EXPORTS FROM MONTREAL

Show Decided Decrease for April This Year as Compared With the Same Month in 1899.

CHEESE FELL OFF VERY LARGELY.

Butter Also Slumped to a Remarkable Extent—Imports Show a Very Heavy Increase.

Montreal, May 9.—(Special.)—The exports from the port of Montreal for the month of April show a considerable decrease, as compared with the same period last year. In April, 1899, the total exports thru the port of Montreal amounted to $831,223, as compared with $620,977 for the month just closed. Of this sum $427,000 was the value of Canadian goods exported, while the exports not the produce of Canada amounted to $193,000.

The cheese exported, the produce of Canada, during the month just closed amounted to $144,000 in value, as compared with $231,000 for the corresponding period last year. In butter the exports in April, 1899, amounted to $25,000, while for the month just closed it dropped to $2560. In meats of all kinds from Canada, the exports last month amounted to $49,000, while a year ago it was $17,000. This is practically the only article on the list which shows any decided increase, as compared with April a year ago.

Cause of the Decrease.

The chief cause of the decrease in the cheese and butter exports is the fact of the very heavy shipments in the early months of the year and the latter part of last year. The local market found itself practically depleted of these products, and it was found necessary in some instances to reimport butter for home consumption. The total of Canadian manufactured articles exported was $97,000 this year, as compared with $120,000 a year ago. There was no Canadian wheat exported from Montreal in April, while the foreign grain exported amounted to 105,000 bushels. The Canadian flour exports in the same period amounted to 7,763 barrels, and there was no foreign flour exported thru the port.

In bullion, the exports of Canada amounted to $46,000 last month, as compared with $33,000 for the same period last year.

Imports Show a Large Increase.

While the exports show a falling-off, the imports, on the other hand, show a large increase. For the month of April last year the total of goods entered for consumption in the port of Montreal amounted to $2,860,000 in value, as compared with $3,385,000 for the month just closed. One of the most notable increases is in goods manufactured of iron and steel. A year ago the imports were $123,000, as compared with $188,000 for the month just closed. This is no doubt made up largely by increased values of all products of this character.

Another large increase is in cloths, worsteds, coatings, etc. In April, 1899, the imports amounted to $76,000, while this year the total for April was $91,000.

THE PRICE OF PAPER.

Mr. Newlands of Nevada Appeals for Action to Keep Down the Paper Trust.

Washington, May 9.—The petition of newspaper publishers relative to the price of printing paper was to-day presented to the Ways and Means Committee, and Mr. Newlands of Nevada proposed an enquiry as follows:

"Whereas, complaint is made that the price of paper in the United States has within a recent period been nearly doubled;

"Whereas, the Association of American Newspapers has applied to the Congress of the United States for relief, claiming that the increase in price has been occasioned by a combination of the various paper mills and pulp factories of the country; Resolved, that the Committee on Ways and Means fix the last Wednesday of May, 1900, for the hearing of such complaints. And meanwhile the secretary of the committee is directed to give notice to such Association of American Newspapers and to the various paper companies and pulp companies of such hearing, and that the secretary of the committee be directed to call on such paper companies and pulp companies to file with the committee written statements, showing the amount of capital stock and bonds issued by such companies, the total amount paid during the calendar year, ending Dec. 31, 1899, by such companies for interest on bonds, dividends on stock, taxes and wages to employes, the rate paid for wages to be classified according to the amount paid, and also statements showing the total receipts for paper sold and the expenses of operating during the year."

After some discussion, the matter was referred to the sub-Committee on Customs.

GOLD BARS SHIPPED OUT.

La Champagne, Bound for Havre, Will Carry Gold to the Value of $2,850,000.

