The Weekly Monitor.

WEDNESDAY, JUNE 20TH, 1883.

—Slowly but surely an educated taste is creeping into the mode of farming pursued in this country. Book farming is no longer despised; in nearly every farmhouse of any pretensions whatever may be seen agricultural periodicals and books; the science of fertilizers, draining, rotation of crops is receiving more and more attention; physical is giving way to mechanical and brain force, and cattle raising from improved breeds has become almost an essential feature on all well regulated farms. Farmers have learned that while mongrel native stock may occasionally produce a fine specimen of the bovine race, the rule is exactly the reverse, and while poor stock may not cost much at the outset, their product is so immeasurably inferior to that of thoroughbreds, or grades that despite the increased first cost, the latter are the most profitable animals by far. The people of Nova Scotia generally are very conservative in their opinions and they are not willing to leave beaten paths without long consideration; but the energy and enterprise of a few have, and are slowly converting the many. Among the number of those who have paid special attention to breeding improved stock, is Col. Wm. E. Starratt, of Paradise in this County. Success has attended him in his efforts in that direction, and he deserves, it for the money, trouble and enthusiasm he has put into it. On Saturday last in company with several others we visited his stables, and had an opportunity of seeing his handsome herd of Ayrshires and the three members of the pure Jersey breed that he has lately added to his stock.

The herd is represented by the valuable and highly bred Jersey Bull, "Victor Draffens," 6359, American Jersey Cattle Record. (To become a member of this club requires to be paid a fee of $100.00.) Victor was twenty months old, the fourth of this month, and is of a solid color with black points. His general make-up and long arching neck, his fine head and muzzle, and glossy coat stamp him thoroughbred. In the adjoining stable stands "Laura," a handsome cow of the same breed, solid squirrel gray in color with black points. This cow is four years old and has had one calf "Gazelle of Maple Grove"—recorded in the U. S. Register — a complete counterpart of "Laura," and will no doubt when a cow, rival the excellent qualities of her dam.

We were also much pleased with the Ayrshire cows—six in number. A short time ago, Col. Starratt talked of disposing of his Ayrshires, but has now decided to cross them with the Jerseys; thus combining two breeds—one noted for its large milking capacity and the other for the richness of milk and adaptability to butter making.

Not the least that attracted our attention were the two Ayrshire calves which were being fitted for exhibition. The bull calf "Jumbo" is a perfect type of his breed and we shall expect to hear a good report of them from the forthcoming Provincial and Dominion Exhibitions. Those enumerated comprise the principal members of the Colonel's stock, which it may be surmised represents no insignificant cash value. "Victor Daffens" alone is claimed to be worth $2000.

One secret of Col. Starratt's success in stock raising we should judge, by the sleek appearance of his animals, to be careful feeding. This is a point too often neglected by the average farmer, who seems to think, so long as a cow has a high sounding pedigree, she should beat the record either in abundance or richness of milk, according to breed, if fed on chips moistened with slops. This is a great mistake. While thoroughbreds under any circumstances as a class, will do better than our native breeds, at the same time by the very virtue of the former's superior capacity of transforming their food into milk, it should be understood, that they repay extra care and feeding to a far more appreciable extent than the latter.

—Those intending to send exhibits to the Dominion Exhibition should communicate at once with Prof. Lawson of the Central Board of Agriculture of Nova Scotia at Halifax. There is quite a lengthy notice of instructions to Nova Scotia exhibitors in the advertising columns of the Halifax daily papers, which should be republished in the papers at least representing the district comprised in the Annapolis Valley, which will probably send the bulk of agricultural exhibits, save perhaps in one or two classes, that will go from Nova Scotia. The parsimonious course usually followed in this respect in regard to advertising information in reference to exhibitions, while it may save a few dollars, does not do justice to farmers generally. Many of them only take the local paper of the County they reside in, and unless the proprietor of that paper gives the information gratuitously which very few do, and none should be expected to do, the class mentioned must remain in ignorance of many matters that they should know. The MONITOR is situated centrally in this county, and has a circulation that covers every district in it, save a few obscure settlements, and not an official notice have we received anent the forthcoming Dominion Exhibition in St. John, where the County will be censured if it does not do itself justice. Out upon such paltry economy.

