Anglo-Jap Treaty Satisfies Other Powers.

Serious Trouble in Macedonia Is Now Looked For.

Refusal of Turkey to Refund the Ransom Paid for Miss Stone by the United States—Cecil Rhodes Somewhat Better.

St. Petersburg, March 20.—The official Messenger prints the text of a Russo-French conjoint declaration, sent March 16, to the Austrian, Belgian, British, American, Spanish, German, Italian, Dutch, Chinese and Japanese Governments. The declaration is as follows:

"The allied Russo-French Governments are wholly pleased to discern that the Anglo-Japanese convention supports the essential principles which, according to the riterated statement of France and Russia, constituted and still constitute the foundation of their policy. Both governments believe that the support of these principles is also a guarantee of their interests in the far east.

"They are compelled, however, not to lose from view the possibly inimical action of other powers, or a repetition of disorders in China, possibly impairing China's integrity and free development to the detriment of their reciprocal interests. They, therefore, reserve to themselves the right to take measures to defend these interests."

The prefatory remarks say that Russia desires the maintenance of the status quo and the attainment of complete tranquility in the far east.

PORTE WONT PAY.

London, March 19.—A dispatch to the Exchange Telegraph Company, from Constantinople, says: "The Turkish Government has flatly refused the demand of the United States for the repayment of the sum of money ($72,500) paid to the brigands as a ransom for Miss Ellen M. Stone and her companion, Madame Tsilka."

MORE TROUBLE FOR TURKEY.

The Vienna Neus Wienar Abendblatt says that troubles are anticipated in Macedonia. The Porte has ordered 35,000 men to be sent to Macedonia and Albania, says this paper, and there seems to be no doubt that the agitation is the work of Boris Sarafoff, former president of the Macedonia committee, who is using Miss Stone's ransom in his efforts. Sarafoff's bands, says the Abendblatt, are carrying on murder and incendiarism, and are blackmailing the Bulgarian agricultural population of Macedonia.

PLAN NOT LIKELY TO WORK.

The British House of Commons passed the second reading of the Aged Pensioners' Bill granting deserving poor persons a pension of from 5 to 7 shillings weekly at the age of 65. It is estimated that the sum of £10,000,000 will be required annually to pay the pensions, the national exchequer and the local authorities each providing half the amount required. As the government at today's session, declared it could not provide its share the scheme is not likely to become effective.

NEW CLASS OF WARSHIPS.

At the spring session of the Institution of Naval Architects, the president, the Earl of Glasgow, announced that the admiralty had decided to create a new class of war vessels, to be known as the scout class, somewhat after the type of torpedo boat destroyer, but of greated sea-keeping power.

"OUR LADY OF SUCCESS."

Of the Canadian budget statement the Pall Mall Gazette (Ministerialist) says that Our Lady of the Snows, so shabbily misnamed, had better be rechristened Our Lady of Success. It hopes that if the arguments are equal, the chancellor of the exchequer will give Canada's view of the preferential tariff the benefit of the doubt. It adds to give a youngster a "leg-up" is always good advice for the colonies as well as for individuals.

The St. James Gazette, also Ministerialist, asks: "Shall we abandon free trade?" It says that English officials and traders have every desire to give the fullest consideration to the colonial proposals, but it frankly confesses, in answer to its inquiry, that the only possible result is the maintenance of the status quo.

RUSSIA'S DEMANDS MODIFIED.

Cabling from Pekin the correspondent of the London Times says that owing to the presentation of the American note and the Anglo-Japanese protests, Russia's negotiations with the Russo-Chinese bank have been suspended, but that negotiations for the evacuation of Manchuria continue under modified Russian demands, which point to an ultimate settlement. These include the withdrawal of Russia from between the great wall and the Liao River within six months, from the Province of Mukden within a year, and if the state of the country permits, from Kirin and Heilung Chiang within 18 months after the signing of the convention.

