OATS

The grain is exceedingly handsome and, if they are sown in good soil, they will stand up well. It is a very early maturing variety and is very productive. It is a very early maturing variety and is very productive. It is a very early maturing variety and is very productive.

This new Swedish Oat we considered one of the very best, and unhesitatingly recommend it as superior in all respects to any oat we have yet seen. It is different from other Oats in the way they grow being neither a side nor spangle, but growing closely and evenly over the main stalk. The Oat in the field is handsome and is very stiff in the straw, free from rust and stands up well. It weighs 42 pounds per bush. It is a very early maturing variety and is very productive. It is a very early maturing variety and is very productive.

IT PAYS TO TRY NEW VARIETIES.

Mr. Richard Gibson, of Delaware, has noted that his Oats have yielded 100 bushels per acre by mail or express or freight at purchase price. Our stock is not large, but we have a few more of the same variety. It is a very early maturing variety and is very productive. It is a very early maturing variety and is very productive.

NEW GENTLE PRIZETAKER OATS.

This is the kind of Oat that is the best for the farmer. It is a very early maturing variety and is very productive. It is a very early maturing variety and is very productive. It is a very early maturing variety and is very productive.

OUR ILLUSTRATED CATALOGUE