—In our summary of the census report, our attention has been called to the number of pounds of cheese credited to this county, viz: 42,675 lbs. We omitted to state that this quantity only comprised the home made. The quantity manufactured by factories is not given; but the value of their products is $18,250. Only five counties in the province, Annapolis, Kings, Hants, Colchester and Pictou, manufacture cheese in factories—Annapolis standing at the head of the list. We manufacture nearly twice the quantity credited to Kings, and about half as much again as the three remaining counties combined.

—The total Dominion revenue for 11 months, ending May 31st, was $32,230,103, against $29,554,196 in the same months last year; the expenditure for the same period was $24,109,926, against $22,553,813 in 1882. The expenditure for May was $3,047,037, and revenue $3,106,572.

—Application has been made to the Dominion Government by certain parties in Yarmouth for the incorporation of a manufacturing concern to be called the Yarmouth Duck and Yarn Company. The capital stock is $150,000, and is said to be all taken up. This will be the first cotton duck factory established in the Dominion, and no doubt a good business will be done.

SUPREME COURT.—The June Term of the Supreme Court, opened at the Court House here yesterday morning, at ten o'clock, a. m. His Honor Judge Rigby presiding.

The grand jury for the term having been called, appointed Edward Hall, foreman, and were then duly sworn, after which His Lordship proceeded to address them on the several matters to come before them. The first matter was a charge of larceny against Milledge and Edward Deviney, of Paradise, upon the information of Ambrose Bent, Esq., for stealing goods from the latter's store, and with whom Susan C. Phinney was charged as accessory. From the evidence taken before the committing Justice there was nothing shown against her, and no charge appearing in the commitment, an order for her discharge was immediately obtained by J. M. Owen, of counsel with prisoners.

The second in order was a charge against George Paul, an Indian, for breaking and entering a window in dwelling of Mr. C. W. Perkins, Annapolis. The Grand Jury found true bills against the Devineys, and Geo. Paul.

The next matter was a charge against one Benjamin Feener, for resisting the late High Sheriff in executing the process of the law—and coupled with, or immediately following, it was a charge made by Feener against the late Sheriff for shooting. His Lordship very briefly and clearly stated the law as follows, viz:—that if Feener knew the officer's business, and the Sheriff had shown him the writ, or made known to him his business, and that then he, Feener, had resisted the officer, and endeavored to escape, the Sheriff was justified in shooting; and on the other hand, if the Sheriff did not make known his business, and Feener did not know what he was being interfered with, or arrested for, that, then the shooting, if it had resulted in death, would have been wilful murder.

The next matter was a charge against a deputy presiding officer in Wilmot for destroying the ballot of a voter, at the late general election. In this the learned Judge commented strongly on the conduct of the stipendiary magistrate in not returning the papers to the Court at an earlier date, the same having only come to hand just before the Court assembled, and to his entire ignorance of the law inasmuch as the depositions had not been signed by the witnesses, and the fact of his having (acting for the Queen) charged and placed upon the papers fees amounting to $12.00.

The civil docket of twenty one causes was next called over, and two only put down for trial, viz:—Wasson vs. Orde, and Balcom vs. Potter. The former was an action of trespass opened and proceeded with, till partly tried when defendant asked to amend his pleas, which was allowed by the Court, on payment of costs of the term and a continuance of the cause. Owen and Harrington for the plaintiffs, and Cowling and Ruggles for the defendant. The latter was an action for an assault, which was tried, and a verdict of $50 found for the plaintiff. Owen for plaintiff, Mills and Gillis, with whom was Harrington, for the defence.

Present besides the local bar, Messrs. John C Wade, Q. C., C. S. Harrington, Q. C., and H. Wade.

MIDDLETON.—A serious calamity befell Mr. Manning McGregor, of Farmington, on Saturday afternoon last, in the destruction by fire of his dwelling house, barn and all outbuildings. The fire originated (from what cause is unknown), in an old building used as a kind of workshop, about one hundred yards north-west from the house. The flames were communicated to the house, and thence to the other buildings so speedily and so effectually that, although a large crowd gathered at the spot immediately upon the discovery of the fire, and worked with willing and vigorous hands, all efforts to stay its progress were useless. The furniture, however, and as far as can be ascertained, everything of value that was at all portable, was safely removed from the buildings, including a horse and a pig that were taken from the barn after the house was on fire. The residence of Mr. Albert Morton being but a few rods to the eastward of Mr. McGregor's, considerable anxiety was felt for the buildings owned by the former, and one of them during the progress of the fire, caught more than once, but the blaze was promptly extinguished. There was no insurance whatever, and the loss to Mr. McGregor has been estimated at one thousand dollars.

