Mr BEER moved that the witness have leave to withdraw—which was agreed to. The Speaker then informed him that it was the pleasure of the House he should withdraw; after which Mr. Laird requested leave to make an additional statement, which was granted. He then added—

I was going to state, so far as I can recollect, that Mr Coles made a charge of falsehood in the first part of his speech, then he proceeded to make some remarks on the new members of the Legislative Council, after which he referred to the falsehood again. It is evident from the report that something of the kind stated about falsehood was referred to before. This is the explanation which I wished to make,—from the words commencing—"Such a course as that Her Majesty's Representative should pen a falsehood, &c." it is evident something of the kind was alluded to before, which is the part I omitted to take down;—afterwards he alluded to the falsehood again, and it was the last part of the charge which I noted down.

Can you produce your notes to support the statement just made and read to you? Ans.—Of course, I cannot produce it from my notes when I was attending to something else at the time, as already stated. I said the first reference to the falsehood I did not report, as I was taking down the division.

Mr Laird then withdrew.

Hon. Mr WHELAN then moved that the other Reporter, Mr J. D. Gordon be called to the Bar of the House.

Mr BEER submitted that the other Reporter had nothing to do with the matter, as he was not at the desk on the evening in question.

Hon. Mr WHELAN said he wished to have all the evidence in the case.

Hon. Mr HAVILAND remarked that the evidence of the second Reporter could not bear very directly on the point, as any statement might be made to appear black or white the next day.

Hon. Mr COLES said that they had just had a very intelligent person at the Bar of the House, and one who was as capable of giving a statement as most persons. He said that some sentences might have intervened in his (Mr C's speech) between the statement respecting falsehood, and that not laying the blame so much to His Excellency, as to his Council. About that time he (Mr C.) stooped down to take a Journal from his desk, and could not have uttered many more sentences

Hon. Mr Whelan's motion, after a little further discussion, was agreed to, and Mr Gordon appeared at the Bar of the House. He was questioned by several hon. members as follows, the questions being put in writing and read by the Clerk.

Were you Reporter to this House on the 27th February last?

Ans.—I was; I am called here to answer to a report given on the 20th; but on that day I was on my way to Charlottetown.

Did the Hon. Mr Coles say anything to the following effect—

Hon. Mr LONGWORTH interrupting said it was an improper question, as it was putting words in the Reporter's mouth.

After a few remarks from some other hon. members, the question was put in the following form:—Can you produce or refer to your notes of the debates of the morning of the 27th February last?

Ans.—I can, but they are not here.

Hon. Mr WHELAN said he would withdraw the question, as it was not convenient for the Reporter to produce his note-book.

Hon. Mr HAVILAND remarked that it was material that the original book should be had, if it was only a matter of convenience. If it was not burned, it ought to be obtained.

Hon. Mr WHELAN—No clar should be thrown on the veracity of the gentleman at the Bar.

Hon. Mr HAVILAND said he was not throwing the least slur on the veracity of the Reporter. He (Mr H.) would be very sorry to say anything against the character of the person at the Bar, because he believed him to be a gentleman of honor.

Hon. Mr WHELAN did not say that any charge was brought against the character of the witness, but he was asked to do what the other Reporter was not required to do.

Some further desultory debate ensued, after which Mr Gordon withdrew and returned with his original note-book.

Please to examine your notes of the Speech made by the Hon. Mr Coles, on the morning of the 27th February last, in answer to a Speech made by the Hon Col. Gray, in reference to certain words spoken by the Hon Mr Coles, on the previous day, and say whether those notes are correctly transcribed and printed in the Parliamentary Reporter, page 25, at the passage beginning with the word "On" and ending with the word "matter."

Ans.—I took those notes down with a pencil; some of the words are blotted out, I cannot read it very well, (Witness reads from his notes the passage referred to in the last question, which passage as published in the Parliamentary Reporter, page 25, in the following words, was acknowledged by the House to be substantially the same as that read by the Witness, viz:)

"On the next day *e. g.* if the Legislative Council had only one of a majority, the opposition might have mustered their forces and thrown it out. Or suppose one of the Councillors had died before the next day, would the Bill have passed? It would not. I expected this would be the excuse. It is the Government however, I hold responsible. How did His Excellency know it had passed unless told so? His Excellency could have no idea it had passed unless he had been so informed by one of his Councillors, for he is a Gentleman of too high standing to pen a falsehood in reference to this matter." (The Clerk having read the foregoing from the Parliamentary Reporter, Witness says, "that is correct according to my notes.")

