MAJOR CENSURES HIS MEN

One Hundred of the 13th Regiment Remained Out of Church at the Parade.

TO NIAGARA FALLS ON VICTORIA DAY

Fire at Dr. Montague's House Caused By an Overheated Ash Barrel.

Hamilton, May 11.—The Thirteenth Regiment, accompanied by the Collegiate Institute Cadets, attended divine service at All Saints' Church this morning. The preacher's text was, "Be thou strong, therefore, and shew thyself a man." There was a fairly large turnout of the regiment, 376 of all ranks being on parade. Major Stoneman was in command.

About 100 of the red coats remained outside the church during the service, and, before dismissing the men at the Armories, Major Stoneman delivered a few words of censure. He did not find fault with the Roman Catholics that remained outside, but said that, in future, when the regiment paraded for service, arrangements would be made for them to attend one of the Roman Catholic churches. Protestants, however, who remain outside hereafter, will be severely reprimanded.

The major announced that the regiment will go to Niagara Falls on Victoria Day.

Fell From Car.

Mrs. Edward Dowling, wife of the proprietor of the British Hotel, York-street, fell off a King-street car at the intersection of Bay-street to-night. She alighted on her head and was very painfully injured.

Socialists at Rink.

The Socialist-Labor party did not hold an open air meeting on King-street last night, as announced some days ago. The faithful, however, hired the Palace Rink, and a mass meeting was held there. About 600 persons were present, and A. McKenzie presided. The speakers were Comrades Hazelgrove of London, Woodley of Toronto and Rodehouse, Hamilton.

Mr. Rodehouse announced he will be a candidate in West Hamilton, and R. M. Gordon, who is at present in jail for speaking on the street, will run in East Hamilton.

Fire at Dr. Montague's Residence.

About noon to-day there was quite a blaze at the residence of Hon. Dr. Montague, ex-M.P., at the corner of Main-street and West-avenue. The summer kitchen and outhouses were destroyed. The fire started from an overheated ash barrel.

Dr. and Mrs. Montague are out of the city at present.

The Political Fight.

The business of politics is rather quiet in Hamilton just now. The organizers are getting things into shape, and ward meetings are being held almost nightly, but there is not the outward stir that indicates a lively election. In East Hamilton the Liberals have put up their best man in Dr. Griffin, but the Conservatives are satisfied that Henry Carscallen can beat him as easily as he did Middleton four years ago. Mr. Carscallen has lost none of his popularity, and the East Conservatives are as full of fight as ever.

The situation in West Hamilton is somewhat beclouded because of Mr. Colquhoun's determination to become a Conservative candidate. After being well treated by the party for several years, Mr. Colquhoun proves himself a poor politician by declining to accept the decision of the convention which nominated Mayor Hendrie. For the past week Mr. Colquhoun has been hobnobbing with wily Liberals, whose fairy stories have made him believe that he will be elected. Just where G. F. Washington, the Liberal candidate, will come in they fail to explain to Mr. Colquhoun.

There are a good many who believe that Mr. Colquhoun, after all, will not be a candidate, and those who think he will remain in the field do not venture much beyond 100 as the sum total of the votes he will receive. They say that he is being "polled" by false friends, both in and out of the Liberal camp.

Mr. Washington is an excellent candidate for the Liberals, but the Conservatives say that West Hamilton, that threw Hon. J. M. Gibson down with an exceeding loud thud can administer the same punishment to Mr. Washington.

Want Him Elected.

Proceedings were taken by the directors of the Jockey Club, before Judge Snider yesterday, to eject Thomas J. Senior from the club's roadhouse. It was claimed, on their behalf, that Senior had not discharged his duties as steward satisfactorily, according to the terms of the lease, which has a year to run. An affidavit to that effect by Judge Monck, a director, was put in. Senior's counsel contended that his client had not violated the terms of the lease. An adjournment was granted till to-morrow, for the cross-examination of Judge Monck.

R. Kreitchman has been appointed steward, but has not yet gained possession of the roadhouse.

Lost Both Feet.

Hugh Brown, a car repairer for the Grand Trunk at Stuart-street station, met with a terrible accident yesterday. In crossing the track in front of cars being shunted, he slipped and fell. Some of the cars went over his feet, almost severing them. He was taken to the General Hospital, where amputation was necessary. Mr. Brown is elderly, and has been employed by the Grand Trunk for about 25 years.

Police Points.

George King, East Picton-street, was arrested to-day on a charge of assaulting his wife.

Frederick Gassett, Mary-street, and Andrew Gow, King William-street, were locked up last night for fighting in Merrick-street.

The Magistrate has determined to restore peace on South Ferguson-avenue, and at yesterday's court fined William and Mrs. Smith and Mrs. Grayson $10, or two weeks, for disorderly conduct. Mrs. Stinson, similarly charged, was allowed to go, on undertaking to leave the neighborhood.

John Evans, a vagrant, asked for and got three months in jail.

Small Paragraphs.

The supply of cement is not being kept up by the Cayuga Lake Company, and the city has been obliged to lay off several gangs of cement-walk makers.

Business men, meet your friends at Noble's Buffet Smoking Parlor. 13

Edward Pearce, musician, who has been ill so long, is now able to sit up.

Mrs. Macdonald, widow of the late Dr. Macdonald, United States Consul here, died in this city yesterday. The funeral will take place at Boston.

Mrs. Margaret Sullivan, North James-street, is suing the city for $5000. She claims to have been injured by a defective sidewalk.

J. H. Long, barrister, is now at Northport, Long Island.

FRENCH ELECTIONS.

Reballot Held on Sunday is Favorable to the Government.

Paris, May 11.—The Parisians in those municipal districts where reballoting was held to-day, for the election of members to the Chamber of Deputies, crowded early to the polls and voted quickly. The voting was unusually heavy, and there was much animation in some districts. In the 12th district M. Millerand, the Minister of Commerce, secured a small majority.

Thruout the evening the boulevards and the streets in the vicinity of the newspaper offices, where the returns were bulletined, were so crowded that traffic had to be suspended. The police and the Garde Republicaine kept the people moving. There was, however, but one disturbance; this occurred at a voting place in the Rue Lacordaire, M. Thiebaud, a defeated Nationalist candidate, was injured.

Paris held 19 Ministerialists and nine anti-Ministerialists, the latter gaining three seats in the Chamber.

The deputies elected include M. Clovis Hughes (Socialist), the poet.

The representatives indicate that the reballot has been favorable to the government, as half the Ministerialists, including M. Leygues, the Minister of Public Instruction; M. Brisson and Jules Siegfried, former Ministers of Commerce, were elected.

M. Passachal Grouset (Ministerialist), a retiring deputy, who was reelected in Paris, died of apoplexy this evening. M. Lorthiois (Liberal Republican), who was elected for Lille in the Department Du Nord, died shortly before the polls closed.

All the anti-Ministerialists in Algeria were defeated. The only serious election disturbance which has been reported occurred at Marseilles, where the quarters of the fusion committee were mobbed. Windows were smashed and pistols were discharged. Nobody was injured, and some arrests were made.

The result of 168 re-ballots, out of a total of 174, show that 128 Ministerialists and 40 anti-Ministerialists have been elected.

The Ministerialists gain nine seats in the chamber as a result of reballoting; the government's majority is consequently materially strengthened.

The Dreyfus champion, Joseph Reinach (Republican), whose reappearance in political life was one of the features of the elections, has been defeated in his district of the Department of Basses-Alpes.

500 LIVES LOST ON ISLAND OF ST. VINCENT
THREE BRITISH CRUISERS GONE TO RELIEF

Continued From Page 1.

Kingstown, Island of St. Vincent, B.W.I., Saturday, May 10.—After numerous earthquakes, during the preceding fortnight, accompanied by subterranean noises in the direction of the Soufriere volcano in northwestern part of the island, a loud explosion occurred Monday last from the crater. The water in the crater lake ascended in a stupendous cloud of steam and exploded heavily. The noises grew louder and continually till Wednesday morning, when the old crater three miles in circumference, and the new crater, formed by the last eruption, belched out smoke and stones, forcing the residents of Wellibou and Richmond Valley, beneath the volcano, to flee to Chateau Belair for refuge. The thunderous noises, continually increasing, were heard in neighboring islands two hundred miles away.

At mid-day the craters ejected enormous columns of steamy vapor rising majestically eight miles high and expanding into wonderful shapes, resembling enormous cauliflowers, gigantic wheels, and the beautiful flowers forms all streaked up and down and crosswise with vivid flashes of lightning, awing the beholder and impressing the mind with fear. The mountain labored to rid itself of a mass of molten lava, which later flowed over, in six streams, down the side of the volcano, and the greater noises following united in one great continuous roar all evening and thru the night to Thursday morning, accompanied with black rain-falling dust, attended with midnight darkness all Wednesday, creating feelings of fear and anxious suspense. On the morning of Friday there was a fresh eruption and ejections of fiery matter, more dust covering the island in some places two feet deep.

The crater is still active as this despatch is sent, and great loss of life is believed to have occurred. The lava has destroyed several districts with their live stock. People are fleeing to this town, streams are dried up, and in many places a food and water famine is threatened. The government is feeding numbers of sufferers. Great physical changes have taken place in the neighborhood of Soufriere. Several districts have not yet been heard from, and the scene of the eruption is unapproachable. Every hour brings sadder news. The nurses and doctors are overworked. It is impossible to give full details at present. As a result of the disaster on this island all business has been suspended for three days. The public mind is still unsettled, fearing further disaster.

Among the deaths are whole families, whose corpses are in several places still lying unburied. The dead will be interred in trenches. Up to the afternoon of Friday last over 200 deaths have occurred. Many estates were destroyed, and steam and ashes were belched forth from 7 in the morning until 9.30 at night. The eruption is now invisible at Kingston. Huge dust clouds were blown eastward. Great distress prevails at St. Vincent where there are many injured people. It is believed that 500 persons have lost their lives at St. Vincent. The majority of the corpses are still unburied.

The British Royal Mail steamer Solent has gone from Barbados to Martinique with supplies and doctors. From the Island of Tobago the British Royal Mail steamer Kenner has gone to Fort de France.

The British second-class cruiser Indefatigable is on her way from Trinidad to St. Vincent with stores for the relief of the sufferers there.

It is reported here Fort de France, Martinique, is threatened.

Great tension prevails everywhere thruout the West Indies.

BRITAIN SENDS AID.

London, May 11.—Sir Robert Llewellyn, the Governor of the Windward Islands, has cabled to the Colonial Office from St. Lucia as follows: "In continuation of my last telegram my intention was to go to St. Vincent in a small coasting steamer, but I was strongly advised not to attempt the trip, as the steamer narrowly escaped being wrecked yesterday, and as the weather was looking bad in that direction. The island is invisible owing to a dense black fog, cinders and sand. I am very anxiously awaiting the arrival of a warship."

The Colonial Office announced today that, in addition to the British cruiser Indefatigable, ordered to St. Vincent from Trinidad, the British third-class cruiser Pallas has been ordered to St. Vincent from Jamaica with supplies for the sufferers on the former island.

HOME FROM THE BARBADOS.

John Gouinlock, Insurance Broker, Was Recently in St. Pierre.

John Gouinlock, insurance broker, at 35 East Adelaide-street, arrived home on Saturday from an extended business trip to Barbados on behalf of the Sun Insurance Co. He visited many of the islands of the Lesser and Greater Antilles during his four and a half months' absence, and has an interesting collection of curios to add to the many Indian and other relics in his library. Mr. Gouinlock visited St. Pierre, Martinique, on his trip South, spending a day there, and visiting the Botanical Gardens in the rear of Mont Pelee. The destroyed city was greatly congested, he says, with a French population.

NATAL'S NEW TERRITORY.

Area of 7000 Square Miles—With 60,000 Inhabitants.

Pietermaritzburg, May 11.—In the Natal Assembly to-day, the Premier laid on the table the correspondence with the Imperial government respecting the extension of the boundaries of Natal. The colony will receive new territory, including the districts of Vryheid, Utrecht and (roughly) that portion of the Wakkerstroom district on the Natal side of the Drakensberg.

The districts added to Natal contain a population of about 8000 white inhabitants and some 50,000 natives, the area being upwards of 7000 square miles. Natal is to assume responsibility for a portion of the Transvaal debt, estimated at £700,000.

The addition to Natal's territory is thus one-fourth, to her white population about one-seventh, and to her native population about one-sixteenth.

Natal cedes to the Transvaal a strip of land along the Tongaland Coast, including Kosi Bay, which Mr. Kruger desired as a port.

Cuban Flag Raised.

Havana, May 11.—At 23 minutes of 8 this morning a large Cuban flag was for the first time hoisted over Morro Castle. This was the signal that the steamer Julia with President-Elect Palma and his party on board had been sighted, and cheers went up from the thousands who on the shore opposite Morrow Castle had patiently awaited the Julia's arrival since daybreak.

After a delay of half an hour at the post, the flag fell with the nine well in line, but after a few strides, Slack, who had the mount on Death, took the aged gelding to the front and proceeded to make a run away of it. Death passed the stand a length in the lead, and to the back stretch he continued in front. The others were strung out, with the Dunn entry and Lady Strathcona following Death. Into the stretche they swung, with Death still showing in front and Lady Strathcona half a length away. STAKE WINNER HAD LEG BROKEN

Few Trials and Big Crowds Visit the Tracks on Sunday—Saturday's Records.

The many Sunday visitors to the Woodbine and Newmarket were rewarded by nothing more than the bracing atmosphere and a few ordinary gallops. Mr. Moyes' Lady Bevys negotiated nine furlongs in 2.07, and Mr. Reinhardt's Anticosti turned the half in 53 seconds, these being about the only trials worth recording. The Seagram horses may be at Woodbine this morning, providing the weather is fine; anyway, they are due for trials at the O.J.C. track early this week.

A simple stumble ended most unfortunately at Newmarket on Saturday, when Mr. Seagram's 3-year-old filly, Stake Winner, by Egmont—Martyrdom, broke a leg and had to be destroyed. She was being worked along with La Montagne, and was knocked into the bank, fracturing a bone below the fetlock joint of the right foreleg. Thus, with the scratches, the Waterloo stable's King's Plate representation is reduced to four, against the same number from the Valley Farm and three each from the stables of Clancy and Davies, the 32 remaining eligibles of the original 41 entered being as follows:

J. E. Seagram's Oneiros 119, Fly-in-Amber 117, Elcho 103, Eastern Prince 103.

W. Hendrie's Maple Sugar 117, Scotland Yet 106, Lyddite 101, Doonside 101.

E. B. Clancy's Wideawake 103, Pick Time 103, St. Rosanna 101.

R. Davies' Opuntia 123, Parisian Lady 117, Quarter Penny 103.

N. Dyment's Reveletoke 103, Barrie 103.

G. W. Cook's Kalliari 101, Marston Moor 103.

Perry Davis' Onondaga, 121.

Doley & O'Neill's Golden Way 119.

G. M. Hendrie's Caller Herrin 101.

D. Higgins' Cardigan 106.

J. McCulloch's Plethorus 103.

T. Meagher's Saucy Sally 117.

J. W. Moyes' Lady Bevys 101.

J. O'Flaherty's Bobs 106.

Andrew Smith's Fernie 101.

E. Bolton's Moral 123.

J. Burgess' Fernie Tickle 117.

J. F. Burrill's Court K. 122.

H. Chappell's Ojibwa 101.

J. McGine's Miscreant 103.

At Woodbine on Saturday.

Saturday morning was full of features at Woodbine Park. The air was raw, and the trainers and their charges had the busiest time of the year. Hendrie's Maple Sugar moved more convincingly than did Cardigan, another much-touted plater. Maple Sugar, with Walker up, and Lyddite, carrying a little boy, worked 1⅛ miles in 2.02½, the fractional time being .13¼, .26½, .40½, .52¾, 1.07, 1.21¼, 1.35 and 1.48¼. They pulled up the mile and a quarter in 2.20½. Both had their weight up, and both were running easily at the end. Maple Sugar won by a head.

Doonside ran with Dr. Smith's Fernie, and was ahead at the mile in 1.50½, the quarters being made in .26, .52¾ and 1.21¾. Scotland Yet worked with Butter Scotch. Walker had to whip him all the way, the fractional times being .12¾, .25½, .40, .52½, 1.06¾, 1.21¼, 1.35¼, 1.49, 2.04¼, 2.49.

Chappell's Lady Essex, the Sandwich plater, galloped by herself, going the distance in 2.21½. The time by quarters was .28, .55½, 1.25 and 1.53. She was pretty tired at the end.

Denny Higgins' Cardigan was not overly impressive in his work. He covered the plate distance in 2.22, running the quarters as follows: .28¼, .56½, 1.24½ and 1.53¼. His work was done quite handily.

The Dyment candidates, Reveletoke and Barrie, worked a mile in 1.51¼, and the distance in 2.22½.

Hendrie's Gold Car ran a mile in 1.45¼, the first part very easily.

McCafferty's Advocator covered a mile in 1.47¼. Zolo worked the distance in 1.49 flat, while Orontas dashed it off in 1.48¼. Tom Cosgrove galloped six furlongs in 1.19¼.

Beguile went a mile in 1.47¼. Violent going the last five furlongs at race day speed. Six furlongs were covered by Merriment in 1.20¼.

Lady Berkeley, Nesto and Impressive galloped five furlongs in 1.05¼. Sovamhurst started, but fell out early in the journey. Frandoe went six furlongs in 1.19¼, and Royal Salute ran away with his boy. Contestant and Pauline Janette did a half in .53¾, and Teasler in .54. Crestfallen worked six furlongs in 1.24¼, and Percentum and Miss Craft a second faster. Texman's five furlongs were done in 1.05¼.

The Davies platers Parisian Lady (McQuade up) and Opuntia (Blake up) were sent away together for a mile trial. Opuntia ran out at the first turn and again at the next turn, and Blake pulled him up after he had gone half a mile. The Lady covered the distance in 1.49¼, running the furlongs as follows: .13, .26¼, .39, .52, 1.06, 1.20½, 1.34½. She was slowing up the last furlong.

Doley & O'Neill's long shot, Golden Way, ran a mile in 1.51 under a mild pull, doing the 1¼ miles in 2.22. Golden Crest accompanied him the first six furlongs.

George Hendrie's candidate, Caller Herrin, was beaten by Wire in and Cherry Wild in a mile run in 1.49.
