For the Removal and Permanent Cure of all
NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

In unison with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, SCIATICA and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving influence of the Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weak-nerved sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

results in the fact that they arrest and cure disease by *natural application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks helplessly under the infliction.

They strengthen the whole system, regulate the circulation of the blood, promote the secretions, and never fail to relieve the most severe cases of Nervous Disease. Since their introduction in the United States, only three years since, more than

75,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

BENEFITED AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the **GALVANIC BELT**, we mention the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are used by the sufferer to quicken the torpid and inactive liver, or the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured health, after the action has ceased, than before. Now, mark! this when the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply let the Belt remain in the place, with the Magnetic Fluid as directed. In a short period the sufferer will pass over to the negative, and the warmth of the Belt will cause to be positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the country could be given, and shall be in every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

CURE OF
Rheumatism, Bronchitis and Dyspepsia.

REV. DR. LANDIS, A CLERGYMAN

of New Jersey, of distinguished attainments and exalted reputation:—

Sussex, New Jersey, July 19, 1848.

Dr. A. H. Christie—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply to you shall be brief. For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About *fourteen* years ago, in consequence of frequent exposure to the weather in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for four years, caused me indescribable anguish. Further, in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked with a severe Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system was now thoroughly prostrated, and the Dyspepsia became severe, so closely evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopœia there seemed to be but one remedy left which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your invention, and though with no very sanguine hopes of their efficiency, I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1848. To my great astonishment, it gave me immediate relief. The Rheumatism, at least, was stayed so effectually that I was able to resume my pastoral labors, not have I since suffered a single service on account of the Rheumatism, and my Rheumatic Affections are perfectly cured. To results so much in the wonderful and happy, my trials of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Rheumatic affections. They have tried them, with happy results, I believe, in every case.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

DR. CHRISTIE'S
GALVANIC NECKLACE

is used for all complaints affecting the Throat or Chest, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Distress of the Head, Neuralgia in the Face, Hearing or Roaring in the Ears, Deafness, which is generally Nervous, and that Bane, Dyspepsia, which is generally Nervous, and that Bane, Dyspepsia, which is generally Nervous, and that Bane, Dyspepsia
