POOR BLOOD AND WEAK NERVES
(By F. Raymond Ward, M. D.)
Lack of strength is about the first symptom of violation of the laws of health. There come nervousness, unsteady hands and limbs, skin eruptions, dizziness, sleeplessness, heart palpitation, and with the feeling that the life blood is being sapped comes complete prostration. In this condition the sufferer is indifferent to all things—and looks upon life with a gloomy, melancholic view.
It is given as a statistical fact that seven out of every ten people in the United States are suffering from nerve exhaustion, and of this number less than half realize it. They know that they have gloomy thoughts, a depression of mind, an impaired memory, dizziness and headache, wakeful nights and spells of extreme exhaustion, but they attribute it to any other cause but the right one. They feel languid, irritable and restless, the why and wherefore of which they cannot explain. They are suffering from nerve exhaustion, a condition which is undoubtedly the means of causing more misery and crushing more hopes than any other trouble that flesh is heir to.
Nervous exhaustion will not cure itself. The sufferer who thinks that nature alone will bring about a restoration of health is simply deluded by a false hope. He will realize that (if the power of realizing is left him), when he becomes a hopeless victim to one of the many diseases which follow in its path.
Those suffering from nerve exhaustion or loss of energy as a result of overwork mental worry or violation of nature's law are quickly restored to sound health by Dr. Ward's special treatments. Dr Ward's office is located at 70 Niagara Square Buffalo, N. Y., which is right opposite the McKinley Monument. His office hours are Mondays, Wednesdays and Saturdays 9 A. M to 9 P. M., and Tuesdays, Thursdays and Fridays 9 A. M. to 6 P. M. Sundays 9 A. M to 1 P. M. Consultation and examination is always without charge.

Russian Agitators Beaten; Victory for Government

Great Triumph Won With No Change in Policy; Council of Soldiers and Workmen Forced to Admit Defeat

(Special Cable Despatch by Herbert Bailey)

Petrograd, May 8.—"The government have won a great victory, our policy remains unchanged, we have conceded nothing." M. Miliukoff, Minister of Foreign Affairs, summarized the situation to me in these words late Monday night. The Socialist council of soldier and labor delegates agree with his statement. They assert, indeed, that the result of the crisis has been a compromise, but it is beyond doubt that the government has emerged from the events of the last few days strengthened in power and prestige, and that Miliukoff has won a great personal victory. It is Miliukoff who participated in the crisis for some time past.

Miliukoff Defies Rejection

Rumors of his resignation and that of Gutchkoff have been circulated in political circles in Petrograd. It is known that on the question of securing Constantinople he and M. Gutchkoff were in the minority in the cabinet, and when he reasserted in an interview his conviction that Constantinople must become Russian his resignation was expected. Happily some semblance of an agreement within the government was obtained and the vague but important note to the allies was sent. The cabnet "knew a political crisis of great intensity would be the outcome." M. Miliukoff, assured a friend, "but I was determined to fight the issue out." He has fought and won. The Council of Soldier and Labor Delegates, faced with a choice between the Provisional Government and anarchy, are forced to come down to the region of reason. The government's decision to "explain," although not to rewrite, the note to the allies gave them a chance to save their face, and they promptly seized it, with the result that the government can now take measures to fight German intrigue, disaffection and disloyalty in the capital, conscious that they will not be hampered by the punctilious control and puerile objections of the Council.

Will Punish Traitors

I am in a position to state that the military authorities intend to institute vigorous measures against Lenine and his fellow traitors. It is now evident that the time for temporizing has passed, and the boldest measures are the safest, but the Government can only proceed with caution. The fact that the girls in the telephone exchange have refused on their own initiative to connect subscribers with anti-British and anti-war newspapers, "prava," or with Lenine's headquarters is significant of the hostility of reasonable people against the extremist and Anarchist. No one can assert, however that we have seen the last of a political crisis of this character; or that the real causes which produced it have been eradicated.

To-day's newspapers are filled with discussions of the situation. The Socialist paper Russky Volmoa finds ttself in strange company in advocating a coalition government. It does not perceive that the present government is a coalition since Kerensky, Socialist, Minister of Justice, has a place in it. It is considered here that Kerensky, who is seriously ill, is afraid to commit himself to any policy, and wishes to secure his retreat whatever happens.

Want Message from Britain

While the return to reason has not been the least beneficial result of the crisis, another great question centres around among the proletariat that the policy of no annexation would facilitate peace, and their feelings are being successfully played upon by the agitators, traitors and enemy agents. A declaration by Britain showing that she only entered the war after the attack on Belgium, which could be circulated among the armies, would be opportune, and would assist to clear away misconceptions. We should not concede anything to the agitators here, who are in a decided minority. We should not deviate one inch from our policy, but should explain it in terms which the Russians can understand.

Food Scarce in Petrograd

Questions of transport, equipment and discipline are causing anxiety. On the other hand the condition of the Baltic fleet, on which Admiral Kedrox issues a report, is infinitely better than the rumor suggested. The provisioning of Petrograd, where prices in some cases have increased 1,000 per cent, is demanding the serious attention of the government. There is a deficit of 2,800 wagons of supplies. The city is answering the appeal that there should be no demonstrations or manifestations. It is quiet to-day. The killing and wounding of civilians and soldiers by the Leninites in Nevsky Prospect brought home to the people the danger of an outbreak. Repetitions of the shooting would only succeed in hastening a military dictatorship and bring forth a Cromwell.

