J. COOMBES - MANAGER.

A SOCIALIST CANDIDATE IN FIELD FOR MAYORALTY

Robert B. Noble Will Be Nominated If Only to Support the Principle.

The socialistic wing in municipal politics is likely to be active again this year, and, as a result, the mayoralty will not be allowed to go by acclamation, as has been foreshadowed in some quarters.

It is understood that Robert Buist Noble is to be the standard-bearer. Mr. Noble ran as an aldermanic candidate in ward six last year, and finished his race away back in the ruck with 191 votes, but he is seemingly in no wise discouraged by this, nor by the experiences of the adventurous Mr. Woodley, who for several years stood on the socialist platform in mayoralty contests.

Mr. Noble's most sanguine friends probably do not look for his election, tho he would undoubtedly do much better in a mayoralty duel than in a three or more-cornered contest. He is to be nominated as a matter of principle, and to test the growth or otherwise of socialistic sentiment, as shown in the vote recorded.

It is also known that School Trustee James Simpson is seriously coming in his mind whether or not to try for a seat in the city council. If a candidate, Mr. Simpson would run in ward five. With the labor support, upon which he has every reason to count, Mr. Simpson would appear to have an excellent chance of filling one of the vacancies created by the announced retirement of Ald. Hay and the controllership aspirations of Ald. Dunn. There is certainly one opening, and, probably, two, but then retiring aldermen have been known before this to have changed their minds under the persuasion of "large and influential deputations."

Ald. McBride has, of course, announced that he will not run in this ward, but will stick to his old stamping ground.

Peary at St. George's Bay.

St. George's Bay, Nfld., Nov. 21.—The Peary Arctic steamer Roosevelt sailed at 6 o'clock to-night for Port au Basque, where she will coal and proceed to Sydney, N.S.

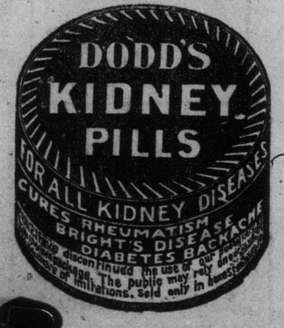
The Roosevelt, with the exploring expedition on board, arrived here Saturday short of fuel. The vessel took on eight tons of coal, all she could obtain, but not sufficient to carry her across the Gulf of St. Lawrence. Since loading the Roosevelt has awaited favorable weather to proceed. The steamer will touch at Port au Basque only to renew her coal supply.

PILES CURED IN 6 TO 14 DAYS.

Paze Ointment is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

Dock Yards Burned.

Toulon, France, Nov. 21.—The main portions of the dockyards of the Societe des Forges, at Chantiers, were destroyed by fire yesterday. The foreign warships in course of construction were saved with difficulty. The loss will amount to several million francs.



TO SUBMIT A STATED CASE AS REGARDS 2-CENT FARE

Interesting Discussion in Police Court in the Charge Against G.T.R.

The parliamentary train—a penny a mile—may soon be in evidence on the G. T. R.

The trial of Charles M. Hays, vice-president and general manager of this great railway, upon the complaint of William N. Robertson, that he, as such general manager, had disobeyed section 3 of chapter 3716, Vict., being the original act incorporating the Grand Trunk Railway, by omitting to "do that which said section requires to be done, to wit, to carry third-class passengers for the fare or charge of one penny for each mile traveled, and to provide that at least one train having in it third-class carriages shall run on every day thruout the length of the line," proceeded yesterday morning before Col. Denison.

Hon. Wallace Nesbitt, K. C., who, with W. H. Biggar, K. C., of Montreal, appeared for the defendant, contended that such express penalty was provided by sec. 294 of Railway Act, 1903, which reads as follows:

"The company, or director, or officer thereof, or any receiver, trustee, lessee, agent or person acting for or employed by the company, doing, causing or permitting to be done, any matter, act or thing contrary to the provisions of this or the special act, or to the orders or directions of the governor-in-council, or of the board or minister made hereunder, or omitting to do any matter, act or thing required to be done on the part of any such company or person, is liable to any person injured thereby for the full amount of damages sustained by such act or omission; and if no other penalty is, in this or the special act, provided for any such act or omission, is liable for each offence to a penalty of not less than twenty dollars and not more than five thousand dollars, in the discretion of the court before which the same is recoverable."

Mr. Nesbitt contended that, under this section, the matter should be threshed out before a board and not before a magistrate. There had been a case somewhat similar recently in Quebec, tried before a board, and it was considered that the court had no jurisdiction. "So that the ordinary law may be paralyzed when against railways?" suggested Magistrate Denison.

