THE REPORTS ARE CONFLICTING

Continued From Page 1.

Canadian Pacific Railway system have suspended work. The company is sending out circular letters and also well paid agents over the road, trying to induce the men to resume work. They claim to have made liberal offers to the committee. Such is not the case. The company positively refused to enter into any agreement with your committee. The so-called liberal increase in wages and rules were not even presented to your committee for approval by the company until after they had been distributed by officials, who told the men in many cases that your committee had gone home. You sent us to Montreal to secure an agreement, setting forth the terms and conditions of your employment, and we are going to remain here until you compel the company to treat us with as much consideration as it treats all other classes of its employes. In undertaking to place ourselves upon an equality with other classes of railway employes, we are doing right. Stand firm. Be true to your own interests, then the members of other organizations, the officials of the C.P.R. Co. and the public will respect us, but if you heed the advice of the officials and well-paid agents sent along the line to try and persuade you to return to work, they will say in the future, what has been said in the past, "Trackmen are a set of fools and have not got sand enough to quit work and stay out until they are recognized and dealt with in the same manner as other classes of railway employes."

The officials are trying to sustain themselves in the position taken, by stating to the public that they are paying trackmen more wages than are being paid by other roads in Canada. We admit that they are. They also pay the C.P.R. officials and other classes of employes more than is paid on other roads. Italians receive more wages than Chinamen, but neither are making progress. We must go forward and not backward. We are Canadians and Americans, and do not propose to adopt a lower standard of living. The maintenance-of-way men are not receiving a just share of the wealth created on any of the roads. Our craft is being wronged by all companies. The injustice differs only in degrees. On account of the rise in prices, other employers have increased the wages of employes. The purchasing power of our wage has decreased 20 per cent. in the last two years. The company is making money; times are prosperous. We should not be compelled to stint our families and reduce our standard of living one-fifth because times are prosperous. Explain these matters to your friends, and if necessary, the good people of Canada will help us in our struggle. Stand firm and we will win, because our position is right, and right should prevail.

Yours in B. L. and U. (signed) Joseph Lennon, chairman; A. F. Stout, secretary.

COMPANY'S LATEST STATEMENT.

Montreal, June 20.—Inquiry at the head office of the Canadian Pacific Railway to-night elicited the information that many meetings are being held by the trackmen at different points on the system, and that they have asked the company's local officers to meet them. A considerable number of men returned to work to-day, and the position is continuing to improve as the men become fully informed of the actual conditions existing on the C.P.R. as compared with other roads. Every foot of track is patrolled daily, and trains are running with their accustomed regularity, notwithstanding the unusually heavy traffic.

Mr. McNicoll, vice-president and general manager of the C.P.R., stated to-night that reports are still coming to hand from various points along the line, showing that the men are returning, and that no difficulty whatever has been experienced in the working of the traffic. The company feel confident that the strike cannot last many more days, for the reason that the men have failed to secure the sympathy of the public.

Signs of a Break.

Calgary, N.W.T., June 20.—The striking C.P.R. sectionmen here have sent a message to the Grievance Committee at Montreal to accept company's terms. The feeling is that the company has acted fairly with the men, and that an opportunity should now be given to let the advances and new conditions conceded by the company become effective.

MEETING AT ORANGEVILLE.

Orangeville, Ont., June 20.—A largely attended meeting of the striking trackmen, employed on the T., G. and B. division of the C.P.R., was held here to-day. Rattling addresses were delivered by many of the strikers, and they all expressed themselves as being confident of success. The men are determined to stay out until a victory is won. They say that they look forward to an early settlement by the C.P.R. The men claim that only four foremen and two men are working between Toronto and Owen Sound. Local committees were appointed to manage this end of the strike. The men were cheerful and their backs have been greatly stiffened. A number of men who returned to work yesterday, quit again last night and attended the meeting.

