Royal Military College of Canada.

INFORMATION FOR CANDIDATES.

THE ANNUAL EXAMINATION for Cadetships in the Royal Military College will take place at the Headquarters of the several Military Districts in which candidates reside, in June, 1897. Intending candidates who have matriculated in Arts, within 12 months previous to the Examination, in any Chartered University of the Dominion of Canada, will be exempted from passing the Obligatory or Preliminary Examination.

In addition to the facilities the College offers for an education in Military Subjects, the course of instruction is such as to afford a thoroughly practical, scientific and sound training in all departments which are essential to a high and general modern education.

The Civil Engineering Course is complete and thorough in all branches. Architecture forms a separate subject.

The Course of Physics and Chemistry is such as to lead towards Electrical Engineering, Meteorological Service, and other departments of applied science.

The Obligatory Course of Surveying includes what is laid down as necessary for the profession of Dominion Land Surveyor. The Voluntary Course comprises the higher subjects required for the Degree of Dominion Topographical Surveyor. Hydrographic Surveying is also taught.

Length of Course three years.

Five Commissions in the Imperial Regular Army are at present awarded annually.

Board and instruction, $100 for each term, consisting of ten months' residence.

For further information apply to the Deputy Assistant Adjudant-General of Militia, Ottawa, before 1st June.

Department of Militia and Defense, 1897. 19k

INK, black, red, or blue, contains disease-breeding bacteria, micrococci, and saprophytes, according to German doctors, who have been examining school inks and have cultivated a bacillus found in it that proved fatal to mice in four days.

ENGLAND has turned against its own sparrow. The birds are being slaughtered wholesale by the farmers, especially in Yorkshire, and great disgust is expressed at the manner of their taking off. The Board of Agriculture refuses to protect the birds.

Waiting for Hamid.

The Sultan Objects to Mediation by the Powers.

Would Like to Deal With Greece Directly.

Russia Commands Turkey to Cease Hostilities.

Greece Protests at the Delay in Arranging an Armistice—Autonomy May Fail to Pacify Crete.

WAITING FOR THE SULTAN.

London, May 14.—The Greco-Turkish news does not change the situation. Everything is waiting on the Porte's action. There is no confirmation of the report printed in the Journal, of Paris, that an armistice has been arranged. The correspondent of the Daily Telegraph at Constantinople says the sultan resents the mediation of the powers and desires to negotiate with Greece directly. If this is refused the Turkish demands will be more exacting.

The correspondent of the Daily Mail at Larissa telegraphs: The feast of Bairan has commenced, and there will be no military operations except when necessary.

Pessimistic reports from Constantinople and Paris assert that hope is almost gone of reducing the Porte even to the partial pliability which it displayed before the war. It is believed that the scheme of reforms for the Ottoman Empire must be wholly abandoned.

The Constantinople correspondent of the Standard declares that the proposal for an armistice is far from palatable to the Turks, who fear that they will be derived of the fruits of their victory.

Hitherto Russia alone has been in a position to act promptly. It is no secret that she has 100,000 troops, armed and equipped, on the shores of the Black Sea, and that transports are ready to land them anywhere in 36 hours. At the same time, Russia does not pretend to conceal her anger with Greece, or her intention to refrain from compelling the Turks to evacuate Thessaly.

Sir Charles Dilke, M.P., who is generally accepted as an authority on foreign affairs, said that he had great confidence in King George of Greece, who was one of the ablest statesmen living. Greece's interests, Sir Charles added, would be better cared for in his hands than in the hands of his ministers. Moreover, the king was on personal terms with the sultan.

GREECE DISSATISFIED.

The Athens correspondent of the Daily Chronicle says: The Government is becoming seriously discontented with the diplomatic situation, and the opinion is growing that it would be better to continue the struggle than to submit to terms wounding the national honor.

Some of the powers favor a small indemnity, a modification of the frontier, and a limitation of the Greek fleet. But this would never be accepted by Greece. She possesses the right to veto the decisions of the powers. In their original note the powers called upon her to abandon her interests to them, but this form was rejected and the word "intrust" was substituted for "abandon."

THE CZAR'S COMMANDS.

The Athens correspondent of the Daily Telegraph says:

By the czar's express command, Count Muravieff, the Russian foreign minister, has instructed M. de Nelidoff, the Russian ambassador at Constantinople, to insist peremptorily upon a cessation of hostilities by Turkey.

I also learn that Count Muravieff has decided to have an assembly elected in Crete in order to ascertain the true Cretan opinion. If the Cretans reject autonomy, the entire question will be reconsidered. This attitude is full of hope for Crete and Greece.

