WOMEN IN BATTLE AGAINST INFLUENZA DOING GRAND WORK

Volunteer Auxiliary Relieving Situation to Large Extent.

MORE HELP IS NEEDED

Some Must Come Forward To Do House Work in Homes.

The local branch of the "Ontario Emergency Volunteer Auxiliary" is already in action throughout the city, relieving the influenza situation to a remarkable degree. Many women and girls have already donned the blue sleeve badge bearing the letters S.O.S., but the situation is so serious that very many more are needed. The call goes out to all the well women of London to enlist in this army of volunteer nurses, just as the call came to the men four years ago to join the Allied army and drive back the Hun. This influenza epidemic must be considered in the light of a dangerous enemy, which with unrelenting certainty, will sweep through the entire city, carrying in its wake a train of funerals, if those who are able will not arise to the emergency and fight. The trained nurses in the city are many of them ill from overwork, and the doctors are at the breaking point. This is time of greatest danger, when the skilled medical men and women will succumb to the disease if they are not relieved. Yesterday one doctor had to kindle fires in as many as five homes where he had patients.

Helpers Needed Urgently.

Who in the city are willing to belong to the great army of women, who, as it were, are fighting on the second line? Are they not as worthy of name women as are their English sisters, who have been doing so much throughout the course of this war? And where plenty of rest, good food and fresh air are obtainable, these workers will be able to keep from taking the influenza. It is only when the nurses and doctors are overtaxed that they cannot keep well. It is numbers that are needed. Although already many of the most prominent women in the city are working as nurses in private houses, many of them are running from one house to another, so many are the needful cases.

Already this morning twelve homes are calling for someone to help, which help cannot be supplied unless there are more volunteers. Mrs. J. B. McKillop and Miss Ferguson, in the headquarters on Richmond street (phone 6256), have been busy all morning working on this matter of supplying nurses, as well as Miss Fidlar of the public health department. Last night Mrs. McKillop received calls for nurses until 2 o'clock, and this morning she made a visit to the board of health, health institute and the Alexandra School, where the different branches of her work are to be carried on.

May Import Help.

At the meeting of the board of health, Mrs. McKillop suggested that if helpers in sufficient numbers could not be obtained in London, she be given the privilege of calling some of the Lord Kitchener division girls from Strathroy, which town has not as yet been invaded by the epidemic. The board promised to consider this favorably if the situation made it necessary. The board was also asked if it would assume the liability of printing in the local papers, the health lecture delivered in Toronto, and later published in the Toronto papers, which gave practical advice on the prevention of influenza, and how to care for patients afflicted with the disease. This matter was left over for consideration. Mrs. McKillop urged the advisability of printing these lectures, as many women in the city had expressed their willingness to volunteer, if they only knew something about the disease.

Providing the Food.

At the Alexandra school the domestic kitchen is in full operation under the supervision of Miss Isabel Craig, and this morning six or seven families have been supplied with a light diet, consisting of custards, jellies, soups, etc. Those families able to pay for this food will do so through Miss Craig, who will hand the money over to the board of health fund.

The citizens of London have been most generous in their donations of food, and already the following donations have been made: Mrs. George Brown, 2 dozen eggs; Mrs. Baker, 3 dozen eggs; Ed Adams, 1 dozen jelly powders; Elliott & Marr, 2 dozen jelly powders; A. M. Smith, 2 dozen jelly powders; E. X. L. Spice Mills, 2 dozen jelly powders, 1 dozen packages tapioca, 1 pound nutmegs and 1 16-ounce bottle vanilla; Mrs. Moore, 5 quarts milk; Mrs. Yarker, 6 jelly powders; McClary Manufacturing Company, 2 dozen bowls and large kettles; Mrs. T. H. Carling, 2 dozen eggs; Mrs. Mortimer, electric toaster, 4 pounds granulated sugar, 2 glasses jelly; Mrs. Footit, 7 jars jelly; Mrs. V. Cronyn, 1 chicken and ½-dozen eggs. All the wholesale grocers mentioned and the McClary Manufacturing Company expressed their willingness to donate anything else needed.

