.	
THOMPSON — Frederick P. Thompson, of the City of Fredericton, in the County of York, Manufacturer.	**X**

Put your Cross after Mr. Thompson's name.

LOCAL NEWS.

For additional local and Marysville news, see first page.

A New Leader.—The salvation army in this city will hold special lent meetings on Sunday next, when Major Baugh of Moncton will preside.

At The Mill. — The temperance people at Morrison's mill will give a concert in the school house at Easter. The program will consist of music, dialogues, and farces.

Work at the Bridge. — The improvements at the bridge have all been completed with the exception of the sidewalk at the entry, which it is expected will be finished to-day Saturday.

A New Decision — The supreme court has declared that witnesses failing to answer questions in Scott act cases, may at once be committed to jail on the order of the presiding magistrate.

Revival Services. — The Rev. Fred. C. Harvey, pastor of the F. C. Baptist church, is holding a series of cottage meetings at St. Mary's and vicinity. These meetings are well attended.

Sleigh Upset.— As A. W. Coburn, was driving along Westmorland street on Tuesday last the sleigh was upset, and all the occupants thrown out into the road. Fortunately no one was injured.

Ice Cutting.— Work was suspended on the ice enclosures on Thursday on account of the recent rains which flooded the river in places and made the work of cutting and transporting very difficult.

Whist Club. — The members of the west end Whist club played an interesting game of solo whist at the Dunphy hotel on Wednesday. The game which was played with three packs of cards proved highly diverting.

A Wedding Rumour.—It is said that one of our popular young city men intends effecting an alliance with one of Uncle Sam's fairest daughters, She will embrace protection, and he will expect unrestricted reciprocity.

Centennial Anniversary. — To-morrow (Sunday) being the centennial anniversary of John Wesley's death, special services appropriate to the occasion will be held in the Methodist church, when the Rev. J. Shenton will officiate.

St. Mary's Episcopal Choir.— The members of the above choir met at the residence of John Staples for practise in church music on Tuesday. The rector the Rev. C. H. Parkinson was present, and a very pleasant evening was spent by all.

A Deserter Captured— Private McBean of the Infantry school, who deserted from the battalion last summer has been apprehended at Moncton, and was on Wednesday brought back to this city, where he will be tried by court martial

A Standard Bred. — Wm. Rodgers of the model farm at Bathurst has imported a standard bred Hamiltonian horse, bought from C. O. Ball, D. V. S. of Vermont. It bears a high reputation in trotting circles and is called Redemption.

Concert at Kingsclear. — There will be a varied entertainment of songs, dialogues, and tableaux to be given by the members of the temperance lodge at Kingsclear this Saturday evening. The members will be assisted by some of the city amateurs.

Bad News.—On Thursday evening Joshua Limerick received a telegram from Boston, requesting his immediate attendance there. His father, Arthur Limerick has been under medical treatment for some time in that city, and it is feared that he is dangerously ill.

First to Respond. — The officers and men of the R. S. I. corps were the first to respond to the Spring Hill appeal. Sergeant Boutellier started the subscription list, fifty-two dollars were quickly collected on Tuesday and forwarded to Spring Hill on Wednesday.

The Largest Cedar.—G. S. Cushing of St. John, the well known lumber operator while in Caribou recently, was shown the largest cedar at Cary brook. It scaled 1012 feet inside of the bark. The latter was 2½ inches thick. It was the very best cedar he had ever seen.

What our Neighbors Think.—A Woodstock traveller says the liberal candidate in Carleton county is bound to be on top, as the benefits of free trade to manufacturers and farmers are fully recognised all over the county. It is felt that the conservative cause is helpless.

The One Absorbing Theme. — The election is the principal topic of interest in all the leading hotels and stores, and the latest news from outside quarters is eagerly discussed. The telegraph has been kept pretty busy all the week, and despatches have been wired all over the country.

Skating Matters. — At the Marysville rink on Tuesday evening, W. McConaghy and F. Smalley, competed in a mile race which was won by the latter. A race between Smalley and J. Wesley resulted in a draw. A large crowd attended, and a general good time was spent by all.

