No Man

When he buys a suit can tell the actual value. He buys on faith. And so it comes that a great many men buy their suits here year after year. Our suit reputation was made years ago; and is more fully sustained to-day. With fair prices and safe goods, a man gets what he thinks he is getting every time here.

Some handsome New Grey Suits in to-day, $15, $18, $22, $25.

WANT AN EXPLANATION.

Claim Government is Inactive in Face of Grave Questions.

TOKIO, June 5.—A deputation from the Progressive party waited on Foreign Minister Hayashi to-day and asked for an explanation of the government's apparent inaction and want of efficiency in the presence of grave diplomatic questions, both with China and the United States.

The former is accused of deliberately obstructing the advancement of Japanese interests in Manchuria. The deputation also called attention to facts strongly indicative of racial feeling in San Francisco against the Japanese. The deputation dwelt upon the necessity of peremptorily dealing with the question now, otherwise frequent repetition of the acts would endanger the friendly relations of Japan and America. Minister Hayashi informed his visitors that the government was taking every measure in regard to the diplomatic problems in connection with the United States and China.

FUEL CONTRACTS AWARDED.

Government Arranges Firing For Public Institutions Next Winter.

The fuel contracts for the following public institutions for 1907-1908 have been awarded by the Ontario government:

Coal, for Osgoode Hall, the Normal and model schools, Government House and parliament buildings, Toronto, to the Connell Anthracite Mining Company; hardwood, P. Burns & Co.; pine wood, McGill & Company, Toronto. Ottawa Normal and model schools, W. D. Morris; Institute for the Deaf and Dumb, Belleville, N. Allen, Belleville; Institute for the Blind, Brantford, F. A. Walsh; London Normal School, James Stansfield.

Hunt Bros. were given the contract for the last-named institution. Except where otherwise stated, coal and wood will be supplied by the successful tenderers, who, in each case, have their business in the same place as the institution which they will supply.

SEAMEN'S STRIKE STILL ON.

Some Riots Reported in Southern Ports of France.

PARIS, June 5.—A settlement of the seamen's strike had not been reached this evening. The men at many of the ports refused to adopt the recommendation of the delegates who came to Paris, and voted to await the decision of the national committee, whose headquarters are in Marseilles.

At some of the southern ports the strikers during the day manifested a turbulent spirit, and several incipient riots were reported. The strikers of Cherbourg to-day unsuccessfully attempted to prevent the departure of the tenders sent off to meet the trans-Atlantic steamers.

Judgment is Reserved.

OTTAWA, June 5.—In the supreme court to-day the important case of C. P. R. Co. v. Ottawa Fire Insurance Company was concluded at 2.45, and judgment reserved.

Was Borrowed Money.

Judgment was delivered to P. W. Ellis for $050 against John Ash by Justice McMahon in the non-jury assizes yesterday afternoon. The plaintiff's claim was for money loaned, while the defence was that the money was for investment, which had failed.

Thieves Get Purse of $12.

The home of Clarkson W. James, secretary of the education department, at 32 Dagmar-avenue, was entered by sneak thieves yesterday morning and Mrs. James' purse, containing over $12 in cash, was stolen.

Woman Drops Dead.

WATFORD, June 6.—Miss Mary McKenzie, third daughter of Mrs. Margaret McKenzie, Simcoe-stret, dropped dead this forenoon in yard adjoining the house.

She was about 25 years of age.

Take that fine bracer—BYRRH—it will make you feel equal to any job. Just the finest old Port and pick-me-up bitters.

WHERE POLLING WILL BE IN WARD 1 BY-ELECTION

Interest is Becoming Aroused as Day of Contest Nears—News of City Hall.

Interest in the by-election in the first wand is growing keener as the time approaches, and a fairly heavy vote is expected to-morrow. While the re-election of Ald. Stewart is not assured, he is looked upon as the most likely of the three contestants, tho both Mr. Saunderson and Mr. Graham are counting upon good support.

There will be 12 polling booths in the 20 subdivisions of the ward, and it is estimated that the cost of the election will be between $300 and $400.

The list is:

—Polling Subdivisions.—

No. 1—Sackville-street School, corner Eastern-avenue.
No. 2—737 East Queen-street.
No. 3—Morse-street School, near Queen-street.
No. 4—Morse-street School, near Queen-street.
No. 5—Kew Beach School, Kippendavie-avenue.
No. 6—Kew Beach School, Kippendavie-avenue.
No. 7—508 East Queen-street.
No. 8—Southeast corner Oak and River-streets.
No. 9—Northeast corner Sumach and Spruce-streets.
No. 10—Queen Alexandra School, Broadview-avenue.
No. 11—Queen Alexandra School, Broadview-avenue.

No. 15—Bolton-avenue School, corner of First-avenue.
No. 16—Bolton-avenue School, corner of First-avenue.
No. 17—Withrow-avenue School, east of Broadview-avenue.
No. 18 Morse-street School, near Queen-street.
No. 19—Morse-street School, near Queen-street.
No. 20—Leslie-street School, corner Sproat-avenue.

King's Order Delayed.