YOUNG'S COVE.—The illness of Mr. Joseph R. Longmire, of this place, noticed in our last issue, we regret to announce reached a fatal termination, on Friday afternoon last. The deceased was a man much respected by all who knew him, was a honest, upright citizen, and his death leaves a blank in the community in which he lived, not easily filled. His remains were interred in the Middle Church cemetery on Sunday last. He leaves seven children—five sons and two daughters. Capt. J Longmire, of the packet schooner "Ivica," is a son of the deceased.

PORT LORNE.—Herring have struck into this place in plentiful quantities. Fishermen now feel encouraged.

Local and Other Matter.

—Wild strawberries are reported to be very plentiful this year. A few have made their appearance in the market.

—The Methodist Conference, lately in convention in St. Catharines, Ont., has rejected the basis of union by a vote of 101 to 88.

FINE COLT.—Mr. Geo. L. Selfridge, of Aylesford, has a yearling colt which weighed last month 1060 lbs.

—Sailors are in great demand in St. John. Good wages are being offered—in some cases as high as $80 and $90 for the run.

—The Annapolis folks are to have a grand excursion on the Basin, on board the steamer Empress, to-day.

—Mr. Fred FitzRandolph, of this town, livery stableman, has purchased the well-known "Bank's mare." She is a smart animal and Fred thinks he will be able to give the dust to a few of the local trotters by and bye.

—The following Provincial appointments have been made in the County of Annapolis:—To be Commissioners of Sewers for the Township of Clements: Robert J. Jefferson and Solomon Bowleby, in the place of Israel Gilliatt and Elisha Woodbury, deceased.

—Mr. Edward Craig and Mr. Erdley Clark, both of the Bridgetown Iron Foundry, spent a day fishing on the Bay of Fundy last Saturday, and were rewarded with a fine catch of cod and haddock. Two of the cod were as large as we have ever seen—one measuring 4 feet 9 inches and the other about 4 feet.

—The weather for the last few days has been delightful, and farmers whose land was too heavy to work owing to continued rains have been enabled to get their crops in, and so far as present indications go, the prospects are now quite encouraging. Foliage everywhere is luxuriant, and the grass is looking finely. A good hay crop is confidently looked forward to.

W. & A. RAILWAY.—The summer arrangement of the Windsor and Annapolis Railway went into operation on Monday last. Express trains going west, leave Halifax at 7 45 a. m., arriving at this station at 1.15 p. m., returning leave Annapolis at 2.20 p. m., arriving at this station at 3.00 p. m. Freight and passenger trains, leave Halifax every Monday, Wednesday and Friday mornings, arriving at this station at 4.38 p. m., returning, leave Annapolis on Tuesday, Thursday and Saturday mornings, arriving at this station at 7.11 a m.

—J. W. Beckwith's American Scythes have just arrived. Call and see the patterns and get his prices. 1i.

—Schr. Eliza Batchelder, which was ashore at Libby Island, lost her anchor chains, etc. Her salvors demand $275 for their services, and her owners are expected at Machiasport to settle the claim.

—In Burmah, an editor receives elephants in payment for subscriptions. In this country, he doesn't. In a great many cases as soon as he starts a paper, he has an elephant on his hands.

—By the recent fall in the Egg market, in Boston, R. H. Bath, is instructed by his firm not to pay more than thirteen cents per dozen. Dealers throughout the county will please take notice and govern themselves accordingly. 1i

—The egg business between this valley and Boston is reaching considerable proportions. Mr. R. H. Bath, who is one of the largest dealers, has shipped 126,000 dozens during a period extending over about a year. This of course does not represent by any means the total egg shipments for this county, as numbers of others are engaged in the trade and doing considerable business.

TROUT.—Owing to the continued wet weather up to the last week, the present season has been a very unfavorable one for lovers of rod and stream. Those whose ardor has induced them to brave discomfort for the sake of the sport have fared but indifferently well with a few exceptions. B. Starratt, Esq., of Paradise, spent three or four days on the waters adjacent to the "Cross" and the Half-Way House last week, and succeeded in killing a fine basket of trout. He reports the water about right and that the fish took the flies gamely. There is another sort of fly, however, that has the game business solely to itself during a fishing excursion.

