They Used To Strap On Spectacles!

Old pictures and collections show grotesque shapes in early spectacles.

In the earliest styles the lenses were round, very large and fastened in a rind of black horn half an inch wide.

They were strapped on with a leather thong over the nose and another about the head. Small wonder wearers of spectacles were ridiculed in those days. Obviously, the adjustment could not have been very good. Such crudeness makes those shudder who appreciate the scientific necessity of delicate, accurate adjustment, as practiced at

UTILITIES ACCEPTS APOLOGY REGARDING SUNDAY CAR FARES

Street Railway Admits Right of Commission Re Approval of Rates.

WATER DISCUSSED

Mitchell Wants Additional Catch Basin Below Springbank—Komoka Eventually.

Springbank fares were discussed at some length by the public utilities commission Wednesday afternoon, but the Street Railway Company, having written admitting the right of the commission to approve of disapprove of the fares charged on the line which runs through parks property, the commission decided to accept the company's apology for not notifying the commission before the Sunday fares were raised.

The parks commission recommended that the request of the Woodmen of the World to erect a memorial monument in Victoria Park be granted, and that the German guns received in London as war trophies be placed in Victoria Park, Queen's Park, and on the Hamilton road.

Commissioner Mitchell objected to the guns being pointed upwards from the Federal Square at the utilities building. Their noses ought to be pointed downward expressive of their defeat, he said.

The playgrounds committee reported 332 children registering at the three public playgrounds. The taking over of the old Hunt's mill property at $15,000 in three payments was approved.

Water Tests.

Tests of the north branch river water were reported upon. Impurities had been found, but these would be thoroughly destroyed and the water purified completely by chlorination, it was explained.

Commissioner Vining moved that protecting walls and gutters be built on the upper sides of all collecting ponds to prevent surface water running into the city reservoirs.

Commissioner Mitchell objected to the experimental drilling of any more wells in different parts of the city. He would go down the river below Springbank and build additional catch basins. Kilworth and Komoka springs as sources of water supply were discussed.

Commissioner McFarland said that eventually London would have to go to Komoka for its water. Commissioner Mitchell thought in the meantime large additional sources of water could be found just beyond Springbank.

General Manager Buchanan promised reports at an early date on a number of springs near the city from which an additional million gallons could probably be obtained.

John Putherbough will be engaged as general supervisor of the construction work in building the cement walls for the new Springbank reservoir. Mr. Putherbough will provide, at cost, the city with his own equipment and his own construction staff of experienced cement workers. The commissioner decided that this would be a safer plan than to engage men of unknown experience.

STREET CAR REPORT GIVEN COMMITTEE

Net Income For Two Weeks in June Is $305.96.

Operation of the street railway by the Ontario Railway and Municipal Board from June 16 to June 30 resulted in a net income of $305.96. This will be divided among the employees who are receiving a wage of 48 cents an hour. The report was presented to No. 1 committee of the city council Wednesday afternoon. No comment was made on it, and it was filed in the records.

The report stated that the number of car miles during the period was 75,122. The gross earnings were 29.37 cents per car mile, or $22,062.01. Less operating expenses of 24.93 cents a car mile, or $18,727.53, this left net earnings of 4.44 cents a mile, or $3,334.48. Deducted from net earnings was interest on bonds, $1,091.05; interest on loan, $62.47; taxes, $375; bond redemption, $1,500; total, $3,028.52, equal to 4.03 cents a mile. The percentage of operating expenses to gross revenue was 84.89.

VERY HEAVY EXPORTS OF SUGAR CONTINUE

Sarnia Customs Officials Refuse To Disclose Figures At That Port.

SARNIA, July 28.—Customs officials in charge of exports at Sarnia refused tonight to give out the figures of sugar shipments across the border here. "That's government property," was the only comment, but from another source it was learned that large shipments are being sent into the United States from this port.

Word was received here tonight that during the week ending July 17, following the lifting of the embargo, approximately 290 tons of sugar were shipped across the border at Windsor, while at a later date one day's shipment totalled 525 tons. The shippers, it is said, are large refineries, although one shipment of 60,000 pounds was exported by a Toronto wholesaler.

NOVA SCOTIA VOTE CAUSES GLOOM IN CAMP OF MEIGHEN

Government Leader Fears For His Supporters in the Maritime Provinces.

[Special To The Advertiser.]

OTTAWA, July 28.—While the return of Hon. George Murray to the premiership of Nova Scotia was not unexpected here, the almost complete annihilation of the Conservative pary has caused some gloom in the Government circles at the capital. The Liberal party has been in power in Nova Scotia since 1881, and Premier Murray commences his 26th year as first minister of the province.