HAMILTON NEWS

THAT ADDITIONAL THOUSAND

Will be Accepted as a Quieting Consideration if Government Pays Other Old Scores.

MAN CUT TO PIECES BY A TRAIN.

Bank of Hamilton Secured Debentures—Commencement Exercises at Loretto—General News.

Hamilton, Ont., June 20.—(Special.)—The Board of Education held a special meeting to-night to discuss the report of the Special Committee which recommended that the Ontario government's offer of $1000 a year more to the Normal College grant be accepted on the stipulation that the government pays $500 owing from last year and $207 balance of an unpaid furniture account. Hugh Murray moved the adoption of the report.

William Bell moved that it be referred back for the committee to endeavor to get a larger grant. Mr. Bell attacked the report strongly.

Most of the trustees had something to say, and the vote stood 6 to 9 against the amendment. The report was adopted by the reverse vote. Those who sanctioned the offer were Trustees Brennan, Murray, Woolverton, Lazier, McPherson, Zimmerman, Howell, Jones and Chisholm. Those who opposed it were Trustees Bell, Whitehead, Clucas, Fearman, Callaghan and Holden.

Mr. Lazier, during the debate, deprecated the introduction of politics. The above vote will show how large a part politics played in the matter.

The Finance Committee.

At the evening's meeting of the Finance Committee, tenders were opened for the $80,532.08 4 per cent. 6-year debentures. The tender of the Bank of Hamilton was accepted at a premium of $269.05.

Ryan & Co. of Toronto asked the city to grant $50,000 towards the proposed steamboat line between Canada and Cuba. The city had not quite enough surplus to meet the demand, and it was tabled. A deputation from the new Hamilton Fair asked for a grant. It will be considered later.

Train Cut Him to Pieces.

James Shaw, a carpenter, who resides near Winona, was instantly killed while walking on the G.T.R. on the Beach near Fitch's Hotel this afternoon. He was struck by a freight train and cut to pieces. The unfortunate man was about 60 years of age and was hard of hearing. An inquest was opened to-night, but it was adjourned till Saturday evening.

Commencement at Loretto.

The commencement exercises of the Loretto Convent took place this evening, and a large audience, composed of relatives and friends of the fair students, was present. Bishop Dowling presided, and among those who were present were Wm German, M P, Welland; Col Moore, Sheriff Middleton, Monsignor McEvay, Rev Father Burke (Toronto).

The medals were presented as follows: Graduating—Misses Emma Boyes and Flossie Foquet; in Christian doctrine, Miss O'Connor; for English literature, Miss Emma Boyes; for English essay, Miss Lena Coty.

Deportment—Miss O'Connor.

General proficiency — Miss Josephine Foster.

Instrumental music—Miss O'Meara.

An excellent program of instrumental and vocal music was presented, those contributing to the program being: Misses Frawley, K O'Meara, A Kavanagh, Sneath, Daniels, Flatt, Coty, Dake, German, L Whilton.

Care of the Babies.

At this morning's session of the County Council Dr. McGregor presented the report of the special committee appointed to investigate the application of the Home of the Friendless and Infants' Home for a grant. The committee had examined the statement presented by the management of the home regarding the cost of maintenance of inmates from the county, and believed that, while township councils might be morally if not legally responsible for this expense, the county was neither. It was recommended that the Council representatives from the townships interested endeavor to get their township councils to settle accounts with the home as follows: East Flamboro $21.14, Beverly $10.62, West Flamboro $21.52, Dundas $121.18, Barton $88.60. The committee also recommended that the home be given $100 out of the county funds.

Geo. St. Evans and Rev. Father Geoghegan asked the county fathers for a grant to the new Hamilton fair, but the councillors took no action.

Another Case of Smallpox.

Another case of smallpox has appeared in the city, the 13th victim being Martin O'Mara, West Burlington-street. O'Mara is 53 years old, and has a large family. When the disease first appeared in the Cummings family and the house was quarantined, some of the inmates disregarded the rules and visited O'Mara's home. Mr. O'Mara was removed to the isolation camp last evening.

