JOHN CATTO & SON

King Street—opposite the Post-Office.

TORONTO.

ESTABLISHED 1864.

TRUE BILLS AGAINST OFFICIALS.

Charged With Election Conspiracy—Inquiry Resumes To-Day.

The grand jury brought in true bills against A. W. H. and Louis Gianelli and Frank A. and John Gray, on the charge of conspiracy in connection with the voting at the last municipal election.

The enquiry into the assessment branch of the investigation will be resumed this morning, before Judge Morgan. Clerks in the assessment department may be called upon to contradict Harry Page's version of the list of 18. If Mr. Johnston is not present, however, discrepancies between the voters' lists and the registry office returns will be enquired into.

Willed $200 to Rescuer.

Orangeville Sun: James Rolston of Jessopville has struck luck. On May 24, 1884, the steamer Victoria capsized in the River Thames at London, Ont., and fifty people met death. On that day Rolston was working near the river and was among the first to rescue some of the drowning excursionists. One of the first he saved from death was a Miss Ellen McVey of London. This lady got married a few years afterwards and moved to Detroit, Mich., where she died about three weeks ago. The lady kindly remembered her preserver and left Rolston the sum of $200, which will be paid to him on going to London and proving his identity to the satisfaction of the solicitor of the deceased's estate.

Prof. Cuvanagh's Predictions True.

This remarkable man, whose memory has been the talk of the country for years, has made many useful predictions, based upon his unusual observing powers. The unity of the churches is coming, his words about Emperor William and about railway collisions, many great fires, sudden deaths, increase of consumption and insanity have proved true. See his charts. He is an incessant worker, and looks surprisingly youthful, in spite of his advanced age. Every young man and woman should get his new great phrenological chart, the work of years. It is better to many than a fortune or life insurance.

Victoria County Old Boys.

The Victoria County Old Boys held an impromptu concert in the I.O.O.F. Hall last night, W. A. Sherwood presiding. Among the visitors were Messrs. Fox and Carnegie, the local members; G. A. Weese of Lindsay and Judge McIntyre of Whitby. About 200 were present and a most enjoyable evening was spent in reminiscences and renewing old friendships.

For Seven Years A Dying Woman

Terrible Suffering Follows Neglected Indigestion—Dodd's Dyspepsia Tablets Make a Complete and Permanent Cure.

"I believe Dodd's Dyspepsia Tablets have made a sound cure of me after being for seven years almost a dying woman.

"Now, thank God, I am able to do my daily work as usual. I cannot praise Dodd's Dyspepsia Tablets too much."

So says Josaia Louisa Sellars of Western Bay, Nfld. She was one of those sufferers who wait for their indigestion to cure itself. But that's something indigestion won't do.

Unless you give the tired stomach a rest it keeps on getting worse. The indigestion becomes Dyspepsia and the sufferers find their strength gone and their days filled with despondency and suffering.

Rest the stomach by using Dodd's Dyspepsia Tablets. They do the work of digestion while the stomach recovers. One or two of them taken after eating is the surest safeguard against discomfort now and suffering later.

SKILFUL WATCH WORK

By Skilled Workmen.

TO prove to you that the Ryrie quality extends to our workshop as well as throughout the store, let us do your watch repairing. There is no watch work too simple for us to take an interest in, and there is none too complicated for our workmen to fully maintain their reputation as skilled watchmakers.

RYRIE BROS., Cor. Yonge and Adelaide. TORONTO.

RAISED BUSINESS TAX BASIS NOW 60 PER CENT.

Manufacturers Given Another Black Eye—Sporting Clubs Will Be Exempt.

Without dissent the taxation committee raised the business tax on manufacturers from 50 to 60 per cent. A. G. McKay wanted to make it 70, but he had but one supporter, John Lee. Another point decided on was that athletic clubs not having any receipts from the sale of refreshments should be exempt.

Henry Carscallen of Hamilton wanted to have the committee adopt a new principle, but it was late in the day and Mr. Carscallen will probably move it in the house as an amendment to the report. The clause was as follows:

"Every person deriving income or profits from any source whatever, other than from rent of real property shall be assessed in the municipality where he resides, for the whole of such income or net profits for the year ending on the thirty-first day of December next preceding the time of assessment, subject to the deduction of $1000 from income derived from personal earnings."

The only way to get at the rich was to tax income, as well as business, Mr. Carscallen remarked, but the attorney-general said it was a ridiculous proposal—a revolutionary proposal.

