

A BRITISH-MADE ENGINE THAT IS USED IN EVERY QUARTER OF THE GLOBE

LISTER ENGINES ARE IN USE ON THOUSANDS OF CANADIAN FARMS. When buying an engine consider the HIGH-GRADE EQUIPMENT, UNEQUALLED WORKMANSHIP, SIMPLICITY OF CONSTRUCTION, ECONOMY IN FUEL AND OIL CONSUMPTION of the LISTER ENGINE, and you will not be satisfied to install any engine of inferior quality.

A GRINDING OUTFIT THAT

A CUSTOMER WRITES: "The way your Lister 5 H. Engine handles this 9\%-inch grinder beats me. I am more proud of your outfit than ever before. I really didn't think such perfection was possible."

EVERYONE IS TALKING ABOUT

Get the LISTER CATALOGUE Right Away. Write to Dept. "G".
