Application to Parliament

NOTICE is hereby given that an application will be made by the Corporation of the City of London to the Legislature of Ontario at its next session, for an Act

1. To provide for the issue of debentures to the extent of $10,000 for the purchase of a fire engine, hose, ladders, fire balls to accommodate the same, and other expenses connected therewith, without submitting the same to a vote of the electors qualified to vote on Bylaws for the creation of debts.

The existing debenture debt of the Municipality is $3,343,846.55, exclusive of its local improvement debenture debt, except such portion thereof as is payable by the said Corporation at large, of which no portion of the principal or interest is in arrear, and the reason for requiring the above issue of debentures is the necessity for purchasing a fire engine to assist in extinguishing fires.

FRANCE IS FAVORED TO LIMITED EXTENT

Finance Minister Explains Republic Situation as to Reciprocity.

Ottawa, Feb. 16. — The reciprocity debate was continued in the Commons today by Houghton Lennox, A. B. Warburton and J. E. Armstrong. Mr. Warburton, who represents Prince Edward Island, spoke in favor of the agreement as making for the benefit of his province.

Replying to a question Mr. Fielding said: "France is a favored nation to a limited extent, that is to say, as respects the list of articles specified in schedules B and C of the French treaty. Twelve countries, Argentine Republic, Austria-Hungary, Bolivia, Colombia, Denmark, Japan, Norway, Russia, Spain, Sweden, Switzerland and Venezuela are recorded most favored nation treatment generally. These are consequently enjoying the benefits of the French treaty. As respects the dutiable schedules in the agreement with the United States, the concessions to be granted to the United States are largely the same as already have been granted to France and favored nation countries. As respects a large part of the list, therefore, no additional advantage will be enjoyed by such countries. There are, however, a few articles in the French schedules, which, under the agreement with the United States, are made free or dutiable at lower rates. In these cases the advantages granted to the United States will extend also to France and the favored nation countries.

"In the case of a few articles, which are not to be found in the French treaty, the favored nation countries will be entitled to receive the concessions on the same terms as the United States, but France will not be so entitled. Although not arising from any agreement, in no case has any advantage been granted to any foreign country that did not extend at the same time to all parts of the British Empire. In a few cases, in which the rates to be established are lower than those already enjoyed by British countries, the reductions will apply to such countries."

Mr. Sharpe inquired if, at the recent conference at Washington, any understanding was reached that the Canadian tariff on articles not specifically mentioned in the treaty would not be increased. Mr. Fielding replied, "There is no understanding of any kind, except what is found in the correspondence and schedules already before the House."

Houghton Lennox (South Simcoe), said it could not be stated with truth that no interests had been sacrificed in view of the representations made to the Government by the fruit growers. He believed that the future prospects of the fruit growing industry in British Columbia would be completely blighted if the agreement went into effect. He criticised the Government for having made the agreement without consulting Parliament, and without having a mandate.

A. B. Warburton (Queen's, P. E. I.), took up cudgels on behalf of the island province. He did not believe in placing the tariff altogether under the control of a permanent commission, because it would abrogate the duties of the ministers of the crown. No doubt it would please the manufacturers, but he thought it would work ill for the farmers, as adequate representation would not be secured without difficulty.

J. E. Armstrong (East Lambton), said that under reciprocity manufacturers would not come to a market of eight millions where they could get one of ninety millions of people. He charged that the balance of trade was in favor of the United States, and declared that "your only hope of permanence to this agreement lies in commercial union."

"Today," said Mr. Armstrong, "Canada and conditions are appealing to the Premier to stay these arrangements, to restore confidence in our Dominion and its industries, to restore confidence in the old land, from which we borrow so largely, to restore confidence in the railways and transportation systems."

Picturing an era of trade depression and financial ruin in Canada, when the railways would be without tonnage and the great lake ports would be without cargoes, Mr. Armstrong charged that the finance minister in his local campaigns in Nova Scotia had preached secession.

If the Government policy was carried out he feared that direct taxation would speedily follow. There was no object in offering amendments to the deal. An amendment would void the whole agreement.

DYSPEPSIA
Can Be Cured.
This disease is the all prevailing malady of civilized life, and one which oftenest baffles all ordinary treatment. It gives rise to a great variety of distressing symptoms, such as distress after eating, rising and souring of food, wind in the stomach, heartburn, etc.
Nearly everything that eaters a weak dyspeptic stomach acts as an irritant; hence the great difficulty of effecting a cure.
The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters.
B.B.B. regulates the stomach, liver and bowels, stimulates secretion of the saliva and gastric juice to facilitate digestion, purifies the blood, and tones up the entire system.
Mrs. Herman Dickens, Benton, N.B., writes: "I have used Burdock Blood Bitters and find that few medicines can give such relief in dyspepsia and stomach troubles. I was troubled for a number of years with dyspepsia, and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became cured, and I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach trouble."