An important change was made by the committee in agreeing to exclude from taxation clubs existing for sporting or athletic purposes, where neither liquor nor meals are furnished, from the tax of 50 per cent. of assessed value. After this step had been taken it was decided to strike out curling clubs, but a phrase "other places of amusement," still gets at baseball clubs or organizations existing for gain.

Mr. Gibson said they had to guard against exempting clubs like the Junction Recreation Club, sometimes called "The pool room."

"But these clubs are going to be declared illegal!" was John R. Barber's observation. The attorney-general thought so.

It was decided to exempt curling clubs, as they do not exist for gain.

Mr. Carscallen made a plea to have the basis of taxation on telephone companies 65 per cent., but the committee would make no change.

The committee will have another sitting on Tuesday and the bill will be sent to the house during the week.

At a meeting of the public accounts committee it was arranged to have a number of witnesses on hand when the real work of the committee will commence. For the investigation of the Temiskaming accounts there will be summoned W. B. Russell, chief engineer; M. Ryan, secretary; W. H. Pearson and W. W. Woods of the provincial audit office. Treasurer Clutty of the Lake Superior Consolidated and Subsidiary Companies, the paymaster and the bank officials who paid the Soo employes, will be asked to attend and produce the books and pay-sheets for June, July, August, September, October and November. The pay-sheets for colonization roads will be placed under the microscope on the demand of Mr. Reid of Addington.

Provincial Auditor Sproule gave testimony concerning the land improvement fund.

BIBLE SOCIETY CENTENARY.

Observance in Churches To-Morrow and in Massey Hall on Monday.

On Monday the British and Foreign Bible Society will celebrate its centenary, and thruout Britain the event will be observed in solemn and inspiring fashion. In Toronto the Upper Canada Bible Society, its principal representative in Canada, will hold anniversary meetings in Massey Hall.

In the afternoon Mayor Urquhart will preside and the school children will attend, when the prizes of bikes offered for competition among the children and teachers upon the history and work of the parent society will be presented to Evelyn G. Murphy, Clarice Fussell, Eva E. L. Goodman, Jean Lawrie, Hazel Crawford, Kathleen Davies, Beulah Metcalf, Irene Johnston, Eleanore Isaac, Maud Johnston, Amy Croft, Alice Pugh, Ethel Nichols, Maggie Campbell, Edith P. Greene, Lizzie Cassey, Lillian Jackson, Lottie Smith, Lulu M. Coy, Alice Hall, Ila A. Wilson, Olive Bransby, Winnifred Bransby, Minnie E. Clarke, Melissa Johnston, Elsie Pfield, Emily Perryman, Edna Walker, Angie Tait, Mamie Bagshaw, Norman D. Whatmough, Malcolm Amoss, George W. D. White, Fred Davies, Ernest N. Harcourt, T. Lacey, P. V. Hellwell, Sidney F. Aird, William Bonser, Richard J. Ford, Crestuss King, Arnold Heath, Percival N. Caven, Norman L. Williams, James A. Northey, William Campbell.

Teachers: Miss E. Morris, Miss M. Evelyn Thompson, Messrs J. A. Hill and H. Gray.

In the evening the lieutenant-governor will preside, and Bishop DuMoulin, Rev. Dr. Carman and Rev. Dr. Johnston of Montreal will speak.

To-morrow will be recognized as Bible Society Sunday in the Protestant Churches thruout the world. The Canadian Temperance League are uniting with the Bible Society, and their service to-morrow will have a relationship to the centenary. The address of the afternoon will be delivered by the Rev. J. C. Speer, with his subject: "What the Bible Has Done for the Temperance Reform." The full choir of the Avenue-road Methodist Church will take charge of the song service.

St. George's Society.

St. George's Society held their monthly meeting last night and passed a resolution of condolence on the death of the former secretary, the late J. Pell. Arrangements were made for the annual church service at St. James' Cathedral on April 24, and the banquet on St. George's Day. After the business session, Mrs. S. G. Wood gave an entertaining account of rambles thru the Old Country. A hearty vote of thanks was given on motion of Dr. Hare and W. T. Boyd.

Teamsters' Union At Home.

E. F. Clarke, M.P., presided at the first annual concert given in Victoria Hall last night by the Local Teamsters' Union. There was a very large audience present, and it expressed much appreciation of the program presented by Mrs. Ramsay, Misses Pearl O'Neil and Helen Watson, Harry Bennett, Harold Rich, Donald McGregor, John A. Kelly and Robert Wilson under the direction of Harry Rich.

