by repentance, and showing forth our sense of thy goodness by faithfully keeping thy commandments.

"Of ourselves we are unable either to will or to do that which is pleasing in thy sight: we therefore, pray thee so to open our hearts to the influences of thy good spirit, that, showing compassion and mercy each man to his neighbour, and bearing the burthens one of another, we may obtain of thy favour the supply of our wants, and with hearts knit together in brotherly love, may partake of thy bounties in peace and contentment, to the honour and praise of thy name, through Jesus Christ our Lord. Amen."

NEW CHURCHES.—The 26th annual Report of Her Majesty's Commissioners for Building New Churches (presented to Parliament by Her Majesty's command) was printed on Thursday. The commission was constituted by letters patent, bearing date the 18th April, 1825, and several vacancies having occurred, the commissioners felt it to be their duty to submit to the Secretary of State the expediency of supplying such vacancies; and on the 25th of August, 1845, Her Majesty directed new letters patent to be issued, and appointed the several persons therein mentioned commissioners, for the purpose of carrying into effect the several acts of Parliament for building and promoting the building of additional churches and chapels in populous parishes. The commissioners, in their last report, stated that 243 churches had been completed, in which accommodation had been provided for 402,229 persons, including 225,217 free seats appropriated to the use of the poor. They now state, that 27 churches have, by the aid of grants from the funds placed at their disposal, been since completed, in which 27 churches accommodation has been provided for 20,926 persons, including 12,879 free seats appropriated to the use of the poor. Thus, in the whole, 270 churches have now been completed, and provision has therein been made for 432,085 persons, including 238,096 free seats appropriated to the use of the poor. There are 33 churches now in course of building, and plans for 18 more churches have been approved of, and they have under consideration other plans. The commissioners state that "it will appear from this report that during the present year considerable progress has been made by the board in the important branch of duty intrusted to them, of forming new parishes or districts. Numerous other divisions of parishes are under consideration. The commissioners have under their consideration several applications for the perpetual patronage of new churches, which are proposed to be built and endowed, and for the assignment of districts, that is, that individuals have proposed to build and endow churches on having the perpetual patronage vested in them, their heirs, and assigns.

☞ We deeply regret to announce that news was received in town this morning, of the untimely death of Capt. Pipon, R. E.; the talented and enterprising officer, who has so long been occupied in prosecuting surveys for Government purposes in this Province. The precise details have not yet reached us; but, as we are informed, the unfortunate gentleman with three men, were upset from a canoe near the shore, in the neighbourhood of Bathurst, in the County of Gloucester. It appears, that they all swam to land, but Capt. P., anxious to save his carpet bag, which contained all his drawings and notes, ventured again into the tide, when he was overwhelmed and drowned.—The news of this deplorable catastrophe has excited much sympathy in our city, where the unfortunate deceased was well known and esteemed.

OPINION OF A REGULAR PHYSICIAN.

Exeter, Me., Sept. 30, 1845.

This certifies that I have recommended the use of WISTAR'S BALSAM OF WILD CHERRY for Diseases of the Lungs, for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E. BOYDEN, Physician at Exeter Corner.

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicine, are, in every respect TRUE.

BEWARE OF COUNTERFEITS AND IMITATIONS. The unparalelled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended, curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeiters and imitators to palm off spurious mixtures of similar name and appearance, for the genuine Balsam.

Be careful and get the genuine DR. WISTAR'S BALSAM OF WILD CHERRY. None genuine unless signed by I. BUTTS. Address all orders to SETH W. FOWLE, Boston, Mass.

Seldom have we known a more melancholy instance of bereavement than the above. The deceased were remarkably fine and interesting children, the pride and delight of their parents, and the admiration of all who knew them; and up to their last brief and fatal illness (Scarlet Rash) had enjoyed regular and robust health; yet at one fell blow, the universal Destroyer has made both his prey, and left the bereaved parents to mourn their brightest hopes destroyed. We deeply sympathise in their affliction.

At Digby, on the 20th instant, of consumption, Isabella, relict of the late Mr. George Turnbull, aged 64 years. She suffered with pious resignation, and died in full assurance of acceptance by her Redeemer in the world of spirits.