New York, May 9.—Many porters and representatives from foreign banking houses took possession of the yard in the rear of the United States assay office on Wall-street this afternoon, and received from the custody of the Government the largest consignment of gold bars delivered for export from this city in years. The bars were delivered in the following lots: Goldman, Sachs & Co., $1,250,000; Lazard Freres, $600,000; National City Bank, $500,000; Baring, Magoun & Co., $500,000; total, $2,850,000.

Each bar represented $7500 in value, and was packed perpendicularly in a keg, separated by sawdust from adjoining rows, so as to avoid metallic contact at any section.

Of to-morrow's shipments the National City Bank's consignment is by far the most interesting, since it represents the negotiations of bankers at three European money centres, which have been pending for several days. The transaction was arranged on a quadrangular basis, and, while Carl Janssen, manager of the bank's foreign exchange department, did not care to go into details, it was said to be the first instance on record where such a gold shipment had been arranged from this city.

Mr. Janssen said he could not figure today a profit on direct Paris shipments, and for that reason only shipped $500,000 on the indirect basis.

The gold will go by La Champagne, which sails for Havre at 6.30 o'clock tomorrow morning.

Royal Mail Steamer in Trouble.

Kingston, Jn., May 9.—The Royal Mail steamer Atrato, which left Colon, April 24, for Southampton, via Port Limon and this port, while leaving here with the British mails and passengers last night ran aground. She is now in a position which will make it difficult to re-float her.

WINE vs. COFFEE.

A Test Case.

"A winemaker's wife, on whom I was calling a year or two ago, urged me to drink a large cup of very strong coffee when I had declined to take a glass of wine, for the reason that the wine affected me unpleasantly. The coffee was so strong that my head reeled and rolled for two or three days, and I decided the wine would have been the more temperate drink, after all.

"I had been a moderate user of coffee, but had been suffering from sick headaches for some time, and was becoming very suspicious that coffee was the cause of them. After this experiment the drug power of coffee was made so plain that I abandoned it altogether, and had a long season of hot water drinking, which is not enjoyable, as you will admit.

"After awhile I was introduced to Postum Food Coffee, and it proved a joy and promise of pleasure to come. It tasted so much like coffee that I waited for some of the evil effects to develop. They did not come, so I drank it three times a day, and still continue. The habit spread from me to the rest of the family. Even father, a confirmed coffee drinker, 84 years old, now drinks Postum with great relish, and his health has been better the past winter than for several years.

"On Christmas we had a reunion of several old-time friends, and served Postum instead of coffee. One of the ladies, who holds an important educational position, and must care for her nerves, said: 'Give me the smallest cup—I dare not drink coffee.' She was told that it was not coffee, but was Postum. After drinking a little of it, she said: 'I never liked Postum before. The way we made it, it was so colorless and flat, but this is delicious,' and she passed up for the second cup.

"I explained that she could always have Postum delicious if she would follow the directions as to the amount to use and time to boil." Mrs. M. P. HAINES, Prospect Park, Cal."

PROSPECTUS

This institution has been formed by the consolidation of the Canada Permanent Loan & Savings Company, the Western Canada Loan & Savings Company, the Freehold Loan & Savings Company and the London & Ontario Investment Company, Limited. The Company has been incorporated under an act of the Parliament of the Dominion of Canada, confirmed by an act of the Legislature of Ontario.

The Company is authorized to carry on the business of lending money on the security of, or purchasing, or investing in mortgages upon real estate, debentures, bonds, fully-paid-up stocks and other securities of any Canadian Government, or of a municipal corporation or chartered bank or incorporated company in Canada, but is not allowed to lend upon bills of exchange or upon promissory notes. The business of the Company is restricted therefore tothe safest and most stable classes of security which the Dominion of Canada affords.

The Company may receive money from the public by way of deposit or on debentures.

The debenture holders and depositors of the Company have an equal first claim on its entire assets.

As in the generality of cases, the amount lent by the Company is less than half of the value of the property taken in security, and, as every loan must be approved by an experienced Board of Directors, and by the officers of the Company, it is manifest that the debenture holders and depositors possess a most ample and substantial security for the money they may invest with the Company.

