The New Two-Piece Double-Breasted Suits For Boys Are Here.

Our showing of Boys' Suits this season is the best ever. We have all the new kinks that boys delight in and not too freakish. They are selling quickly, even this early in the season. Bloomers will have a great run this season, but we have a plentiful showing of both styles of Pants.

"COME ON IN"

for the new in boys' suits.

HOUSE IS ALMOST UNANIMOUS ON TREATY

Commercial Pact With France Carried by 103 to 5---Sudden Collapse of the Debate.

OTTAWA, March 3.—(Special.)—To-night the debate on the third reading of the French treaty suddenly collapsed. In order to force a vote a number of Liberals rose in their places and the Speaker called for the ayes and nays.

Only five opposed the third reading. They were Lancaster, Chisholm (Huron), Marshall, Jackson (Elgin), and Owens, while 103 votes were recorded for the bill.

Ironical Liberal applause greeted the rising of Messrs. Foster, Cockshutt, Morin, Sproule, Ames and Monk.

During the debate Mr. Monk (Jacques Cartier) commended the convention, but maintained it was the duty of the opposition to criticize details. He also took occasion to read a sharp lecture to his Quebec compatriots who have endeavored to make political capital out of the fact that the opposition had seen fit to object to some of its features.

In opening, Mr. Monk declared that the treaty had been very well received by the opposition. Some had very properly found fault with details while approving of the principle of securing commercial advantages with the country. For criticizing the terms, the opposition had been condemned by newspapers supporting the government in Quebec and attacks on the department of marine last week were considered as having been launched with the object of detracting from the achievement of Mr. Brodeur in negotiating the treaty. "Le Canada," declared the object of the obstruction of last week was to "spoil the merit coming to Mr. Brodeur." "Le Soleil," taking similar ground, said the members of the Quebec district "formed a hollow square around Mr. Brodeur." Again Le Canada had attacked Mr. Monk, declaring him to be "lacking without Latin quality," which would make him unacceptable to people of Quebec.

Laurier's Attitude in 1893.

Mr. Monk had looked up the attitude of Sir Wilfrid Laurier as to the French treaty of 1893. What was his Latin mental condition? Mr. Monk was surprised to find that he opposed it hammer and tongs. There was not one word to commend the Conservative government for negotiating the treaty.

Mr. Monk, in proceeding to criticize the new instrument, said it would have been well if we had secured fewer concessions, but had made an effort to receive more substantial ones.

Mr. Zimmerman (Hamilton) spoke of the increase that is expected to come to the International Harvester Co. as a result of the treaty, while Mr. Brodeur spoke at some length, repeating his former explanation of advantages and dealing with the claim the all-important departure had been made in Canada's treaty-making powers.

BLEW OUT HIS BRAINS

Had no more sense than the man who tries to cure corns by a cheap acid corn salve. The only painless and sure cure is "Putnam's"—contains no acid—is purely vegetable. Use only Putnam's Painless Corn Extractor.

SWALLOWED BOTTLE INK IN EFFORT TO END LIFE

Pot of Molten Metal Explodes and Terribly Injures Workman—Hamilton Presbytery.

HAMILTON, March 3.—(Special.)—Two cases of attempted suicide were reported to the police this evening within an hour of each other. The first report came from 37 Railway-street, where David Goldstein tried to end his life by drinking a bottle of ink. He was hustled to the city hospital and his life was saved by the prompt attention of Dr. Davey. He is a young man. Despair caused because he was out of work was what led him to try to end his life.

Jennie Shea, 60 West Burlington-st., was the next to need attention. She took iodine. According to police reports she took it with suicidal intent, but her people claim that she took it in mistake. Dr. Balfe attended her, and she will recover.

A horrible accident took place this evening at the steel plant, where a red-hot metal exploded, most of it striking Vingenzo Pietrougelo, an Italian, who was terribly burned about the face, head and body, and in addition he sustained a severe scalp wound. His conditions is serious. Two thor Italians, who were standing beside him, escaped uninjured.

William Currey, 210 Gibson-avenue, had three fingers taken off at the Petrie Manufacturing Co.'s factory this afternoon.

The special committee appointed to confer witho the Cataract Power Co. had another meeting this afternoon, but did not meet the company. The aldermen discussed the proposition that has been made, that the city receive the present rate of 8 per cent. on the company's earnings up to $316,000 and 5 per cent. on all above that amount. This works out to come $534,888 more to the city's advantage than the proposal made to the company, but means a concession on the part o the city of from two to three thousand dollars.

Firemen were cellaed to H. Trebbilcock's butcher shop, 307 East King-st., to-night. Damage was confined to a pair of curtains.

Hamilton Presbytery.