A Great Thaw. — On Wednesday the mildness of the weather and the genial sunshine caused a thaw to set in. The sidewalks were dangerous to walk upon and many of the back streets were flooded with water. The country roads were almost impassable owing to the rain and the thaw.

In Favor Over the Border. — A lumberman from Presqueisle says that the people over the border generally are in favor of unrestricted reciprocity, and that the lumber merchants of Maine would gladly pay $5 per thousand for hemlock directly free trade is declared. The present price is $3 per thousand.

Not for Amusement Only. — A party from Kingsclear drove into town on Monday evening. There were fourteen couples and all seemed in the best of health and spirits. After attending the revival service at the Baptist church, the party drove home apparently well satisfied with the spiritual enjoyment afforded them.

About Berries. — A Welsford man in conversation with a Herald reporter on Thursday stated that an enormous trade in berries was carried on between Welsford and the Boston markets last summer. The only trouble regarding the export is the duty imposed upon the baskets which are charged for by the Americans. Unrestricted reciprocity would remove this evil.

The F. O. M. W. Orchestra.— This new musical combination consisting of Messrs Crowe and Biggs, first and second violinists; Mr. Porter, violincello; Mr. Adams, piccolo; Mr. Landers, cornet; Mr. Risteen, trombone; and Mr. Strickland pianist made their first appearance at the Methodist social held in the vestry on Wednesday evening. They were favourably received, and played two operatic selections and an overture.

CITIZEN'S MEETING.

Fredericton will Respond Nobly to the Appeal in aid of the Spring Hill Sufferers.

A meeting of the inhabitants of this city took place in the council chamber on Wednesday evening. Ex-mayor Fenety was moved to the chair, and L. Macnutt was appointed secretary.

Mayor Allen called attention to the object of the meeting. The city council after due deliberation had come to the conclusion that $200 would be a fair appropriation, and that by the aid of subscription committees a further sum of $500 could be promptly raised.

Sir John Allen moved that committees be hereby appointed to solicit and collect subscriptions in aid of the bereaved and distressed during this most pressing period.

The chairman said there was but one feeling in the community regarding this terrible calamity and he thought the best method of meeting the matter would be by a general assessment and subscription committee. The former plan could be legalized afterwards as in the case of the St. John fire.

After a few remarks from aldermen Richey, Macnutt, and Gillman, the following gentlemen were proposed as solicitors for the differens wards:

Queens — Mayor Allen, E. B. Winslow.
St. Anns — Ald. Gilman, W. A. Currie.
Kings — Ald. Richey, Messrs. Chestnut and Whelpley.
Wellington — Ald. Vandine, Isaac Burden.
Carleton — Ald. Farrell, Messrs Randolph and Dever.

L. C. Macnutt was appointed to act as treasurer and correspondent. The meeting then adjourned.

Heraldisms.

Lady Sim, the celebrated mare is now in the market.

On Monday next the congregation of St. Paul's will meet to choose a pastor.

The local legislature will meet on March 12th next for the despatch of business.

Prof. Duff is to give his entertaining lecture on India in St. John at an early date.

There was a heavy fall of snow all day Friday, and business was dull in all the stores.

The lumber camps are breaking up and many of the men have returned to their homes.

The farmers of York county want a fair field and no favor. Unrestricted reciprocity will do this for them.

Potatoes have been selling this week in Aroostook at $2.50 a barrel. Contrast this with prices received here.

The Dominion Illustrated has published a poem by D. G. Theodore Roberts of this city. The poet is thirteen years of age.

The Canadian express company will forward any packages of clothing or supplies or money packages for the Springhill mine sufferers free.

The ladies of the Methodist missionary society held an "at home" in the school room on Wednesday evening. Invitations were issued to members of the congregation. Four or five hundred people were present. Refreshments were served and an attractive musical program presented.

Police Intelligence.

John Ring of this city was on Monday morning charged before police magistrate Marsh with being drunk and disorderly, and resisting the police. He was fined $15 or in default thereof 20 days jail.

A soldier charged with intoxication was fined $5, which was immediately paid.

Private James Welton of the Infantry school was on Friday morning charged before police magistrate Marsh with disorderly conduct at the salvation army meeting. Defendant pleaded guilty.