"No, but to prevent the law's delay; so that the commission can put their hand on the matter at once."

The magistrate and Mr. Curry were of opinion that section 138 of the Criminal Code covered the case in the event of no specific penalty being fixed in section 294 of the General Railway Act.

The section quoted by Mr. Nesbitt dealt, Mr. Curry claimed, with injuries to individuals. It clearly did not refer to a right respecting which the whole public is interested.

The magistrate advised that a stated case be prepared, and said:

"Running cars at two cents a mile once a day is a very important matter. I suppose there is no dispute as to the facts?"

"None whatever," asserted Mr. Nesbitt.

"No," said Mr. Curry. "Of course a ticket can be bought from Toronto to Montreal at two cents, to compete with the C. P. R., but not to Kingston and other intermediate points."

"I don't imagine we'll get any decision except as to jurisdiction," said Mr. Nesbitt.

"Yes, they may tumble it out. I think very likely that will be done," agreed the magistrate.

"Of course, there are other objections," went on Mr. Nesbitt. "We say that the statute is repealed by the General and Special Railway acts. It is no longer in force."

"It certainly is not in force," acquiesced his worship.

"I mean it is no longer the law," explained counsel.

"And never was the custom," supplemented the court, and the case went over for a week, pending the submitting of a stated case.

Mr. Robertson stated to The World reporter that he intended to file a transcript of the proceedings with the railway board at Ottawa.

FAITHFUL RESIST POLICE.

Barricade Churches and Are Overpowered by Troops.

Lille, Department of the Nord, France, Nov. 21.—A captain of the 8th Infantry, who refused to obey an order to-day to break down the door of a church in order to enable the authorities to take the usual inventory, was replaced by a lieutenant. During the taking of the inventory the lieutenant was seriously wounded.

At Troyes, Department of the Aube, the inhabitants surrounded and barricaded their churches when the authorities attempted to take the inventories, but they were overpowered by troops. A priest, at Soligny, who violently resisted, was arrested and taken to prison.

EXTRA NEW YORK MAIL.

In addition to the mails for Great Britain, as scheduled in The Monthly Postal Guide, there will be a mail closing at Toronto at 5.20 a. m. on Tuesday, Nov. 27, for despatch from New York via the steamer New Amsterdam.

SIXTH WARD CONSERVATIVES.

The annual meeting of the Sixth Ward Conservative Association will be held in MacMath's Hall, at the north-east corner of Queen-street and O'Hara-avenue, on Saturday night at 8 o'clock, for the election of officers and other business.

25 Slightly Hurt.

Mobile, Ala., Nov. 21.—A fast mail train, while on a siding at Dwight, Ala., 50 miles north of Mobile, last night, was run into by the southbound fast mail. Twenty-five persons were slightly hurt.

The wreck is said to have been caused by the mistake of a flagman.

North Toronto Conservative Association.

The regular monthly meeting of North Toronto Liberal-Conservative Association will be held at Simpson's Hall, 736 Yonge-street, on Monday next, at 8 o'clock. Hon. W. J. Hanna, provincial secretary, and W. K. McNaught, M.L.A., will deliver addresses.

HAMILTON HAPPENINGS

M.H.O. FINDS NO SMALLPOX IN STRIKE-BREAKERS' CAMP

Man Sick, But Not With the Dread Disease—Two Money Bylaws To Be Voted On.

Hamilton, Nov. 21.—(Special.) — The development in the strike situation was a sensational rumor—the company says "malicious rumor — that smallpox had broken out in the strike-breakers' camp. Dr. Roberts, the medical health officer, has made an investigation, and found that the report is not true. He did find that one of the strike-breakers was ill ,and his body was covered with a rash, but several doctors decided that it was not smallpox. The patient will be taken to the hospital for treatment. The doctor also found that the camp was in an unsanitary condition, and gave instructions that it must be cleaned up. Things are at a standstill until the Ontario Railway and Municipal Board arrive, to-morrow.

The first question the board will be asked to decide is whether the men are justified in going out on strike. The only thing between the men and the company is the question of taking back all the employes.

This morning William Morgan and Robert Rankin, coal wagon drivers, were acquitted of the charge of blocking the street so that cars could not pass by their wagons.

Two Bylaws.