The motor car corps, under the supervision of Mrs. Allan McLean, was on the job early this morning, conveying food to many homes and rounding up that required at the Alexandra school. These girls and women will wear the S. O. S. badges on their sleeves, and an S. O. S. sign will be placed on the windshields of their cars. All citizens running cars are requested to pick up any of these girls wearing S. O. S. badges and carry them to their destination, as time is a great factor in many cases.

The Women Teachers' Guild has established a headquarters in the Alexandra school, with Miss Yeates in charge, and already several of their number have been placed. Those needed at Victoria Hospital for housemaids' work are already on duty.

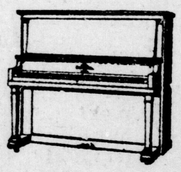
INFLUENZA EPIDEMIC SUBSIDING IN QUEBEC

Death Rate in Province Shows a Decided Decrease.

Quebec, Oct. 17.—The situation with regard to the epidemic of influenza is showing considerable improvement. The death rate seems to be lower than on previous dates.

Music In the Home Adds Pleasure---

It's to your own interest to remain indoors—more today than usual. Outdoor amusements are cancelled.



PROVIDE YOUR OWN PROGRAM.

We will appreciate the opportunity of showing you the advantages of a Victrola or Piano in your home.

You may enjoy music of the world's best musicians.

Let us talk it over and tell you of easy plans of payment.

Square Pianos as low as $35. Upright Pianos from $75 and up.

HEINTZMAN & CO.

242 DUNDAS STREET, LONDON, ONT.

LOCAL NEWS

A. WILKEN KILLED.—Official casualty lists today carry the name of A. Wilken, No. 1045832, as having been killed in action.

CLEARINGS DECREASE.—The bank clearings for last week have decreased $14,332 from the corresponding week last year. The figures for 1918 are $2,267,237, and for last year $2,281,569.

JOIN HOSPITAL STAFF.—Capts. C. M. Stafford of Detroit and J. H. Sowerby, Kansas City, have been taken on the hospital staff at the barracks. They arrived this morning from the United States.

DOOR TORN OFF.—As the ladder wagon was leaving the central fire hall yesterday in response to a call it got in too big a hurry, and as a result one of the large doors came to grief, being struck by the hub of the wagon and torn completely of its hinges.

SMALL BLAZE.—Fire, which caused about $25 damage, was discovered in an old shed at the rear of the Y. M. C. A. early this morning. The fire department was called by the patrolman on the beat and succeeded in checking the blaze before much damage was done. It made a spectacular blaze for a while.

PTE. TAYLOR MISSING.—Mrs. William Taylor, 84 High street, has received word from Ottawa that her son, Pte. Leroy Taylor, has been missing since September 27. Pte. Taylor was attached to the Canadian Infantry Battalion. He left Canada with a Toronto regiment. Previous to enlisting he was employed as a railroad man.

PTE. COATES WOUNDED.—Pte. Vernon Coates of the infantry, was admitted to No. 7 Canadian General Hospital, Letreport, on October 2, suffering from gunshot wound in the left arm. He has been in France less than two weeks and left London in April of this year. Word was received of his wounding by his mother, Mrs. J. H. Coates, 103 Byron avenue.

TWO VOLUNTEERS.— Only two volunteers were attested at the local mobilization centre yesterday, both of them coming from Detroit. Two men surrendered under the M. S. A. ruling. The volunteers are: J. D'Angelo, born in Italy, was sent to the W.O.R. and M. D'Angelo was sent to the C. E. as an A-2 man.

DANGEROUSLY WOUNDED.—Mrs. Hugh Thurlow, 500 Adelaide street, received word that her brother, Lieut. Hugh Milford Thayer, was dangerously wounded. Lieut. Thayer enlisted in the first contingent as a private. He won his commission in the fields of France. Prior to enlisting he was employed at the Ashplant shoe store in this city.

GRAND DAYS FOR TAXIS.—It's an ill wind that blows nobody good. If you don't believe it, ask the taxicab driver. Through folk being leery of using the street cars, and because of limits placed on the number who may use them, many citizens who are poor walkers or are in a hurry have taken to taxicabbing, just like they do in New York and "Lunnon."

NEARLY SWEPT THE BOARD.—The Smith Brothers won many prizes with their White Wyandottes at the London Poultry and Pet Stock Show. Two firsts, two seconds, two thirds, four fourths and one fifth, were won in the largest class ever seen in London. They also took the C. S. Hyman cup, the John Marshall cup and the Canadian White Wyandotte cup.