A dispatch to the Times from Athens confirms the report that the inaction of the Turkish army is due to the intervention of Russia. Col. Blaractaris and a brigade have been ordered to go to Epirus to protect the Greek peasantry against Turkish cruelty.

WARLIKE MOVEMENTS.

London, May 14.—The Athens correspondent of the Daily Mail says that the Government continues to send men to the front, and is purchasing large quantities of war material.

Athens, May 14.—According to dispatches just received here, the Greek forces are besieging Nicopolis and Prevesa.

The Government has proclaimed the Gulf of Volo blockaded. It is sending large orders for horses and munitions of war to various European cities.

AT DOMOKOS.

London, May 14.—The correspondent of the Morning Post at Domokos says: It has been decided to evacuate this point, and a large number of troops have already left. It is freely asserted that the war is over. I am about to start for Athens.

Constantinople, May 14.—The Foreign ambassadors held another conference today, after which Baron De Calice, the Austro-Hungarian ambassador, called upon Tewfik Pasha, the Turkish Minister of Foreign Affairs, and renewed the proposal of an armistice. The opinion is general in Turkish circles that until the occupation of Domokos, which is momentarily expected, the Porte cannot grant an armistice.

A dispatch to the Times from Domokos, dated Wednesday, reports the increased activity of the foreign legion, which has been ordered to proceed to the left flank of the Greek army, near Lake Lynias. This is regarded as an indication of the point of danger. It is also possible, thinks the correspondent, that they have been sent to recover the retreat of the army to the old frontier.

THE SITUATION.

London, May 14.—The situation at the scene of hostilities appears to be that Turkey is determined to occupy Domokos before consenting to an armistice, and that Greece is convinced of the impossibility of holding out against the serious attack which Edhem Pasha is preparing to deliver.

It has been decided to evacuate Domokos, and to fall back upon the old frontier.

The powers are in no mood to yield overmuch to the demands of Turkey. The war has had quite an unexpected effect in revealing an amazing military vitality in the Sultan's dominion, which is in no way to the humor of Russia or the other powers. Hence the sultan will be reminded that it was his original misgovernment which led to the war; that only the influence of Europe has prevented a general blaze in the Balkans, and that it is, therefore, advisable for him to accept reasonable terms.

The activity of Turkish military preparations, which is no way abated by the diplomatic negotiations, may possibly be explained by the following statement of a high Turkish official: "The Russians are putting a high price upon the support they extended to us during the Armenian troubles; but the demands now made upon us are so exorbitant that their acceptance would be tantamount to resigning our title as a free nation."

The correspondent of the Times at Athens says: "Owing to the delay in arranging the armistice, the Government has addressed a strong protest to the powers, declining to bear the responsibility, should further bloodshed occur and lead to further complications." As M. Ralli explains, the Government is in a serious predicament. In order to secure mediation, it has compromised itself both in the eyes of Greeks and Cretans without obtaining a positive guarantee that Turkey will cease hostilities.

Regardless of Diplomacy.

Active Hostilities Between Turks and Greeks Continue.

The Latter Capture a Strong Turkish Position.

Edhem Pasha Says He Is Certain of Capturing Domokos and the Greek Army—Ordered to Go Ahead.

London, May 14.—A dispatch to the Daily Chronicle from Athens says that the Greeks who have arrived there from Dania report a Macedonian rising in the district between Zidze and Koziani; while the Times, an Athens evening paper, states that there has been a rising in Central Macedonia, that 4,000 insurgents have captured the pass forming a part of the principal line of communications of the Turkish army; that they are advancing towards Elassona, and are preparing to unite forces with the bands under Davell, Zermas and other Macedonian chiefs.

GREEK SUCCESS.

Paris, May 14.—A dispatch from Athens this morning announces that the Greeks have captured Nikopolis, the site of the Turkish fortress on the peninsula upon which Prevesa is situated. Eighty Turks, it is added, were killed in the engagement. The Greek troops, according to the same dispatch, have reoccupied Suloura without opposition.

EDHEM PASHA ORDERED TO GO AHEAD.

The correspondent of the Standard at Constantinople says: Edhem Pasha has wired to the Porte that he is quite certain of being able to capture Domokos and the Greek army as well.

In response, pressing orders have been sent to the Turkish staff to go ahead with the greatest energy, regardless of diplomacy.

General military preparations continue here on the largest scale.

TURKS TO ATTACK DONOKOS.

Athens, May 14.—Advices received today from the headquarters of the Greek army at Domokos announce that the Turkish forces are executing movements which are believed to foreshadow an attack upon the Greek positions.