U. S. Appeal to Council

Washington, May 8.—A plea against a premature peace for Russia and renewed assurances that American wage-earners and the American people are in hearty sympathy with the Russian democratic movement are included in a long cablegram sent by President Samuel Gompers of the American Federation of Labor to the Executive committee of the Council of Workmen and Soldiers' Deputies at Petrograd to-day.

SAGE TEA BEAUTIFIES AND DARKENS HAIR
Don't Stay Gray! It Darkens So Naturally That Nobody Can Tell
You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.
Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.
This is the age of youth. Grayhaired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

The third annual meeting of the Ontario Provincial Women's Missionary Society of the Presbyterian Church in Canada opened in Kingston.

Ottawa explains that the provinces have formed committees to undertake the work of re-employment of returned soldiers, while the Dominion has provided for all invalided and disabled soldiers, and the vocational training of those returned home.

Four men are charged at Deseronto with having entered into a conspiracy or combination to raise the rate of wages and under threat of violence to prevent workmen from working for the Imperial Munitions Board.

NEWS OF NORFOLK

Simcoe Council to Entertain Returned Soldiers of the Town

PASTOR OF ST. PAUL'S

Rev. M. Scott of Fulton, is Chosen for Simcoe Church

OTHER SIMCOE NEWS

Town Council Sat in Very Late Session

(From our own Correspondent)

Simcoe, May 8.—The I. O. D. E. headquarters were alive to-day. Work has been pursued so persistently that the bills for material have well nigh depleated the treasury.

St. Paul's ladies sent over 15 prs. sox and 1-2 dozen pyjamas, and Carholme Institute, per Mrs. W. A. Carroll, 14 suits of pyjamas.

Donations

Miss Alma Goodland (in memorium for Wallace Cook and Harold Edmonds) $10; Miss Dutton, $5; D. R. Tisdale, $10; Mrs. Geo. Nelles, a quantity of linen.

15 pairs of sox were shipped to Lt. Bowyer, making a total of 231 pairs to France during the past fortnight.

The paper collection was badly interfered with on Saturday by the weather man. Manager Austin, of the Bell Telephone Co., collected all the old directories, and has some 500 pounds of these alone in waiting. It is said, however, that prices of paper have dropped.

Will Entertain Returned Soldiers

The intention of the town council again to entertain more of the returned soldiers, was brought to a focus last evening when Mrs. Rupert Simpson, regent of the I. O. D. E., accompanied by Mrs. Hicks, called on the council, suggesting that the time was now opportune, and that the chapter would be pleased to cater for the occasion. Only a suggestion was necessary. The date was fixed for Wednesday, May 16th, and the whole council, with Ald. Craig as chairman, was appointed to look after the council's end of the affair. The question of admitting citizens in general at a stated fee per plate was left to be worked out. The guests will be all returned soldiers not previously banquetted, and residents of the town at present or before enlisting, and all such are requested to report to any member of the council at the earliest possible moment, lest any should be overlooked. There is no official list for guidance.

St. Paul's Again Selects a Pastor

At a meeting of the congregation of St. Paul's, held last night, Rev. M. Scott Fulton, M.A., B.D. of Toronto, was chosen on the first ballot. The stipend was fixed at $1500, with manse and one month vacation, with a rider, giving the Board of Managers power to vary this if necessary.

The call will be signed during the next two weeks. Presbytery which meets to-day, will be requested to adjourn for two weeks to expedite the settlement of the new pastor, in case of his acceptance. Elder J. B. Jackson will represent the managers, and A. G. Rose the congregation, at Presbytery.

Rev. M. Scott Fulton, is a young man. He graduated in Arts from Belfast, and studied theology at New College, Edinburgh, received his M. A., from Princeton and his B.D. from the Princeton Seminary. He preached at Stellarton, N.S., 1909-13 and has recently returned to Toronto Presbytery from St. Louis. He preached here yesterday and the people are united and enthusiastic in their choice.

Town Council of the Plymouth Rock Type.

The town council sat last night till long after midnight—after one c'clock, before concluding business.

There was as usual, considerable delay in squaring away for business because of the fact that heads of departments persist in going through their accounts after the hour for commencing business.

The unusual item among the accounts was a belated charity account, issued last December for supplies to Mrs. Bayard, who has since deceased, leaving an estate of about $15,000.00.

The Board of Works got through an order for a car load of crushed stone, for repair work on streets.

Sidewalk for Metcalf St.

Rev. A. B. Farney and ten others presented a petition for a cement sidewalk on the west side of Metcalf street from West to Stanley and instructions for the preparation of the usual bylaw were given.

Another Report Re Fire Protection.

The fire underwriters' report was read and among other things stated that there are 74 fire hydrants in the town. Before the Fire Warden's recent inquiry Chief Luscombe in his evidence gave the number as 35 and E. E. Collins promptly corrected with "42" The report calls for runners for the hose wagons by winter, though it is learned that this equipment is not generally provided in towns and cities north. This report also stated that two men sleep in the fire hall, and was equally out in other respects. In fact the council has been forced to admit that authorities and opinions differ.

Utilities Commission Comes Across.

This report was responsible for another delve at the mystery of the Utilities Commission's method of financing. The report condemned the belt drive from the new 50 h.p. motor being installed at the pumping station. Reeve Carter's query was answered by the mayor who stated that the commission had decided to make the suggested change and that the cost would be nearly $500 more, bringing the total up to $2,000. This with extension of hy-