Probably the most disquieting feature of the election from the Government viewpoint here is the return of two Farmer candidates in Colchester county, where Hon. F. B. McCurdy will be opposed and under the circumstances he is due for a stiff fight, if not actually faced with defeat.

Colchester contains a heavy railway vote, there being about 2,000 railway employees at Truro, the divisional point. In addition, there is a fairly heavy farmer vote. The fight in Colchester was between two straight Conservatives and two Farmers. Liberal, Labor and Farmers must have pooled their votes. It is now stated that Mr. McCurdy will be opposed by Mr. Dixon, a Conservative-Farmer.

Fortunes of Party.

The fortunes of the Conservative party in Nova Scotia have never been worse than they are today. In 1897 they elected three candidates; in 1901 they elected two; in 1906 they returned five; in 1911 eleven were elected; in 1916 thirteen were returned; in 1920 there is one solitary survivor. Halifax, Sir Robert Borden's former seat, went solidly Liberal yesterday, a fact of particular significance to the Government here. In Kings county, Sir Robert's present seat, two Liberals were elected, one Liberal gain. The seat of Hon. E. K. Spinney, minister without portfolio, returned a Liberal and a Conservative-Farmer candidate.

Labor, as was to be expected, swept Cape Breton county. The heavy mining population was responsible. The Conservatives here lost three seats and the Liberals one. In Digby and Annapolis the seat of A. L. Davidson, chief Nova Scotia whip in the Liberal Government ranks, two Liberals were elected by heavy majorities.

Of Immediate Interest.

The result in Colchester, however, is of most immediate interest to the Government here. Hon. McCurdy has been counted upon to win his seat without much trouble, but Colchester, which in the last provincial election returned two Conservatives, yesterday elected two Farmers. From the Liberal viewpoint the chief surprise was the defeat of Col. Ralston, prospective successor to Premier Murray, in Cumberland county. In this seat which is represented in the Federal House by Mr. Speaker Rhodes, Farmer and Labor triumphed. The election is full of Federal significance.

At The Theaters

MABEL NORMAND IN "SLIM PRINCESS," AT ALLEN, IS RIOT OF HILARITY.

Fat girls and thin girls is the all-absorbing question in the beautiful little city of Morovania. Much do the men of Morovania admire the large proportions of stout women, but their ruler is accursed with a slim and beautifully modeled daughter, known among the inhabitants of the city and spoken of with awe as the "Slim Princess." Much is she hated by the young men, and great is her sorrow that she, the older sister, is unmarried on account of her small avoirdupois. This is the situation in Mabel Normand's hilarious comedy romance "The Slim Princess," which is showing at the Allen today, tomorrow and Saturday.

The overture is a composition especially written for the picture entitled "The Slim Princess" and among the extra film attractions will be a big two-reel Sunshine comedy, the always interesting Allen News and beautiful scenics—all in the lovely cool comfortable Allen.

PORT STANLEY BEACH MOVIES.

Mae Murray is going to give lessons on "The A. B. C. of Love" at Port Stanley tonight, and from all accounts the lessons are extremely interesting. The object of the lesson is an orphan girl who possesses nothing in the world but beauty and innocence. Left to his care, Harry Bryant marries her. Bryant is a playwright who has once successfully eluded the wiles of one Diana Nelson, a charmer if ever there was one. Diana is an actress, and all her best acting is not necessarily done before the footlights, as poor little Kate learns when she finds her husband slipping from her—a disaster her intuition warned her of when they went to the city and she would have to match her untrained wits, her lack of social training and her ignorance of even reading and writing, with such hothouse, worldly creatures as Diana.

"The A. B. C. of Love" is one of those frolicsome pictures that puts springtime into your blood.

A funny comic and Pathe News feature the program.

AT LOEW'S.

Think of having your sweetheart call on you at a fish emporium and introducing the boisterous proprietress as your mother! Yet that is exactly what the heroine of one of the latest photoplays does, producing complications of a highly humorous nature. Mary Miles Minter, the captivating Realartist, is the heroine, and the play is "Nurse Marjorie," by Israel Zangwill. It will be the attraction at Loew's for the balance of the week. A fine bill of vaudeville, a new comic and the popular Loew Pictorial completes the bill. b

PATRICIA.