It is further stated that Gen. Smolenski, commanding the Greek right wing, has reoccupied Alymros, and has restored telegraphic communication with the Greek headquarters. Unless the rearward movement of the Turks is the result of the action of the powers, it is believed to indicate that the Turkish commander in chief, Edhem Pasha, is again concentrating his troops, preparatory to making a general attack upon the main Greek stronghold.

TURKEY MAY GET THESSALY.

St. Petersburg, May 14.—A most important semi-official announcement was made today. It was, in substance, that in well-informed Russian quarters, evidently the Foreign Office here, the belief prevails that it will be difficult, if not impossible, to prevent the forces of the Sultan of Turkey from continuing the occupation of Thessaly after peace between Turkey and Greece is concluded. This is a semi-official intimation that Russia may not be opposed to the permanent administration, if not annexation, of Thessaly to the Turkish Empire.

ALIEN LABOR LAW.

Important Announcement by Mr. Cowan, M. P. for South Essex.

Ottawa, May 14.—The alien labor bills of Cowan and Taylor were considered by the special committee to which they were referred yesterday. The chairman, Hon. L. H. Davies, suggested the addition of a clause, empowering the Government to bring the act in force by proclamation at such time and as to such portions of the Dominion as may be desirable. At present the alien labor law of the United States is confined as to its restrictions upon Canadians to certain points on the frontier of Ontario, and should the Dominion act become law it would be made applicable to Ontario alone. It the United States repeals their law, the Dominion law would be suspended. The committee adjourned to consider the proposal.

Mr. Cowan made an important statement to the effect that he had information that a proposal would be placed before Congress in a few days to exempt Canada from the operation of the alien labor law.

The Pope Opposed to Cremation—Trouble in the Congo Country.

POPE AGAINST CREMATION.

A decree is daily anticipated from Pope Leo, condemning cremation and forbidding it, on pain of expulsion from consecrated ground. The Catholic Church's attitude toward cremation has always been hostile.

DISASTROUS FROSTS IN FRANCE.

Paris, May 14.—A dispatch from Auxerre, the center of the wine growing district of the department of Yonno, France, says there was a general and sudden frost yesterday evening and the night before, destroying the crops of vines, fruit and vegetables. The amount of damage done is estimated at 20,000,000 francs.

TO FIGHT THE U. S. TARIFF.

Vienna, May 14.—At a large conference of Austrian manufacturers yesterday, it was resolved to call upon the Government to endeavor to conclude international agreements with European states with a view of "effectually meeting the common danger to European economy, arising from the prohibitive tariff policy of the United States."

CONGO ATROCITIES.

London, May 14.—Rev. Mr. Sjoblom, of the American Baptist Mission in the Upper Congo, who has just returned to London, says: "When I left in February matters in the Upper Congo were as bad as ever. The commission which the King of the Belgians appointed to inquire into the atrocities committed had almost no result. The officials are indisposed to act on missionary evidence, and only a few cases of barbarity were punished. The iniquitous rubber traffic continues. When the natives are unable to obtain rubber, the troops burn the village, murder the natives and cut off their hands, which are afterwards smoked and sent to the state officials." It is understood that the statement of Rev. Mr. Sjoblom will be made the subject shortly of a question in the House of Commons.

SCENE IN THE ITALIAN CHAMBER.

London, May 14.—The Rome correspondent of the Times says: A fierce storm arose in the Chamber of Deputies yesterday during the discussion of the financial proposals of the Government. Signor Sonnino interrupted Signor Luzzatti, the present Minister of the Treasury, and accused him of having degraded the army and humiliated the country.

The Marquis De Rudinà, the Premier, exclaimed: "It was you who led the country to disaster, and you are responsible. I protest against what you are saying, and as Premier I have the right to be respected."

Signor Sonnino retorted: "Your conduct since the disaster has been disgraceful."

The Premier shouted: "Then my disgrace is my glory!"

A general uproar followed, in the midst of which a deputy shouted at the top of his voice to Signor Sonnino: "This is your gratitude after escaping impeachment."

FASHIONABLE GAMBLERS.

Belgian, May 14.—The Belgian police have made a big raid on the Casino Thuin, near the French frontier, nine miles southwest of Charleroi, during which twelve female and 117 male players and 50 croupiers were arrested and 20,000 francs in gold and notes were seized. All of the dozen fair gamblers were women of rank and fashion, and they assumed the names of notorious women to avoid publication, and it is learned that many of them were members of the best families in Europe. The officers entered the town in plain clothes and arrived at the popular gambling house without attracting attention. Business was in full blast. When the police appeared the women began screaming. Several fainted; some of them made a rush for the windows, only to fall into the hands of the police outside. One young woman, while trying to jump from a window, caught her skirt in the shutter and fell violently to the ground. She struck on her head, but was not severely injured. The prisoners, including two American girls, were fined 100 francs each.