—Last week the relatives and friends of Mr. John Peat formerly of this town, more recently of New Ross, Kings Co., but now a resident in Manitoba, were saddened by the intelligence of the death of his youngest and only remaining son Charles, of inflammation of the brain. The sad event occurred on the 6th inst., being just one year from the time of the family leaving this Province for their new home. The deceased was a promising young man, very industrious, and upon him depended in a great measure the family's hope of success in the country of their adoption. He leaves a widow, one child, father, mother and two sisters, to mourn their irreparable loss. Mr. Prat lost his eldest son two or three years ago, and now by his present bereavement he is left alone with but indifferent health and the shadows of advancing age creeping upon him, to fight the battle of life in a new country with all its attendant hardships.

—We have received a copy of a new monthly illustrated magazine, named. "The Manhattan," that has lately been started in New York. The number before us presents a very neat and tasty appearance, is well printed on toned paper and fairly illustrated. Its contents present an attractive intellectual feast. Some of the principal articles in the number before us are "People and Places in Guatemala." "Here and There in Chester and Oxford," The Revival of Humanism." These are interspersed with several excellent poems, short stories, sketches, &c. A number of pages are devoted to discussing recent literature and events of public interest.

Subscription price $3.00 per year, 25 cents single number. Address "The Manhattan," Temple Court, New York City.

—Liverpool market reports in reference to New Brunswick and Nova Scotia Spruce and Pine Deals say:

"There has been perhaps more than the usual difficulty in selling the first arrivals of Spruce Deals, and with little demand from the country the trade appears reluctant to buy at the present low prices, consequently importers have already begun to yard, which may probably have the effect of steadying markets; the import has been less than last year and the stock is moderate. For Lower Port Pine Deals there is very little inquiry. Birch continues in good demand, and full prices were realized at the late auction sales."

—The gold excitement is raging in Lunenburg County. The "Times" says:—

"The gold fever is waxing stronger each hour. Scores of explorers visit the locality daily and come back laden with quartz bearing the precious metal. The Nelson & Wade Co., are commencing operations upon one of their properties, with every prospect of uncovering the main lead in a short time. The Owen property is yielding a rich harvest, and from what we can gather of the opinions of experts—this is likely to prove one of the richest gold districts in the Province.

—The *New Era*, of Halifax, which devotes considerable attention to mining matters says:—

"We noticed in last week's issue that a valuable belt of lodes of gold-bearing ore had been discovered in the township of Bridgewater, Lunenburg County. Since then Mr. William Hall, who was sent down to the locality as an expert by the parties interested, has returned and reports that the results of his investigation shows the find to be even more satisfactory than he was led to expect. He says that he regards that district as one of the most valuable in the province. No development work has as yet been done, but surface indications are excellent. It is said that a suit at law as to the proprietorship of this find is likely to be instituted, as rival parties claim the discovery."

GRAND CENTRAL HOTEL.—Our town no longer labors under the disadvantage that has been so persistently urged against it of insufficient hotel accommodation. On Monday last Mr. Glencross opened his new premises, which he has christened the Grand Central Hotel, for the accommodation of his guests. He has gone to a large expense in the prosecution of his new enterprise, and much taste and good judgment have been exhibited in the way the alterations have been made, which as well as for the execution of the same, the credit rests with the master builder, Mr. Robt. Ewings, of Centreville. A description of the building may not be out of place. Occasional visitors to the town who were familiar with the old fashioned, weather-beaten, Intercolonial Hotel commanding the head of Queen Street, will now scarcely recognize the place, as in the stead of the old hotel now stands a handsome three story cupola crowned structure, with a verandah running in front of the second story. Entering the doors a wide hall is the first thing that meets the visitor's eyes, neatly grained and papered in light colors, with a spacious smoking room and office on the east side and on the west an equally large room which will be used for the present for an agents' sample room. At the farther end of the hall a door opens directly to the dining room, which is a commodious room, neatly fitted up. Passing up stairs to the second flat will be found two parlors with bedrooms opening off, three other bedrooms, bath room and water closet. A door opens from this flat on to the verandah which will afford a pleasant lounging place in the cool of the evening. The next flat is devoted entirely to bed rooms—nine in number. A staircase leads up into the cupola from which a very pretty view is obtained of the surrounding country. The whole house has been papered, painted, carpeted, and furnished throughout in a very tasty manner. Of course, considerable remains yet to be done, and it will be some weeks before all that Mr. Glencross intends doing, is completed, but at the same time as good accommodation is now afforded as in the best class of country hotels anywhere.