PTE. CARFRAE WOUNDED.—Mrs. Annie Carfrae, 103 Briscoe street, received word yesterday that her son, Pte. William Roy Carfrae, is reported admitted to a casualty clearing station with gunshot wound in the thigh. Pte. Carfrae enlisted with the cycle corps a year ago last June. Prior to enlisting he was a teamster for John Labatt & Co.

ARTICLES FOUND BY ADVERTISER.—"Yes," said Harry Tull, "you have a fine paper, and the advertisement published in the morning papers on Tuesday brought a reply from an Advertiser subscriber, of my lost tire, lamp and license. It was noticed by one of your subscribers, and today I have had my automobile articles returned."

MASONS CANCEL MEETING.—Thomas Rowe received a telegram this morning from W. H. Ballard of Hamilton, secretary of the supreme council of the 33rd degree of Scottish Rite Masons, which stated that the meeting of the supreme council, to be held in St. John, N.B., on the 23rd of this month, had been cancelled. The epidemic of Spanish influenza is responsible for this important meeting being cancelled.

PTE. BARNEY WOUNDED.—Mrs. Sarah Barney, 30 Byron avenue, received official word that her son, Pte. Edward Samuel Barney, was admitted to No. 20 General Hospital, Dannes Camiers, on October 3, with gunshot wound in his left foot. Pte. Barney went away with the first contingent. This was his first wound, although he was returned to England twice through illness, the first time for eight months and the second for six months. Pte. Barney has crossed the channel three times into France.

LARGE MOUNTED TROUT. — A magnificent mounted specimen of a speckled trout is exhibited in W. A. Brock's window. This mounted speckled trout was caught by Jos. Bouchard on a Parmachene Belle Fly No. 4 hook in the Nipigon River, and its weight shortly after being caught was 8 pounds 2 ounces. According to Mr. Brock this is the largest speckled trout ever caught in Canadian waters. It has been presented by Mr. Bouchard to Sir Adam Beck. It is uniquely mounted with a birch bark background, with bark molding. The specimen was mounted by the Indians, who still adhere to their old method of mounting the skins of fish. Many anglers have already looked at the specimen, and are somewhat envious of what can be caught in the northern waters of Ontario.

HAZEL-ROSE

A distinctive application to soften, soothe and smoothe the skin.

Appreciated by men after shaving. 25 cents.

SCRAP IRON CARGO HIDING PLACE FOR SHIPMENT OF BOOZE

"Whiskey, whiskey, everywhere, nor any drop to drink" is the burden of a refrain sung at the police station last night, when Detectives Robert Egleton and Harry Downs rolled in with a 43-gallon barrel of old rye whiskey, flanked by 15 extra large cases of gin and whiskey, assorted. It was some haul.

According to Inspector J. E. Keenleyside the car No. 108830, was consigned to Beattie Bros., of this city. Where it was billed from has not yet been ascertained.

Had the detectives not been out on a hunt for a stolen auto it is probable that the consignees would have got away with the whole cargo. As it was their suspicions were aroused on seeing a couple of men in the distance removing boxes from an open car. However by the time they arrived for a "close-up" men and cases had vanished and like the Arabs, had silently stolen away.

Detective Down stated this afternoon that there had been no new developments in the case, although like every other police officer he had "hopes."

DEATHS AND FUNERALS

DEATH OF A. F. MACFIE.

The death occurred on Wednesday afternoon at his home, 152 Briscoe street, of Alexander F. Macfie, in his 25th year, from Spanish influenza. The funeral will be held from the family residence on Friday morning at 8:30, Requiem high mass will be sung at St. Martin's Church. Interment will be made in St. Peter's Cemetery.

Alexander Macfie was the son of Mr. and Mrs. Roderick Macfie. He is survived by five sisters and four brothers.

FUNERAL OF MRS. HENRY.

The funeral was held this morning of Mrs. Sarah Henry, who died on Monday at her home, 61 Regina street. Requiem high mass was sung at St. Peter's Cathedral by Rev. Father Hanlon, Rev. Father Brennan as deacon and Rev. Father Brisson as sub-deacon. Revs. Father McKeon and Father Hanlon conducted the services at the grave. The pallbearers were six grandsons, Wilfred Henry, Gerald Henry, Edward Henry, Francis Henry, Philip Mohan and Lewis Mohan.