The rebels in the southern provinces continue to defeat the imperial troops sent to subdue them, Gen. Ma and Marshal Su report that it is impossible to suppress the rebellion with the troops at their disposal, and the viceroy of Canton has requested Yuan Shi Kai, viceroy of Chi Li to send reinforcements from Chi Li.

The Imperial troops have been defeated at Sak Shing and at Popak.

In Yun Nan Province the rebels hold the town and district of Foo Chuen, 20 miles northwest of the prefectural town of Yun Nan. They have also captured the towns of Sin Chou and Fing King.

NO MENACE.

London, March 20.—The reply of Russia and France to the Anglo-Japanese alliance is not regarded here as a menace. It implies no more than that the Franco-Russian alliance extends to the far east. The only newspaper that sees danger in it is the Daily Mail. The Morning Post, on the other hand says it is a declaration which all the world may note with equanimity. Not the least important point of the commuication is the emphatic manner in which France and Russia are spoken of as allied. The concluding paragraph of the note bears a strong resemblance to article one of the Anglo-Japanese treaty, which asserts that it will be admissible for either contracting party to take such measures as may be indispensable in order to safeguard its interests if threatened by the aggressive action of any third power or by disturbances arising in China or Korea.

ETRURIA'S PASSENGERS ARRIVE.

The Elbe, with the Etruria's passengers and mail arrived at Southampton this morning. The belated company of adventurers from the Azores include nine New Yorkers, twelve Canadians from Toronto and Montreal, three Chicago passengers and 25 others. No ship's company ever greeted the Lizard more joyously.

CECIL RHODES BETTER.

Superb Violet Perfume
(Vera Violetta)

We have received a new supply of this dainty and delightful Violet perfume—as sweet and fresh as a newly-picked bunch of blossoms; also a few assorted odors that are sure to be great favorites this season.

The connoisseur of today demands perfumes in a highly concentrated form, not to secure loud or pungent effect, but to so combine delicacy with strength that only a few drops need be used. This requirement is admirably met in the exquisite and flower-like odors we have just placed on sale.

These fragrant extracts will be found finer in quality than any yet offered, and we recommend them in the most unqualified terms.

DR. RODDICK'S PROPOSITION

Re a Medical Council for Canada Discussed

By a Sub-Committee Chosen for the Purpose—Doings of the Railway Committee.

[Special to The Advertiser.]

Ottawa, March 20.—The bill to establish a medical council in Canada, introduced in the house by Dr. Roddick, of Montreal, was taken up by the sub-committee appointed for that purpose, this morning. At the suggestion of Hon. Mr. Fisher, the constitutional aspect of the bill was not discussed, that being left for the house. This sets at rest rumors that the house would never hear of the bill again, as it would be killed in committee.

The bill was taken up by sections and approved without change until the clause giving the council authority to fix the qualifications for registration, the courses of study, and the examinations to be passed in issuing certificates to practice was reached. This, it was stated, would interfere with the powers of each province, and was held for discussion at a later date.

Hon. Mr. Fisher intimated that to pass the house a permissive clause, which would allow provincial legislatures to recognize or reject the Dominion Council, would have to be inserted. Provincial authority could not be interfered with unless the province consented. It was suggested to Dr. Roddick that he should insert a clause providing, "This act shall not apply to provinces without the approval of the provincial legislatures." This fraction of the act will be dealt with at a later date.

THE RAILWAY COMMITTEE.

The railway committee had a short session this morning. Bills to incorporate the Windsor and Detroit Bridge Company and extending the time for the construction of the Quebec and Lake Huron Railway were passed.

Mr. Cowan's and Mr. Robinson's bills respecting drainage on and across the property of railway companies were referred to a sub-committee. S.

SETTLEMENT IS SAID TO BE IN SIGHT.

Employing and Union Painters in Toronto Have a Conference—Other Labor Matters of Interest.