—Now selling balance of spring stock of Carpets at Cost, at J. W. Beckwith's. 1i.

—J. W. Beckwith's Haying Tools are now daily arriving. 1i.

—Messrs. John and William Bath of Granville, found one of a superior yoke of oxen dead in the barn yesterday morning. Cause of death unknown.

—The American House at St. Andrews, N. B., was burned to the ground on the 14th inst. The barkeeper, Waddell, has been arrested on the charge of being the cause of the fire.

—W. W. Saunders has just received Mixed Pickles in bulk, and excellent Cheese. 2i

—The local government have awarded contracts for building four bridges in Halifax County under the Bridge Act.

—Reordered by Telegraph, more of those 99c. Button and Tie Shoes, 60c. Prunella Boots, $2 50 French Kid Boots and 55c. Leather Slippers have arrived for J. W. Beckwith. 1i.

—A public dinner was given to Sir Charles Tupper by his friends and supporters in the Halifax Hotel, Halifax, on Friday last.

DENTISTRY.—F. Primrose D. D. S. will be at Mrs. Ainsley's, Bridgetown, Monday, Tuesday and Wednesday, and at his office, Primrose's Drug Store, Annapolis, Thursday, Friday and Saturday, of each week. tf.

ARMY WORM.—This distructive pest put in an appearance at Lower Granville about a week ago, in a ten acre field of grass, belonging to Mr. Isaiah Delap. They made a clean sweep of the whole field. They appear to be moving eastward, and farmers will take warning accordingly.

—Mr. Ed. Wassell, a resident of Digby and one of her Municipal Councillors has been appointed to the position of City engineer of Winnipeg. The position is an important one and Mr. Wassell is to be congratulated.

—Four of the dynamite conspirators, Dr. Gallagher, Wilson, Whitehead, and Curtain have been found guilty in the trials just concluded in London. They have been sentenced to penal servitude for life. Two others of the gang, Ausburgh and Bernard Gallagher have been acquitted.

—Freddy Gebhardt who is spoons after Mrs. Langtry, has nothing else to do but to run after any pretty face that may attract him, and has $50,000 a year to back up his personal attractions. He is a member of the "dude" class. What a useful member of society he is, to be sure.

—The body of a man was recently found in the Red River, near St. Paul's a short time ago. It was identified subsequently as that of a Capt. Allen of Truro, and formerly of London, Eng. It is believed to be a case of suicide through strong drink.

—Norman L. Munro, the New York publisher, has brought a suit in the Supreme Court against J. G. Bennett to recover $100,000 damages, for having caused his wife to be estranged from him by reasons of an alleged libellous publication in the *Herald*. He declares that his home has been broken up, his wife has refused to live with him, and his children have been disgraced.

PERSONAL.—Mr. Wallace Fowler has returned from a visit to Winnipeg. He reports himself well pleased with the country; that there is no doubt whatever of the exceeding fertility of the soil; and as far as he could judge during his short stay thought it an excellent country for a farmer in good health, with considerable capital and courage to engage to; but at the same time he contends that he has not seen any country that pleases him as well as our own beautiful Annapolis valley.

THE EX CANADIAN PREMIER ON THE ALLAN LINE.—In presenting an address to Captain Smith, of the Circassian, the Hon. W. Mackenzie, in the course of his remarks, stated:—I am sure that I speak the views of at least all Canadians when I say that we are proud of the Allan line of Canadian steamships, and that no money was ever better spent than the comparatively small mail subsidy which the company received from the Government to carry the mails and aid in securing a first-class steam communication with England.—*The Liverpool Journal of Commerce.*

—The following is a list of the degrees conferred and prizes bestowed at the Mount Allison College Anniversary exercises lately held:—

GRADUATES IN ARTS.

B. A.—William Young Chapman; Botsford, N. B.
Harry Ernest Kendall, Sydney, C. B.
Frank Walter Nicholson, Bermuda.
M. A.—Rev. Benjamin Hills, B. A., Acadia Mines.

Political Science Scholarship, H. E. Kendall.
Chemistry and Physics Scholarship, A. L. Robinson.
Theology Scholarship, A. D. McCully.
Halifax Alumnus Essay Prize, W. Y. Chipman.
John McDonald Elocution Prize, S. Howard.

The Scholarships are of the value of $25.