FUNERAL OF HUSBAND AND WIFE

The funeral of Mr. and Mrs. John Lewis, who died of Spanish influenza within three days of each other, was held this afternoon to Mount Pleasant Cemetery. The services were conducted by Rev. A. C. Bingham of the Egerton Street Baptist Church. The pallbearers were E. Leah, E. Shaw, O. Olson, W. Campbell, O. Conley, J. Francis, F. Bailey, W. Lewis, N. Yates, S. Wonch, G. Rawlings and C. Niles.

WEDNESDAY HAS RECORD; WORST DAY YET KNOWN FOR INFLUENZA

Doctors Tired Out and Cracking Under the Strain on Them.

NEW CASES NUMBER 74

And These Only Include the Ones Reported Up To Noon.

Wednesday was the worst day in the history of the Spanish influenza epidemic outbreak in London. Some of the doctors were called out as early as 6 o'clock in the morning and at midnight they were still going. One of these, after 18 hours of steady rush, was obliged to drop into bed at midnight with five patients still unvisited. It is not surprising that the physicians are beginning to crack under the strain, though, as yet, they have themselves escaped the epidemic in a remarkable manner.

The duties of both doctors and nurses in these days of special circumstances cannot be gauged by any former prevailing standards. One of the city's most prominent physicians Wednesday went into five homes where all the members of the family were sick in bed. He took pulses and temperature, looked at tongues, sounded lungs, then he built a fire in each of the houses before he left. Nurses are needed imperatively, and all volunteers to nurse or do general work to help out the situation are requested to register at the board of health office, Institute of Public Health, Ottaway avenue. Telephone 4816.

It is urged that everyone refrain from calling doctors during the night, except where it is absolutely necessary, as such calls may occasion a serious breakdown in medical service in the city.

Teachers Assisting.

Half a dozen times as many demands for nurses and helpers were made today at this registration bureau as there were nurses registered to look after cases. The office will be open for registration day and night.

The Woman Teachers' Guild, it was stated today at a meeting of the board of health at 11:30 o'clock, is organizing itself into a brigade to do general work. The point was impressed that all the members of this brigade are expected to register at the Institute of Public Health, in order that they may be called upon from there.

Many New Cases.

Seventy-four new cases of influenza were reported this forenoon to the Institute of Public Health, only a fraction of those which have developed. Special arrangements have been made with the manager of the Bell Telephone Company to have the line, 4816, left open between 1 and 3 o'clock each day, in order to afford opportunity to telephone all its doctors during their office hours for reports on their cases.

Today this new plan was inaugurated and for the first time a definite idea has been obtained of the number of cases in London.

The lid is being clamped down tighter and tighter in the city to prevent as far as possible the spread of the disease. The latest order of the board of health is to the effect that all funerals must be private during the continuance of the epidemic. The regulations re public assemblies is interpreted today by the board of health to mean all churches and all church gatherings.

Meetings Postponed.

Next Sunday has been set apart as Children's Day in the Church of England in Canada. Owing to the board of health order it is necessary to postpone these services locally, and also to withdraw for the present the deanery meeting and Sunday school convention of the East Middlesex deanery arranged for Monday and Tuesday.

A further proclamation is being made by the board of health as a result of today's meeting, namely, that people are urged to keep their children within the precincts of their dwellings during the epidemic.

The question of suspending the bylaw re the early closing of drug stores was brought up today, but no action taken.

One more death from influenza was reported to the board of health last night, that of a man named A. Macfie, on Briscoe street.

Is Building Suitable?

The question was raised at the board of health meeting of the suitability of the quarters at 404 Talbot street for the emergency hospital which is being conducted by No. 4 Nursing Division. The opinion of the board was that the building was unsuitable, opening upon a main street, with the street cars passing on one side and market wagons and automobiles and conveyances on the other. Again, the number of cases taken in have resulted in congestion, which is regarded as inadvisable.

