The fourteenth annual regatta of the Canadian Association of Amateur Oarsmen opened auspiciously yesterday afternoon at Burlington Beach over the 1 1-2 miles straightaway course in the bay.

A fair attendance of spectators were present. The Macassa and Modjeska brought the bulk of passengers from Toronto, while the Tymon and Steinhoff carried their quota and a number went by the trains. With the Hamilton delegation there must have been 2000 persons at the Beach.

The Gooderham steam launch Abeona was chartered for the referee, but unfortunately met with an accident to her machinery, and the officials were transferred to the subscribers' boat, the Luella.

The officials of the day were J. J. Stuart, referee and starter; judge at the finish, J. M. Harris; timers, R. B. Harris, G. Hobson, George Gooderham. Chairman Tucket, Treasurer Osborne and Secretary Mitchell and their regatta committee busied themselves generally and assisted in bringing about the success of the first day. C.A.A.O. Secretary W. A. Littlejohn was also present, giving a guiding hand.

The Toronto Rowing Club captured the lion's share of the races—four out of seven—and all of Uncle Sam's scullers and oarsmen were beaten. The Tecumsehs of Walkerville, Argonauts and Sunnyside were the other trio of first ones. And Ottawa, Mutuals, Detroit, Argonauts, Passaics, Dons and Torontos, by finishing second in their heats, will have their men in to-day's finals.

Pools were briskly auctioned off at the Ocean House all afternoon. Only two of the favorites were successful, viz.: Toronto's crew in the second race and Romohr in the sixth.

In the pair-oared race Detroit sold for $10, Argonauts for $5 and Toronto for $2 and the outsider got it.

The Torontos were favorites in the junior four first heat at $10, while the field sold for $5.

In the second heat the Argonauts were favorites, selling for $10 to $5 for the field.

Everyone wanted Bush Thompson in the senior single first heat and eagerly bought him for $10, while the field went begging at $5.

Ryan was the good thing in the next heat of the singles, but the public didn't know it. Many of his friends were put off on Hedley's apparent good form and the Jersey sculler sold a favorite at $10 to $5 on the field, which was practically Ryan.

Romohr $5, field $4, were the quotations made in the next race. In the last race Jury in the field brought $5, while Russell was the favorite, selling at $10.

Following are the summaries with the description of the various events:

PAIR-OARED RACE—Toronto (Bryce and Wright) 1, Detroit (Standish and Lyon) 2, Argonauts (McKay and Senkler) 3. Time 9.33¾.

Toronto took the lead from the pistol and kept it until the finish, steering perfectly. Won by 5 lengths, 4 lengths between second and third.

JUNIOR FOURS, first heat—Toronto, Bennett, Sheehan, Symyth and Wells, stroke, 1; Ottawa, Lawless, McDougall, Cameron and Clarke, stroke, 2; Grand Trunk, Montreal, McLean, Cree, Hannah and Deverell, stroke, 3; Leanders 4. Time 8.43¾.

Toronto again got their blades in first with Montreal next. Ottawa and Hamilton steered badly, but the Capital men spurted and turned in from the outside to finish second three lengths behind Toronto. G. T. R. came second until the last quarter mile and Toronto led all the way.

JUNIOR FOURS, second heat—Tecumseh Walkerville, Ellis, Allen, Mestos and Churchill, stroke, 1; Mutuals, Detroit, Skiffingtin, Walter, Duffield and Klessi, stroke, 2; Dons, Nelson, Delaney, Kennedy and Fryling, stroke, 3; Argonauts Small, stroke, 4; Argonauts Pemberton, stroke, disqualified. Time 8 56¼.

After a good start the first Argonauts fouled the Dons 200 yards out. The field were brought back and the Argonaut four disqualified. They were clearly in the Dons' water. The fresh start gave the Walkerville four an advantage which they maintained to the finish, winning by 6 lengths, with the Mutuals second and the Dons third, being 2 and 2 all along the way from the first half mile, where Wark spurted and took a momentary lead. The Hamilton man died away at a mile. E. A. (Bush) Thompson won, beating F. H. 3¾ lengths, who was the same distance ahead of McDowell.

SENIOR SINGLES, second heat—Sunnyside Toronto, J. J. Ryan, 1; Passaics, Newark, Hedley, 2; Argonauts, R. McKay, 3; Hartfords Atherton, 4. Wright did not start. Time 9.36.

Atherton took a slight lead from Ryan at the start, but a quarter-mile saw the Sunnysides clear by a length, and he continued to gain, although Hedley plugged away on the outside second nearly all the distance and just ahead on McKay. Ryan's finished style was freely commented on. He rowed at 31, with Hedley a stroke less. The latter labored slightly and only beat McKay 1½ lengths. Ryan's margin at the finish was 3 good lengths.