Church union was the principal subject of discussion at to-day's session of the Hamilton Presbytery and opinion was so evenly divided that a resolution favoring organic union was passed by a majority of only one. These commissioners to the general assembly were appointed: Revs. Dr. Lyle, D. McIntyre, S. W. Fisher, P. Reith, James Anthony, F. D. Rcxborough, Dr. Fletcher and D. R. Drummond. These elders were chosen: Sir Thomas Taylor, Hamilton; Frank Reid, Simcoe; Robt. McQueen, Kirkwall; George Rutherford and David Fraser, Hamilton.

Rev. D. B. McDonald, St. Catharines, asked to be retired.

Colonel Gibson, on behalf of Central Church, proposed the amalgamation of Central and St. James' churches, but this was strenuously opposed by Rev. Dr. Drummond and Dr. Fletcher, and no action was taken.

Fortune Tellers Wreck Homes.

William Huckle, chief of the International Detective Bureau, whose attack on the local police some months ago caused a stir, sprang the first of what he promises will be a series of sensations that will set Hamilton by the ears when he made public to-day some of the facts of his crusade on fortune tellers, palmists and others of that ilk, who, he declares, have been reaping a golden harvest in the city.

"I have a list," he said, "of sixty-eight homes in Hamilton that have been wrecked thru fortune telling, in many cases the husband being separted from his wife and engaged couples severing the tie that bound them. I have sworn evidence to prove that the grossest immoralities have been commited in different places in the city under the guise of psychic reading and so on."

A Plea for Church Union.

The subject was introduced at the Hamilton Presbytery this morning by Rev. Dr. Lyle, who made a strong plea for church union, arguing that it would help to banish sectional strife, the lack of charity and assist in the propagation of the gospel. He also charged that some of the churches were not doing their best for their clergy, giving them hardly enough to keep them out of debt. Rev. Dr. Smith, St. Catharines, said he would introduce a motion against organic union, holding that since the greater body always absorbed the smaller, bitterness was caused. Sir Thomas Taylor could not see how organic union could be effected.

William Warney, 64 Margaret-street, thrashed a highwayman who attempted to hold him up last night.

Henry Shafer, arrested at Berlin and wanted on charges in different parts of the country, is wanted here on the charge of holding up Farmer Smith, Stony Creek.

E. A. Dalley Estate.

The late E. A. Dalley left an estate valued at $36,638, all of which, with the exception of $1500 left to his son, Marvin, goes to his widow. The late Robert Poag left $48,620, which goes to his widow, and the late Mrs. Emma Armstrong left $25,136, to be equally divided between her husband and daughter.

The conciliation board appointed to deal with the grievances of the employes of the street railway, Radial and H., G. and B., got down to business this morning. It was agreed that neither side should be represented by a lawyer, tho Col. Gibson will represent the company, it being explained that he is present as president of the company and not as a lawyer. The company protested against the arbitration on the ground that it was instituted really for only one man, John Theaker. Altho the board is made up of a judge and two lawyers, it ruled that it could sift the trouble better without the help of lawyers.

Saul Lyons, Amsterdam, N.Y., and Miss Anna Levy, 55 South John-street, were married this afternoon in the Hughson-street Synagogue. Meyer I. Scvhofsky was master of ceremonies and Miss Lena Levy was the maid of honor. The bridesmaids were Misses Mary Levy and Etta Lyons, Hamilton, and Miss Lyons, New York. The best man was Samuel I. Levy of New York, and the ushers were Harry Levy of New York, J. Lyons of Hamilton, and M. C. Levy of Brantford.

John Tranzie, an Italian, was fined $25 this morning for carrying a revolver.

City Engineer Barrow has been requested to resign, but will not give a definite answer for a few days.

During the pure food show at T. Eaton & Co.'s, Toronto, do not forget to pay a visit to the booth of Wagstaffe, Limited, preservers f pure jams, jellies, marmalades and sealed fruits. Free demonstration opposite the meat counter. 123456

UNEMPLOYED DECIDE TO VISIT CONTROLLERS

Riverdale Residents Object to Foreigners Getting Work They're Entitled to.

At a meeting of about 100 unemployed men held last night in the Broadview Hotel, corner of Queen-street and Broadview-avenue, it was decided to wait upon the board of control to-day and register a strong protest against the manner in which street cleaning work is being distributed by the city.

The speakers declared that foreigners newly arrived in the country are being given employment in preference to native-born Canadians and British immigrants, and a committee of eight was appointed to appear before the controllers. Ald. Saunderson will head the deputation.

The meeting was called by J. Speers and William Boyse.

The board of control has received a communication from the local branch of the Socialist party urging that more work be provided for the unemployed.