Hearty appreciation was expressed of the services being rendered by the division under the superintendent, Mrs. J. P. Thomson, but it was considered advisable to request that no more patients taken in. The discharge of patients there at present will gradually relieve the situation.

Conditions are more favorable today at Victoria Hospital. No new cases have developed among the nurses, practically all of whom are doing well, as are the other patients. On death occurred during the night, that of Israel Wilensky of 469 Grey street, a young man of just 26 years.

NINE DIE AT BRANTFORD.

Brantford, Oct. 17.—Nine deaths over night was the record of the Spanish influenza outbreak today. There is no sign of abatement of the plague. In one local factory working on war orders masks have been supplied to the workers. Dr. Norman Bragg, the new M. O. H., took charge today, and the emergency hospital board of management also took over the building, which is working splendidly to cope with the great crisis. One of the deaths recorded over night was that of James Duncan, a noted lacrosse player, some years ago, and a veteran of Flanders, where he was badly shot up, being returned home badly injured. His physique was not strong and the influenza readily claimed him as a victim.

CITY HAS PAID OUT $148,655 PREMIUMS ON SOLDIER POLICIES

One hundred and fifty-seven claims, representing $111,500, have been presented to the insurance companies by relatives of dead London soldiers, for which the city has paid premiums, according to a report of City Treasurer James S. Bell, which will be presented at a meeting of the soldiers' grants committee on Friday morning. The city has paid out in premiums to insurance companies for soldiers' insurance since the beginning of the war $148,655.40. It is thought that about 150 claims have been presented against the civic insurance by soldiers' relatives, but Mr. Bell has not finished with this phase of the situation.

MOST OPTIMISTIC EXPECTATIONS ARE EASILY SURPASSED

Nearly 500 New Members for Board of Trade.

Surpassing the expectations of the most optimistic member the London Board of Trade Expansion drive has already more than doubled the membership of the old organization.

"Four hundred and sixty-three" was announced as the membership at the luncheon held in the Tecumseh House today. With one team not reporting, names brought in today exceeded the number brought in yesterday. All the teams are confident that tomorrow's list will be much in excess of today's tally. There is no doubt in the mind of any person connected with the drive as to the objective of 800 members being reached before the campaign ends.

One Team in Lead.

Captain T. B. Parkinson's team bagged the most today, reporting twenty-five. The campaign committee reported thirty, but the next highest number reported by any one team was brought in by E. V. Buchanan and Frank McCormick, who, with their teams, signed up fifteen members each. A. A. Langford, with his men, came next with fourteen new members. Captain Parkinson also heads the list of teams in the totals, with 43 members to his credit in this drive.

Opportunities.

What a board of trade can do and some opportunities and responsibilities which face the businessmen of today, were the phases of the subject which Russell T. Kelly, president of the Hamilton Board of Trade, discussed in the speech of the day. The need of hotel accommodation, proper transportation facilities, and a closer communion between the businessman of the city and the businessman of the country, or the farmer, were the three things which he thought could be taken up and disposed of by the board of trade. That London, if it is to be a city of 100,000 population in a few years, will need new hotel accommodation he had no doubt.

Settle Soldiers.

Citing what had been accomplished by the Hamilton Board of Trade, he assured his hearers that the London Board of Trade could do as well. As a means of drawing the farmers and the city businessman together he advocated the formation of an agricultural section of the board of trade. Touching on some of the opportunities and responsibilities, he urged those present to use their influence to the end that the returned soldiers who wish to go on land could be placed on some of the unoccupied lands of this section of Ontario. This would be better in sending them to the north-lying districts of the northern part of the province.

New Additions.

Following are the membership to date, with the names of the team captains:

	Previous.	Today.	Total.
A. A. Langford	23	14	37

FUNERAL OF CHARLES IRONSIDE.

The funeral of Charles William Ironside, son of Mr. and Mrs. Alexander Ironside of Denfield, was held at 2:30 o'clock today to Mount Pleasant Cemetery. Rev. Dr. D. L. McCrae conducted the services. Charles Ironside was a third-year medical student at the Western University. He died in Victoria Hospital on Tuesday from Spanish influenza. He is survived by his parents, two brothers and three sisters. The pallbearers were Sergt. Wallace, Pte. G. Duffin, Pte. L. McInnes, J. McGeoch, W. Callvin.