—A man named George T. Clarke, said to be a Nova Scotian, for some years a resident of Albert County, New Brunswick, where he has a wife and family, eloped with a Moncton man's wife on Thursday last. He has been working in Moncton lately at his trade (carpenter), when he made the acquaintance of the woman who left her husband and child to go with him to the States. The woman's name is Kinney, Her husband is a night watchman at the Moncton Sugar Refinery.

THE LUMBER KING.—Last January, when Mr. Gibson took stock of his lumber at the various mills in St. John, he had a total quantity available for shipment of 40,000,000 feet. Besides that he had 10,000,000, feet of logs frozen up in the ice on the Nashwaak River. This winter Mr. Gibson's cut, as estimated previously by the News, will reach a total of 26,000,000 feet. Add to this 10,000,000 feet out on Grand Lake waters by Messrs. Tayley, which are under contract to the nabob of the Nashwaak, and the total quantity of lumber, exclusive of possible purchases, that Mr. Gibson will control this year amounts to 85,000,000 feet.—*St. John News.*

New Store!

NEW GOODS!

The subscriber has opened a store on Water St., adjoining his dwelling, where he will keep on hand a large quantity of the Best Brands of

FLOUR, CORN MEAL, AND OATMEAL,

which will be sold at low prices for cash.

Also.—A well assorted stock of

Annapolis, June 9, 1883. 5i14

REGISTRATION OF CO-PARTNERSHIPS.

The attention of all persons associated in partnership for Trading, Manufacturing, Mining or other purposes, is directed to the provisions of "An Act respecting the Registration of Co-partnerships and Business Firms" passed at the last session of the Legislature. All such persons are required, on or before the first day of July, 1883, to file in the office of the Registrar of Deeds for the County or District in which they carry on business, a declaration in writing, in form prescribed, giving the names and residences of the persons forming the partnership. The Act applies also to individuals who use as their business style names indicating a plurality of members.

Copies of the Act may be obtained at the offices of the Registrar of Deeds, throughout the Province and from the Queen's Printer at Halifax.

C. E. CHURCH,
Provincial Secretary.

Halifax, June 7, 1883. 2i11

W. J. St. Clair & Co.

Bridgetown, March 20th. 1883.

ANNAPOLIS SS.,

In the Supreme Court, 1883.

In Equity.

CAUSE:—

TIMOTHY D. RUGGLES, Plaintiff,

vs.

PAULUS L. LANTZ, Defendant.

TO BE SOLD AT

Public Auction,

by the Sheriff of the County of Annapolis, or his deputy, in front of Joseph Buckler's hotel in Bridgetown, in said County, on

SATURDAY,

THE 14th DAY OF JULY,

A. D. 1883, at eleven o'clock a. m.

Pursuant to an order of foreclosure and sale, made herein the sixth day of June, inst., unless before the day of sale, the amount due to the said plaintiff, for principal, interest and costs on the mortgage foreclosed herein be paid to him or his attorney, all the interest and equity of redemption of the above named Paulus L. Lantz, and of all persons claiming or entitled by from or under him, in and to all that certain piece or parcel of

LAND,

situate in Wilmot, in the County aforesaid and bounded as follows:

On the North by the Annapolis River, on the East by lands formerly owned by Gilbert Willett, on the South by the Willett road, so called, and on the West by lands now owned and occupied by William McGill, containing by estimation twenty acres more or less. Also, all that certain other lot of land situate, lying and being in the township of Wilmot, in the County aforesaid, and bounded as follows: On the North by the Annapolis River, on the East by lands now owned and occupied by James Priestly, on the South by the Willett Road, so called, on the West by land owned by Henry Phinney, containing by estimation forty acres more or less, together with the appurtenances thereunto belonging, or in any wise appertaining.

TERMS OF SALE.—Ten per cent deposit at time of sale, remainder on delivery of the deed.

PETER BONNETT,
High Sheriff.

E. RUGGLES, Plaintiff's Attorney.

Annapolis Royal, June 9th, A. D., '83. [5i14

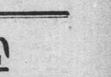
LADIES KID BOOTS, SHOES AND SLIPPERS,

AT LOWER PRICES THAN EVER.

FARNSWORTH & AMBERMAN.

June 14th, 1883.



ALMONT STALLION

"GILBERT"

Very Dark Bay, Black Points, 16 Hands High, Weighs 1139 lbs., Foaled 1878, Bred by Gen. Tilton Togus, Maine.