The magistrate in commenting upon the frequent disturbances which had occurred between the civilians and the military lately, said he was determined to severely punish cases of this kind. The law would protect religious gatherings and the full penalty was $20 or one month.

As the complainant had interceded for him and as he bore a good character from the regiment he would only impose a penalty of $4.75 including costs.

R. T. Hickman (colored) was charged with a common assault upon the person of Angus Magee by throwing missiles of ice at his head and face. The case was compromised.

Grace Delong charged with abusive language towards Clara Blinkworth, both of this city, did not appear, and his honor reserved judgement after hearing the evidence of the complainant.

Resolution of Sympathy — At an adjourned meeting of agricultural society, No. 34, the following resolution was proposed and passed unanimously:

Resolved, that the thanks of this society be given to our late secretary, F. S. Hilyard, for the valuable service so cheerfully rendered by him, not only as secretary, but at all times when called upon in the interest of the society ever since its first foundation. And it was with much sorrow that we heard of the severe illness by which he has been so long rendered incapable of fulfilling the arduous duties devolving upon him, but we trust that in the providence of God the improvement that he has lately enjoyed may be continued until his wonted strength and activity are returned.

The Fredericton Market.

Business has been very dull this week, and with the exceptions of cordwood and hay, prices have been extremely quiet. We quote: — Pork, 6 to 6½ cts; beef, 3 to 5 cts; mutton, 4 to 5 cts; lamb, 6 to 7 cts; veal, 5cts; hams, 10 cts; sausages, 10 cts; butter, 15 to 17 cts; cheese, 12 cts; lard, 13 to 15 cts; turkeys, 12 to 13 cts; chickens, per pair, 45 cts; ducks, 50 to 70 cts pair; geese, each 75 cts; eggs, per doz: 23 to 25 cts; potatoes, $1.75; turnips, 60 cts; carrots, 80 cts; hay $7 to $10; straw $5 to $5,50; oats, per bush, 52 cts; cordwood green, $3,00; dry, $3,50; socks and mitts, 20 cts per pair.

Social at Harvey. — The Rev. C. Baker of the Harvey Baptist church was entertained by his parishioners few days ago when a purse of $50 was presented as a reminder of their interest in his temporal welfare. The ladies provided a sumptuous repast and a time of solid enjoyment was participated in by all.

EJECTED FROM THE HOUSE.

What Happened at Chatham on Monday Last.

The travellers assembled in the waiting room of the Barker were discussing the latest news on Friday night, and a gentleman from Boiestown gave the following particulars of an ejectment case at Chatham.

A Mrs. Helen Dickens with her two children for some time past occupied a house which formerly belonged to her mother. On the latter's decease the property was never divided, but by the consent of the other heirs Mrs. Dickens was allowed to live there.

On Monday evening which was a bitterly cold night, George Watt of Chatham went to the house and forced an entrance, removed a lot of valuable property from the house, and rendered the premises so bare the widow and her two little children were obliged to seek shelter elsewhere. Watt was accompanied by policeman Gillis, who however was only present on the verbal invitation of the former.

Watt says that ex-policeman Ross, who left town some time ago, was in debt to him, but beyond the fact that the ex-policeman was brother-in-law to Mrs. Dickens, this gives him no warrant for his cowardly attack on a defenceless woman and her two little ones.

The affair has caused great excitement in Chatham, and people are pressing for an investigation of this disgraceful affair

Recent Deaths.

James Haining, of New Maryland, expired on Wednesday morning from heart trouble. Deceased, who is a cousin of Peter Haining of this city, was in his 63rd year. He had suffered from heart trouble before and had been attended by Dr. Coulthard. He was one of the oldest residents of New Maryland.

The death of Jarvis S. Verner, which occured on the 20th ult., at upper Sheffield was a great surprise to his many friends in this city as he had up to a few days previous been in excellent health. Deceased who was 67 years of age was for many years connected with the steamboat business, but of late years had kept a store at upper Sheffield. The funeral which took place at Sheffield on Tuesday last was largely attended.

Albion Goodine died on Tuesday morning last at Muzrell settlement of congestion of the lungs. Deceased was one of the wealthiest farmers of the district, and was universally respected. He leaves a wife and four sons to mourn their loss. The funeral took place on Thursday morning at French Village, the Rev. Father O'Leary officiated, and a great many relatives and friends attended to pay their last token of respect to one who was much admired for his upright noble character.

