NEW WHEAT CROP PRICES ARE FIRM

Damage Reports Persistent and Milling Demand Has Fallen Off.

CHICAGO, March 11.—Wheat prices divided today, becoming firmer for the new crop but weaker for the old. Damage reports were numerous and export milling demand nil. Heaviness prevailed at the close, which varied from ¼c to ⅜c decline to ⅛c to ¼c advance. Corn finished 1-16c off to ⅛c up, and oats with a gain of a shade to ¼c. In provisions the outcome was 5c to 10c up.

News of injury to fall-sown wheat came chiefly from the light soil sections of western Kansas and Nebraska. Some of the harm referred to was said to be from freezing, but most of the damage was attributed to high winds blowing the wheat out of the ground. Excellent authorities at Omaha and Kansas City, however, agreed that complaints were the least important known in a decade at this time of the season.

The first purchases of new crop wheat this year were made here.

Upturn in Corn.

In corn a revival of cash demand at Buffalo, Kansas City and here gave the market an upward slant. Signs that receipts would be smaller tended to increase the confidence of the bulls. It was gossip that one conspicuous short covered as much as a million bushels while prices were on the advance.

Oats reflected the strength in corn. Packers buying and shorts covering were responsible for provisions taking the up-grade.

CANADA IS NOT GOING TOO FAST

Sir Algernon Firth Doubts Truth of Rather Hackneyed Phrase.

LONDON, March 11.—Speaking to the Associated Chambers of Commerce, Sir Algernon Firth, the president, spoke highly of the Canadian Railway Commission, which settled disputes in about half the time they would be settled here. However, such a plan here would be strongly opposed by many vested interests, not the least powerful being lawyers.

Referring to Canada's prospects, Sir Algernon said there had been a slackening in the willingness of other countries to provide capital for further expansion, and a period of healthy curtailment of enterprise has ensued.

"It is the fashion to say Canada is going too fast, but with that I do not agree. The possibilities of the country are unlimited. The sums they are receiving for crops and minerals must enable them very soon to discharge any obligations, and the need of the rest of the world for all the products Canada can provide, even at high prices, justifies the hope that British investors will not close their pockets too tightly."

BRITISH AEROPLANES NOT YET MADE SAFE

LONDON, March 11.—In recording the three fatalities to British army aviators within two days, the London newspapers say they make a tragic sequel to the congratulations expressed to the country last week by the secretary for war, to the fact that no deaths of army aviators had occurred within a year. The secretary for war attributed this record to the superior safety of British aeroplanes, and declared that flying was now as safe as, or safer than, voyages in submarines.

The recent flying exploits of Winston Spencer Churchill, first lord of the admiralty, are the subject of much criticism on the ground that a cabinet minister has no right to risk his life in foolhardy exploits.

GOVERNMENT WAGES BATTLE ON BROWN-TAIL MOTH

ST. JOHN, N.B., March 11.—In an effort to stamp out the destructive brown-tail moth, a party of government men are in the vicinity of the city waging war on the insect. The men came down the west side of the St. John River last week, and after scouring the city and suburbs, went up to St. Martins, where they have been working all week.

OLD TRAPPER COMES OUT WITH WEALTH OF FURS

EDMONTON, Alta., March 11.—Colin Fraser, who has been trading in the north country the last twenty-six years, arrived in Edmonton a few days ago with a catch of furs which, he said, is the largest he has made in ten years. His pack included pelts of 17 silver, 70 cross and 45 white foxes, 56 otter, 30 lynx, 460 marten, 21 wolverines and several bear skins. He made the trip south from Fort Chippewayan to Fort McMurray with four dog teams, and from the last named point to Athabasca with horses.

REMANDED FOR WEEK.

In the police court yesterday, John Coughlin and William Honeywell, who are supposed to belong to a gang of youthful burglars in this city, were remanded for a week, and will appear with the rest of the alleged gang.

MORMON AGENTS AT WORK IN ST. JOHN

Report Says They Are Secretly Advancing Their Cause in New Brunswick.

ST. JOHN, N.B., March 11. — Once more come reports of Mormon missionaries or agents at work in St. John. The reports indicate a house-to-house visitation in the interests of Mormonism. In one case the agent rang the door bell and a maid responded. He sought to sell a book on Mormonism, but the purchase was declined by the mistress of the house. However, that did not end the matter for a small booklet containing pamphlets was left with the maid.

In another case more persistence was reported. Entrance to the house was gained and a book sold. The family are Methodists. It happened that the birthday of the master of the house was approaching and his wife bought the book to give him as a birthday present, not scanning it sufficiently closely to know that it was a Mormon publication.

The recipient was rather surprised, and the giver equally so when she learned the nature of her present.

TWO MET DEATH IN LINDSAY FIRE

Drunken Hack Driver Ignited Pile of Rubbish—Baby a Victim.

LINDSAY, Ont., March 11. — John Madison, a local hack driver, with his baby daughter, Mary, were fatally burned in their home on James street last evening between 9 and 10 o'clock. Madison arrived home at 9 o'clock in a drunken condition, and in attempting to light his pipe while lying on a pile of rags upstairs, the loose paper or drapery ignited. The fire spread rapidly, and altho Mrs. Madison made every effort to subdue the flames, they completely enveloped her husband, as well as the four children. She carried two of them downstairs while her daughter Emma rescued another. A neighbor found Madison in a stupor and carried him downstairs.

He was terribly burned about the body and was taken to Ross Hospital, where he died at 4 o'clock this morning. Mary Madison, aged between 1 and 2 years, died of her injuries at 7.30 this morning at the hospital, and little Willie and Jack Madison were so badly burned there is little hope for their recovery. The house sustained very little damage. The funerals of Madison and his little daughter were held this afternoon at 2 o'clock.

ACQUITTED ON GRAVE CHARGE.

ST. CATHARINES, March 11.—Robert Jones, an electrical goods merchant, was today acquitted by a jury in the high court on one serious charge, which was the first case of the kind that ever came before Chief Justice Sir Glenholme Falconbridge during his twenty-seven years on the bench. The evidence of two witnesses contained several discrepancies. A second charge of like nature was traversed by the chief justice to the next general sessions.

First Fish Story of 1914.

RIDGEWAY, March 11.—John Halavin caught a sturgeon last week which weighed twenty-three and one-half pounds. Benjamin Sherk also caught a sturgeon twenty-two and one-half pounds.
