SCHOOL SECTION No. 1 LITERARY SOCIETY.—The regular fortnightly meeting of this society was held in the school house on Friday evening last, over forty members and visitors being present.—After various matters of importance in connection with the society had been discussed, a long and varied literary programme was carried out most successfully. Readings were given by Miss McIntosh and Mr. Robt. S. Miller. A recitation "The Spanish Armada," was well given by Mr. C. L. Crasweller of the Goderich High School. A dialogue entitled "Maud's Temptation," given by Misses Hunter and Salkeld and Messrs. W. Hunter and G. Salkeld, was well received. A chorus entitled "The Picnic," was well rendered by an 'umber present. Solos were given by Messrs. G. Ellard and R. Smith, and a duett by Misses Maria and Orinda Hincks, was rendered in excellent style. The most interesting part of the programme was the spelling match, Mr. C. Hincks and Mr. R. Miller captained the respective sides, while Mr. Crasweller dictated the words which he selected from the speech from the Throne at the opening of Parliament. As word after work was given out the ranks gradually became, thinner and when the word "pleuro-pneumonia" was given it proved too strong for those left on the floor.—The side chosen by Mr. Hincks had the honor of standing longest. The society is now in a prosperous condition, numbering thirty-eight members. A public meeting will be held on Friday evening, March 14th, to which all are invited. An admission of 10c. will be charged to defray any expense that may be incurred.

COUNCIL MEETING.—The Council met on the 10th of February, at Young's Hotel, Kintail—all the members present. The minutes of last meeting were read and signed. Moved by A. Dreany, seconded by J. Griffin, that the salaries of the different officers for 1879 be as follows:—Clerk $120; Treasurer $80; Assessor $86; Collector $85; Auditors $8 each; Deputy Returning officers $1 each; Poll clerks $2 each; Selectors of Jurors $3 each; and that the Clerk presence a by-law and that it be read first, second and third time and passed.—Moved by A. Dreany, seconded by Jas. Grant, that this Council petition the Dominion Parliament for a grant of ten thousand dollars towards improving the Port Albert harbor, and that the Reeve and Clerk sign said petition on behalf of the Council. Moved by A. Dreany, seconded by J. Grant, that G. Bennet be given a cheque for three dollars paid by him for statute labor as he has performed the same. Moved by A. Dreany, seconded by P. Clare, that the following accounts be paid, namely: Mrs. D. B. Boyd for printing, $6.50; A.C. Simmons for ballot books $8; J. Finn for killing lynx, $3; P. Donohoe for error in taxes, $4.25. Moved by A. Dreany, seconded by J. Griffin, that J. Cooke be Clerk and R. Harrison, Treasurer for the present year. Moved by J. Grant, seconded by P. Clare, that the sum of $12 be granted to J. Crawford to enable him to pay for sending W. Andrews to his parents at St. Thomas and for paying part of the said W. Andrews' doctor's bill as he is at present disabled from work by having part of his foot taken off. Moved by A. Dreany, seconded by P. Clare, that the Trustees of the Temperance Hall be given a cheque for $7 50 being half of their claim for five sittings of the Division Court, the other half to be paid by West Wawanosh. Moved by J. Grant, seconded by J. Griffin, that the sum of $5 each be given the following persons, namely: widow McRae, widow Griffin, Lacy and widow Donagby, as they are in indigent circumstances. Moved by J. Grant, seconded by P. Clare, that after examination we find the Treasurer's bond quite satisfactory. Moved by A. Dreany, seconded by J. Griffin, that the auditors' report be laid over till next meeting of Council. Moved by J. Grant, seconded by A. Dreany, that W. Lucas be refunded $1 dog tax, as he has not a dog.—Moved by P. Clare, seconded by A. Dreany, that S. Sullivan be assessor, also J. Hagen be collector, providing he gives satisfactory security. By-laws No. 2, and 4 were read and passed. The Council adjourned to meet again on the 24th of March at Martin's Hotel, Dungannon. JOHN COOKE, T'p Clerk.

DRUSSELS.

A rather peculiar case came up before W. Harris, J. P., on Friday last. About a fortnight ago W. J. Wilson, a young tailor, was committed for trial on a charge of stealing a dishful of potatoes, preferred by Noble Glass. At the time of his committal, Wilson maintained that he had asked Glass for the potatoes, and that the charge was merely a pretence to get him out of the way, in order that certain persons named might have an opportunity of attempting liberties with his wife. The tailor was not far astray in his surmisings, for upon his return from Goderich (the Judge had discharged him) he had one George Woods, a partner of his own, arrested for attempted rape upon the person of his wife. Mrs. Wilson, in her evidence, (which is unfit for publication) amongst other things, swore that Woods had attempted to violate her person, and had offered her money, and also that he had said her husband was a good for nothing fellow who could not support her, and that Glass would keep her if she would live with him. The prisoner Woods was committed for trial. Glass was also charged with conspiracy in connection with Woods, to unlawfully imprison W. J. Wilson in order to carry out a criminal transaction. Wilson's father, who was present, agreed to a settlement, and the case was withdrawn.

