ing (from 50 to 60 garments have been distributed by the Committee), and in a few instances small sums of money have been given to those who were well known to the Committee.

As no regard is paid to sect or creed in the disposal of the funds of the Society, the Committee would appeal to the benevolent of all denominations of Christians for their countenance and support. To those whose circumstances may prevent their *visiting* "the fatherless and widows in their affliction," an opportunity is in this way afforded of alleviating the sufferings of their more afflicted brethren. "Blessed is he that provideth for the sick and needy: the Lord shall deliver him in time of trouble."

[From the Columbus (Ga.) Enquirer, Feb. 3, 1848.]

WISTAR'S BALSAM OF WILD CHERRY.

We have an utter abhorrence for all kinds of puffs, and especially such as are calculated to mislead the public as to the curative virtues of patent medicines. There are doubtless many catch-penny nostrums, daily vended and hourly used, which are not only of no value, but absolutely deleterious to the physical man. There are other *balsams, extracts*, &c., not embraced peradventure, in the pharmaceutic arrangements of the apothecary or regular physician, *that are in certain cases, of more value than all the prescriptions of Galen put together.* WISTAR'S BALSAM OF WILD CHERRY is admitted by the concurrent testimony of those who have proved its virtues to be of the latter class. In *colds and consumption, asthma and chronic coughs, as well as in other kindred diseases, it has been used with almost universal success.* In a climate so changeable as this, superinducing and aggravating the family of diseases above alluded to, this medicine has a value not to be estimated.

None genuine without the written signature of I. BUTTS on the wrapper.—For sale by S. L. TILLEY, King Street St. John, N. B.

HALSEY'S FOREST WINE.

Mr. David Marvin, a celebrated practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty of the large bottles of *Sarsaparilla.*—Messrs. S. S. Lampman & Co., the largest and most respectable Druggists in Syracuse, in a letter, say: —"From what they have heard and seen of Halsey's Forest Wine, it is an excellent and good medicine, and will, undoubtedly, become the leading medicine of the day." Dr. Mott, of New York, also subscribes to the virtues of Halsey's Forest Wine, by recommending it to many of his patients. Sold by H. G. KINNEAR, St. John.—*See Advertisement in another column.*

DELL'S

Patent Hydro-Pneumatic BED and SLEIGH WARMERS.

PROTECTION AGAINST THE CHOLERA.

THESE invaluable apparatus only require to be known to be appreciated. Their efficacy in the prevention of Cholera is now fully established. It is an authenticated fact in London, where they are now in general use amongst the Nobility and Gentry, that not a single case of that dire calamity, the cholera, has occurred amongst those using them.

They are also extensively patronized by the Medical Profession, and are being introduced into Hospitals and other Public Institutions for the use of Invalids. In all cold climates where cholera, ague and like complaints prevail, the Bed and Sleigh Warmers will be found indispensable, and, indeed, must come into very general use in every quarter of the world.

Dell's patent Bed and Sleigh Warmers depend for their decided advantage over all other plans ever before introduced, on the fact that they warm the air as well as the clothes, a difference so decided and remarkable, that invalids have invariably expressed their astonishment, to find themselves in a complete *warm air bath*, from the feet to the very shoulders; the bracing of the nervous system derived from this circumstance operates as a positive protection against cholera, ague, &c. In case of severe cold one of the Bed and Sleigh Warmers covered with flannel and applied to the soles of the feet, for two or three successive nights, will be found to give infallible relief.
