GEO. MARTIN

ACCIDENT.

A collision that might have ended very seriously occured at Lakeville on Thursday evening Dec 23d. A horse driven by Herbert Rockwell became unmanageable and threw him out near James Robinson's and then ran away and collided with W. F. Newcombe of Brooklyn Corner, who was driving from Woodville, Mr. Newcombe was driving along the road near Perry Corbits and heard a carriage coming at a furious rate. He got out of the road as soon as possible but the hub of the hind wheel was struck smashing the axle The other waggon was thrown by the force of the collision clear off the road and turned upside down and the horse, continued on his course with the shafts clinging to him.

Mr. Newcombe's horse being clear of his waggon with the exception of one breeching which held to the shaft started to run and was with great difficulty held in but after awhile he was brought under control and Mr. Newcombe succeeded in getting clear of the entanglement, escaping with a few bruises, he then borrowed a waggon and harness from one of the neighbours and proceeded homeward feeling very thankful for his fortunate escape.

Mr. Rockwell was found insensible side of the road about one quarter of a mile from the scene of the collission where he had been thrown out of his waggon, he was, conveyed home by some of the neighbours and is still confined to the house. He is attended by Dr. Lee Rockwell and it is hoped he will soon be around again.

Minard's Liniment the Lumberman's Friend.

Last Monday night some one broke into the resturant of Mr. James Arnold and stole therefrom two octaves of liquor, and some cases and flasks. These were taken outside and put in a team which was waiting. The parties drove away trying to cover up their tracks as best they could. Mr. Arnold has obtained sufficient proof to show who the guilty parties were. Two brothers are implicated in the matter.