Purchased a Lot.

Montreal, March 4.—The Sovereign Bank of Canada have purchased a lot on St. James-street, 45 feet by 100, and will erect a 10-storey building thereon, at a cost of $200,000 or thereabouts.

HE'S WELL KNOWN IN PORT HOPE

MR. CHAS. GILCHRIST DECLARES DODD'S KIDNEY PILLS CURED HIS DIABETES.

He Suffered for Ten Years and Could Get No Relief Till He Tried the Great Canadian Kidney Remedy.

Port Hope, Ont., March 4.—(Special.)—It has long been admitted that what will cure Diabetes, will cure any form of Kidney Disease, and Dodd's Kidney Pills have cured the long standing Diabetes of Charles Gilchrist of this place.

Mr. Gilchrist is easily one of the best known men in Port Hope. For fifteen years he was chief of police and for twenty-two years Fishery Overseer of the Dominion Government. When asked regarding his cure, he had no hesitation in saying it was caused by Dodd's Kidney Pills and nothing else.

"I had Diabetes and Kidney Disorder for ten years," he said. "My urine was like brickdust and I had a terrible backache. I tried doctors, tried everything, but could get no help till I was advised to try Dodd's Kidney Pills. I commenced taking them, soon began to get better and am quite well now.

"If I had not used Dodd's Kidney Pills I am sure I would have been in my grave."

Sound Kidneys take all impurities out of the blood. Dodd's Kidney Pills make sound kidneys. They are the greatest tonic of the age.

ON concert platform and in the home, wherever the world's best talent and men and women of culture gather, the

HEINTZMAN & CO. PIANO

is in the front. There is good reason for this undoubted supremacy. It is what is inside this piano that has made its reputation. Every detail of its construction receives thorough attention from expert workmen—every material used in its construction is the best—absolutely. That means a piano of permanent excellence in every particular in which a piano should excel.

—Used exclusively by Sir Alexander MacKenzie, Mus. Doc., LL.D., F.R.A.M., London, Eng., in his great Music Festivals throughout Canada.

YE OLD FIRME OF

HEINTZMAN & CO., LIMITED

115-117 King St. West, Toronto, Can.

ANXIOUS MOMENT.

Relations Between Lion and Bear Worth Considering Seriously.

London, March 4.—"We do not want to appear as alarmists, but we would be doin harm and not good if we tried to conceal the fact that the present situation in regard to foreign affairs is one of considerable anxiety," will say to-morrow's Spectator, in a long article on the effect of the Russo-Japanese war, on international relations, especially the relations between Russia and Great Britain. The Spectator says "the Russian feeling of resentment against Great Britain is steadily rising, the Russians being convinced that the British have been the chief cause of their difficulties, by encouraging the Japanese to go to war."

Without considering if there is any truth in this view, continues The Spectator, the important fact is that it is held by the Russian people, and that "public opinion is in such a state of excitement that war with Great Britain would be extremely popular."

Proceeding to explain why the military party should try to "escape the humiliation of a possible defeat by a small Asiatic power," The Spectator remarks:

"A great European war would obliterate all traces of the Japanese war. A popular war would cover up an unpopular one, and give the Russians an excuse to make peace with Japan, or withdraw from Japan's reach, and so staunch the bleeding in men and money in Manchuria."

Further, according to The Spectator, military men in Russia believe that "war against Great Britain would be conducted in company with Germany and France, and present no risks to Russia, as the brunt of the fighting would fall on France and Germany, whose colonies could be taken in the event of the British being victorious, while, as the Russian fleet has already gone, Great Britain could not inflict injury on Russia."

The Spectator proceeds to warn the press against giving Russia occasion for picking a quarrel, especially referring to the "aggressively anti-Russian tone of The Times and the impression of partisanship," which, it declares, "it is difficult to condone or even understand."

The Spectator concludes with urging the government to be vigilant and have its plans prepared for all emergencies, saying: "We must look the facts in the face and prepare to take the consequences of the Japanese alliance. One of those consequences was the active and bitter hostility of Russia and the opportunity afforded to the German Emperor to knock the heads of the European powers together and get something of advantage to his own nation."

PRIEST TOLD TO BURY MAN.