Andrew W. Coburn of Harvey station, who has been suffering from hemorrage of the lungs for some time past, died on Thursday last at the Victoria hospital. Deceased was well known in this city, was an old Grammar school boy, and the tidings of his death at the early age of 22 caused much regret among his numerous friends and companions in this city. Deceased had been an inmate of the hospital for nine months and had been attended by Drs. Currie and Keith. The body was removed to Harvey on Friday and many of his old fellow collegians accompanied the remains to the station. The sympathy of all has gone out to the bereaved parents who are left to mourn the loss of one who was a young man of exceptional promise.

Parlor Concert.

A number of ladies have decided to give a parlor concert in aid of the sufferers of the Spring hill miningdisaster. The entertainment will be held in Mrs David Hatt's drawing room on Monday evening at 3 o'clock, and the charge for admission will be 50 cents. An excellent object and an excellent program ought to secure a large audience.

PERSONAL.

Concerning People Known to Most Readers.

Augustus Tweedale of this city leaves for Montana to-day, Saturday.

Dr. T. C. Brown has recovered from his recent illness and is able to be about again.

Samuel Owen, merchant of this city, has returned from his business trip to the upper Provinces.

Lieut. Forrester of the N. B. cavalry has been promoted to the staff of A troop of the Quebec I. S. C.

J. Pitblado of the B. N. S. has been appointed a member of the committee of the anxiliary bible society.

Miss Gertrude Brannen who has been attending, the funeral obsequies of the late Mrs. Brannen, her mother, in this city, left for South Framingham, Mass., Friday morning, where she holds a high position in one of the leading state institutions. Miss Helen Brannen left the same morning for a visit to friends in Maine.

On Queen Street. — The main street has been quite lively and animated with busy groups of country politicians eagerly discussing the questions of the day. It is universally admitted that unrestricted reciprocity does not mean annexation. One of the arguments in favor of the liberal cause quoted was the establishment of henneries on a large scale in York county should free trade be secured. There is a great market over the border for poultry as it is well known that the American markets could take all the farmers could supply and at good prices too.

An Interesting Operation.—Drs. Currie and Frank Brown of this city performed an interesting operation at the Victoria hospital on Monday, on the person of a little boy named McLeod, son of Alexander McLeod of Bloomfield Ridge. It was the removing of a diseased portion of the leg below the knee which had been previously operated on but grown diseased. The little fellow is doing remarkably well.

An Apple Item.—In Maine, No. 1 baldwin apples are selling at $6 per barrel, and No. 2 baldwins at $4.25. The northern spy has sold as high as $8 per barrel. From these statements it will be seen at a glance that unrestricted reciprocity would be of immense benefit to the orchardists mentioned in former issues, who have successfuly raised high grades of apples here.

The Sugar Harvest. — Messrs. Peter Hayes and Daniel Lynch of Hayesville intend to go into the maple sugar industry on a large scale this year. They have secured two thousand barks with which to catch the sap, and expect to manufacture fifteen cwt. of sugar this year. The operations will be conducted at Hayes brook on the south west Miramichi.

Not Completed.— The new Presbyterian church at Haynesville, which was to have been opened this spring, has been uncompleted owing to some difficulty regarding the donation of the land. It is understood however that now no impediment exists, and the church will be completed and dedicated in the spring. The Rev. Mr. Nichol is the intended pastor.

AT CLEARWATER.

A Lumberman Gives an Account of the Winter's Work.

Peter Muzrall returned to town on Friday after a winter's work at Daniel Lynch's camps on the south west Miramichi. The lumbermen at Clearwater are now finishing the hauling of the yards and the seventh of March will see the end of the winter's operations. There has been a grand total of 300 men employed at the various camps, with 40 logging teams, and 25 portage ditto. The snow has been pretty bad this season but most of the yarding was completed before the deep falls of snow. The cut which is principally spruce is estimated at ten million feet, which will quite equal the cut of last year. The men have been well cared for and the camps have been well provisioned.