JUNIOR SINGLES, first heat—Toronto, Romohr, 1; Dons, O'Connor, 2; Dons, Raime, 3; Dons, Shea, 4. Time 9.55 3-5.

This was a cinch for Romohr. He steered a perfect course and beat his field by any number of lengths. O'Connor kept pretty straight. Raime went away in and was a bad third with Shea out of the race.

JUNIOR SINGLES, second heat—Toronto, Alf Jury, jr., 1; Toronto, Russell, 2; Bayside, Spencer, 3; Argonauts, Paine, stopped at line. Time 10.13 3-5.

Spencer led for half a mile and steered well in his inside course. The other three were together on the outside with Russell in front at the mile. Jury spurted and won by half a length. Paine was away out of his course and stopped at the judges' boat.

There was a good representation of members at the annual meeting of the C.A.A.O. Major Stuart presided in the absence of Col. Sweny. According to the report of the treasurer the Association has a balance of $1002.15 on hand. The question of selecting Hamilton as the permanent course was referred to the Executive Committee, which will formulate a scheme. These officers were elected: President, Col. Sweny; first vice-president, Major Stuart; second vice-president, P. D. Ross; secretary, W. A. Littlejohn; Executive Committee, W. W. Osborne, George H. Gooderham, James Pearson and F. S. Killackey. Secretary Littlejohn brought up the question of having an international class in the singles and fours, and it was referred to the Executive Committee.

To-day, besides the finals in the junior fours, senior and junior singles, the junior and senior doubles and senior fours will take place.

Gaudaur Meets the Australian, McLean.

A conspicuous figure at the Beach yesterday was the Australian, McLean, who crossed the Pacific with Stanbury. To some he stated that his Hamilton visit was for the express purpose of meeting Jake Gaudaur or the Orillian's representative. Well, they were all there and met. But nothing resulted, and the scullers are as far from a race as ever. Gaudaur and McLean had a friendly chat. Stanbury demands that the race must be rowed on the day set down at a certain hour and minute, no matter what is the condition of the elements. Gaudaur would not listen to this. Although Gaudaur's Canadian friends are legion, there are still many who believe he is not over-anxious to meet Stanbury. The World reporter spoke to many such yesterday. They, however, do not seriously consider Gaudaur's last challenge as printed in this column. It was a genuine offer and fair demand for a race, which Stanbury cannot afford to overlook. This he has done, however, and thereby forfeits his right to further consideration. He holds a title which he is afraid to defend, and retains it by unsportsmanlike conduct. Gaudaur came to Toronto last night to withdraw his $500 forfeit from the postoffice, sent here by The Detroit Free Press, and announced that he had wearied in his attempt to secure a race for the world's championship and would abandon the difficult task.

Rowing Ripples.

In the first heat junior singles, Dagwell, the Wolverine, who was adjudged a senior, appeared at the start. He was ordered off and said he would start on the side and beat the field. He kept well up for a mile and when Romohr headed him he quit.

The Hamilton Steamboat Company will have an extra boat, the Tyrian, on to-day to assist in the local service between Hamilton and the Beach. The Macassa will wait until the close of the races as it did yesterday to convey home Toronto passengers, and the Modjeska will leave for Toronto about 8.30. The company gave a perfect service yesterday.

At a meeting of the Executive Committee of the C.A.A.O. yesterday at Hamilton, Dagwell of Detroit was adjudged a senior and refused permission to start in the junior race yesterday. It was decided to stand one-half the cost of the Grand Trunk's case against the steamer Orillia that ran into one of their shells at last year's regatta. A committee was appointed to inquire into the standing of Johnston of the Burrard Inlet B.C. Boat Club.

THE COLORADO EXODUS.

Every Train Carries 200 or 300 Destitute Miners From the State.

TOPEKA, Aug. 4.—The exodus of Colorado miners continues throughout Kansas, proving a heavy burden to farmers and a source of great annoyance to railroads. The tramp trains on the several roads carry from 200 to 400 each day going east, and the regular trains are still besieged by idle and destitute miners, who are determined to get out of the country.

The crowds are so great in Denver that the first-class passenger trains frequently back away from the depot and then run through the station at full speed to prevent the men from jumping on. Trains that do not stop are pelted with rocks and clubs. In some instances trains are accompanied through Kansas by guards of soldiers to avoid any interference with regular travel by these flying laborers. The Kansas farmers are feeding them along the route.