Oswego, March 4.—In consequence of the hesitation of Father Barryto celebrate the funeral rites of the Roman Catholic Church over the remains of William Mullin, a resident of this place, on the ground that he had been a member of the Fraternal Order of Eagles, a committee of the order called today on Bishop Ludden at Syracuse to request him to authoize the service. Bishop Ludden gave the committee a letter to Father Barry, in which he said that inasmuch as the deceased had received the last rites of the church he thought it was advisable to permit the customary service to be performed.

Uncle Sam Will Boss Cable.

Washington, March 4.—Discussion of state department questions occupying practically the entire time of the cabinet to-day. That the far eastern situation in some of its numerous phases affecting the United States was considered, is certain. The project of laying a cable line from Japan to the Island of Guam is under consideration by the United States government, but no action upon it has yet been determined. It is stated on trustworthy authority, however, that neither Japan nor any other foreign power will be allowed to lay the cable, now, or at any future time. Whenever a cble line is constructed between Guam and the mainland it will be under the authority and jurisdiction of the United States.

Demand Cut in Half.

Indianapolis, March 4.—After recess the sub-committee of the miners submitted what it said was an ultimatum, cutting the demand in half, and asking for a two-year scale at one-half of the 12 per cent. advance in wages given last year. This would make a reduction of 5 cents a ton from the present scale and a decrease of about 6 per cent. After several hours' consideration of the proposition, the full scale committee adjourned to-night to report to a joint conference which has been called to meet to-morrow.

Want Water Power Lease.

The department of crown lands has received an application for a lease of a valuable water power at Canal Rapids on the Magnetawan River, near Georgian Bay. The proposal is to build a large pulp mill and other industries. Mayor Johnston and Barrister Haight of Parry Sound are among the applicants.

Fairbanks Will Run.

Washington, March 4.—Senator Fairbanks has decided to become a candidate for vice-president, as second to President Roosevelt.

WHY THE CARS STOP.

Manager Keating explains the spasmodic running of the cars as due to the ice and snow interfering with the current, but more especially to poor coal, which the company is being forced to use. It will be two or three months yet before the new wmachinery is ready.

Mr. Keating gave emphatic denial to the story that the railway had contracted with a local firm for its machinery supplies, which the firm was unable to supply just now, and that no attempt to have the orders filled elsewhere could be made in view of the contract.

Spent $3000 in Search of Health

Mr. Robert Squires, Wealthy Manitoba Farmer, Tells the People of Eastern Canada How He Was

CURED OF LUNG TROUBLE

Mr. Robert Squires, a wealthy farmer of Shoal Lake, Manitoba, in a recent interview with a press representative, told a story that reads like a romance.

Mr. Squire is the owner of a thousand acres of fine farming lands, and is estimated to be worth thousands of dollars. He is engaged extensively in ranching and farming, and speaks eloquently of the prospects in the West. He is a splendid specimen of manhood, and the picture of robust health. "I was not always as strong and healthy as I am now. There was a time when life contained very little sunshine for me. I never expected to be the healthy fellow I am to-day. It was the decline state of my health that forced me in the first place to 'go west,' as the saying is. I sought new life upon the prairies of Manitoba, in the hope that change of climate would build up these lungs of mine, and set me on my feet again. There was a time in my life, and it's not long ago either, when all the doctors I could reach had a trial at making me well. My lung was so bad that it was an utter impossibility to lie on my right side, and I feared consumption would sooner or later claim me, as it has done scores of others. I prospered in my farming and ranching operations far beyond my fondest hopes, am the proud possessor of an even thousand acres of arable lands in the Northwest, have stock and implements of every kind. Yes, prosperity came to me. BUT NOT HEALTH. My lungs were constantly getting weaker, and I consulted the best medical men money could tempt, but to no purpose. OF ALL I POSSESSED I WOULD HAVE GIVEN EVERY DOLLAR to regain health.