Please examine your notes and say whether the Hon. Mr M'Aulay in the course of the same debate, and after Mr Coles had spoken, used the following language, or language to the same effect as reported by you: "The matter at present before the Committee is the charge brought against the Government by the hon. member, viz:—that the advisers of His Excellency caused him to pen a falsehood?"

Ans.—There was a good deal of interruption at that time. (Witness reads from his notes,) "The matter before the Committee is this, the consideration of certain charges made by hon. member against the Governor, that the advisers of the Governor advised His Excellency to write a falsehood to him. Words of this nature should not be passed by this Hon. Committee without ascertaining their truth or falsehood. If he brings charges of this character against such a gentleman, he should be satisfied about their foundation. I contend the words of the Despatch will not be found meriting the censure which he has imputed to His Excellency."

(The above passage having been taken down by the Clerk and again read to the witness, he says, "it is correct according to my notes.")

What do you mean by the words just read from your notes that "His Excellency's advisers advised him to write a falsehood to him?" Did you understand that the Colonial Minister was referred to by the word "him?"

Ans.—Sometimes in writing, I put down a pronoun to save the writing of two or three long words. I have put down "him" here, I think, to represent the Colonial Minister, for the reason I have stated.

Mr Gordon having desired and obtained leave to ask a question, enquired if it was stated in the course of the forenoon's debate that the report was incorrect from beginning to end.

Hon. Mr M'AULAY stated that he had said something of the kind.

Mr Gordon then explained how the error which appeared in the newspaper report of the debate on the morning of the 27th Feb. had occurred. Two speaches had been run together, the reason of which was that one hon. member had commenced to speak before another had concluded his remarks, and he (Mr G.) had in consequence omitted the name of the last speaker in his notes. It was said of Dean Swift that he could write poetry with the right hand, and prose with the left; but it was impossible for a reporter to take down the words of two hon. members speaking simultaneously.

Mr Gordon then withdrew, when the House adjourned.

THURSDAY, April 4.

A number of private petitions were disposed of. When the petition of divers inhabitants of the western portion of this Island praying the House to grant a sum sufficient for the extension of Steam communication between this colony and the province of New Brunswick, was taken up,

Mr CONROY said he had the honor of presenting that petition. The benefits to be gained by such communication could not be estimated. Cascumpec had hitherto in a great measure been isolated from the rest of the world. He thought Steam communication to that Port, would be the means of increasing the revenue, as much as would make up for a liberal grant. He moved that the petition be referred to supply.

Hons. Messrs. Yeo and Perry also supported the prayer of the petition. Mr M'Neill would oppose the petition going to supply, because Prince County had already a sufficient share of monies spent for steam communication, and because the harbor was a bad one. Mr Conroy denied that the harbor was bad. Two or three other hon. members having expressed themselves on the subject, the House divided on Mr Conroy's motion that it be referred to supply.

Yeas—Messrs. Conroy, Ramsay, J. Yeo, Beer, Holm, Sinclair, Davies, Sutherland, Doyle; Hons. Messrs. Yeo, Pope, Gray, Longworth, Perry, Thornton, Coles, Whelan, Wightman, Hensley, Kelly—20.

Nays—Messrs. M'Neill, Howat, Montgomery, Cooper; Hon. Mr Laird—5.

Hon. Mr PERRY from the Committee on petitions relating to Schools and Education, presented the report of the said Committee which was read, and ordered to be committed to a Committee of the whole House to-morrow.

House adjourned.

FRIDAY, April 5.

The order of the day being read that Theophilus Stewart, Esq., one of the Indian Commissioners, be heard at the Bar, on matters relating to the condition of the Mic-mac Indians.

Mr CONROY moved that the said order be discharged—motion lost 12 to 9.

Hon Mr THORNTON then moved that the House go into the order of the day, which was carried in the affirmative.

The Commissioner then accordingly appeared at the Bar, and having been heard for some time, withdrew.

The House then went into the order of the day in Committee on the report of the Special Committee on petitions relating to Schools and Education—Mr J. Yeo in the chair.

Hon. Mr PERRY explained the reason why the Committee had drawn up the report as they did.

Hon. Mr LONGWORTH stated that though he was a member of the Committee he had not signed the report, and gave as his reason that he could not consistently do so in face of the law which fixed the qualification of Teachers, and the salary which they should be allowed. Besides it was well understood in this House, when in Committee on a similar report last year, that such petitions should not be entertained in future.

Hon. Col. GRAY and one or two others having spoken to the same effect, the Committee rose, progress was reported, and the House adjourned.

AFTERNOON SITTING.

Mr COOPER from the Committee appointed to prepare an address to His Excellency pursuant to the report of the Special Committee appointed to report on a petition from Lots 4, 2 and 43, praying for the opening of a new line of road, presented to the House the draft of an address, which was adopted, and the same Committee that prepared it was appointed to present it to His Excellency.

Mr COOPER presented another address respecting a proposed wharf at Red Point, Lot 46, which was committed to a Committee of the whole House, Hon. Mr M'Auley in the Chair.

The address proposed that a Commissioner or Commissioners be appointed to examine the site of the wharf and to report on the practicability of building it, and of completing a breakwater commenced at Souris by the inhabitants. Several hon. members spoke against having the address presented, saying that the measure passed through the House the first time without due consideration, and of the impracticability of building the wharf, and said that the sending of officers to report, would only incur needless expense without any benefit being derived from their labors.

Mr COOPER said he had little expectation that the wharf would be of much service, but that it would not cost much to send a man to report on the subject, which would satisfy the people, and he thought the Committee could not object to that.

Hon. Mr HENSLEY remarked that the report on which the address was founded, had been agreed to, and if objections were to be urged, that they should have been stated before.

After this subject was fully discussed, the Committee decided not to present the address to His Excellency; and in reference to the new line of road which one portion of the inhabitants were in favor of having opened, and to which another portion were opposed, it was suggested that the people call a meeting among themselves to ascertain whether the majority were in favor of having the road opened.

The Speaker resumed the Chair, and on motion the House resolved itself into a Committee of the whole to resume the consideration of the report of the Special Committee on Teachers' petitions—Mr J. Yeo in the Chair. The Committee went through the report paragraph by paragraph, and having made a few amendments it was read by the clerk again and is as follows:—

Your Committee to whom were referred the several petitions praying aid to Teachers who have not complied with all the provisions of the Education Act, and other references, having examined the said petitions, recommend that the several undermentioned persons be allowed as follows:—

Thomas O'Brian for nine months,	£15	0	0
Isabella Forsyth for six months, ending 15th January, 1861,	7	10	0
Henry Leckey, Lot 27, for one year, Archibald Bickford, for 12 months up to 6th March, 1861,	25	0	0
Charles Fowle in fall, up to April, 1861,	2	10	0
John M'Dougall, Murray Harbor Road, for ten months to 1st February, 1861,	16	13	4
Jane Green, for one year,	15	0	0
John O. Arsenoaux, Lot 15,	5	0	0
Finlay Campbell, for six months up to 1st November, 1860,	18	0	0
Elizabeth M'Aulay, St. Peter's Bay,	5	0	0
Alexander M'Donald, old road, Lot 22, for eight months up to March, 1861,	13	13	0
John Murphy, Kildare, three months' teaching,	8	0	0
	£151	6	8

Your Committee cannot recommend the prayer of the following petitions, viz:—of

James H. Fletcher, Caroline Campbell, Michael Scully, Mary Ann Anderson, W. C. Trowan, Inhabitants of the Uigg School District, Lot 50.

Your Committee would recommend, that in future, no petition praying for an allowance to unlicensed Teachers be entertained by the House, unless it shall clearly appear that the inhabitants petitioning, could not obtain a Teacher qualified according to Law, and every such unlicensed Teacher shall within twenty days, notify his engagement, and furnish a copy of his agreement with the inhabitants, to the Board of Education.

Your Committee submit, that when the House is in supply, a sum sufficient be appropriated for the services herein set forth, agreeably to the foregoing recommendations.

In the discussion on the various petitions which passed under review, the House almost unanimously came to the determination not again to receive petitions of the kind then before them; and, that the present year would be the last that such would be entertained. The main arguments employed in advocating the adoption of such a course were, that the method the House was then using was an infringement of the School Act and an interference with the duties of the Board of Education; and, further that the course was unreasonable when such a large portion of the general revenue was spent for the purposes of Education.

When the Committee had gone through the several petitions, hon. Mr Thornton said the Special Committee on the petitions was prepared to give their reasons for not acceding to the prayers of those which they rejected; but the reasons were not required. He said he must congratulate the Chairman and majority of the Committee that the report was so far approved of, that after all the discussion which had taken place they had only saved £5—taken from one teacher whom the Special Committee recommended in their report, and he hoped the sum would go for the benefit of roads and bridges.