The debentures are issued subject to the restrictions imposed by acts of the Parliament of Canada and the Provincial Governments, which limit the amount to be borrowed upon debentures and deposits to an amount not to exceed in the aggregate three times the amount paid up upon its capital stock until the 1st day of July, 1904, and after the said date not more than four times the amount paid up upon its capital stock; and it is further provided, also, that the amount held on deposit shall not at any time exceed the aggregate amount of its actual paid-up and unimpaired capital, and of its cash actually in hand or deposited in any chartered bank.

A further restriction is made that loans made by the Company upon the debentures, bonds, stocks or other securities of any incorporated company shall not exceed one-fifth of the paid-up capital of any such company, nor one-fifth of the paid-up capital stock of the Canada Permanent & Western Canada Mortgage Corporation.

As an additional security to bondholders and depositors, at the incorporation of the Company its shareholders voluntarily set aside a sum equal to twenty-five per cent. of its paid-up capital as a reserve fund, which confers no additional borrowing powers.

This reserve fund amounts to $1,500,000, actually paid up, this sum having been deducted from the amount of the capital as settled on the report of the four expert valuators appointed to appraise the securities of the four Companies, respectively.

Executors and trustees are authorized in Ontario by an act of the Legislature to invest trust funds in debentures of this Company, and its debentures are eligible for acceptance by the Dominion Government as security for the deposit which life and fire insurance companies doing business in Canada have to make.

DEBENTURES

Interest paid half-yearly on debentures issued for three, five or seven years. The debentures can be had in such sums not less than $100 as may be agreed upon and are registered at the Company's offices. Interest accrues from the date on which the money is received by the Company.

SAVINGS DEPARTMENT

Interest is allowed on savings deposits of $1.00 and upwards, paid or compounded half-yearly. Deposits may be withdrawn on such short notice as may be arranged.

LOAN DEPARTMENT

Loans made upon first mortgage on real estate at current rates, and on favorable terms.

Call or time loans made upon municipaal debentures, bonds and stocks.

YORK COUNTY AND SUBURBS

Toronto Man's Leg Crushed While Lifting Rails From the Old Belt Line Railway.

JUNCTION'S BILL FOR EMPIRE DAY.

Mr. Seagram Asks for Better Protection at the Newmarket Track From Incendiaries.

Toronto Junction, May 9.—The Women's Auxiliary of St. John's Church closed for the season yesterday by packing a bale to be sent to Rev. Jeremiah Johnston of Rainy River.

The Epworth League of Annette-street Methodist Church, at their annual meeting this week, elected Mr. Kerr president, Miss Colvin corresponding secretary, Miss Doner recording secretary and Miss Robinson treasurer.

A workman named Kelly, who was lifting rails for the G.T.R. from the old Belt Line Railway this afternoon, was conveyed to his home in the city suffering from a crushed leg, caused by one of the rails slipping off a flat car and falling against him.

Miss Scott, daughter of Mr. H. Scott, 88 Franklin-avenue, was this evening quietly married to Mr. Robert Ayling of Carlton.

The High School Board held a meeting to-night, at which they roughly decided to place their estimates for the year at $3900, and will ask the Council for this amount. Last year they asked for $3400.

The Drill Committee of the Public School Board met to-night and arranged the following program for Empire Day: In all the schools there will be speeches by trustees and local ministers, and singing of patriotic choruses and songs until 3 p.m., when the drill classes of Carlton and St. Clair-avenue Schools will march to the Annette-street School and join with the scholars there in a march along Annette-street, High Park-avenue and Dundas-street to Willoughby-avenue, where they will be dismissed.

Weston.

Weston, May 9.—Weston citizens sent several bales of clothing to the Ottawa-Hull fire sufferers.