The fire and water committee agreed this evening to submit two bylaws to the ratepayers next January—one to raise $50,000 for new electric pumps at the beach for the waterworks system, and one for $30,000 for a new east end fire station and a steam fire engine.

Chief Ten Eyck wanted a $40,000 central station and other improvements, that would cost $105,000. Ald. McLeod, Allen and Clark will wait upon Engineer James McFarlane with regard to the charges against Engineer Barrow. Fireman Green was on the carpet for leaving his station and getting drunk. He peladed guilty. The chief wanted him dismissed, but the committee gave him another chance. Building Inspector Anderson's annual report showed the value of buildings for which permits had been taken out this year amounted to $2,124,815. He recommended the appointment of a plumbing inspector, and was instructed to prepare the bylaw.

Isaac Butler, 79 North Park-street, of the Hamilton Tar Distilling Co., died to-night.

Briefiets.

Spearing will be permitted on the bay this winter.

The Canada Screw Company will make a large addition to its works.

Mrs. Jane G. Zealand, widow of Edward G. Zealand, and sister of Col. J. M. Gibson, died last night at 22 West Murray-street.

THE CHURCH AND THE CRITIC

The Faith Must Be Preserved No Matter What the Cost.

Concord, N.H., Nov. 21.—The chief feature of the one hundred and fifth annual convention of the Protestant Episcopal Diocese of New Hampshire in this city to-day was the address by Bishop Niles, who made the following reference to the Crapsey trial:

"I pity the man who can bring himself to go on destroying his innocent followers' faith in their Bible, which he has solemnly declared to be 'the Word of God.' But if he can do that dreadful work, can the church allow him to do it as her officer? Can she consent to do it thru him? A thousand times no. Be the trouble, the difficulties, the pain of an ecclesiastical trial what they may be, the church has no option. She must keep the faith and protect her children from being robbed of theirs."

FIRE ENGINE TESTED.

"J. J. Ward" Proves Itself To Be a Splendid Worker.

The new Waterous fire engine, the "J. J. Ward," was "worked out" yesterday at the foot of York-street, and in spite of a number of unfavorable circumstances proved itself, as Chief Thompson says, the best that the city has yet had, so far as mechanical excellence is concerned.

Altho it was cold and rainy and very windy, and the coal was wet, the steamer was ready for business within 10 minutes of lighting, and it provided two good 1 1-4-inch streams thru 300 feet of hose. After an hour's steady pumping the bearings were found to be perfectly cool. The engine was also remarkably steady.

The "J. J. Ward" has a capacity of 800 gallons per minute, and will be installed in Cowan-avenue station next week, making a valuable addition for the protection of Parkdale business concerns.

Among those who watched the test were Mayor Waterous of Brantford, Chairman Fleming of the fire committee, W. R. McCurdy of The Halifax Herald, and Mr. Cameron, local representative of the engine works. Controller Ward was not present to see his namesake perform.

Later in the afternoon Mr. McCurdy witnessed an exhibition drill at fire headquarters of Aerial 1, and expressed his astonishment and delight at the celerity and general businesslike performance with which the big ladder was raised. He also paid high compliment to the appearance of the city's firemen, and to the general equipment and conduct of the department.

Chief Howard and Ald. Snider of Berlin were also visitors yesterday.

KILLED IN BUILDING WRECK.

Collapse of Structure at Rochester Finds Many Victims.

Rochester, N. Y., Nov. 21.—A fatal accident occurred this forencon at Eastman Kodak Park Works on the Charlotte Boulevard, in which three men were killed, eight seriously injured and six slightly injured. The dead have been identified as James Burns of Rochester, Earl Cleveland of Auburn and B. C. Casemeck of Rochester.

The men were at work on a scaffold near the top of a two-storey building. The probable cause of the accident was the removal of the supports of the steel flooring before the concrete had properly set.

About twenty men were on the upper floor when it gave way. The roof and walls toppled in with a crash.

The men were hurled into the debris, falling about forty feet.

Coroner Killip this afternoon preferred a charge of manslaughter in the second degree, and criminal negligence against Wm. Costello, foreman in charge of the construction.

WARD'S ISLAND MUDDLE.

Arbitration to determine the value of the land leased to William Ward, at Ward's Island, in 1880, by the city, is now in progress, J. A. Proctor of the court of revision being arbiter. The city is represented by H. L. Drayton and Assistant City Solicitor William Johnston.

Assessment Commissioner Forman yesterday testified that when the lease was granted at $500 a year all the property was dry land except one narrow strip.

The city now seeks to charge a rental of $450 yearly.