The Committee then came to the following understanding;—That in future no teacher's petition be entertained unless the inhabitants petitioning on teachers' behalf, show that they could not obtain a licensed teacher, and that such furnish a copy of his agreement to the Board of Education within 20 days after his or her agreement with the people shall have been entered into.

It was then moved that the Speaker take the Chair and that the Chairman report the report agreed to with amendment. Mr Owen then moved that it be received this day 3 months, which was seconded.

Hon. Mr COLES moved that all after the word "that" be struck out and that the following be substituted: "the report be referred back to Committee of the whole House for the purpose of amending the same by inserting the following words, "Laurent Doucett for the year ending Nov. 1860—£5." For the motion 12, against it 13.

Hon. Mr THORNTON said he was glad the motion to receive the report this day 3 months did not come from him, and he regretted that it came from his hon. colleague, as, for the sake of a few paltry pounds to make a motion to strike off all in the report, and not allow that small allowance to teachers, was what he never knew a man to do for 25 years. He (Mr T.) would not have done it for the credit of the Legislature though the funds were deficient. He hoped the motion would not be pressed, or if pressed not carried.

Mr OWEN said the House resolved last year not to entertain any such petitions again that a large sum was granted last year in this way, and if the House proceeded in that manner, it might as well do away with the Board of Education altogether, and let the House decide who was, and who was not to receive remuneration for teaching. (Hear.)

Hon. Mr LONGWORTH then made a motion to the effect that the name of John O. Arsenoaux, Lot 15 be expunged from the report. For the motion 14; against it 14; the Speaker gave the casting vote in the negative.

Mr Arsenoaux's claim was put in on the plea that he was a licensed Acadian teacher, and that though his school district boundaries were defined, and application made to have the district registered, that it was never done.

Hon. Mr LONGWORTH then moved that the name of Elizabeth M'Aulay, St. Peter's Bay be struck off the list which motion passed on the following division. Yeas—Hons. Messrs. Longworth, M'Aulay, Laird, Yeo, Gray, Haviland, Hensley, Pope; Messrs. Holm, Davies, Montgomery, Ramsay, Beer, M'Neill, Owen—15. Nays—Hons. Messrs Perry, Thornton, Kelly, Coles, Whelan; Messrs. Cooper, Conroy, Sinclair, Sutherland, Howat—10.

Miss M'Aulay's petition was presented by Hon. Mr Whelan, who said he had such confidence in the gallant Chairman, and his colleagues that he believed they would not only deal justly but generously with the petitioner. He then spoke of the qualification of the teacher and of the number of her scholars at Morell.

Mr SUTHERLAND.—I think her school is at the head of St. Peter's Bay. (Laughter.)

Mr OWEN doubted if there were such a person in existence.

Hon. Mr WHELAN said he might have been remiss in visiting all the schools in his district but that the personage was no myth; (Laughter) that she had a real corporeal, tangible existence, whether at Morell or at the head of the Bay, and that her claims were just. She was a licensed Teacher but the district was not registered.

Hon. Mr COLES moved to expunge the name of Alexander M'Donald, Old Road, Lot 22. For the motion—Hons. Messrs. Coles, Whelan, M'Aulay: Messrs Owen, Doyle, Holm, Davies—7. Against—Hons. Messrs. Hensley, Thornton, Longworth, Perry, Wightman, Laird, Haviland, Pope, Gray, Kelly, Yeo; Messrs. Sutherland, Conroy, Cooper, Howat, J. Yeo, Montgomery, Ramsay, Beer, Sinclair—20. Then Hon. Mr Wightman moved that the report be received. Yeas—Hons. Wightman, Kelly, Hensley, Perry, Thornton, Yeo, Pope, Gray, Longworth, Haviland; Messrs. Sinclair, Sutherland, Cooper, Howat, Ramsay, Montgomery, Beer, M'Neill, J. Yeo, Conroy—20. Nays—Hons Messrs. M'Aulay, Whelan, Coles; Messrs. Davies, Holm, Owen—5

Hon. Mr HAVILAND presented to the House a Report of the Superintendant of Public Works on the State of Panmure Island Light House, with a probable estimate of the cost of repairs and improvements needed, addressed to His Excellency, and referred to the House. Referred to Committee of Supply.

Adjourned at 6½ o'clock.

Special Notices.

Health and Pure Blood are Inseparable.

Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will so surely find out and cleanse those impurities from the system, that disease cannot exist. So simple and innocent are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases pills are sugar coated because the materials of which they are made are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine cannot help them; let not even those despair; incredulity and empticism is overthrown by a mass of testimony which is truly irresistible. At first the virtues ascribed to these MOUNTAIN HERB PILLS were deemed fabulous. The public had been so often deceived that they could not believe the simple truths advanced by their discoverer. Yet facts undeniable, attested by witnesses of the highest character and respectability, have proved, and are proving each day, the virtues of this "mighty healer." They mark by their miraculous efficacy and power a new era in medicine.

Judson's Mountain Herb Pills are sold by all Dealers in Medicine.

PURIFY THE BLOOD.

With corrupt, disordered or vitiated Blood, you must be sick all over. It may burst out in pimples or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. Ayer's Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood; such as *Scrofula or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose, or Erysipelas, Tetter or Salt Rheum, Scald head, Ringworm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases,* such as *Retention, Irregularity, Suppression, Whites, Sterility Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases.* Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures the disorders.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of *Coughs, Colds Influenza Hoarseness Croup Bronchitis Incipient Consumption*, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

AYER'S CATHARTIC PILLS—for *Costiveness, Dyspepsia, Indigestion, Dysentry, Foul Stomach, Jaundice, Headache, Heartburn, Fits, Rheumatism, Dropsy, Worms*, and in short for all the purposes of a purgative medicine.

Prepared by J. C. AYER & Co., Lowell, Mass. and sold by W. R. WATSON, General Agent for P. E. Island.

Holloway's Ointment and Pills.

Diarrhœa, cholera.—The victims of these diseases are again enumerated in the weekly bills of mortality. With the hot damp weather, defective drainage, and impaired exhalations, the number of deaths from these two diseases will steadily increase, unless some treatment be found capable of counteracting and overcoming them. Where flatulence and indigestion first give warning of the coming evil, Holloway's Ointment should be assiduously rubbed over the abdomen, while his Pills are taken internally. These remedies act harmoniously together and effectually arrest diarrhœa, or cholera. Under the judicious use of Holloway's preparations, the tongue becomes less furred, the failing appetite returns, and vigour is renewed. The nervous system is invigorated by them and health restored.

Wistar's Balsam of Wild Cherry.

For the cure of *Coughs, Colds, Hoarseness, Asthma, Influenza, Croup, Whooping Cough, Bronchitis, Predisposition to Consumption, &c., &c.*

This great remedy is too well known and is performing too much good to make it necessary to go into an elaborate discussion of its merits. Suffice it to say that it still maintains its supremacy in curing diseases of the most obstinate character, and that all who suffer from the above complaints, after having tested this remedy, seldom have occasion to resort to other appliances to insure a perfect restoration to health.

Highly Respectable Authority,

CITY OF CHARLOTTETOWN, PRINCE EDWARD ISLAND.

I do hereby certify that my mother, the late Ann Maggowan, during the last few years of her life, was in the continual habit of using DR WISTAR'S BALSAM OF WILD CHERRY, and that she frequently expressed her high opinion at the benefit she derived in the promotion of her general health. She died in the 92d year of her age.

Dated at the City Hall, this 21st day of June, 1860.

PETER MACGOWAN,
J. P. and City Clerk.

To SETH W. FOWLE & Co., Boston.

Certificate of T. B. BARKER, Esq,

A well known Druggist.

ST. JOHN, NEW BRUNSWICK, June 8, 1860.

Messrs. SETH W. FOWLE & Co., Boston, Mass.,

Gentlemen:—I feel constrained from a motive of justice, to inform you of the results attending the sale of your valuable remedy, DR WISTAR'S BALSAM OF WILD CHERRY. Although I do not feel at liberty to mention the names of parties who have a high appreciation of its worth, I can truly say that for *coughs, colds*, and *all pulmonary diseases*, this remedy performs cures not excelled, if equalled, by any other remedy known, and I therefore confidentially recommend it to those who suffer from pulmonary difficulty.

Yours respectfully,

T. B. BARKER.

☞ *Caution to Purchasers.* The only *genuine Wistar's Balsam* has the written signature of "I. BUTTS," and the printed one of the Proprietors on the outer wrapper; all other is vile and worthless.

DIPTHERIA.

In Halifax when this disease prevailed for many months, in its most malignant form, the use of Perry Davis's Pain Killer was invariably attended with the most favorable results, when it was used are the disease had made too much progress to preclude the use of so powerful a stimulant.

MRS. WINSLOW,

An experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.
