LOCAL NEWS.

Russia and Japan, York Theatre, Tuesday evening, 17 May, by Samuel Rabinowitz.

Celebrated Broad Cove coal, $7.00 per chaldron delivered, at Watters', Walker's wharf. Tel. 612.

At noon on Wednesday (Loyalist Day) a salute of twenty-one guns will be fired from Fort Dufferin.

The Clerks' Association will hold their meeting tomorrow (Tuesday) evening in Currie's Business College. A full attendance is requested.

Miss C. E. Harquail, Music Teacher, wishes to inform her pupils that she is now settled and prepared to attend to her class, and will be pleased to have them call at 207 Duke street.

The march-out of the St. John battalion Boys' Brigade to have been held Tuesday evening has been postponed until a later date.

There will be a special and very important meeting of the St. John County W. C. T. U., in their hall over the coffee rooms on Germain street tomorrow afternoon.

The Junior Y. P. S. C. E. of the Carleton Free Baptist church will hold a concert on Thursday evening of this week in the vestry of the church. A good programme has been prepared.

The Venerable Archdeacon S. Weston Jones, was the preacher at Trinity church yesterday morning, his subject being King's College, Windsor. He made a strong plea for the support of that historic institution.

At the Germain street Baptist church last evening, Mr. Easton, of the Bonnie Brier Bush Co., sang a solo. Prof. Titus and S. J. McGowan sang a duet from The Crucifixion. The congregation was avery large one.

The semi-annual session of the Grand Division, S. of T., of New Brunswick will be held in the Temperance Hall, St. Martins, N. B., on Wednesday afternoon of this week. A number of delegates will go down from St. John.

Thomas Allan, an aged resident of this city, died on Saturday night at the hospital, aged 72 years. His funeral takes place tomorrow afternoon from 68 Forest street, the residence of his son, Capt. Allen, of the Salvation Army.

John Griffin, a lad who lives on Brussels street will be before the court this afternoon charged with ringing doorbells and then running away. The police have received numerous complaints of late covering this kind of work and are sure they have the right party but are on the lookout for others who have committed simlar offences.

Capt. W. A. Pitt is considering the advisability of taking action against the owners of the steamer Marguerite, who, he claims, owe him $180 for services as master of that steamer summer before last. He still holds office technically as her master, having never been discharged or paid off. The steamer, which was repaired last summer, is now lying idle at Rothesay.

A convention in the interests of temperance will be held in the Leinster street Baptist church in this city on the afternoon and evening of Wednesday, June 22nd. A circular has been issued inviting all the prohibitionists in the province to attend and stating that the principal matter to be considered at the conference will be the License Law of the province, which is particularly unsatisfactory to the prohibitionists.

UNLICENSED PEDDLARS.

John Adamos and Kostas Karabestos, along with two others, were reported on May 2nd by Sergt. Campbell for peddling fruit about the city without a license.

Adamos and Karabestos ignored the matter, the other couple took out licenses. This morning an order was issued to the man who employs them that if their licenses were not taken out today they would be fined. The penalty is double the amount of the license.

There has been much complaint of late by shopkeepers and others that these men have been allowed to go about from door to door selling fruit while legitimate dealers are heavily taxed as well as having to pay rent, heat and light bills.

WANTED TO GO HOME.

People driving out the Loch Lomond road yesterday were surprised to see a team coming along at a good clip without a driver in the rig, and the horse without a bridle. It seems that a certain gentleman who had driven to the Roman Catholic church at Silver Falls to attend service, had removed the horse's bridle and was about to put on a halter when the animal bolted and made good his escape. Last seen he was heading homewards and evidently reached there all right as there has been no reports of any damage done.

POLICE COURT.

Saturday Night Drunks Numerously in Evidence—Maud Lester Goes to Jail Again.

In the police court this morning three drunks who were arrested Saturday, failed to respond when their names were called. They had left deposits of eight dollars each, which were forfeited. One simple drunk was fined four dollars.