The King's order, validating the recent judgment of the privy council, on matters in dispute between the city and the street railway, will not be issued for the present, so the city solicitor has been advised by the city's legal agents in London, Eng. The order in question is based upon the individual judgments of the different members of the privy council. As it is believed that these judgments differ to some extent in their framing, some hope is felt that the order may be more favorable to the city than the original judgment, but it is only a straw at which the city may clutch, and the street railway is not believed to be particularly perturbed because of the delay.

Corporation Counsel Fullerton, who is desirous of having the issuing of the order postponed till July, will leave for England shortly in connection with the city's level crossing suit. While the amount involved is only $6000, the issue is considered an important one by the city, as it will determine whether the municipalities of the province will have to contribute to the cost of the maintenance of level crossings in connection with every railway in the province. It is estimated that a decision in the city's favor will mean an extra cost of $300,000 a year to the Grand Trunk for crossings between Toronto and Montreal.

Union Station Plans.

When City Engineer Rust returns from New York next week, after his interview with Consulting Engineer Parsons, it is expected that he will have with him complete plans, prepared by Mr. Parsons, for the new Union Station.

The New York expert has taken a number of plans into consideration, one of them providing for a viaduct from the Don to Bathurst-street, at an average height of 16 feet above the level of the streets crossed. The scheme provides for a terminal station on the site of the old Government House, with an entrance from King-street.

The claim that Lake-street has become almost impassable owing to the wretched condition of the paving was made by a deputation of lessees of the city wharf at the foot of Bay-street, that waited on the board of control yesterday. The works department was instructed to attend to repairs.

Dr. Sheard left yesterday for a two weeks' holiday at Atlantic City.

COMING OF THE PRINCE.

Preparing For the Reception to the Brother of the Mikado.

Soon comes Prince Fushimi—brother of the Mikado of Japan. On his visiting card he has a fourteen-petalled chrysanthemum, whereas his illustrious royal brother has a sixteen-petalled trade-mark of the same flower.

This is not the chrysanthemum season in Canada, but His Royal Highness will be just as pleased if his hosts wear a Semi-ready frock coat of the latest style, with a Canadian thistle in the button-hole. The Semi-ready stores have a lot of frock suits on hand for the "occasion," and every city alderman and civic and other official attending the functions should visit the Semi-ready shops early. Without a silk hat and the frock coat, H. R. H. will feel compelled to report the offender as a fit candidate for the "Snickersnee."

Gets His Money Back

NEWPORT, R. I., June 6.—A verdict for the plaintiff for 25 cents, the price of his ticket, was ordered by Justice Sweetland to-day in the case of Chief Yeoman Fred J. Buenz of the United States Naval Training Station, who was excluded from a dancing pavilion last summer because of his uniform, and who sued the management of the pavilion.

Three Days in Penitentiary.

KINGSTON, June 6.—After three days' incarceration in the penitentiary Miss M. Barber of Sweetsburg, Que., was released by order of the minister of justice, who found the charge and conviction irregular.

She was given three years for concealment of birth.

Prospecting for Oil.

WALKERVILLE, June 6.—It is said oil speculators in Windsor, Detroit and this place have been securing options on farm property in the Township of Sandwich East, with a view to starting to bore for oil.

Hamilton Happenings

FORGOT LT.-GOVERNOR WAS GOING TO HAMILTON

Mayor Carried Letter Around Six Months—City Wants Technical School.

HAMILTON, June 6.—(Special.)—The internationol committee of the board of education to-night appointed itself a committee to wait on the local members of the legislature and consult with them on the prospects of securing a technical school for this city. This action was taken after long discussion on the question of taking over the manual training class, which is at present carried on by the government in the Normal College when that institution was moved to Toronto.

The concensus of opinion was that it would be useless to take the class over from the government if a technical schol was to be established, as promised by the government, and this led the members to recall that the government had not given it any definite information as to what course it intended to pursue in the matter. A motion was passed to engage Mr. Bailey, the manual training teacher, and to carry on the work until the end of the year, and in the meantime to endeavor to make arrangements with the government with reference to the techincal school.

Miss McPherson, who was engaged jointly by the city and the government to conduct the domestic science class in the Normal College, was also re-engaged by the committee, in view of the moving of the college, and was made supervisor of all the domestic science classes in the city. A committe was also appointed to deal with applications for salary increase from all of the caretakers of the school and several collegiate institute teachers.

Forgot All About It.

A funny incident was exploded at the meeting of the finance committee to-night, when it was notified that Mayor Stewart had for the last six months been carrying around a letter from Lieut. Gov. Clark, to the effect that his honor intended visiting Hamilton early in June. The letter was forgotten until yesterday and now the mayor and aldermen have been placed in an embarrassing position. The matter was not acted upon at the meeting.

The proposal to give the mayor an increase in salary from $1700 to $2000 was defeated, as his worship refused to accept any increase. It was decided to have six band concerts during the summer and $350 was appropriated for that purpose, to be divided between the 13th and 91st regimental bands.

