The Dominion Transport and Bell Telephone met at Harbor Square Park Wednesday evening in an exhibition game. It was the first match for the Transport club. W. J. Langton, superintendent of the company, kicked off before a good attendance. Play opened out in the Transports' favor, and Little was conspicuous for a brilliant run, and Bryant missed when a goal seemed certain. The Bell Telephone then improved, but owing to the turf being in bad condition this effected the game towards the eastern goal. The transport once again and Rose sent in a shot that gave the goalkeeper no chance. Play up to the interval was fairly even. Half time D. T. Co., 1 goal; Bell Telephone 0. The play in the second half was decidedly in favor of the visitors, and after a keen struggle Edmunds was beaten, and shortly afterwards the Telephone team scored again. The latter part of the game was played in bad light, and after several corners conceded to the Transport, a penalty was awarded for handling and Bittle made no mistake to place his side even once again. Final: Dominion Transport F.C., 2; Bell Telephone F.C., 2. Transport team: Edmunds, McNulty, Topham, Walker, Thomas, Parks, Cummings, Bittle, Rose, Bryant and Little.

Club secretaries please note that The World will gladly publish gossipy notes of the players, club notices, news of transfers and any soccer gossip that will interest local followers. They should be sent to this office as early in the week as possible addressed to the Soccer Editor.

## ROXY ROACH LEADS LEAFS IN GINGER

### Ex-Bison is Liveliest Player in the Squad—Bill Kelly is the Beef Artist.

DURHAM, N.C., April 9.—The trials and troubles of a spring training camp are now well under way here. The hot sun blazing down on the sandy clay soil is positively baking and the hot walk home thru the big paths and short cuts completes each hard hour's practice—a nice refreshing shower bath in the hotel with a vigorous rub-down brings the athletes to the front like a lot of two-year-old colts.

There are sore spots in plenty. There are tired weary muscles that hate to respond to the will, but there are also driving powers within the men themselves that brook no laziness.

This Toronto team is as willing a lot of workers as any training camp ever entertained.

Roxy Roach is a terrific worker, and he tears at top speed thru every minute of the practices, dragging the rest of the infield with him. Roach is infectious. He works too hard, but that is his nature, and you might as well try to slow down a whirling dynamo.

Flashing all over the space from third to second, exhorting, talking, cheering his teammates on, he is working wonders with them. It is small wonder Manager Clymer was so keen to secure him. And it took some scheming to get him—but that is another story.

Tim Jordan is as usual at the first corner without an ounce of fat on him. The Bronx slugger is as kittenish as the youngest candidate for a job, and if the dope is correct on Graham he need must put his best foot forward to keep the newcomer off the initial sack. Tim realizes that his hold on the job is precarious, and he is taking no chances.

Monday, the first day of work, was just a tossing around canter, but Tuesday under a blazing sun they went at it like a lot of fiends. Roxy Roach was the pivot of the hustling, and Manager Clymer directed. By noon the field had dried out beautifully. Wednesday morning a good long session was gone thru. Neither afternoon was used.

Some of the pitchers, notably Herbert, cut loose as early as Tuesday, but kinks are the result. However, with a broiling sun to take them out these are not altogether regrettable. Just so much pain and stiffness has to be gone thru in any case, and the sooner it is over the better.

Pitcher Blancke came to the scratch with a sore arm and he is nursing it along. Incidently he has been working out indoors. He is tall and rangy. Hollander also started in with a kink in his arm, but it is working out quickly.

The others are all in prime shape for their hard three weeks' hustling and bustling.

Bert Wilson's broken leg is in evidence in his work. He is plainly favoring it, but whether that is all or not can't be told at this stage. It certainly would be a great pity to see his splendid speed slowed up.

Bill Kelly is the fat man of the squad, but he will take off his twenty pounds or more in short order. The fans, who recall his state of staleness last season thru overwork, will rejoice to hear that the sterling catcher has put on plenty of weight during the winter.

There isn't another weight carrier on the team, except perhaps Bill O'Hara, and he takes his own time always, but gets off the overplus in due season.

Konnick is a heavily built youth with great shoulders, and a splendid arm. He is being groomed as second catcher. He leans up against a ball nicely, and Manager Clymer is pretty keen on him.

Trout, Isaacs, Hunt, Blancke, Auld, Jordan and Brackett are of the wiry type without an apparent pound to take off. All they need is hardening.

Geyer is built strongly with good shoulders, and of medium height, as is Roach—all steel and wire.

Hollander is a ringer for Fitzpatrick, and has been working out at second, in which position he played twenty-three games for Montgomery in the American Association last season. Manager Clymer is much impressed with the way he has been handling himself.

Pepe is also short and stockily built, while St. Charles is a little dark fellow very Frenchy in appearance and slight.

Brown is a nicely built player, and is already in shape after his siege south with Washington. He looks fast and has a good arm. Herbert has several pounds to eliminate, and Wilson is also soft, but will round to quickly.

Prieste, Manning and Graham, hailing from southern climes, did not report with the rest.