The Epworth League, at their annual meeting, elected R. J. Fallis honorary president, W. W. Hilts president, Miss Forsyth vice-president of Christian Endeavor department, H. Fleming vice-president of Literary department, Miss M. Griffith vice-president of the Social department, D. Wilby secretary, Miss J. Wilby assistant secretary, Miss A. Bull treasurer.

At the monthly meeting of the High School Board a reunion of former scholars of the school was proposed, and the secretary was instructed to get a list of those living and communicate with them. Trustees Royal, Cruickshank and Weish were appointed a committee to make the necessary arrangements. The reunion is to take place on the 15th. The school was opened in 1857.

The Council, at their May meeting, decided to furnish a hall for singers from Toronto who are desirous of giving a concert in aid of the Hull fire sufferers. W. J. Burke asked for a re-fund of three months' hotel license, because his license was cut off for that length of time last year. The request was refused, and he was instructed to apply to the License commissioners for a re-fund.

The headquarters of the company of York Rangers at Sutton has been transferred to Weston.

The choir of Weston Methodist Church gave a concert this evening, assisted by Miss Cecelia Rolleri, Mr. Robert Spice, Mr. George Brown and Mr. J. S. Hill.

East Toronto.

East Toronto, May 9.—Since the stables at the Newmarket track were found to be on fire, Mr. Seagram has petitioned the county authorities to furnish protection from incendiaries. High Constable Hamsden has deputed County Constable Wilson for the work.

Lodge Cambridge, S.O.E.B.S., on Tuesday evening paid a fraternal visit to Lodge Manchester.

The Little York Football Club will play against No. 11 Brigade next Saturday on the home grounds.

Next Monday evening's Council meeting will be an important one. The town's private bill and electric light matters come up for discussion.

North Toronto.

The Town Clerk has received word that the Cemetery Trusts Board will consider the question of opening up a street thru Mount Pleasant Cemetery at its next meeting, and the committee from the Town Council will personally appear at that meeting to press this important matter.

Councillor Armstrong presided over a meeting of the Works Committee, held last night. Tenders for watering Yonge-street were opened, and that of Mr. R. Bailey was accepted at $2.75 a day. The chairman explained that he had called the meeting specially to deal with the water supply, which was very low at the present time. Engineer Birchard explained that the consumption of water a day in the town was about twenty-six thousand gallons, while, at the present time, he could only pump fifteen thousand gallons.

The chairman followed with a long argument in favor of sinking another well at an expenditure of $700 or $800. Councillor Brownlow thought the amount far too small, and said he thought such an outlay should not be made without the advice of an expert. The members wandered over various theories and ideas for an hour, without arriving at any definite solution of the difficulty, and then ex-Mayor Fisher was called upon for his opinion. He advocated the proposition of some three years ago, viz., a 30-foot well at an estimated cost of nearly $2000. A recommendation on this line will be forwarded on to Tuesday's Council meeting for its final action.

A concert in aid of Christ Church Fund will be held at the schoolhouse, Deer Park, to-night.

Richmond Hill.

The Crosby Hall Lawn Tennis Club was reorganized for the season on Monday night, with the following officers: Hon. president, Mr. I. Crosby; president, Dr. E. Langstaff; vice-president, Miss May Storly; secy.-treas., Mr. H. Nicholls; committee of management, Messrs. Nicholls, Beck and R. McDonald.

Aurora.

The town is without light this week, owing to repairs at the electric light works.

The entertainment "Temple of Fame," given under the auspices of the Library Board, was a much greater success than had been anticipated, and the performance had to be repeated the following night. The returns to date show a surplus of over $100.

Eighteen appeals have already been made against this year's assessment, and the date for the Court of Revision has been set for the 28th inst.

King Township Council has held several secret conferences with the Metropolitan Railway Company, and the inquisitive ones are exceedingly anxious to see the outcome of the dealings.

The young ladies of the High School have organized an athletic club, with the following officers: President, Miss Frankie B. Andrews; vice-president, Miss Hazel Rowswell; secy.-treas., Miss Edna Mulloy; committee, Misses Rheba Lemon, Emeline Dennis and Ethel Graham.