A Boy's Narrow escape.

Harry, the 12-year-old son of County Constable Springstead of Stony Creek, met with a very painful accident a few days ago. The boy was cleaning his trousers with benzine when his clothes caught fire, and before the flames could be smothered the lad was badly burned from his feet to his hips. For a couple of days his life was despaired of, but the doctors now hope for his recovery.

Minor Matters.

Last night robbers broke into the Crystal Hotel. The bar-room cash registers were opened and $20 in silver was stolen. About $13 in plugged and bad coins, which were in a box in one of the registers, was not taken.

On June 1 the city's overdraft at the Bank of Hamilton was $241,924.

The directors of the new Hamilton fair decided this afternoon to hold a big show on Sept. 10, 11 and 12.

The members of the local Youmans W. C.T.U. have decided to pray every day for one year for the prohibition of the liquor traffic.

The members of the Y.M.C.A. have presented a handsome parlor suite to Thomas A. and Mrs. Rodger. They returned from their wedding trip to-day.

IT IS MR. GARDHOUSE'S BODY.

The Remains Discovered in Niagara River at Lewiston Fully Identified.

Niagara Falls, N. Y., June 20.—The body of the man found floating in the river at Murphy's Dock at Lewiston has been identified beyond a doubt. It is said by relatives to be that of William Gardhouse of Brampton, Ont., the old man who committed suicide by going over the Falls on the 19th day of May.

Coroner Walker of Lewiston, who was called to take charge of the case, buried the body in the Hosmer Cemetery at Youngstown. On the evening boat over from Toronto was a son-in-law of Gardhouse, who came to identify the body, believing from the accounts seen in the newspapers that it was the body of his relative. From the description given him by the coroner, he was convinced that he was right in his conjectures. The gold filling in the upper front teeth made him positive that it was the body of his father-in-law, and before leaving for home he left orders to have the remains exhumed and sent to Toronto for reinterment.

Cause for Complaint.

Complaints are frequently heard from cyclists living in the west end of the city that the south side of Queen-street, from Parkdale to the Don, is watered in the early morning and the north side left dry. The wheelmen coming towards the centre of the city from the west end have to use the wet side of the street, much to their discomfort.

There is another kick coming from the residents in the vicinity of University-avenue. The benches have not yet been put out on that thorofare, and there are no seats closer than Queen's Park.

THE EAST END.

Notwithstanding the rain of yesterday morning, the special train that pulled out from the East Queen-st. G.T.R. station at 9 o'clock, carried several hundred young people, bound for Rosebank, to attend the annual picnic of St. John's Presbyterian Church. A large number also went on the regular train at 2 o'clock. The weather of the afternoon was all that could be desired, and the crowd came home at 7 o'clock delighted with the outing.

The members of the congregation of the East Queen-street Methodist Church, with their friends, spent a social evening last night in the church, which has recently been renovated. An address was delivered by Hugh Thompson. Miss Ross and Mr. Cope sang several selections. Refreshments were served at the conclusion of the program.

Special services will be held in the Broadview-avenue Congregational church on Sunday to celebrate the 25th anniversary of the foundation of a Sunday school in connection with the church. An entertainment will be given on Monday night following.

The annual Sunday school picnic of St. Matthew's Church will be held at Bond's Lake on Friday, June 28.

St. Clement's Church will hold their annual garden party, on the lawn adjoining the church, on Wednesday, June 26.

The members of Broadview Lodge, No. 294, I.O.O.F., will decorate the grave of the late Arthur Coulter, in St. James' Cemetery, on Sunday afternoon, at 3 o'clock.

The members of the Orange Lodges in the Eastern District will attend divine service at Gerrard-street Methodist Church on Sunday morning. Rev. Dr. Chambers of Woodgreen Mthodist Church will occupy the pulpit.

On Monday evening next an ice cream social will be given in the parlors of Woodgreen Methodist church, under the auspices of the Epworth League.

Miss Nellie Whitehead and her brother Fred are spending their vacation with their brother in Pennsylvania.

Miss Maude Wilson, who for some years resided in the East End, is under quarantine at St. Catharines, owing to the smallpox scare, she having visited a house in which there was a case of this disease last week.

The annual garden party of St. John's Church, Norway, will be held in Kew Gardens, on Saturday, July 6.

Premier Ross goes this afternoon to address a meeting at Sandbar, five miles from Picton.

Look out for the Pan-American special to Buffalo, June 27, 1901. Special train leaves Union Station, Toronto, 6.50 a.m. Lands passengers direct at the Pan-American grounds.

America's Regard for Britain.

From The New York Press.

This constand and unconscious regard for the Briton as the only foeman worty of his steel, this inbred desire to up and do the big kinsman who has done every one else is really the convincing proof of inseparable attachment between nations. It is far more so than all the banquet board vows that have been in process of exchange, at least since Thackeray (circa 1837) went to "A Dinner in the City" an dheard the American minister's speech. Strangely enough, those who make it a business of fomenting hatred between this country and Great Britain make the clearest acknowledgment of this influence. The eYllow Journals would not think it necessary to insult the Paris or Vienna Chamber of Commerce for entertaining the New York Chamber of Commerce as they have done the London Chamber of Commerce this past week. Thi sis so because in the limited educational advantages of their yellow youth they were not brought up to think of Paris and 1Venna as having Chambers of Commerce or any other institutions that could either compete with or exert a sway over things American. You will find the same pre-occupation among our political blatherskites, who, not not permitted France to plan (and dig a canal thru the Monroe Doctrine, but actually cheered her, and in some instances took her money, for doing it. It was only 15 years after the evacuation of Mexico, but their horizon had closed in again, and Britain was the only European spot upon it. In all this we are a little colonial still, and Ladge and Morgan the most colonial among us; but it ought to me sobe satisfaction to the object of our at times rather embarrassing attentions that such a big boy still thinks his grandmother the boss of creation, and regards her venerable bonnet trimmings as the only feathers worthy of the decoration of his cap.

Ancient Tobacco Habit.

In an amusing paper on "London of the Restoration," Mr. Shrine shed some curious light on the ways of our ancestors. They seem to have been ardently fond of the fragrant weed. Two friends enter a coffee house. One says:

"Do they do anything but drink in these houses?"

"People do not eat, but they smoke well; and then they entertain each other with such news as is abroad, whether it be true or false. The coffee house is the centre of news. First, there is the news book, to be had every day it comes out—namely, Mondays and Thursdays."

"So I fancy men go there rather out of curiosity than for any great love they have of coffee! If I can but learn to take tobacco, I shall e'en do as the rest. Now, talk of smoking, I was in a maze yesterday to see, as I went by, my landlady smoking briskly."

"'Tis a common thing here, because tobacco agrees with our climate better than right in the church, which has recently been renovated. An address was delivered by Hugh Thompson. Miss Ross and Mr. Cope sang several selections. Refreshments were served at the conclusion of the program.

Special services will be held in the Broadview-avenue Congregational church on Sunday to celebrate the 25th anniversary of the foundation of a Sunday school in connection with the church. An entertainment will be given on Monday night following.

The annual Sunday school picnic of St. Matthew's Church will be held at Bond's Lake on Friday, June 28.

St. Clement's Church will hold their annual garden party, on the lawn adjoining the church, on Wednesday, June 26.

The members of Broadview Lodge, No. 294, I.O.O.F., will decorate the grave of the late Arthur Coulter, in St. James' Cemetery, on Sunday afternoon, at 3 o'clock.

The members of the Orange Lodges in the Eastern District will attend divine service at Gerrard-street Methodist Church on Sunday morning. Rev. Dr. Chambers of Woodgreen Mthodist Church will occupy the pulpit.