## PRESTON WILL HAVE SENIOR SOCCER TEAM

PRESTON, April 9.—A well attended football meeting was held last night in the town hall. Last year's team not only held the W.F.A. intermediate championship cup, but also the Mac and Casey Cup. At the close of the season there was a deficit of one hundred and fifteen dollars, which, thru the generosity of one of the mainstays of the team, was wiped off the books. President Campbell gave a very interesting report of the annual meeting of the W.F.A., which was held at Stratford on Good Friday and to which he was a delegate. Mr. S. Law of Galt was present and outlined the workings of the W.F.A.

After a lengthy discussion it was decided to play senior and junior, instead of intermediate and junior. The players, of whom there was a number present, thought it was time to take a step higher. The following officers were then elected: Honorary presidents, W. Stahlschmid, W. S. Hudson, G. Pattinson, A. N. W. Clare, Mayor Hurlbut; president, D. M. Campbell; first vice-president, R. A. Holden; second vice-president, G. Scott; secretary, W. Halberstadt; treasurer, R. E. Osgood; management committee, Jack Tree, Frank Lee, Geo. Bowman, Allan Kinder, Arthur R. Bernhardt. Manager to be chosen from the foregoing committee. William Wing, the noted trainer, was re-appointed trainer of the teams for the coming season. A meeting of the officers will be held in the course of a few days to transact business and to appoint a manager.

### LALLY ALSO BOOSTS THE PROS.

CORNWALL, April 9.—P. J. Lally will represent the Cornwall Lacrosse Club at the meeting of the N.L.U. in Montreal tomorrow. Mr. Lally will go with a perfectly free hand and whatever action is taken by him will be supported by the Cornwall Club. Mr. Lally declined to discuss the situation from a Cornwall standpoint, or to say whether there have been any inside developments or not, but there was a twinkle in his eye as he made the remark "But don't overlook the fact that there is going to be lacrosse." This was said with considerable emphasis, leading one to believe that, no matter what reports are circulated, when it comes to a show down the teams will be in line. It is the opinion here that no matter what occurs, including the Toronto teams, at least three Montreal teams will be in the running, as will also Cornwall, with the probability of Ottawa also joining the fold. This would make a compact league, with light traveling expenses, and give the public a brand of lacrosse as good if not better than has been served up this season.

## TORONTO FIGHT FANS HOME FROM HAVANA

Toronto's contingent arrived home from Havana yesterday, with the general opinion that Willard was a sure and easy winner. Sam Leonard thinks the new champion's right age is 33 years, but that he is good to hold the title for some time yet.

"Willard was Johnson's master from the first tap of the bell," said Leonard. "You could see it all the way. Johnson carried the fight to Willard, but the latter had a great defence and held him off easily. For the first 10 or 15 rounds it was a grand battle, but at no time was there any doubt of the outcome.

"Willard is a much improved fighter, not the big, awkward boxer that has been described, but a clever boxer, with a tremendous 'kick' in either hand. He is not slow on his feet, either, considering his great size. He stood half a head over Johnson and dwarfed him in the ring. He fought a very heady fight and held Johnson at his mercy thruout.

"I saw Willard fight a year ago in Buffalo against Dan Gray, and he didn't show much class, but he has it now, and will be very hard to beat for the next few years. I saw Johnson fight Moran two years ago in Paris, and when I reached Havana and saw the two men work out I made up my mind that Willard would win. And he did, most decisively.

"Indeed, I am of the opinion that Willard, as he is today, could beat Johnson or Jeffries when they were at their best. Willard is a real champion and showed wonderful skill, strength, and an impenetrable defence, besides tremendous hitting power."

### BRITISH RUGBY.

Over 100 members of the Irish Rugby Club were present at the Carls-Rite Hotel last night, on the occasion of the club's annual smoker. The secretary reported a very prosperous season during 1914, and hoped for even greater things during 1915.

### FENCERS FOUGHT TO A FINISH.

The Ontario fencing team competition, postponed from last week, was fought to a finish last night at the Central Y. M. C. A., and resulted in a victory for the Central Y.M.C.A. team, composed of Messrs. F. Jones, F. A. Moore and D. Roden.

## R.C.Y.C. ANNUAL

The annual general meeting of the Royal Canadian Yacht Club will take place at St. George's Hall on Saturday evening, April 24, at 8 o'clock. Nominations for officers and committee of management must be in the hands of the secretary on or before Saturday, April 17, 1915. Notices relating to new bylaws or the alteration of existing bylaws must be forwarded in writing to the secretary at least eleven days previous to the annual meeting. The financial statement of the year will be distributed at this meeting.

## Olympic Games Still On Berlin's Program

Some time ago a report, apparently official, was received from Paris to the effect that the international Olympic committee, at a meeting, decided that it would be impossible to carry out the Olympic games of 1916, as previously planned for Berlin. They had decided that, on account of the disturbed conditions of all the European countries, there was no belligerent country where the games could be held with any satisfactory results. They had, therefore, decided to offer them to the United States.

When this despatch was received in the United States, it was reported that the athletic authorities there were disinclined o undertake he responsibility.

I was decided by the Canadian Olympic Association that, in order to clear up the uncertainty in connection with the conflicting reports that were being received, it would be advisable to communicate direct with the president of the international Olympic committee. A communication was, therefore, addressed to him, reciting the above facts, and asking his confirmation or denial. Secretary Crow of the Canadian Olympic Association received yesterday a cable from Baron de Coubertin to the effect that the report is entirely false, and that no action has so far been taken with regard to awarding the games.