AIDES TO LORD MINTO.

Lieut.-Col. Smith, Sergt.-At-Arms, is One of a New Batch—Duke of Connaught's Own.

Ottawa, May 9.—Official announcement is made this morning of the following appointments: Lieut.-Col. H. R. Smith, sergeant-at-arms, hon. A.D.C. to His Excellency; H.R.H. Duke of Connaught, hon. colonel, 6th Battalion, Duke of Connaught's Own Rifles; Lord Strathcona and Mount Royal, hon. colonel, 3rd Battalion, Victoria Rifles; Major Rutherford, R.C.A., to be an hon. lieutenant-colonel; Major Rivers, headquarters staff, to be an hon. lieutenant-colonel; Major Wadmore, of the permanent force, and Major Hemming, of the Yukon field force, to be brevet lieutenant-colonels.

By permission of General H.R.H. the Duke of Connaught and Strathern, the Sixth Regiment of Rifles will bear the name of His Royal Highness. The regiment will be designated the Sixth Regiment, the Duke of Connaught's Own Rifles.

Spurious Champagne.

It is perfectly safe to order G. H. Mumm & Co.'s "Extra Dry," of respectable dealers; however, imitations may appear, and if in doubt see that the label of every bottle bears the name of the Canadian agents, also that the capsule is metal and rose color.

Any information sent to Walter R. Wonham & Sons, Canadian Agents, 315 and 316 Board of Trade Building, Montreal, leading to the prosecution of parties selling imitation G. H. Mumm "Extra Dry," will be much appreciated, as all infringements will be prosecuted to the fullest extent of the law. 451351251

Walmer-Road Baptists.

At the regular weekly meeting at Walmer road Baptist Church last evening, Rev. Dr. Harris delivered an interesting address on some impressions of the Ecumenical Conference at New York, at which he was a delegate. The address was on the line of the general mission work, with sketches of some of the speakers at the conference. On Sunday morning next Rev. J. Hudson Taylor, head of the China Inland Mission, will preach in Walmer-road Church.

The Demon Dyspepsia—in olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so disposed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. ed

Boston Excursion, May 25.

Don's forget the date of the popular excursion—Suspension Bridge and Buffalo to Boston and return—only $10.00 for round trip. Tickets good going on above date, and return up to and including June 4th. This will be the trip of the season, and is over the popular West Shore Railroad. Ask nearest West Shore ticket agent, or write H. Parry, general agent, Buffalo, for further information. ed

Best Materials a Warrant of Safety

As in the making—so in the materials—nothing that goes into the construction of the Brantford Red Bird is accepted as right until it has been thoroughly tested—and the slightest defect detected in any part of it is rejected—and this applies in all the models in all the grades—it's a guarantee of safety to the rider and long life to the machine itself—give the Brantford careful study in selecting a mount this season—write for catalogue—agents everywhere.

THE CASH STILL POURS IN

And the Ottawa-Hull Relief Committee Will Be Able to Do Beneficial Work.

STATEMENT OF THE RELIEF FUND

Mgr. Bruchesi's Diocese Raised $10,000 by the Church Collection —Colonial Institute's Cable.

Ottawa, May 9.—(Special.)—The fire relief still possesses interest, perhaps more outside of Ottawa than within. The Executive Committee has already matured plans for getting adequate information regarding sufferers, preparatory to granting permanent relief. While the Relief Committee is busy maturing plans for giving help of a permanent character to the sufferers, the money continues to pour in, placing the committee in a position to undertake work of a character which will prove of great benefit to all. The fund to-day was considerably over $700,000, no less than $698,420.86 being as sure as if it were in the bank. In addition to this amount large sums have been subscribed, which have not yet been handed in. The official statement of the fund to-day was:

Relief Fund, in Bank of Ottawa	$396,271 47
Dominion Government	200,000 00
City of Ottawa	100,000 00
Ontario Government	25,000 00
City of Toronto	25,000 00
City of Montreal	15,000 00
New Zealand	25,000 00
Cape Town	10,000 00
Journal Fund in Bank	14,970 86
Citizen Fund	27,178 53
Total	$738,420 86

Less Dominion Government $10,000, Citizen $25,000, Toronto $5000, Ottawa $10,000, credit in amounts from banks $4,000; total, $698,420.86.

