Canon Ramsay, the Accuser of G. P. R. Dodge, Convicted of Stealing and Lying—Lady Dufferin's Baby—No Member of the Government Concerned in the Mysterious Papers in the Hands of a Mysterious Trustee.

OTTAWA, May 17.

The Committee appointed by the Bishoh of Toronto to investigate the charges against Canon Ramsay have reported a true bill on all the charges. They find that the Canon did steal money from the communion plate while officiating at St. Peter's Church, and that he lied in respect to Mr. Dodge, M. P. The Canon, complaining of this finding, another committeed was appointed on the 3rd instant. The case will be settled forthwith, in time to report to the Synod early next month.

Lady Dufferin gave birth to a daughter last night.

In the Pacific Railway Inquiry Committee this morning, the Trustee referred to by Huntington said he had no authority to surrender the papers at present. He allowed the Committee to endorse the papers, and said they would be forthcoming at the trial. He was asked if any member of the Government was connected with them, and replied that they were not.

PARIS, May 16.

FRENCH POLITICS.

Count Rochfoucauld, reported to have gone on a mission to the Count de Chambord from the Legitmists and Orleanists, has returned. He had a long conference with the royal exiles, but gives no indication of its results. He is authorized, however, to stamp as false and absurd a rumor that the Count contemplated adopting the Prince Imperial, son of the late Emperor.

The health of the Pope continues to improve.

THE SHAH OF PERSIA

This firm has a sale of German chromos this evening, commencing at 7.30.

Escape and Re-capture.

On Wednesday ovening a man named Patrick Clancy, who was confined in the County Gaol, made his escape. Last evening the Turnkey of the gaol was taking a quiet walk down Clarence street when he saw Clancy before him. He at once seized him, and Clancy struggled to get away. During the struggle Clancy had nearly all the clothes torn off him, and he would probably have got off if the Turnkey had not produced his revolver, when the prisoner at once quieted down and was led to gaol.

WHEN YOU FEEL A COUGH or bronchial affection creeping on the lungs, take AYER'S CHERRY PECTORAL, and cure it before it becomes incurable.

The Colliery Disaster.

There are no very interesting particulars further than was published yesterday. The fact seems to have been elicited that care was taken in the management of the mine, but that McLeod evidently set the fire by the use of powder in a bord where it should not have been used. The Jury returned the following verdict:

That the said John Dunn came to his death on the 13th inst. from an explosion of gas in the Drummond Colliery, caused by derangement of the ventilation of the mine arising from a fire in Robert McLeod's bord. We consider care was exhibited in the working of the mine; but we desire to express our regret that powder was permitted to be used in the bord worked by Robert McLeod.

The remains of Dunn and Burns were interred Thursday afternoon in the cemetery. Both being Odd Fellows, a large turn-out of the brethren took place.

At a relief meeting held in New Glasgow the same night a resolution of sympathy with the Intercolonial Co. was unanimously adopted. The amount subscribed for the relief of sufferers was $415, which will be largely increased.

Many instances of extreme sufferin are related, notably that of a woman with a large family of small children, who had lately come from Cornwallis, and is without a single acquaintance. Her husband perished. Another widow, named Howard has lost her son and only support.