The big outdoors is the background for the newest story in which Frank Mayo is starred, "The Red Lane," announced for today, Friday and Saturday, at the Patricia Theatre. It is the work of Holman Day, whose tales of the Maine north woods have thrilled the readers of the printed page as well as the patrons of the drama. It is directed by Lynn Reynolds, who has established himself as a master of open-air photoplays by producing such masterpieces as "The Brute Breaker, "Overland Red" and "Bullet Proof."

Its scenes are laid on the Canadian border, where the smugglers carry on their nefarious traffic and look upon the law and order as their natural enemy.

CARS DEFACED.

A number of persons have been defacing the London and Port Stanley cars by scratching names on the enamel. Chief Constable Edward J. Dawson has been instructed to take all names that he found scratched on the cars, and already has a list. He has located the addresses of those believed guilty parties and within a few days they will be summoned before Squire Frank Hunt at St. Thomas. There is a heavy penalty attached to this offence, and it is thought that the action taken by the police will prevent a recurrence of the trouble.

EXPRESSES HOPE MORAL LAPSE OF U. S. TEMPORARY

Press Union Chairman Refers To Indifference of United States.

DELAY PEACE CONDITIONS

Says If U. S. Had Co-operated Warring Factions Would Be Silenced.

HALIFAX, N. S., July 28.—Outlining the problems facing the English-speaking countries of the world, in view of the world-wide unrest, and urging the necessity for co-operation between all British countries to meet these problems, Mr. Robert Donald, chairman of the Empire Press Union, addressed a large gathering of publishers and citizens of Halifax and district today on the occasion of a civic luncheon tendered the delegates to the Imperial Press Conference at Halifax.

The indifference of the United States to the work of the League of Nations was dwelt upon in the speech, and Mr. Donald was sure that if the United States had continued its co-operation with other English-speaking countries when the war ended the warring factions which are delaying the return to normal conditions in Europe and indirectly in the whole world would have been reconciled to peace or silenced in its dissensions.

Mr. Donald expressed the hope that the "moral lapse" of the United States and President Wilson would be temporary and that the United States would yet consent to assume some of the responsibilities revolving upon it through its "triumphant entry" into the war. Viscount Burnham was the chief speaker on behalf of the overseas delegates in acknowledging the formal welcome given the conference in the executive chamber of the Provincial Parliament by Lieutenant-Governor Grant. Lord Burnham reiterated that the purpose of the visitors, beyond the objects of the press conference as they affect the world of publishers, was to see Canada and learn more of her problems and her people.

The keynote of empire unity on a basis of equal nationhood featured all the speeches of the delegates, several of the Dominion delegates speaking briefly and formally in acknowledgment of the big welcome which has been given the publishers from every part of Canada.

The afternoon was spent in informal social functions. Tonight the party inspected the harbor by moonlight. Tomorrow Wolfville, N. S., Grand Pre and Grand Valley will be visited en route to St. John, N. B.

KNOWS NOTHING OF ORDER RELATIVE TO GAS SUPPLY

General Manager of Gas Company Tells Press in Interview.

CHATHAM, July 28.—(Special to The Advertiser.)—When interviewed by a representative of the press this afternoon, F. W. James, general manager of the Union Natural Gas Company, said that he knew nothing of the order issued by the minister of mines other than that which he had read in the morning papers.

ANTIGONISH ELECTS LIBERAL AND FARMER

ANTIGONISH, N. S., July 28.—Complete returns show that Hon. William Chisholm, Liberal, and A. L. McGillivray, Farmer, were elected for Antigonish County.

BOOTLEGGERS MAKE BIG HAUL GRAIN ALCOHOL

Shipment Valued At $48,600 Mysteriously Disappears En Route From Distillery.

65 PER CENT OVERPROOF

Sufficient Material To Make 4,860 Quarts of Joy Water.

WINDSOR, July 28.—Bootleggers, whose identity remains a mystery, are richer today to the extent of approximately $48,600, current market value of a big shipment of 65 barrels of grain alcohol, shipped from Hiram Walker's distillery, Walkerville, to Heinz Canning Company, Leamington, and stolen in transit. Little hope is entertained for its recovery.

The missing barrels averaged 43 standard imperial gallons each, the contents being 65 per cent overproof, an equivalent of 70 proof gallons or material for 4,860 quarts of whiskey, which is selling here at the rate of $10 a quart, officials of company figure.

CHATHAM C. OF C. FAVORS LIGHTS FOR HORSE VEHICLES

Petty Thieving At Erie Beach Reported To County Authorities.

CHATHAM, July 28.—It was stated today that merchants on King street will oppose the removal of the car tracks of the Chatham, Wallaceburg and Lake Erie Electric Inter-Urban Line. It has been claimed that the present condition of the railway tracks in places on the main street interfere to considerables extent with motor traffic. The resurfacing of King street will be commenced within a few weeks.

