Since the failure of the Cochrane Company in St. Thomas some years ago their large manufacturing establishment, which passed into the hands of the Molsons Bank, and which is one of the largest buildings in the city, has remained vacant. The bank is now negotiating with James Robertson, who contemplates establishing a mercantile business, and with a Milwaukee manufacturing firm who are thinking of starting a branch business.

HALDIMAND.

Charles O'Hara and his wife, of the township of Rainham, Haldimand county, were arrested by Government Detective Murray on Tuesday for malicious destruction of property of a neighbor. The pair are said to have been a terror to the neighborhood in which they live. Wm. J. Dougherty, a shoemaker of Hagersville, owns a farm adjoining O'Hara's which he has rented to Walter Moulton for farming purposes. O'Hara wanted to rent a portion of the farm from Moulton for pasture, which was refused because of the lack of fence protection. O'Hara then swore that nothing would be allowed to grow on the farm. The accused were arraigned before Justices Stewart and Howard and committed to Cayuga jail.

WENTWORTH.

The Hamilton Presbytery on Tuesday in Hamilton was presided over by the moderator, Rev. R. McKnight, Dunnville. Leave was granted to moderate in a call at North Pelham and Wellandport. The resignation of Rev. Mr. Mowat at Merritton was accepted. A committee consisting of Revs. Messrs. Day, Ratcliffe, Young and Laurie were appointed to consider whether any arrangement of the field connected with Port Colborne and Welland could be made by securing more convenient supply. A grant of $5 per Sunday to Port Colborne during vacancy was agreed upon. The Presbytery decided upon sending a resolution of condolence to Mrs. Young, of Barton, on the death of her husband, Mr. John Young, who was a representative elder in the Presbyterian Church.

At the Assize Court in Hamilton on Tuesday it was announced that the Zimmerman-Headon breach of promise case had been settled. In the plaintiff's statement of claim it was set out that the defendant had seduced his daughter, Mary Phœbe Ann Zimmerman, and that a child was born to her on May 20, for which he claimed the customary damages for lack of the girl's services. In addition to this Mary had entered a suit for breach of promise of marriage against Headon. Headon agreed to pay a $300 verdict in the seduction case and a $200 verdict in the breach of promise case.

THE FAIR IS HERE,

And Its Hum is Already Loudly Heard

At the Stations, on the Streets, in the Stores and Throughout the Fair Grounds and Buildings—Everything is in a Whirl.

The Western Fair is recognized throughout Canada, and even in the United States, as the best all-round agricultural fair in the Dominion. Its management is as perfect as it has been possible to make it in an undertaking requiring the active attention and the best experience of a little army of the most efficient business men in the Western counties. This year the prospects are brighter than ever before, and to-day the fair opens on a glorious day. All that is now needed to insure success is continued sunshine during the time allotted for the exhibition.

The fair is held on Queen's Park, which is probably the finest natural park within city limits in America—beautiful for situation and easy of access. In several respects the grounds and buildings are more complete and better adapted to the present requirements of exhibitors and visitors than those of any other fair in the Dominion.

During the past few days the premises have been like a beehive of industry, and all exhibits except live stock, poultry and cut flowers will be in position to-day.

The main building is specially fitted up with shafting and power for the exhibition of processes of manufacture, and scores of the most prominent manufacturers in Canada occupy space and will add largely in making the Fair a success.

At 10 o'clock to-day the headquarters of the secretary and board were removed to the grounds, which never looked prettier than at present. Many additions and improvements have been made to contribute to the comfort and convenience of exhibitors.

Judges in all the departments except live stock, poultry and cut flowers will begin their work to-morrow.

"Can't tell you," was Secretary Browne's reply last evening when asked how many entries had been made. The number is far in excess of any previous year. There are as many entries for apples alone this year as for all classes of fruit combined in former years. The cheese exhibit will be enormous, and a grand show of butter will be made, a refrigerator having been provided to keep the butter exhibited in good condition. In the carriage department entries have been refused, no further space being available. The machinery hall is simply packed, and in fact there is not a department that is not full to overflowing. So says the busy secretary, and he knows.

The specialties are on hand or on the way. Broncho John, the great American scout, arrived last night. The balloons are here and Marvelous Melville will be here tomorrow. The Palace of Illusions is ready for business to-day, and loga are on hand for the sawing contest and tanks located for the engine display.

All arrangements are completed for the satisfactory working of the traveling dairy, butter-making, etc., next week, which will be specially interesting to farmers.

Ten wigwams were erected yesterday in the ring under the superintendence of Chief Doxtater and Chief Danfort, with his Wild West troupe of 30 Indians, squaws and papooses, will occupy them during the fair, and cook, eat and live in them, their horses, dogs, etc., being provided for after the manner of the aborigines on an excellent site in front of the grand stands.

The ladies of the W. C. T. U. are ready to-day to minister to the wants of the hungry and thirsty thousands, and their arrangements enable them to serve the public this year better than ever. A huge bake-oven of novel design has been provided at considerable cost, and though its capacity is large, its power to turn out savory meats and pastries will doubtless be tested to the fullest extent. The ladies are alive and working.

FAIR DOTS.

Joseph Hook, superintendent of grounds, has had a busy time directing his staff of workmen, but he has been master of the situation and has everything in apple pie order for exhibitors as they arrive.

Refreshment booths are already loaded with viands and all the etceteras that find ready sale when multitudes are assembled on pleasure bent.

Tents are being pitched in all parts of the grounds, prominent among which is that of the Van Patten Gaiety Company.

The capacity of the grand stands is simply enormous, yet it is certain that during fair weather they will be filled to overflowing.

Competition.

In order to ascertain the views of chemists throughout Great Britain as to which of the remedies for outward application had the largest sale and greatest popularity, "The Chemist and Druggist" instituted a post card competition, each dealer to name on a post card the preparation which had the largest sale and was the most popular with customers, and the publisher received 635 of these cards, with the following results:

St. Jacobs Oil	384
Elliman's Embrocation	172
Holloway's Ointment	32
Allcock's Plasters	19
Bow's Liniment	7
Pain Killer	7
Vaseline	4
Cuticura	2
Scattering	8

Children Cry for Pitcher's Castoria

"August Flower"

The Hon. J. W. Fennimore is the Sheriff of Kent Co., Del., and lives at Dover, the County Seat and Capital of the State. The sheriff is a gentleman fifty-nine years of age, and this is what he says: "I have "used your August Flower for several years in my family and for my "own use, and found it does me "more good than any other remedy. "I have been troubled with what I "call Sick Headache. A pain comes "in the back part of my head first, "and then soon a general headache "until I become sick and vomit. "At times, too, I have a fullness "after eating, a pressure after eating "at the pit of the stomach, and "sourness, when food seemed to rise "up in my throat and mouth. When "I feel this coming on if I take a "little August Flower it relieves "me, and is the best remedy I have "ever taken for it. For this reason "I take it and recommend it to "others as a great remedy for Dys-"pepsia, &c."

DANIEL KELIHER

Says that one bottle of Scott's Cure for Rheumatism entirely cured him of a severe attack of Rheumatism in the back. He says: I had such a pain across my back I could not stoop, and had to stop work; but as soon as I applied the Scott's Cure I got instant relief. I would recommend anyone who suffered as I did, to try it.