It is suggested that new park lands be improved, lavatories built and the city hall finished, and that the railways be compelled to clean up the debris on the site for the new Union Station.

The city engineer says that the city last year saved $25,000 by the use of day labor.

DEADLY LA GRIPPE

Canada Again Being Ravished by an Epidemic of This Disease.

Winter after winter Canada is swept from ocean to ocean by an epidemic of la grippe, or influenza. It is one of the deadliest troubles known to our climate. It starts with a sneeze—and ends with a complication. It lays the strong man on his back; it tortures him with fever and chills; headaches and backaches. It leaves the sufferer an easy prey to pneumonia, bronchitis, consumption and other deadly diseases. You can avoid la grippe by fortifying your system with Dr. Williams' Pink Pills. You can cure its disastrous after effects with this same medicine. These pills protect you; they cure you; they up-build you; they banish all evil after effects. Dr. Williams' Pink Pills ward off all winter ailments. They cure all blood and nerve disorders. They are the greatest blood-builder and nerve tonic science has yet discovered. Ask your neighbors, no matter where you live, and you will learn of someone who has been cured by Dr. Williams' Pink Pills after other medicines have failed. It is on the unbiassed evidence of your neighbors that we ask you to give these pills a fair trial if you are sick or ailing. Mrs. Emma Doucet, St. Eulalie, Que., says: "Words can hardly express my gratitude for what Dr. Williams' Pink Pills have done for me. I had an attack of la grippe which left me a sufferer from headaches and pain in the stomach. I used several medicines, but found nothing to help me until I took Dr. Williams' Pink Pills. When I began them I was weak and very much run down. The pills have not only fully restored my health, but I gained in flesh while taking them I recommend them to all sufferers."

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

PHARMACY BANQUET.

1908 Class Have a Pleasant Evening Around Festive Board.

The banquet of the 1908 class of the Ontario College of Pharmacy held at the St. Charles last night was attended by the faculty and 125 of the future compounders of prescriptions. The chair was occupied by [illegible] lum, and the guests included George E. Gibbard, president of [illegible] Dean Heebner, Dr. Coa[illegible] Dr. Fotheringham, Dr. Paul C. Scott, Prof. George A. Evans and [illegible] Graham, registrar-treasurer of the college.

In responding to the toast of the college, proposed by F. H. Cavanagh, President Gibbard spoke warmly of the valuable service rendered to the cause of pharmacy in the province by Joseph Downey, M.L.A.

Dean Heebner replied to the toast of the faculty, proposed by Dr. Fotheringham.

WITHDRAWS RESIGNATION.

At the regular meeting of the separate school board last night the estimates, amounting to $75,000, were brought down, consisting of salaries $40,000, fuel $6000, and general repairs $10,000.

It was decided to go ahead with the improvements o[illegible] Francis School to amount to $10,000.

J. J. Hearn withdrew his resignation as Ward 4 trustee. He had thought that there had been a lack of interest in educational work in that ward.

Paul E. Roy, charged with murder in New Hampshire, will be extradited from France.

Mrs. W. Martin was indicted for having dynamited the home of Judge F. S. Ogden at Oakland, Cal.

In a collision of iceboats near Clayton, N.Y., Roy O'Brien, aged 11, was instantly killed.

The house and contents of Daniel Burt, ex-M.L.A. for North Brant, who resides near St. George, were totally destroyed by fire Sunday.

A Canadian farmer, Lachlan MacDonald, a former Glasgow man, has obtained a divorce in the Scottish courts.

THE DE-RAIL DEVICE.

Editor World: I understand the city has been ordered to move the derails at the Riverdale crossing farther back, so they will be 75 feet from the G. T. R. outside rail. Now, I maintain that this derailing device might save one lot of people, and would kill another crowd, wherever it is placed. It might save the people who would be on a runaway car, when it rushed off the derail to the sidewalk, which is the course it must take, but would be almost certain death to any persons waiting in rigs for the train to pass, or standing on the sidewalk, either from being crushed by the car, or trampled on by the frightened horses. I have already suggested the use of a double set of Scotch blocks, made very strong, to work automatically, which, I think, would be a sure safeguard for the people, which the present derails certainly are not, so any expense in moving them would be money wasted.

The C.P.R. have placed gongs at the Don crossing, which would be a great improvement if they rang at the right time. At present they ring only while the gates are going down; this does not give sufficient warning to motormen who have stopped their cars at the proper place and started again. What we need is an electric gong, to be set ringing by the operator before he leaves the office to lower the gates, and not just while gates are being dropped, as the gongs are fixed now. There have been several accidents at this place, thru the gates coming down so noiselessly and quickly, without any warning, but I think if this gong is made to ring right, and at the right time, it will prove a great protection against possible future accidents.

W. H. Hodgson.