The jews however were very troublesome this year and it is feared a lot of bogus jewellery has taken the place of the lumbermen's dollars. Mr. Lynch has secured his supplies for next season's operations and twelve thousand dollars worth of provisions and tools have been stored in the depot at Clearwater.

Frank I. Morrison, Agent
"Travelers Accident Insurance Co."
Fredericton N. B.

Dear Sir:

I desire through you to thank the Travelers Insurance Co. for prompt payment of my claim, check for full amount reaching me just one week from date of filing proof.

Yours truly,
(Signed) George T. Whelpley

Shooting Foxes. — Edward Muzrall of Haynesville has just returned to town from a shooting expedition in the neighborhood of his home. He managed to shoot fifty foxes, and the skins fetched $1.50 a piece. His brother, Peter Muzrall is also a well known trapper and shot. The two will hunt the bear during the ensuing season.

House Moving.—Benjamin Coy of Gagetown is the boss house mover of the district but has at last met with one failure. A few days ago with 100 men and 42 horses he attempted to remove a house from the side of a hill at upper Gagetown, but directly the building was shifted, the structure fell over and went crashing down the hill.

Not used to it.—Some very diverting pictorial exhibitions intended for satiric caricatures have been pasted up on a Queen street window by the conservatives. This penny plain and two-pence colored sort of campaign literature will not suit Fredericton. The citizens are not used to it; it is undignified low and vulgar.

Straight Edge. — The principal complaint in a recent abuse case tried in the police court on Friday was that the defendant, a young lady, called the complainant, another young lady, a straight edge. The magistrate was puzzled and asked if it was a term of abuse, and the answer given was in the affirmative.

A Grand Rally.— There was a well attended meeting of the liberal party at their committee rooms on Friday night, to which the young men of the city had been specially invited. The meeting was addressed by the Hon. A. G. Blair, G. W. Allen, and C. H. Lugrin, and a grand rally was the result.

The People's Bank.— At the recent meeting of the shareholders on Thursday the bank was shewn to be in a highly satisfactory condition. There was an excess of $4000 over the earnings of last year, which is to be transferred to the reserve fund. A dividend of four per cent. was declared.

A Musical Party.—There was quite a combination of musical talent assembled at the house of a young lady on King street Friday evening. The united voices of the young men and ladies sounded sweet to listeners outside, and it was evident the party were having a good time.

A Boss Lumberman.—John A. Morrison, jr., of this city has been dubbed the "King of the woods" by the upper St. John lumbermen. With 284 men, and 68 horses he has got out this year about five million feet of lumber, principally cedar, which is a splendid average of work.

Sentenced to the Cells.— The result of the court martial held on Wednesday last to enquire into the conduct of privates Russell and Richardson, guilty of fighting on the public streets and resisting the guard, is that the former gets 42 days in the cells, and the latter 14 days.

Unusual Sickness. — The report of the secretary of the school trustees for the month of February shows that there has been unusual sickness among the children attending the public schools of this city. The attendance has suffered greatly in consequence.

At the University. — The public are cordially invited to attend the session of the mock parliament at the university this Saturday evening. The late parliament having resigned in a body, the newly organised government will meet for business at 8. p. m.

Prize Prolific Barley.—The directors of the experimental farm at Ottawa are offering to farmers in Canada for seed, bags of the two rowed barley, the average vitality of which is 90 per cent, and the growth strong. The bags are offered at a great reduction.

Tableaux.—The Hibernians of this city are arranging for a grand concert to be given in St. Dunstan's hall on St. Patrick's day. The principal item of interest on the program will be the tableaux, which will be finely costumed and staged.

Elected Rector.—The Rev. W. H. Hooper, B. A. formerly of this city was at a congregational meeting of the St. George's church at Moncton elected rector. Mr. Hooper has many friends here who will be glad to hear of his promotion.

At the Normal School. — The usual literary musical and debating exercises took place on Friday afternoon at the Normal school. This a pleasant change from the usual routine and is heartily enjoyed by the principals and the students.

Curling Matters.—The members of the city curling club had a rousing game at the Marysville rink a few days ago. The presidents rinks competed with the vice presidents, the former winning by four points only.

At Marysville Rink. — There was a good attendance at the rink Friday evening when several amateur skating events were decided. The rink still continues to be a popular rendezvous for the sporting public.