William Schwartz, who was arrested by Officer Finlay early Sunday morning, said that he worked at the Fertilizer works. He spoke very poor English, but his story was to the effect that he had walked in about five o'clock in the afternoon and started, as he thought, for home about 9.30. He found himself several miles out of his direction and had to turn back. This was why it was so late when the officer arrested him. Finlay said the man ran away when he questioned him. He chased him to Crown street. His honor warned Schwartz that he was liable to a heavy penalty, but allowed him to go on condition that he at once went back to his work. He lost no time in going.

Maud Lester was in a tearful mood this morning when Officer Smith arrested her Saturday on City Road near the corner of Stanley street, she was in anything but a pleasant frame of mind, and in addition was fairly drunk. The officer found it necessary to get assistance to get Maud to the North End station, a long drag from the corner of City Road and Stanley street, but there is no outside lock-up in the northern division, and the officers and residents are getting used to such disgraceful scenes. Maud who has only been out of jail a short time, was fined $8 or two months with hard labor.

Hebert Earle, 53 years of age, a native of Newfoundland, was arrested on May 4th for drunkenness and sent to jail. He got out Saturday morning and Saturday night about ten o'clock was found wandering about St. John street. He did not or could not give a satisfactory account of himself and was consequently locked up. In court this morning his explanation did not meet with approval, but he promised on his honor to get out of town if given a chance. He said he had a friend, mentioning the name of a prominent Prince William street insurance agent, who would vouch for him. He was remanded to jail to give him a chance to communicate with his friend.

TERCENTENARY ADVERTISING.

Already Over Eight Thousand Booklets Have Been Sent Out.

Already eight thousand booklets descriptive of St. John and the province together with an invitation to attend the Old Home week and tercentenary celebration printed on a neatly arranged folder giving the schedule of rates over the various lines entering St. John have been sent out from the office of the Tourist Association.

The secretary of the association is now satisfied that by the rate the applications for information are coming in along with additional addresses that fully four thousand more books with their enclosures will be sent out. The amount of work involved in sending out such a large amount of literature is enormous and taxes the full capacity of the office. It is a cheerful work however as the returns already in prove that it will not be in vain.

LOST AND FOUND.

Early this morning Officer Semple found a horse wandering about on Acadia street and took the animal to what is regarded as the North End pound, John McCarthy's livery stable, on Simonds street. Here the beast was taken in and given shelter and the police were on the lookout for an owner. There was a laugh all-round a little later when Mr. McCarthy discovered that the animal was one of the own that unknown to any of the stable people had quietly got loose and made his escape from the barn.

MORE DOGS THIS YEAR.

Applications for dog licenses are coming in thick and fast and the mayor's clerk has all he can do to keep up with the rush. Since the first of the month he has issued up to noon today 290 licenses. Up to the 20th of May last year less than one hundred licenses had been taken out, showing a considerable gain. The police are actively at work hunting up all dog owners who have not as yet come to the front and are impressing upon the owners of canine pets that it is cheaper to pay up now than be forced to do so later.

CUT AN ARTERY.

Thomas Lavigne, in a fit of anger yesterday afternoon, thrust his hand through a pane of glass of a window in Samuel Ritchie's house, Smyth street, and severed a large artery in his arm. He had previously been ejected from Ritchie's house for disorderliness. The severd artery bled freely and the man was hurried to N. B. Smith's drug store, Dock street, where Dr. Berryman attended him. Later he was taken to the hospital in the ambulance. He was reported today as resting easily.

PROBATE COURT.

In the probate court this morning, a new citation for passing of accounts in the estate of the late William Clark was issued. The citation was made returnable on the 20th of June next. Scott E. Morrell appeared for the estate, A. W. Macrae for John F. Morrison and Ida Dean, creditors; and J. P. Regan for Arthur Andrew Buist and Henry Edgar Buist, infant children of the late Andrew Buist and wards of William Clark, deceased.

COAL CHARTERS.

The British bark Rewa, 145 tons, has been chartered to load coal at New York for this port at ninety cents. The bark Lacona, 473 tons, will also load coal at that place for this port at the same figure.

The British bark Strathcona, 294 tons, has been fixed to load coal at Edgewater for Yarmouth at eighty-five cents.