Brussels of late has been getting a bad name for criminal affairs.—*Post*

SEAFORTH.

Mr. P. McConochie lately got several of his fingers cut off by a saw in Lounsberry's saw mill.

A son of Mr. John Cowan, of McKillop, has returned home after four years' study, having passed his examination as Barrister.

Mr. Scott Robertson is about leaving for Manitoba.

This morning, 18th, about two o'clock a fire broke out in a frame store on Main street occupied and owned by Mrs. Markey as a grocery and dwelling. This and the adjoining frame building, owned and occupied by Mr. John Crawford as a dwelling, and Miss Gamble, dressmaker, were completely destroyed. The loss is about one thousand dollars, partly insured.

Negotiations are in progress for the opening at Seaforth, by parties at present in New York State, of a large manufactory of hoops for salt and flour barrels. They expect a bonus and exemption for ten years.

KINTAIL.

We had reason to visit Kintail on the 17th, inst., and were surprised to see the amount of progress this little village is making. There is in course of erection a new dock, and when complete it will make a first class harbour. A large business is being done in saw logs and cordwood. There is a good grist and saw mill in the place. We were shown by Mr. John Boyd, a fine specimen of mechanical skill, being a wooden hand and leg, which he is manufacturing for a man in that neighborhood. They are worth inspection.

BELFAST.

A very destructive fire occurred a short distance from Belfast, by which the barn of Mr. Jerry Alton was totally destroyed, together with its contents, consisting of four hundred bushels of wheat, a reaping and mowing machine, a threshing machine and other implements, besides several hundred bushels of other grain. The cause of the fire is unknown. Loss about $2,000; Insured for $800

MORRIS.

Mr. Geo. Armstrong, of Morris, while engaged in skidding logs on the farm of Mr. Peter Cantlon, north half of lot 14, recently met with a serious accident which fractured his leg in two places.

There was a round of revelry by night.
And joy sparkled but added its delight,
And lovely guests in graceful round were seen,
The Rosewoods brought out their Palmer Pen.

A HANDSOME INCOME FOR AN ENERGETIC LADY OR GENTLEMAN.—The Ohio Scale Works of Cincinnati have just patented and are now introducing to the public a handsomely finished Family Scale, an article that has always been needed in every household, and in a communication addressed to the publishers of this paper the proprietors ask us to refer them to some reliable party, to introduce it for them to the people of this County. It is very seldom that a new article steps so suddenly into universal favor. Housekeepers are loud in its praise, it is always ready, there are no weights to get lost or to be hunted up, is reliable, and will not get out of order. The description of them is a handsome base surmounted by a column in which works a spiral spring so scientifically adjusted as to weigh anything up to twelve pounds with perfect accuracy, on the top of the column is the platform on which the articles to be weighed are placed, and they have an adjustable indicator so that you can take the tare of any vessel that you may be using in weighing, giving you the exact net weight. Housekeepers at once see their value in weighing fruits, sugars and other ingredients used in preserving, cooking, etc., or in testing the weights of purchases from others. The Scales are made of *Brass*, are highly polished and are finished in a skillful manner. They are very attractive and take the eye of every one who sees them. It seems to us that nearly every family in this county will want one, and is certainly a rare opportunity for some smart and energetic party to pick up a nice little income during the next few months. The Company has agents in other counties who are easily making from $5 00 to $6 00 per day selling them, and we would recommend those in need of employment to drop the OHIO SCALE WORKS, No. 125 and 127 Central Avenue, Cincinnati, O., a Postal Card, and all information, etc., will be cheerfully le given them by mentioning our paper. 1671c.

GRAY'S SYRUP OF RED SPRUCE GUM

Trade Mark Registered.

Price 25 Cts.

Every one has heard of the wonderful effects of the Spruces and the Pines in cases of Lung Diseases. The Rev. Mr. Murray, in his book on the Adirondacks, lately published, relates the case of a consumptive young man who was entirely cured by a three months' camping out among the pines. In France the physicians regularly send their consumptive patients to the pine woods, and order them to drink a tea made from the spruce tops.

GRAY'S SYRUP is a scientific combination of the gum which exudes from the Red Spruce tree. In this preparation the gum never separates, and all its anti-spasmodic expectorant, tonic and balsamic properties are preserved.

For Coughs, Colds, Hoarseness, Throat affections, &c., it acts like a charm.