St. Patrick's Day.— In rememberance of the patron saint, whose commemoration will take place shortly, there will be a dance and social time in the school room at Morrison's mill on St. Patrick's day.

Sure Indication. — Robins having been seen at Nashwaak village, have revived the usual predictions regarding spring. Everybody is agreed that it should be an early one, for the early bird catches the worm.

Full of Business.— There has been quite a movement in the tailoring trade this week. Most of the prominent clothiers are advertising for additional help, and business seems rushing.

Legislative Library.—Mr. Wetmore requests that all persons having books out belonging to the library will return the same on Wednesday next, March 4th., without fail.

Lucy & Co.'s semi-annual cheap sale is now going on. They are running off goods rapidly at prices way down. Those requiring goods in their line would do well to call early. 2in

TO THE ELECTORS — OF THE — COUNTY OF YORK.

GENTLEMEN:

Having received the unanimous nomination of the Liberal Convention for this County, as their Candidate at the forthcoming Election for the House of Commons, I have accepted the same and respectfully solicit your support.

The system of Protection and high taxation, called the National Policy, has been in operation for upwards of ten years and it must be admitted has altogether failed to benefit our County or Province. This failure to realize the needs and expectations of the country has given rise to a vigorous agitation for a change, and fearing amongst other things, that if the general Election were deferred until the term of the present Parliament had expired, the demand for a removal of trade restrictions between Canada and the United States would have become irresistible, Sir John Macdonald has precipitated an appeal to the people.

You are now confronted with the question: Whether in your opinion the material interests of this County will be better served by adopting the policy of the Liberal Party or by continuing that of the Macdonald Government? The issue between the two parties is clear and distinct.

The Conservative leader declares for keeping up the wall which closes against us the markets of the neighboring republic, which if opened would certainly enhance the value of all our products. It is true Sir John Macdonald professes to favor Reciprocity with the United States in natural products, but this is only a pretence, since he knows the people of that country will not accept Reciprocity in this restricted form. They are ready to admit our lumber, fish, farm produce and other products including our manufactures free of duty, if we will admit theirs.

When, therefore, the present Dominion Government says it is willing to accept Richprocity with the United States, but so restricted that the arrangement must be confined to natural products, that is to what we produce and have to sell, and to what either they do not produce or would not be able to sell to us, it is equivalent to opposing Reciprocity altogether. We can have no trade treaty with the American people and cannot effect any entrance into their market unless we are willing to take from them something with which they are able to supply us. Moreover a treaty which is not restricted to natural products would admit American manufactures into our country, and is therefore opposed to the essential principle of protection, to which Sir John Macdonald says his Government still firmly adheres. The Conserservative party stands, therefore, opposed in fact to all Reciprocity. On the other hand the Liberal Party is in favor of the freest possible interchange between this country and its neighbors, of all kinds of commodities which are produced by either. Even if Reciprocity, restricted to natural products, were preferred by the people of Canada to an unrestricted policy, it would be useless to advocate or propose such policy as the Government and people of the United States have refused to entertain it.

A discreditable attempt is being made to brand the Liberal Party as disloyal to England and as favorable to Annexation, because of its views on the question of trade relations with the United States. With this imputation no intelligent person will agree. Our loyalty to our Mother Country and institutions is founded upon attachments too firmly rooted to be thus impaired and with the prosperity which would follow the adoption of such a treaty as the Liberals advocate, there would come increased happiness and contentment, and among a happy and prosperous people there would be no place for widespread discontent, out of which alone could a sentiment of disloyalty be created.

The increase in the debt and taxation during the last ten or twelve years, accompanied as it has been, by reckless extravagance, is enough to excite the deepest anxiety of every well wisher of his country, and I cordially approve of the policy of Retrenchment and Reform to which the Liberal Party stands irrevocably committed.

I offer myself in this election as a candidate for your suffrages in sympathy with the platform and policy of the Liberal party. As a manufacturer, I believe we have nothing to fear from its adoption; but on the contrary, I am convinced we should in this Province enter upon an era of prosperity such as we have not known for years, and in which, not only the farmer and the lumberman, but all classes of our people would participate.

I have the honor to remain,

FRED. P. THOMPSON.
