Poetry, &c.

From the New Bedford Mercury.

A PARODY.

A life on the ocean wave!
A home on the rolling deep!
"Fried ratlines" three times a day,
And a leaky old birth for sleep,
Where the grey-beard cockroach roams,
On kindly thoughts intent;
And the raving bedbug *comes*
The way that the cockroach *went!*

A life on the ocean wave!
A home on the rolling deep!
Where Jack can devour "salt junk,"
And the dainties the skippers can keep,
Wet jackets night and day;
A visit from fleas at night;
The hundred and ninetieth day—
A gale—and the breakers in sight!

Artificial Arm.—Mr. Phelps, of this city, known as an ingenious constructor of trusses, abdominal supports, and other useful apparatus, completed an artificial arm last week, for a lady in Maine, that is an admirable substitute for the lost member. He took a cast in plaster, of the limb on the left side, and then matched it in wood. The elbow works delightfully; the wrist has both flexion and rotation, and all the fingers, and even the thumb, which has the true ball and socket-joint, are so skilfully made, that, when gloved, no gentleman who was permitted to take her arm under his own, would mistrust that it was a wooden one. Nearly half the arm, from the shoulder down, was preserved for a stump, which slips into a socket—and the whole is made fast and kept up in place by attachments to a thoracic belt, analogous to common stays. By the stump, any direction the lady chooses can be given to the extremity; but the flexion and extension is adroitly brought about by the other hand.

We regard the contrivance in the light of a very valuable appendage, since symmetry is preserved, and the lady can carry an indispensable as gracefully on the tip of one of her second crop of fingers, as she ever dangled it on one of the old ones. While viewing, with astonishment, the beauty and perfection of this specimen of Mr. Phelps's imitative power, a fragment of an antique ballad came to mind:—

"Nature teacheth, was the text
Of ancient Hippocrates,
But we shall beat old Nature next,
The force of art so great is."

[Boston Med. and Sur. Journal.

Raggett's Hotel, in Dover-street, Piccadilly, London, was burned down on the night of the 26th ult.; and, shocking to relate, so rapid were the flames, so speedy the work of destruction, that four persons lost their lives by this calamity—namely, Mrs. Round, the lady of the honorable member for Malden, Essex; Mr. Raggett, the proprietor of the Hotel; his daughter, Miss Raggett, aged 27; and Mrs. Jones, a nurse in the service of the Earl of Huntington. At the time of the calamity, the hotel was being occupied by several noble and genteel families, who had arrived from the country to be presented at the Queen's drawing-room the next day. Amongst the visitors for this purpose was the unfortunate Mrs. Round. The Countess of Huntington has lost the whole of her jewels, exceeding in value £3,000, and the jewels of poor Mrs. Round were even of greater value.

CONSISTENCY.—Sir Robert Peel, the Duke of Wellington, Lord Eldon and their party, refused to take office under Mr. Canning, because he was avowedly favorable to the removal of what were called the Catholic disabilities. The old Tory party praised them for this on their retirement, and bore them back again with loud shouts, after the death of Canning and the weakness of his successors opened to them once more the gates of Downing-street. They came into office one year, and the very next Test and Corporation Acts and Catholic Disabilities went by the board.—*Fraser's Magazine.*

A CURE FOR ALL!

HOLLOWAY'S OINTMENT.

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF A CASE ABANDONED BY GUY'S, THE METROPOLITAN, KING'S COLLEGE, AND CHARING CROSS HOSPITALS.

This Fact was SWORN TO *this 8th day of March, 1842 before the* LORD MAYOR *at the Mansion-house.*

SUMMARY OF AFFIDAIAT.

Wm. BROOKE, Messenger, of 2, Union street, Southwark, London, maketh oath and saith, that he (this deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted an out-door patient at the Metropolitan Hospital, in April, 1841, where he continued for nearly four weeks. Unable to receive a cure there, the deponent sought relief at the three following hospitals:—King's College Hospital in May, for five weeks;—at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital at the end of August, for some more weeks: which deponent left, being in a far worse condition than when he had quitted Guy's, where Sir BRANSBY COOPER, and other medical officers of the establishment had told deponent *that the only chance of saving his life was to LOSE HIS ARM!* The deponent thereupon called upon Dr. Bright, chief physician of Guy's, who, on viewing deponent's condition, kindly and liberally said, "*I am utterly at a loss what to do for you! but here is half a Sovereign: go to Mr. HOLLOWAY, and try what effect his Pills and Pills and Ointment will have, as I have frequently witnessed the wonderful effects they have in desperate cases. You can let me see you again.*" This unprejudiced advice was followed by the deponent, and *a perfect cure effected in three weeks*, by the use alone of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed! When Dr. Bright was shown by the deponent, the result of his advice and charity, he said, "*I am both astonished and delighted for I thought that if I ever saw you again, it would be a without your arm. I can only compare this Cure to a Charm!!!*"

Sworn at the Mansion-house of the City of London, this 8th day of March, 1842. } WM. BROOKE.