Attention is called to an advertisement of horses under the heading "Tempting Offer" in to-days issue. Mr. Patteson is not likely to have anything but choice animals on his farm, and having to make room for younger stock makes what is indeed "A Tempting Offer" for those who have a stockfarm or the necessary premises.

YOUNG GIRL ROBBERS

Pillage New York Houses and Pawn the Booty for Dress Money—The Police Puzzled.

NEW YORK, Aug. 4.—Kate Reynolds, 15 years old, daughter of John Reynolds, an iceman of No. 443 East Seventy-fifth-street, and Philomena Cooney, 13, living with her widowed mother at No. 35 East Seventy-second-street, were committed by Justice of Hogan in the Yorkville Police Court yesterday afternoon to the Gerry Society pending examination on a general charge of larceny.

Detectives Welter and Grabe of the East Sixty-seventh-street squad, who arrested the girls, said that they would produce at least a dozen complaints. For the past two months flat occupants have poured into the East Sixty-seventh-street Station in surprising numbers and all had tales of robbery. The detectives have tried every means available to run down the perpetrators, but all efforts failed. Watches and jewelry disappeared almost from under their owner's eyes and mystery involved the manner of its going. Finally, three days ago, a pocketbook was stolen from a flat on East Seventy-sixth-street. There was a pawn-ticket in the purse when taken, and by its aid the detectives got a clue which they followed till it pointed to Kate Reynolds.

They went to the Reynolds flat on Wednesday to arrest the girl, but when they appeared at the front door she disappeared through a rear window. About noon yesterday Welter and Grabe lay in wait and caught her.

In taking her to the station the detectives passed No. 35 East Seventy-second-street. A young girl sat on the porch. Kate saw her and exclaimed, "That's my pal." It was the Cooney girl, and she, too, was taken into custody. She cried and took on at a great rate. Her mother attempted to rescue her and created quite a scene on the street. The girls were taken to the station-house, and on them were found a great number of pawn tickets, many of them representing articles mentioned in the complaints alluded to.

The Reynolds girl was very defiant at first and dared the police to "do their worst." After the detectives had talked with her for awhile she partially broke down and whimpering a while confessed she and Philomena had entered "two or three houses and taken some things." The little Cooney girl was too much broken up to talk coherently. She is a very pretty girl and was prettily dressed in a cream-colored, lace-trimmed gown, which Kate said was bought with the proceeds of one of their expeditions. They had each one, but hers was worn out.

Kate is a tall, slender girl, but perfect as to form and figure. Her manner, however, indicated that she was not unused to the ways of the world, and she is as thoroughly posted as most girls of 18.

After being looked up awhile she confessed that July 14 she robbed a flat at No. 1288 Second-avenue of diamonds and jewelry valued at $300. Both she and her pal a day or so afterwards, she said, plundered the flat of No. 431 East Seventy-eighth-street and got several hundred dollars' worth of booty. They next visited one on Sixth-ninth-street, near First-avenue, and got a lot of jewelry and money. Altogether, the police say, they stole more than $2000 worth. It is thought that they will make a fuller confession to-day. They say they spent the money for candy, but the police think some older person may have prompted them and taken the proceeds

Why suffer from disorders caused by impure blood, when thousands are being cured by using Norkrop & Lyman's Vegetable Discovery? It removes pimples and eruptions of the skin. Mr. John C. Fox, Olinda, writes: "Norkrop & Lyman's Vegetable Discovery is giving good satisfaction. Those who have used it say it has done them more good than anything they have ever taken."

Substitutes Don't Pay.

In the stormy days of "61," when a man was drafted into the army, he could buy a SUBSTITUTE if he had a long purse; many rich men did this. But old army officers will tell you that SUBSTITUTES DIDN'T PAY—they couldn't be relied on. The world hasn't changed a bit; substitutes don't pay now. When you ask for CARTER'S LITTLE LIVER PILLS don't take a substitute. They don't pay any more than the substitute in the army, he couldn't be relied on, and substitutes for CARTER'S LITTLE LIVER PILLS don't fill the bill. Don't take any chances.

Ask for CARTER'S LITTLE LIVER PILLS and see that you get "C-A-R-T-E-R-'-S."

Don't be imposed upon with a substitute; nothing is so good as "C-A-R-T-E-R-'-S."

Take only the genuine CARTER'S LITTLE LIVER PILLS.

Among a few of the many feats performed by him while floating through the air, dressing and undressing (all the same ease and grace as though standing on the ground; taking an ordinary kitchen chair in his hand, placing it behind him and taking his seat as though he was drawing up to the dinner table. (He is the only slack wire artist known that accomplishes this hazardous and dangerous feat). The above and many others he performs while swinging on an ordinary Telegraph Wire.
