Fifty Per Cent. of Western Population is Foreign Born

A plan to give a war bonus of $100 to all ordained married men and $50 to probationers was discussed at the general board of missions of the Methodist Church yesterday afternoon.

The high cost of living has, according to all evidence, affected the missionaries to a great extent, making some such step as this essential.

The committee dealing with the immigration problems connected with European races in Canada reported some startling conditions regarding housing, illiteracy and the high death rate among children in the west.

In Manitoba, Saskatchewan and Alberta nearly 50 per cent. of the total population are foreign-born, says the report, and the difficulties of Canadianizing these elements were discussed.

The sum of $2500 was voted as a grant from the society to carry on the work of the Methodist paper, The Canadian, which is published in Edmonton, in the Ruthenian language.