A complaint from the separate school board, that it was several thousand dollars short in the amount due it by the city for assessment and other sources, will be looked into. The application of the board of works for the $7500 secured from the Street Railway Co. for percentages was not entertained.

George C. Brown died to-night at his residence, 300 Robert-street. He is survived by a wife and family. He was a brother-in-law of George A. Cline, who died last night.

Charles Guyatt, who was arrested in Port Colborne for the local police, on the charge of stealing $25 from the Street Railway Co., was brought back to-night by Detective Campbell, and will appear in the police court in the morning.

James Hewitt, another of the striking teamsters of Hendrie & Co., was arrested to-night on the charge of intimidating another teamster.

James Shedden, of 13 Wellesley-street, while trying to board a car on Bartonstreet to-night, missed his hold and fell heavily to the road. He was removed to the city hospital.

Woman Asphyxiated.

Gas escaping from a coal stove asphyxiated Mrs. Samuel Walmsley on the Albion Mills-road last night.

That the whole family was not killed is a miracle, the house having been completely filled with the fumes of the gas. Walmsley himself suffered from the effects of the gas, but his condition is not serious.

Thomas Kelly was sent to the Central for 18 months on four charges of theft.

The drivers of Hendrie & Co. reported for work this morning as usual, harnessed their horses and made preparations for work with all the appearances of a satisfied lot, but when they were called on to start out, refused to move their wagons out of the yards, and this was the first indication that the company received that there was to be a strike. They want $3 a month more. William Wilson, one of the strikers, was later on arrested for assaulting Chris Lumsden, who stayed on the job.

Two Fined.

James Bayne, Albert Omand and William Carroll were all charged before Judge Snider with keeping common gaming-houses at their places of business on James-street. There was a doubt whether or not Omand knew that the bets were being made, and for this reason he was acquitted. Bayne and Carroll were fined $100 and costs. The witness fees amounted to $120, and there will be the costs of the action besides.

There was a discussion in the county council over a dispute which the county was called upon to settle between the Townships of East and West Flamboro. There is a certain stretch of the township line on which East Flamboro spent about $200. Now it wants West Flamboro to bear half the expense.

Debentures to the amount of $3500, which were to have been sold by the city, along with a total of $135,000, were omitted from the total when the debentures were placed on the market. This will leave the police commissioners without an appropriation to complete the new patrol station.

Lieut.-Col. Denison of Toronto inspected the Collegiate Institute Cadets.

Harry K. Brown, son of Adam Brown, died this afternoon at St. Joseph's Hospital, after a year's illness. He had been in the customs department at Vancouver, and was 52 years of age.

SMALL CATCH THIS YEAR.

American Fishermen Have None, and Season is Late.

HALIFAX, June 6.—(Special.)—A wireless telegram from Prospect, near the mouth of Halifax harbor, to-night, says:

It begins to look now as if the American mackerel fleet would have a very small catch this year. So far, no fish has been taken and the season is two weeks behind. A southwest storm has driven 30 fishing vessels in here for shelter, and many others are in different harbors along the coast.

The cruiser Canada, which has been watching Americans, to prevent them trespassing within territorial waters, is also lying here.

NO MORE REBATES.

Pharmacy Council Decides Members Must Pay Straight Fee.

At yesterday's meeting of the council of the Ontario College of Pharmacy, it was decided that in future the council fee for membership should be $4 straight. Heretofore the fee has been $4, but those paying before May 1 were given a rebate of $2. This practice will now be discontinued.

The financial statement showed receipts for the half year of $14,198, and of this a balance of $6800 still remains. The salary of the registrar was increased by $300 per annum.

GETS GOVERNMENT POSITION.

HALIFAX, June 6.—(Special.)—A. J. Boyd of River Boingeoise, C. B., has been appointed superintendent of Indian agencies for Nova Scotia by the Dominion government. The position is a newly created one. The salary is $2000 a year.

Boyd was a successful Liberal candidate in a local by-election in December, 1904.

Musketry School Cancelled.

OTTAWA, June 6.—(Special.)—The summer course of the Canadian School of Musketry, at Rockliffe has been cancelled, due to the mobilization of the permanent force at Petawawa.

The autumn course will be held, however.

A Message For Pile Sufferers

From One Who Has Been Cured of an Unusually Severe Case by Dr. Chase's Ointment.

Mrs. George H. Simser Grant, Russell Co., Ont., writes: "Eleven years ago I began to suffer from piles and as they caused keen distress and became worse, I doctored for them, but with little or no avail. They were bleeding, itching and protruding, and, oh! the torture I suffered at times can never be described. It was with suffering that the bowels moved, and as nothing brought relief I could only endure the misery with an aching heart and without hope of cure.

"Finally a lady friend told me about Dr. Chase's Ointment curing piles and to my surprise I felt relief at once on using this ointment, the little tumors soon disappeared, the ulcers healed and the bowels became regular. This was five years ago, and I have never been troubled with this terrible ailment since, a thousand thanks to Dr. Chase's Ointment."

To persons who have given up looking for a cure of piles or hemorrhoids, this letter should bring new hope. There is, we believe, no more effective treatment for piles than Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.
