ALL-CANADIAN RAILWAY.

What the British Columbia Legislature Has Done and Will Do in This Connection.

Victoria, B. C., May 6.—(Special.)—The promised measure of the British Columbia Government dealing with the problem of all-Canadian railway connection with the gold fields of Northern British Columbia and the Yukon territory, as well as with the Kootenay Mining Company, has been presented to the Legislature. It provides for a loan of $3,000,000. Half of this amount was already authorized by the Legislature, so that the contemplated increase in the public debt over and above that already provided for is $2,500,000. Last year the House authorized a loan of $2,500,000, out of which the proposed railways from English Bluff to Boundary Creek via Penticton, and from Bute Inlet to Quesnelle, were to be subsidized. The present act continues these subsidies, and adds to them $4000 for a railway from Boundary Creek to Robson, 80 miles, and a like amount for a railway from the coast of British Columbia to Teslin Lake, 400 miles. Tabulated, the mileage provided for is as follows: Penticton to Boundary, 100 miles; Robson to Boundary, 80; English Bluff to Penticton, 230; Bute Inlet to Quesnelle, 233; coast to Teslin, 400; total, 1040 miles. The company undertaking the construction of the Coast-Teslin road shall construct a wagon road from Glenora to Teslin Lake, within three months: also shall pay the Government 4 per cent. of the gross earnings of the railway.

STOLE 67,000 FLORINS.

A German Baron Caught on This Side With Much Money on His Person.

New York, May 6.—The steamer Fulda's passenger, who shipped as Edward Green, and who is really Baron Unterrichter, confessed to the immigration authorities today that he stole the 67,000 florins, of which theft he was accused yesterday, and for which he has been detained. Baron Stockinger says he is the son of a Jewish rabbi and that he stole 67,000 florins from his aunt. A money changer named Gruen changed the money for him and introduced him to his son Edward, with whom Unterrichter traveled to Rome. There Unterrichter stole young Gruen's passports, and left for the United States. On the vessel Unterrichter became very friendly with Baron Fava, the Italian Ambassador to the United States, with whom he played chess on the voyage. They took an affectionate farewell of each other at the dock. Unterrichter had about $25,000 left in a belt about his waist when taken into custody.

PUBLIC AMUSEMENTS.

A Popular Irish Comedian.

No more popular Irish comedian visits Toronto than Dan McCarthy. It is almost immaterial what play he appears in, he always gets the same hearty reception from his admirers. Next week at the Toronto Opera House he will present "The Dear Irish Home," which is considered an

improvement on his many other comedy dramas, and is staged with special scenery and presented by a good company. In the Christmas scene, a special feature will be the introduction of a lot of clever children, including little Joe Wright, the boy tenor from Boston. The engagement is for one week, with bargain matinees as usual on Tuesday, Thursday and Saturday.

Next Week at the Princess.

That great expectations have been built upon the production of "Erminie" at the Princess Theatre on Monday night is proven by the large number of enquiries that have been already made at the box office for seats, and it is safe to promise that the expectation will be most amply realized. Than "Erminie" no more brilliant and popular opera has ever been written. Not alone is it full of the brightest music and redolent of delightful fun, but it is graceful in conception and picturesque in construction. For the production at the Princess new and beautiful scenery has been painted and gorgeous costumes secured. It is admitted that the three operas that have already been produced by the Cummings Company have been surprisingly well staged, but in harmony, color and design "Erminie" will beat them all. Then the cast will commend itself more than have the others, because Mr. Fred Solomon, admittedly the best Cadeaux ever seen upon the stage, will assume his favorite and greatest character. The stately and magnificently voiced Mr. Hubert Wilke will be the Ravennes, and Mr. Harold Blake, the romantic and aristocratic Eugene. Mr. W. H. West will be the Cavelier and J. H. McQuaid the Marquis. Miss Elvia Crox Seabrooke will make a very taking Erminie, while Miss Laura Moore will have a congenial part as Gavotte. The Cerise will be Miss Emily Gardner, a charming lady, who has just joined the company, and who has been playing the leading role in "The Isle of Champagne." Miss Sylvia Cornish will, of course, be the quaint and antique Princess, and a more conscientious artiste never trod the boards. Altogether "Erminie" promises to be a production of a great deal more than ordinary merit.

Anna Held Coming to the Grand.

Beautiful Anna Held will make her appearance in Toronto at the Grand early next week, when she will be the central figure in a triple bill of most attractive interest. Miss Held will sing all her famous songs, including "Won't You Come Out and Play With Me." The program of Miss Held's engagement will offer a very lively farcical comedy in three acts, "A Gay Deceiver," by Paul Wilstach and Joseph Grismer, in which a gay young married man has considerable intricate domestic complications through his sentimental regard for a prima donna. The cast includes M. A. Kennedy, W. G. Beach, Maude Valleau, Lizzie Evans, Dolores Lettani, Charlotte Deane, Edwin Holland and Harry Mills. Preceding this farce will be the first local production of Mr. Chester Bailey Fernald's famous Chinese tragedy in one act, "The Cat and the Cherub," which made such a sensation in New York and is still being played at the Royalty Theatre, London, by an American company, and which will be given here by the original New York company. The days of her appearance here will be announced Monday morning.

Last Times of The Mikado

The two last performances of "The Mikado" will be given by the Cummings Opera Company at the Princess this afternoon and evening. It is one of the best productions of the opera ever given here and is certainly worth seeing.

At the Bijou.

The continued patronage of the theatre-going public to this house attests the fact that a good show is put on. The war pictures and Mr. Pete Baker are strong features this week. The other numbers, including the three American Rubes, are a good treat. Next week an all-woman show will be put on, and every act will be a feature.

Q.O.R. Chorus Concert.

Y.M.C.A. Gymnasium Notes.

Colonel Grasett has written the secretary of the Young Men's Christian Association regarding the gymnastic classes conducted for the policemen by that institution this past winter. He states: "I take the opportunity of expressing my satisfaction at the result of this experiment. I think those who were able to go through the course improved their physical condition, and in that respect have been made more efficient constables. Your instructor is entitled to credit for the efforts he put forth, and it gives me very much pleasure to thank him and the officials of the association for the kind consideration they showed in this matter."

Indoor baseball is the newest feature at the association gymnasium, and is proving quite popular.

The annual meeting of the association occurs on May 17.

The Nursing-at-Home Mission.

The friends of this mission met yesterday afternoon in the Y.M.C.A. parlors with the President, Mrs. Brodie, in the chair. The report of the West End work was read by Mrs. Duncan Clark and that of the East End by Mrs. Stayner. During the month of April 454 visits were made. The committee acknowledge with sincere thanks gifts of flowers from Christ Church, Deer Park, St. Luke's Church, and clothing from the Church of the Redeemer, St. Paul's Presbyterian Church and the sum of $25 from Mrs. Morrow per Lady Gzowski.

A Chapter of Clothing Values.

A great suit sale is in progress here, and big surprises are the order of the day. Such decided price-cutting was sure to mean quick selling, and the busy times yesterday and the day before point to a still busier day to-day.

Of course, there is a good deal more than merely less prices to be enquired into. Quality and style count for much—we think it counts for most. Originality and exclusiveness are important, and the making being done by our own work-hands on our own premises are strong features with us.