Toronto, March 20.—A conference was held last night in the master painters' rooms, in the Temple building, between representatives of the union and the Employing Painters' Association, with regard to the demand of the union for an increase of wages from 25 to 30 cents per hour, accompanied by a decrease of work hours in summer time from 9 to 8. The question was thoroughly considered, and, it is said, there was every indication of a settlement being reached at 27½ cents per hour. They agreed to the eight hours asked by the men.

THE JEWELERS.

The Jewelery Workers' Union, decided to adopt a new schedule of wages, demanding an increase at the expiration of the present agreement.

WOOD-WORKING MACHINISTS.

The wood working machinists discussed the advisability of uniting with the carpenters in their demand for a minimum rate of 30 cents per hour when the existing agreement expires. At present they receive from 22½ to 30 cents per hour, according to the class of work, and work nine hours a day. They will also ask for a decrease of one hour.

MARINE FIREMEN.

Cleveland, March 20.—The marine firemen and the vessel owners came to an agreement on the wage scale for the season at a convention held yesterday. The firemen will recive $45 per month. No contract was signed, but it is understood that the scale will prevail throughout the season of navigation.

HIGH POSITION FOR LONDONER

F. W. Egan Appointed General Superintendent D. and R. G. R.

Was Formerly Superintendent of the Grand Trunk Railway for London Division.

Mr. F. W. Egan, formerly superintendent of this division of the G. T. R., and who about a year ago was appointed superintendent of the western division with headquarters at Detroit, has received the appointment of general superintendent of the Denver and Rio Grande Railway, one of the largest and best managed roads in the south. Mr. Brownlee, of the eastern division, will succeed Mr. Egan at Detroit.

This recognition of Mr. Egan's ability will cause much gratification to each and all of his associates, as well as to his numerous friends in this city, where he was very highly esteemed. In the business world Mr. Egan is held in great respect, and is looked upon as a thorough railroad man. He has had a long railroad career, and the Denver and Rio Grande are considered fortunate in securing his services. His many little kindnesses to his subordinates here are not yet forgotten; and railroad men and his many friends generally join hands in wishing him every success in his new position.

Mrs. Egan and daughter, Miss Frances, left for Detroit this morning, after a few days' visit with Mrs. H. E. Whittenberger.

LACROIX'S SON

Will Assist at Mass Just Before His Father Is Executed—The Doomed Man's Last Meal.

Ottawa, March 20.—Stanislaus Lacroix's 9-year-old son will assist at the mass which will be celebrated just before the execution in Hull jail tomorrow morning. Lacroix was visited by his son yesterday for the first time since the trial. Both were moved to tears. Lacroix has fasted since Saturday, but today ate dinner with his son. It will probably be his last meal, as he is likely to take no more food. The execution will take place about 8 o'clock tomorrow morning. The scaffold was tested yesterday.

62 AND 20!

Marriage of a Minnesota Grey-beard to a Dundas Damsel—Had Known Her Since She Was a Child.

Detroit, March 20.—William Stephenson, aged 62, of St. Louis, Minn., was married here last evening, his bride being Miss Fannie Maroy, aged 20, of Dundas, Ont.

Mr. Stephenson stated that he had known his bride since she was a child, and the young woman came to Detroit, accompanied by her sister, to be married. The bridegroom says he is an inventor by occupation, and that he has made a good deal of money by investments in real estate in his Minnesota home.

The couple will travel some time before going to their home at St. Louis Park.

RECOVERED HIS VOICE.

Columbus, Ohio, March 20.—Eighteen years ago R. C. Davis, a resident of the west side, lost his voice. He was then a bass singer of some note in the choir of a church at Indianapolis. His misfortune came like a flash, and refused to yield to the treatment of several of the most noted specialists of the country. Yesterday morning Mr. Davis was seized with a violent fit of coughing and ejected a small substance, which proved to be a bit of tooth, which he had unconsciously swallowed. The removal of this obstruction, which had found a secure lodging place in a little pocket in the oesophagus, just below the larynx, immediately restored his voice.