The directors of the Chamber of Commerce at their regular session on Monday last urged the Government to consider legislation which would provide for lights on all horse-drawn vehicles.

Several cases of petty thieving at Erie Beach Amusement Park have been reported. Articles of wearing apparel and tools were stolen from some cars parked near the dancing pavilion, and a bold attempt was made to detach a spare tire from a touring car. The appearance of the owners frightened the would-be thieves away.

MAN WHO RAN AMUCK AT WINDSOR SENT TO KINGSTON

WINDSOR, July 28.—Although it was urged in defence that Robert Williams, colored of Jacksonville, Florida, was the victim of gangsters, led by a notorious race track follower and bootlegger named Bosco, who has since disappeared, Magistrate Miers today sentenced the southerner to two years in Kingston penitentiary for running amuck recently at the Windsor Jockey Club, following a drunken brawl in the stables, and for deliberately firing a fusillade of bullets from his revolver at county constables, who were seeking to stop the fight which threatened to become general.

MUNICIPALITIES CONVENTION IS AGAINST BONUS

Opposes Grants of Money As Inducement To Secure Industries.

QUEBEC, July 28.—(By the Candian Press.)—The twentieth annual convention of Canadian municipalities in session here today placed itself on record as opposing bonuses by municipalities as an inducement to industries to establish plants.

At the morning session the question was dealt with briefly, but was fully considered at the afternoon session, when a resolution was carried, with only one dissenting voice.

Following the adjournment of the morning session the delegates were invited to inspect the police and fire departments. Later the delegates and their ladies as guests of Mayor Samson and the city council, took a boat trip about the harbor.

At the opening of the afternoon session J. D. Saunders, city clerk of Camrose, Alberta, and secretary of the Union of Alberta Municipalities, spoke on the recent progress of western municipalities. He went fully into the question of inflated valuations and taxation systems as well as the lack of population, remarking that the total population of Alberta was not as large as that of Montreal. He said that until the West has a population commensurate with its vast areas, there was no use of talking of establishing industries.

Previous to the decision on the bonus question, resolution was passed accepting the resignation of G. B. Wilson as assistant secretary and granting him $500 for his services. It was decided to appoint a permanent secretary at a salary of $2,500 a year, the salary to be increased later if the finances of the union will permit it.

OLYMPIC ARRIVES.

NEW YORK, July 28.—The British steamship Olympic arrived here today from Southampton and Cherbourg, making the passage in the fast time of 6 days, 2 hours and 48 minutes.

This was the liner's second trip as an oil burner. She carried 589 first, and 476 second-class passengers, and 1,000 steerage passengers, with mail and miscellaneous cargo.

NAME JUDGE MILLER.

SARATOGA SPRINGS, N. Y., July 28.—Judge Nathan L. Miller of Syracuse was designated as the Republican candidate for governor of New York on the third ballot of the unofficial Republican state convention today.

LIBERALS GAIN A[illegible] LOSE ONE SEAT I[illegible] LATE POLL RETUR[illegible]

McGregor Now Elected, But Seat in Richmond Reported Lost.

HALIFAX, July 28.—Late returns this evening from Pictou gave a majority of 35 for the Hon. R. M. McGregor, Liberal, whose defeat had been announced earlier in the day.

The gain of a seat in Pictou by the Liberals has been offset, however, by the reported defeat of Hon. G. H. Murray, premier, by J. LeBlanc, in Richmond County, by a majority of 53.

Mr. Murray was elected in Victoria County.

The standing of the parties tonight is as follows: Liberals, 29; Farmers, 7; Labor, 5; Conservatives, 2. Total, 43. Majority for Government, 15.

VILLA SURRENDERS; BANDIT LEADER TO DISBAND HIS FORCE

Report Says Terms Are Arranged For His Retirement.

EAGLE PASS, July 28.—Francisco Villa, bandit leader, surrendered unconditionally after an all-night conference with General Eugene Martinez, commanding the Torreon military zone.

VILLA TO RETIRE.

MEXICO CITY, July 28.—General Garcia announced today that the final terms of Villa's surrender had been decided upon. The ex-bandit will retire to private life at a place to be decided on by the Government. He will go first to Torreon to disband his force, as he will retain no military rank whatever. It is not expected that Villa will come to Mexico City, but will proceed from Torreon wheresoever the Government directs.

The negotiations for the surrender have been conducted to the entire satisfaction of the Government.