Sired by Constellation, sire of Glenarm, fastest four year old in Me.; 1st dam, Belle Boyd, by Gen. Knox, sire of Lady Maud, 2.18¼, Camors, 2.19¼, and other fast trotters; 2nd dam, Lady Sanford, by Champion Jr., by Champion, by Almack, by Mambrino, by Imp. Messenger. Constellation by Almont, sire of Piedmont, 2.17¼, Fanny Witherspoon, 2.18¼, Aldine, 2.19¼, and seventeen others below 2.30; 1st dam, by son of Blood's Black Hawk; 2nd dam by Mambrino Chief, sire of Lady Thorne, 2.18¼, and other trotters. Almont, by Alex.'s Abdallah, sire of Goldsmith Maid, 2.14, Rosalind, 2.21¼, Thornedale, 2.22¼, (sire of Edwin Thorne, 2.16¼); 1st dam, by Mambrino Chief, 2nd dam, by Alex.'s Pilot, Jr., sire of the dam of Maud S., 1.10¼, Alex. Abdallah, by Rysdyk's Hambletonian, Gen. Knox, by Vermont Hero, by Sherman Black Hawk, dam by Young Hambleton; 2nd dam by Harris' Hambletonian.

It will be seen that GILBERT has in his views a preponderance of Messenger blood, (undisputably the best in America), tracing back in nearly every line of his breeding, directly to Imported Messenger, chiefly through Hambletonian and Mambrino Chief, who stand at the head of the list of trotting sires.

AND

Hambletonian-Clay

Stallion "Wrangler"

Sired by Hartford, 1st dam, Gypsy, by Godfrey's Patchen, sire of Hopeful, 2.14¼, Geo. H., 2.25, Lady Snell, 2.23¼, and other trotters; 2nd dam, Kate, by Walker horse of Vermont, by Woodbury Morgan, by Justin Morgan, Hartford, by Rysdyk, sire of Clingstone, 2.14, and others, Rysdyk, by Rysdyk's Hambletonian, sire of 34 with record of 2:30 or better; Godfrey's Patchen by Geo. M. Patchen, sire of Lucy, 2.18¼, Geo. M. Patchen, by Cassius M. Clay, by Henry Clay, son of Andrew Jackson.

WRANGLER combines the Hambletonian and Clay blood, which has produced such as St. Julian, 2.11¼, Jerome Eddy, 2.16¼, Bodine, 2.19¼, &c. The Clay family stands second only to Hambletonian in 2.30 list.

The above stallions, which are the two only Hambletonian stallions in Annapolis Co., will stand at the stable of the subscriber, during the season of 1883, at the following terms:

GILBERT, $10.00 for the season; WRANGLER, $8.00 for the season.

Mares from a distance will be properly cared for. Mares at owner's risk. Breeders are invited to inspect above pedigrees, which are GENUINE, and call and see my horses before choosing elsewhere.

A. R. WOODBURY.

WILMOT, ANNAPOLIS CO.

Daniel Morrill!

This far famed entire horse, will make the

SEASON FOR 1883,

as follows:

Commencing Monday, May 14th, will stand at the stables of the subscriber, until Monday, 21st May, when he will travel to the stables of John Hall, Lawrencetown, remain over night; Tuesday, to the stables of Albert Morton, near Middleton; on the afternoon of same day, to the stables of James Gates, Kingston, where he will stand until Friday noon, when he will return to John Hall's at Lawrencetown, and Saturday to Tupperville. These regulations will be strictly adhered to, one week at Tupperville, and one week as described above. Parties from a distance will find him punctual at his stands, and will be, if required, accommodated with good pasturage or stabling at reasonable rates, at any of the above named stands. Best of care guaranteed. Mares at risk of owners.

TERMS.—$10.00 season.

Season to end 31st July.

I. D. CARTY,

9i14 Proprietor.

MOWING MACHINES

AND HORSE RAKES

A SPECIALTY.

HAVING made arrangements with the manufacturers of the above named farming implements, and selling direct from their prices, I am now offering to the people of the Annapolis Valley these goods on favorable terms, cheaper than they can purchase elsewhere. I also have on hand at all times

Steel and Iron Plows,

and am prepared to fill all orders in the BLACKSMITH and CARRIAGE BUSINESS with promptness and at a low figure. Light and Heavy Team Wagons made to order.

JAMES J. McKAY.

Annapolis, April 12th, 1883. 13i13