"I have spent over THREE THOUSAND DOLLARS in my search for health, have traveled from the Atlantic to the Pacific, looking for a suitable climate. I came to the conclusion that climatic condition made no difference whatever in pulmonary or bronchial diseases. At the famous health resorts I found that consumptives died there just as anywhere else. I made up my mind to find a remedy at home, and if it did me good to stick to it. I think I have tried every one of the so-called cures for Consumption. The only one that has helped me and made life worth living is 'Psychine.' This was the last I tried, and a significant fact about Psychine is that it is not a 'cure-all.' It is not claimed to cure all the ills of humanity. I wish it had been the first. If I had been as sensible then as I am now, I would have been three thousand dollars ahead, and a good deal better in health. I have used quite a number of bottles of 'Psychine,' but, thank goodness, it has been money well spent, in fact, the cheapest doctoring in all my search for health. Yes, I will praise 'Psychine,' and I only wish that others who feel as I felt would try it. My lungs give me no trouble, and, as you see, I am strong and healthy, can do a good day's work, eat and sleep like a horse. I attribute my new found health to the use of 'Psychine,' and I want everyone to know there is a sure cure for lung troubles in the Dr. Slocum System of treatment."

The following letter from Mr. Speer (druggist), Shoal Lake, corroborates Mr. Squires.

Dr. Slocum, Limited, Toronto:

Gentlemen.—This is to certify that Robert Squires is wealthy farmer, of Shoal Lake, Man., has bought your 'Psychine' from me and received great benefit from its use.

W. H. SPEER, Druggist.
Shoal Lake, Man.

If you suffer from Pleurisy, Hemorrhages, Pneumonia, Catarrh of the Stomach, Indigestion, Bronchitis, Obstinate Coughing, Weak Voice, Difficult Breathing, Loss of Flesh, Fickle Appetite, Cold Hands and Feet, Chills, Depression of Spirits, Procure Psychine without delay.

PSYCHINE is pronounced SI-KEEN

For sale at all drug stores in two sizes, but if you have never tried it call for a sample at Dr. T. A. Slocum, Limited, 179 King-street west, Toronto. If out of town, kindly write for sample.

W.A. Murray & Co. Limited

STORE OPENS DAILY AT 8.30 A. M.

DUFFERIN COUNTY OLD BOYS'

Fifth Annual Banquet Had Several Distinguished Visitors.

The fifth annual banquet and at home of the Dufferin County Old Boys' Association was held in the Temple assembly room last night, about 275 members sitting down to dinner.

The toasts of "Canada" and "Dufferin County—the Old Home," were honored and responded to by visiting guests.

Mrs. T. Emerson Reid rendered a very acceptable solo, "Down on the Farm," and Master Harvey Caban gave a splendid violin solo. A dance followed, and the evening was spent very enjoyably.

The municipality of Orangeville was well represented, as his worship the mayor, Marshall Green, and wife, Councillor J. H. Hughes and wife, Councillors B. McGuire and R. R. Henry and J. N. Fish and Dr. Barr, M.L.A., were present.

Rail Mills for New Ontario.

A new steel rail mill in New Ontario is a possibility. Dan O'Connor of Sudbury and T. B. Caldwell of Lanark were at the Parliament Buildings yesterday, and gave out the information that they are interested in mines along Lake Timagami, about 95 miles north of North Bay, on the line of the Temiskaming Railway. Mr. O'Connor said that if the electric smelting process is a success it is reasonable that within three years rolling mills would be established. The ore was a high-grade Bessemer, and there are valuable water powers on the Montreal River close by.

Big Cut of Timber.

A. Margach, crown lands agent at Rat Portage, who is in the city, estimates that the cut of timber in the Lake of the Woods district will be one-third larger than last year. The amount of lumber cut in the Rat Portage and Keewatin mills will be about 100,000,000 feet, and at Rainy River 20,000,000.

ALMOST EVERY WOMAN

Is inclined to habitual constipation and should use Dr. Hamilton's Pills of Mandrake and Butternut, which cleanse the system and regulate the stomach and bowels. For mild and sure relief, use only Dr. Hamilton's Pills. Price 25c.

Programs have been issued for the Welsman piano recital in Association Hall, on Tuesday evening, March 15. Mr. Welsman is already a well-known and popular artist. The recital will also introduce J. J. Goulet, violinist, of Montreal, who has been most favorably spoken of. The plan will open at Mason & Risch's warerooms on Wednesday morning next.

Try our mixed wood—special price for one week. Telephone Main 131 or 132. P. Burns and Co. ed

Court Rouille, No. 674 of the I.O.F., entertained a numerous party of friends in Forum Hall last night with a progressive euchre party, followed by a pleasing musical program and refreshments.

LIQUOR and TOBACCO HABITS.

A. McTAGGART, M.D., C.M., 75 Yonge Street, Toronto.

References as to Dr. McTaggart's professional standing and personal integrity permitted by:
