UNCHANGED PRICES AND SMALL MARKET

Oats Brought $1.10 Per Cwt. —Hay Was Fairly Plentiful at Usual Price.

Today's market was characteristic of Monday, and was a small one. Prices remain about the same as Saturday's.

A dozen loads of hay on the square brought from $12 to $14.50 per ton. Only one load of straw was offered, and it sold at $8 per ton.

A few loads of oats brought the highest price, $1.10 per cwt. Butter and eggs are firm, and were scarce on today's maret. They sell at the quoted prices.

No meat or poultry was offered, and the prices remain as quoted below.

Fruits and vegetables are also firm, there being no change in price.

THE EXCHANGES.

London, Feb. 16.—The stock market developed a reactionary tendency today. Outside business slackened, and professionals realized to meet calls for payments on recent new issues. The Continent and New York joined in the selling in the afternoon, and the market closed heavy and generally lower. Consols declined three-eighths. Russian mines were steady exceptions. American securities were quiet and featureless during the forenoon. Later the list declined under the lead of Canadian Pacific, which was sold by Wall Street and the Continent. The closing was weak. Money and discount rates were dearer.

New York, Feb. 16—Wall Street, noon. —The severest setback which the market has experienced this year came today. Prices at last broke away from the approximate level which had been maintained for weeks. Further suspension of the new freight rate schedule by the Interstate Commerce Commission ended all hopes of a speedy advance, and railroad shares bought in anticipation of a rise when the increase was granted were unloaded. Industrials were depressed by reports of reductions in wages of steel mill workers. Steel, which has been conspicuously firm recently was sold freely, and weakness of this issue permeated the whole list. Liquidation of minor shares had an unsettled effect. The break failed to attract outside buying, and the market made no recovery during the morning.

FIRED OLD CANNON TO "WAKE UP BLACKBURN"

Militants Frightened Citizens by Exploding Heavy Charge in Crimean Gun.

[Canadian Press.]

Blackburn, Eng., Feb. 16. — Militant suffragettes fired a huge cannon, captured from the Russians in one of the battles of the Crimean War, and which for 60 years had stood as an ornament in the city park.

The whole city was shaken, and the population alarmed by the terrific explosion, and people flocked into the streets in the darkness, fearing that a mine disaster had occurred in the neighborhood.

It was not until a late hour today that the cause of the explosion was discovered. Then it was found that the suffragettes had carefully cleaned from the bore of the gun over half a century's accumulation of gravel and stones before ramming home a heavy charge of gunpowder.

In the vicinity attached to a tree floated a long strip of calico inscribed: "Wake up, Blackburn! The labor party which claims to stand for justice and freedom supports a government that tortures women under the infamous 'cat and mouse' act!"

ALL DEBENTURES SOLD

[Canadian Press.]

Montreal, Feb. 16.—A special cable to the Daily Mail from London states that only 20 per cent of the Canada Steamship Line debenture issue was subscribed for. James Carruthers, president of the Canada Steamship Lines, Limited, when interviewed, said:

"Whether the issue has been fully subscribed or not, is of no real importance to the Canada Steamship Lines, as the full debenture issue was sold two months ago to a strong group of London and Canadian capitalists, who have already paid 50 per cent of the subscription price, and the balance has to be paid before May 1 next.

ENGINE STRIKES MAIL COLLECTOR

Demolishes His Wagon at the William Street Crossing of G. T. R.

DRIVER LITTLE INJURED

Escapes With Scalp Wound After Being Hurled to the Ground by Locomotive.

George Crapp, a driver in the employ of William Walker, mail collection contractor, had a narrow escape from death on Saturday night, when the mail wagon he was driving, was struck by an engine at the William street crossing of the Grand Trunk and demolished.

Crapp failed to see engine No. 337, in charge of Engineer Scanlon, bearing down on the wagon until he was directly in its path. The locomotive crashed into the wagon, tearing it from the shafts and dragging it across the crossing and reducing it to kindling wood. Crapp was thrown to the ground and suffered severe scalp wounds. He was badly shaken up, but no bones were broken. The horse escaped with only a few cuts.

The injured man was taken to his home. It is expected that he will be able to resume work within a short time as his injuries are not serious.