PRESBYTERIAN PATRIOTISM

General Assembly Passed a Resolution of Sympathy and Loyalty to the King.

IMPERIAL UNITY IDEA ENDORSED.

New Presbyteries Authorized for North and West—The Convention is Over.

Ottawa, June 20.—Many of the delegates to the Presbyterian General Assembly have gone home, and the attendance to-day was much diminished.

The following address to His Majesty the King was adopted:

"We, the General Assembly of the Presbyterian Church in Canada, convened in the City of Ottawa, crave permission to offer our respectful sympathy with Your Majesty in the decease of her late Majesty Queen Victoria, an event which we, calling to mind the affection and reverence with which she was regarded by her subjects in all parts of the Empire, have felt as a sad and grievous bereavement, while we are comforted under the hand of God by the assurance that during the long and eventful reign she, in her illustrious person and the nation, received so many remarkable tokens of the divine favor and goodness, and we most sincerely rejoice in Your Majesty's happy accession to the throne, and join in the numerous and hearty professions of attachment which have been made to Your Majesty's person, and loyalty to your family and the Empire.

"While we delegates deplore the calamitous war which renders necessary the active presence of a large army in South Africa, we are thankful that Canada, along with other colonies, is still privileged to co-operate with Your Majesty's forces in suppressing disorder, and we express the hope that they may be instrumental in establishing such a peace as shall preserve and strengthen that sentiment of Imperial unity which has been promoted by the sufferings and sacrifices rendered necessary by recent events.

"Our earnest prayer is that Your Majesty's reign may, under the blessing of Almighty God, be long and prosperous."

Address to Lord Minto.

A loyal address to the Governor-General was also proposed. Principal Grant moved to substitute the word "Dominion" for the word "Colony" in the address. "We are no longer a colony, but a Dominion," he observed. With this change the address to His Excellency was adopted.

New Presbyteries Authorized.

An overture from the Presbytery of Portage la Prairie, asking for the creation of a new Presbytery out of the northwestern part of the area under its control, to be known as the Presbytery of Dauphin, was granted, and Rev. D. G. Scott was appointed the first moderator.

An overture from the Presbytery of Regina asking for the area under its control, amounting to 40,000 square miles, to be divided into three Presbyteries, was granted. The three Presbyteries will be known as Regina, Qu'Appelle and Prince Albert, respectively. Rev. Hugh McKay will be the first moderator of Qu'Appelle, and Rev. W. S. Moore first moderator of Prince Albert. It was stated that the northern boundary of Prince Albert was not defined, but would extend indefinitely to the waters of the Arctic Ocean.

Rev.Dr.Sedgwick asked, "Does it extend to the North Pole?" [Laughter.]

Rev. Dr. Robertson: Indefinitely northward.

Dr. Sedgwick: Because if it does extend to the North Pole it is an historic fact and should be embodied in the motion.

Incomplete Statistics.

Rev. Dr. Torrance presented the report of the Committee on Statistics and exhaustively explained the changes adopted in the collection, compilation and tabulation of returns.

Principal Grant moved the reception of the report and the adoption of the recommendations which it contained. His remarks were in the nature of a criticism of the statistics as being incomplete. He pointed out that at the last census there were 200,000 people reported as belonging to the Presbyterian Church, who were not recorded by Presbyterian statisticians. That showed an enormous leakage somewhere. With respect to a number of inaccuracies, Principal Grant proposed to refer the statistics to a committee, consisting of Dr. Torrance, Dr. Warden and Dr. Robertson, for revision before they were published in the blue book.

Principal Grant asked whether the church had kept pace with the growth of the country or not. The population of Canada during the last 25 years had increased 40 per cent. How was it with the church? The number of Presbyteries had almost doubled, and the number of ministers and of licensed students and ordinations during that period had about doubled. The number of families had doubled, and the number of baptisms and communicants had more than doubled. The total amount raised for all purposes had more than doubled, the amount raised for missionary purposes had trebled, the amount raised for home missions had quadrupled, and for foreign missions the amount had increased eight times.

President Forrest seconded the adoption of the report. While admitting the admirable work performed by Dr. Torrance, he said some action must be taken to get correct returns. In some parts of the report they were simply chaotic, and nothing could be made out of them.

The report was adopted with an expression of thanks to Dr. Torrance for his arduous labors.

Standing Committees.

The report of the Committee on Standing Committees occupied another hour of the assembly's time, the greater part of the hour being taken with amending the Committee on Foreign Missions. Against the opposition of the Toronto men, Principal Grant succeeded in having Rev. J. McH. Scott removed and replaced by Dr. Fraser Smith, a returned missionary.

The Assembly is Over.

The General Assembly to-night ended its first meeting of the century. The Moderator, Rev. Dr. Warden, said it was the most largely-attended and busiest General Assembly ever held by the church.

At the closing session of the General Assembly, Rev. Dr. Torrance presented the report of the distribution. Ninety-three vacancies occurred during the year. Sixty-five were filled permanently.

Students Set Back.

Two recommendations were made, viz., That except in cases of emergency, students be not employed to fill pulpits of vacancies prepared to call, and that other ministers only be employed to fill vacancies prepared to call, by permission of Presbytery, to the exclusion of probationers. Probationers are ministers without charges. This was adopted.

A Special Executive.

Rev. Dr. Moore presented a resolution from a special committee appointed to consider the question of an Assembly commission or executive. The committee recommended that an executive be constituted with the Moderator as convenor. The executive will deal with matters of legislation and all such items as expressing the sentiments of the church on public occasions, loyalty with, or sympathy for royalty, appointment of a chaplain to soldiers going on active service, correspondence with the governments, etc.

The committee recommended the sending of the recommendations down to Presbyteries, under the terms of the Barrier Act. The recommendations were adopted.

Ordination of Students.

Dr. Moore also presented the report of the Committee on the Ordination of Students. The committee recommended that students having passed first-year examinations may be ordained by the Home Mission Committee, subject to several conditions, to work in a certain field. The student will not be a member of Presbytery, and may not go from the field to which he has been appointed, nor take another charge nor administer the ordances elsewhere before receiving a call. This ordained home missionary will be required to finish his college course before accepting a call. This action has been taken to meet the needs of the out-lying fields, where students of other denominations are allowed to marry and baptise, and the churches they represent get the people. Hitherto the Presbyterian missionary was only permitted to preach or to conduct funerals.

The Assembly adopted all the recommendations.

Dr. MacKay's Death.

The Assembly adopted a resolution expressing the church's sense of loss in the death of Dr. George L. MacKay of Formosa; sympathy was expressed with Mrs. MacKay and the church in Formosa.

The committee which is revising the aids to family worship reported thru Prof. Ross that little progress had been made, but a fuller report would be presented at the next Assembly meeting.

The elder Moderator question has been dropped. Dr. Sedgwick, Moderator of the committee, appointed to report on the advisability of having an elder Moderator to the Moderatorship, said the committee was unable to agree, and there was no report. Dr. Sedgwick moved that the committee be discharged, thus putting an end to the matter. The resolution was seconded by Rev. Principal Grant, and the Assembly adopted it.

Morin College, Quebec, sent no report, so the Assembly appointed a committee to confer with the governors of the college.

Expenses of Delegates.

The synod of British Columbia wants the General Assembly to assist in paying the expenses of western delegates to the church meetings. Rev. Mr. McRae, Victoria, West; Rev. Mr. Cummings, Nanaimo, and Rev. S. Robertson supported the proposal.

Principal Grant moved that the matter be removed to a committee to report at next Assembly, and also to report on a scheme to reduce the representation and to pay the expenses of commissioners.

The Assembly will send an overture to the Presbyteries recommending that the representatives at the Assembly be reduced by one-half, and also recommending that the General Assembly have a fund for the payment of the traveling expenses of the commissioners.

Rev. Principal Forrest thought the proposed reduction was too great, and he suggested that it be one in six. Rev. Dr. Moore said the Assembly must face a proposal to have the representation reduced to one in eight, or else to have quadrennial sessions.

Mr. Campbell of Perth moved, in amendment, that the reduction be to one in six. The amendment was carried and the report as amended was adopted.

The Last Item.

The last item of business was the report of the Committee on Churches and Manse Building Fund. It was presented by Rev. Dr. Robertson. This building is done in the west and in the last year 29 churches, 6 manses and 3 schoolhouses were built. The estimated value of the building is $132,775. In 19 years the board has helped to erect 478 buildings in all, valued at $574,000.

Votes of thanks were passed to Rev. Dr. Herridge of St. Andrew's Church, to the managers of the church, the local reception and entertainment of the assembly, to the fire brigade, the Mayor, the ladies, the press, the railways, those who entertained the delegates.

The General Assembly decided to pay toward the expenses of each of the commissioners from the Northwest and British Columbia, $25.

The Question of Precedence.

A communication from the Methodist Church was read, asking the Presbyterian General Assembly to assist in a movement to do away with precedence so far as the ministry is concerned, on State occasions. Rev. S. Armstrong moved that a committee be appointed to co-operate in the matter with the Methodists. Among other members of the committee, he named Rev. Dr. Herridge, Ottawa. Dr. Herridge said he would not be a member of the committee if the appointment of such a committee implied that the Presbyterian Church was exercised in the matter.

The assembly appointed a committee to meet with the Methodists to consider the matter.

No Thanks to Railways.

Dr. Sedgwick said the terms of the railways appeared to be growing more stringent yearly, and he did not know that the commissioners had any special reason for thanking the railways. The return tickets issued by the railways only gave the commissioners a margin of three days after the assembly.

After the Ball.

From The London Fun.

After the ball is over—
The hedge just across the way,
After you've searched an hour
(For that's the fifth one that day),
Many a man has spoken
Words he'd fain recall
When on the links he's been searching—
After the ball!

Rather a Cool Suggestion!

Be sure your order for ice goes to the Grenadier Ice and Coal Company. Daily deliveries of ice commence May 1 to all parts of the city; $1.50 per month for a nice piece of pure, first-crop ice. Telephones, Main 217, Park 103. Office 49 Wellington-street east. ed

Iron Deposit Found.

A new discovery of iron is reported about 12 miles north of Thessalon.

RICH AND HEAVY FOODS
VERSUS
MALT BREAKFAST FOOD.

It is unwise to fill the stomach with rich and heavy food, which takes all the energy of the body for its proper digestion. Malt Breakfast Food furnishes the greatest amount of nutriment and energy for each day's work, and does not exhaust existing energy. For summer breakfast, there is nothing equal to Malt Breakfast Food. Your Grocer sells it.

THE POINTS OF THE PIANO.

There is everything in knowing the special and peculiar constitution of the piano you purpose to buy.

For example, "THE BELL" contains decided improvements and advantages of its own. It has, in the first place, **The Illimitable Grand Repeating Action,** which of itself places it above all others and constitutes the **perfection of piano action.** There is no other piano fitted with this action.

There is no other piano in Canada than "THE BELL" fitted with the **"bushed pins,"** which give uniform tone and timbre to the instrument and prevents it very materially from getting out of tune.

Our cases are made of the choicest wood and designed by the most expert artists on the continent.

The opinions of our competitors in regard to the merits of these great improvements are not always reliable and should not be taken. In spending your own money investigate for yourself as others are doing.

You are cordially invited to visit the **"ART WAREROOMS," at 146 YONGE STREET.**