Quebec Elections.

A Characteristic Act of the Premier-Elect.

Small Majorities and Election Irregularities Causing Speculation.

Quebec, May 14.—The Flynn Government is expected to resign today or tomorrow.

Montreal, May 14.—The votes in several constituencies are so close that the actual Liberal majority in the House is still in dispute. Premier Flynn's majority over Mr. Charles Marcil, Liberal, in Gaspe county is eight. A recount will be asked for, and Mr. Marcil's friends claim he will be counted in. There are reports of the election being contested. In St. Antoine division, Montreal, Mr. Bickerdike is likely to temporarily lose the election to Hon. John S. Hall. In two of the polling subdivisions no statements were inclosed by the deputy returning officers, and consequently the returning officer was not able to legally count the votes. In another poll it was found that the poll-book had been mutilated and there was no record of the result. Consequently Mr. Raynes, the returning officer, could not give any decision. In this poll Mr. Bickerdike had 22 majority.

An incident was related today by one of Col. Marchand's old regiment, the Twenty-first Richelieu Light Infantry, which shows that the gallant colonel has a tender heart. It was in the days of the Fenian raid, and the St. Johns boys had been doing duty at the frontier near Dunham. On the march home one of the young men, was suffering from a sore foot, and was marching with difficulty. Col. Marchand, who was riding along, noticing the suffering soldier, ordered him out of the ranks, and, dismounting himself, made the young fellow ride in his place, while he took the rifle and marched along the dusty road. It was a kind act, and has never been forgotten, and it was a particular pleasure for that young man's friends to help place the colonel in the proud position to which he was elected on Tuesday last.

A Shrewsbury Sensation.

An Enraged Husband Fires at a Former Rival.

Mrs. Loomis and Her Former Lover Found Together—The Bullets Did No Harm.

Chatham, Ont., May 14.—The neighborhood of the quiet little village of Shrewsbury is all in a ferment over a shooting affray which occurred there Wednesday afternoon, and which might have resulted in a tragedy. Benjamin Loomis, a man from Toledo, Ohio, had come back with his wife, formerly Miss Wood, to visit the latter's relatives and friends. Mrs. Loomis had a particular friend in one Geo. Cleveland, a man who had formerly paid court to her. Cleveland renewed his attentions to Mrs. Loomis, and the husband became incensed thereat.

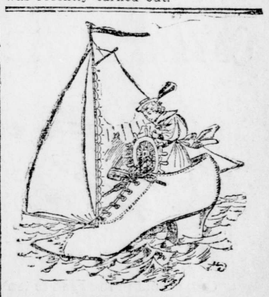
Wednesday the two took a buggy and drove to the Eau. They were followed by Loomis, who, on discovering them, pulled a revolver and fired point blank at the man he claims to have supplanted him in his wife's affections. Without pausing to think of the possible fate of the young woman, Cleveland took to his heels. Loomis fired again at him, and the shot increased his gait across country. The enraged husband followed in hot pursuit, stopping twice to draw a bead on the fugitive, who succeeded in distancing him. None of the shots took effect. Loomis finally returned to where his wife was and drove back to Blenheim.

An information was subsequently laid against him, and he appeared before Police Magistrate Gosnell, who remanded the prisoner.

Loomis states that he was very angry on seeing his wife in such company, especially as this man, Cleveland, had stayed at his house for a couple of weeks while visiting in Ohio. He is without friends, and does not think he has done any harm, claiming he merely wanted to frighten the young man, and shot over his head. Loomis will be given a trial on a charge of shooting with intent to do bodily harm. It is understood that he will put in a plea of justification, claiming that Cleveland was alienating the affections of his wife and destroying the happiness of his home. The sympathies of the community are with the husband.

Hall's Vegetable Sicilian Hair Renewer is, unquestionably, the best preservative of the hair. It is also curative of dandruff, tetter, and all scalp affections.

ECCENTRICITY in dress is now a ground for exclusion from the British Museum reading room. A man who was in the habit of wearing sandals instead of shoes and going without a collar or a hat was recently turned out.



OXFORDS.

Our Low Shoe Sale is now in full swing. We are showing the choicest range of Ladies' Oxfords that has ever come out of the wood.