Engineer Scanlon and Conductor Hill, who were in charge of the light engine, both declare that the bell was ringing and the whistle blowing when the accident occurred.

THOUSANDS OF WILD DUCK

[Special to The Advertiser.]

Sarnia, Feb. 15.—Thousands and thousands of wild duck are living temporarily along the shores of the St. Clair, having been driven in by the fierce cold of the past few days. It is the closed season for them on the Canadian side, but on the American side many are being killed.

NEGLECT IS THE CAUSE OF GRAY HAIR

Easily Corrected If You Only Will

No woman nowadays need lose the charm of her rich, lustrous hair with advancing years. Gray and faded hair destroys a woman's charm as nothing else will do.

It seems a shame that any woman should suffer the annoyance of gray hair when it is so easy to restore it to its natural color.

Hay's Hair Health is so simple and easy to use and so sure in its results that no woman can afford to overlook it. It is not a dye, just a real tonic that brings new life and vigor and that natural colored healthy look to the impoverished scalp and hair roots, restores the original, natural color of the hair. It removes dandruff.

Your money will be refunded to you if it fails after a fair trial.

SMALLPOX SPREADS INTO 27 N. Y. TOWNS

Lax Methods Responsible for 150 Cases.

[Canadian Press.]

Albany, N. Y., Feb. 15.—Lax methods of dealing with smallpox are responsible for 150 cases of it in Niagara Falls and the spread of the disease to nine more cities and villages within the last week, according to Dr. Lindsay Rudd Williams, deputy commissioner of health. Thirty-nine houses in Niagara Falls are now under quarantine and 22 patients are being cared for in the quarantine hospital.

DR. ROSWELL PARK IS DEAD.

Buffalo, Feb. 15.—Dr. Roswell Park, one of the best known surgeons in America, died suddenly today at his home on Delaware avenue. The cause of death was heart failure. Dr. Park had been in perfect health up to within 20 minutes of the end.

Dr. Park was born in Pomfret, Conn., in 1852. He was educated at Racine College, founded by his father, where he graduated in 1872. He was the surgeon in charge of William McKinley after the president was shot here in 1901.

PAY DAY ON C. P. R.

Pay day on the C.P.R. is an eagerly anticipated event; and each month the company pays out over $6,000,000 in checks, distributed over the system, total of 120,000, and this number with the growth of the system and the consequent need of more men, ever grows.

"We do everything in our power to accommodate the employees," says Mr. H. E. Suckling, the treasurer of the C. P. R. There is a great deal of time and work associated with the monthly pay day; and if we had to have it twice a month, as is the case in certain of the states—well, it would mean a lot more trouble, a doubled staff, and considerable more expense. We have to do it in Vermont and Maine, which we pass through and which have the bi-monthly payments, and I can tell you it is work. In several of the states it is the same; but wherever it is found it is because state legislators pander to the so-called labor vote. Our people have not sought for short-term payments; and in fact, seeing that they know for a certainty that on a certain date, without fail, they will get their money, they are perfectly satisfied to have it once a month. Think of a job of sending out twice a month 120,000 checks. There was some talk at Ottawa some years ago of initiating bi-monthly payments; but the matter was not pursued.

"The single monthly payment works well; it is a certain fixed date which does not vary; there is a fixedness which gives security; and it suits all the people with whom they deal. Branch banks will be found all over the system, close to the place of work and payment, so that there is no trouble in getting the checks cashed anywhere."

The wages list is constantly increasing on the C. P. R.

A decade ago the total number of employees was something like 65,000. Today it is over 120,000 in all grades of activity. It might be said that over 500,000 persons are directly interested in, and look forward to, the monthly pay day, while, if we consider the allied interests, the indirect relations sustained one way or another, the commercial and industrial affiliations of the company outside the regular list of employees, we get over 1,000,000 people more or less directly concerned in the issuance, once a month, of those seemingly innumerable bits of paper which are so eagerly transmitted into bread and butter. If, however, we get beyond all those who are more or less directly interested in the company, and reach out to the various activities which depend on the company—each industrial organism with its own army of employees; if we consider every allied or affected interest, we find that the entire population is, remotely, it may be, but, nevertheless, certainly affected in their lives and outlook by the operations of the C. P. R., and, with measurable closeness, concerned for the pay envelope.