The schooner Morancy, 159 tons, loads coal at Gutenburg for Eastport at $1 00.

PERSONALS.

Mrs. MacDonald and Miss Hazel Van Wart, of Hampstead, are visiting their sister, Mrs. C. M. Van Wart, Wright street.

Mrs. H. Stanbury, of Toronto, arrived Saturday to spend the summer at Duck Cove.

J. H. Doody returned Saturday from Montreal.

Dr. Emery is still in bed with pleurisy and is recovering slowly. It will probaly be two months before he will be able to attend to his practice.

Mrs. A. J. Charlton recently underwent a serious operation in the General Public Hospital and her friends will rejoice to know that she is improving nicely.

Alfred Porter returned from a business trip to Dorchester, N. B., Saturday.

E. H. McAlpine, K. C., came home from Ottawa Saturday.

Mrs. F. W. Wallace, of Sussex, is visiting her parents at 58 Wall street, St. John.

Miss M. Florence Rogers, of the west side, left this morning for Campbellton to spend the summer. On her return to St. John in the fall she will resume her classes.

Miss Rogers, of Halifax, who has been visiting in the city, left for her home today. She was accompanied by Miss Josephine Lynch, of Paradise row.

Thomas McAvity and the Misses McAvity returned to the city today on the Boston express.

Mr. and Mrs. George Blake were passengers on today's inbound Atlantic express.

Miss Helen Robertson arrived in the city today.

Kenneth Haley, son of R. G. Haley, of this city, has gone to Winnipeg to try what life is like in the growing west.

FATALLY SCALDED.

One Woman Dying and Another Seriously Ill as the Result of An Accident at Upper Clifton.

A distressing accident, with probably two fatal results, occurred at Upper Clifton yesterday. While the wife of Addino P. Pitt, son of Capt. Pitt, was working about the kitchen, preparing a meal, she was seized with an epileptic fit and fell forward upon the stove, scalding herself so severely that her doctor yesterday held out little hope for her recovery.

As a result of the same accident Capt. Pitt's wife was completely overcome with nervous shock and is also seriously ill.

STRIKING PICTURES.

The view of the sinking of the Petropavlosk, which will be shown tomorrow evening at York Theatre during Dr. Rabinowitz's lecture on "Russia and Japan," has been taken by snapshot from the actual scene of action by the military photographic staff of Port Arthur. It has afterwards been forwarded to St. Petersburg and reproduced in the periodicals of that capital. It is so realistic as to give one the sensation that he is witnessing the real catastrophe. Another striking view is "How a Torpedo Attack is Made," which is taken from an actual experiment by Japanese naval experts. The lecture will be given at the York Theatre only once, and a large attendance is expected.

SUCCESS ASSURED.

Every day brings to the office of the Exhibition Association additional proof that this year's show will be the most successful ever held in this city. The work is progressing rapidly, and the directors are facilitating and helping Manager Hubbard in every possible way.

A circular letter is being sent out to all thoce whose names appeared in the list published in the prize book in 1902 as having rooms to rent or being in a position to take boarders. The letter asks them to communicate prior to May 30 with the association stating just how many people they will be able to accommodate and quote their rates.

WATER MAIN FROZEN IN MAY.

About noon Sunday a break was discovered in the water main at the corner of Elliott Row and Carmarthen street. At this point the pipe is about six feet underground and all winter there has been an abundance of snow on the ground, yet when the men uncovered the pipe they found it full of ice. A new section was put in.

TUG KITCHENER'S LONG TRIP

A despatch from Halifax at noon today says that the tug Lord Kitchener, which left here Thursday night with the Standard Oil Company's barge, has not arrived there yet. She put into Shelburne Friday evening and it is supposed she left there Saturday for Halifax. The weather has been very thick of the Nova Scotia coast and the Kitchener is probably in shelter somewhere waiting for it to clear.

The sensational story of the fall of Port Arthur sent to the Star by the Associated Press Saturday, was probably the work of some obliging correspondent who wanted to give the people something to talk about over Sunday.

The regular anniversary meeting of the N. B. Loyalist Society will be held on Wednesday evening in the Historical Society rooms, Market Building.
