PROPERTIES FOR SALE.

North Toronto.

An important step forward in the history of this flourishing suburb has just been taken. On Monday a formal petition was presented to the Township Council requesting that Yonge-street, from the city limits for three and a half miles north, be furnished with water service and electric light at the expense of the property benefited. This petition has been signed by nearly every influential resident property owner in the district, and it will doubtless go speedily into effect. North Toronto will thus get nearly all the benefits of city government at a nominal expense, continuing subject to only low county taxes, which are not one-tenth of city taxes.

The best residential land possessing every natural advantage, together with nearness to the business centre, is situated in North Toronto. The healthiest location, the best roads, entire freedom from nuisances of all description, combine with prices at present very low to form an attraction to which the minds of our citizens are becoming more and more alive.

GREENWOOD PARK.

This is one of the most beautiful tracts within reach. It is situated in the village of Eglinton and runs east from Yonge. The village postoffice and a large public school building are on the property. A number of handsome houses have been erected and are in course of erection. The survey of the Belt Line Railway crosses the property. The lots are 100 feet front by an average of 200 feet deep. When North Toronto comes, as it will come in the near future, to be incorporated as a town, the seat of government and the centre of population will doubtless be at Eglinton. This property, therefore, has a residence value independent of its situation as a suburb of Toronto, and many sales are now being made.

Prices range as follows:

	Per Foot.
Fronting on Yonge-street	$30
" Woodward-avenue	14 to $1
" Erskine-avenue	14 to $1

These prices are not one-third of those demanded for property situated at an equal distance along Dundas, Queen and other thoroughfares of less real importance than Yonge-street.

GLEN GROVE PARK.

This property, situated at Eglinton at the terminus of the Metropolitan Street Railway, has all the requirements of a first-class residential suburb which it is intended here to create. A large part of it has been sold and several handsome houses are in course of erection. Prices range from $30 per foot downward. Glen Grove-avenue is 66 feet wide and already lined with a quadruple row of well grown trees will take rank at once with our leading residential streets.

DEER PARK.

Merton and Balliol-streets, immediately north of Mount Pleasant Cemetery, the cheapest land in the market, distance considered. Nearly the whole of this property has been sold. Twenty-two hundred feet has gone off within the last few days. Six lots left at $15 and a few at $8. The $8 lots will be subdivided to suit purchasers, $1 per foot down, easy terms at 6 per cent. for the balance.

All the above property is excellently served by the Metropolitan street cars. The Belt line railway survey crosses the two last properties and comes very near to Glen Grove. Under the charter of this road, just projected, building operations are to be commenced within two years and the line completed in five years.