Before me, JOHN PIRIE, *Mayor*

In all Diseases of the Skin, Bad Legs, Old Wounds and Ulcers, Bad Breasts, Sore Nipples, Stoney and Ulcerated Cancers, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles; the Pills, in all the above cases, ought to be used with the Ointment; as by this means cures will be effected with a much greater certainty, and in half the time that it would require by using the Ointment alone. The Ointment is proved to be a certain remedy for the bites of moschettoes, Sand-flies, Chigoe-foot, Yaws, and Coco-bay.

Burns, Scalds, Chilblains, Chapped Hands and Lips, also Bunions and Soft Corns, will be immediately cured by the use of the Ointment.

THE PILLS are not only the finest remedy known when used with the Ointment, but as a General Medicine there is nothing equal to them. In nervous affections they will be found of the greatest service. These Pills are, without exception, the finest Purifier of the Blood ever discovered, and GHOUT *to be* USED BY ALL!!!

And thus remove all disease from the system.

A single trial will place the LIFE PILLS and PHŒNIX BITTERS beyond the reach of competition, in the estimation of every patient.

☞ Prepared and sold, wholesale and retail, by **DR. WILLIAM B. MOFFAT,** 335 Broadway, corner of Anthony street, New York.

The Genuine of these medicines are now put up in white wrappers and labels, together with a pamphlet, called "Moffat's Good Samaritan," containing the directions, &c., on which is a drawing of Broadway from Wall street to our Office, by which strangers visiting the city can very easily find us. The wrappers and Samaritans are copyrighted, therefore those who procure them with the white wrappers can be assured that they are genuine. Be careful, and do not buy those with *yellow* wrappers; but if you do, be satisfied that they come direct from us, or don't touch them.

A NATURAL REMEDY

Suited to our Constitutions, and competent to the cure of every curable disease, will be found in WRIGHT'S INDIAN VEGETABLE PILLS OF THE NORTH AMERICAN COLLEGE OF HEALTH.

THESE extraordinary Pills are composed of plants which grow spontaneously on our own soil; and are therefore better adapted to our constitutions, than medicines concocted from foreign drugs however well they may be compounded; and as the INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth,

SUBJECT TO BUT ONE DISEASE.

viz: corrupt humors, and that the said medicine cures this disease on

NATURAL PRINCIPLES,

by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, we drain it of the superabundant waters; in like manner, if we wish to restore the body to health, we must cleanse it of impurity.

The Indian Vegetable Pills will be found one of the best, if not the very best, medicines in the world for carrying out the

GRAND PURIFYING PRINCIPLE,

because they expel from the body all morbid and corrupt humors, the cause of disease, in an easy and NATURAL MANNER, and while they every day

GIVE EASE AND PLEASURE,

disease of every name is radidly driven from the body.

CAUTION.

The citizens of New England are respectfully informed that in consequence of the great popularity which the above named Indian Vegetable Pills have earned by their astonishing goodness, a gang of counterfeiters are now industriously engaged in palming on the unsuspecting, a valueless and perhaps dangerous medicine, under the name of Indian Vegetable Pills.

This is to inform the public that all genuine medicine has on the boxes

WRIGHT'S INDIAN VEGETABLE PILLS *(Indian Purgative.)*

OF THE NORTH AMERICAN COLLEGE OF HEALTH

And also round the border of the label, will be found in small type, "*Entered according to Act of Congress in the year* 1840, *by* WM. WRIGHT, *in the Clerk's office, of the District Court, of the Eastern district of Pennsylvania.*"

It will further be observed that the printed directions for using the medicines, which accompany each box, are also entered according to Act of Congress and the same form will be found at the bottom of the first page.

The public will also remember, that all who sell the genuine Indian Vegetable Pills are provided with a certificate of Agency, signed by

WILLIAM WRIGHT, VICE PRESIDENT *Of the North American College of Health,*

and that pedlars are never in any case allowed to sell the genuine Medicine. All travelling agents will be provided with a certificate of agency as above described; and those who cannot show one will be known as base impostors.

☞ Persons in this city and vicinity will also be on their guard against purchasing medicine purporting to be the Indian Vegetable or Purgative Pills, of Apothecaries or Druggists, as they are not allowed to sell my medicine, and any composition which they may offer as such must of necessity be COUNTERFEIT and injurious; therefore never purchase of them.