$10,000 in Collections.

Archbishop Bruchesi of Montreal has sent to Archbishop Duhamel of this city $10,000, collected in the Catholic churches in the Montreal Diocese, for the relief of the Ottawa and Hull fire sufferers. Archbishop Bruchesi, in a letter to his clergy in connection with the collection for the fire sufferers, says: "I am proud of my diocesans. Will you please inform them and assure them of my lively gratitude, as well as the gratitude of those unfortunates whom they have succored. The diocese will not be impoverished by these generous gifts. On the contrary, its many gifts will only make it the more flourishing. Moreover, thanks to its charity, it will be enabled to count upon the benediction of heaven."

Sympathy of the R. C. Institute.

The following cable was received this afternoon by Lord Minto:

"London, May 8.—The Council of the Royal Colonial Institute, on assembling to-day, desire to express their heartfelt sympathy with the Government and people of the Dominion of Canada in the losses and sufferings that have been inflicted in the recent disastrous fire at Ottawa.

"(Signed) Greenwood."

School Board Committees.

The sub-committee of the Public School Board on buildings met yesterday afternoon to consider the question of purchasing new sites for schools, and also for additions to several of the present ones. No definite action was taken, and a special committee was appointed to look into the offers that have been made to the board and report on the cost, etc.

The Property and Supply Committee also met, but did nothing of importance other than pass the accounts for the month.

The third round of the English amateur golf championship tournament, which opened at Sandwich, furnished a couple of surprises yesterday, both Balfour, Melville and Mure Ferguson being beaten by F. H. A. Booth and Lord Wincheisea respectively.

Vigor for Weak Men

No Drugs

To men suffering from the effects of youthful indiscretions or later excesses, having Lame, Weak Back, Wakefulness, Nervous Debility, etc., those who are tired of useless and harmful drugging, who have been injured and swindled by quacks and humbugs with their trial and free medicine deceptions, and who would care for an honest, intelligent opinion, based on thirty years' experience, I offer my services free of charge. I use no drugs. I give you a remedy as simple as it is effective. I employ nature's strengthener. I give you

Galvanic Electricity

and I give it in the proper manner. I administer it scientifically. The only way to reach proper results is to apply the current in a considerable volume for seven or eight hours out of the twenty-four. That is what you get when you wear one of my famous appliances, the Dr. Sanden Electric Belt, with attachment for men, now known and used in every part of the world.

Apply It Yourself.

You adjust the Belt to your body at night when retiring and take it off next morning. There is a pleasant sensation when you have just enough current, and this may be obtained by using the little regulator screw which you manipulate while the belt is on, making current strong or mild at pleasure. If there is any weakness in back, benefits are often felt there from first hour's use. It takes sixty to ninety days to return lost strength. Over 7000 cured during 1899.

Free Consultation. Free Book.

Drop in at my office and consult me free of charge, or write for free book. "Three Classes of Men," which explains all. Sent in plain sealed envelope.

OFFICE HOURS—9 a.m. to 6 p.m. **DR. G. T. SANDEN, 140 Yonge St., Toronto.**

No Loss

When you are saving money it is all gain, there is no loss. There is no surer investment than a savings account.

4 PER CENT.

We allow 4 per cent. interest on deposits of one dollar and upwards. Savings accounts with us are subject to cheque withdrawal.

THE
DOMINION PERMANENT LOAN COMPANY,
