A DETROIT MIRACLE.

A Great Triumph for Canadian Medical Science.

PARTICULARS OF ONE OF THE MOST REMARKABLE CURES ON RECORD DESCRIBED BY THE DETROIT NEWS—A STORY WORTH A CAREFUL PERUSAL.

DETROIT, Mich., Jan. 29th, 1892.—A case has just come to light here, the particulars of which are published in the Evening News, which will be read with considerable interest by all Canadians, as it records the remarkable achievement of a Canadian medical discovery, which has already, in its own country, won great and enduring fame. At this added triumph there is no doubt the fellow country of the proprietors will rejoice, as it sheds lustre on Canadian science. The story is told by the News as follows:—

The following paragraph, which appeared in the News a short time ago, furnished the basis of this information—a case that was so wonderfully remarkable that it demanded further explanation. It is of sufficient importance to the News' readers to report it to them fully. It was so important then that it attracted considerable attention at the time. The following is the paragraph in question:—

"C. B. Northrop, for 28 years one of the best known merchants on Woodward avenue, who was supposed to be dying last spring of locomotor ataxia, or creeping paralysis, has secured a new lease of life and returned to work at his store. The disease has always been supposed to be incurable, but Mr. Northrop's condition is greatly improved and it looks now as if the grave would be cheated of its prey."

Since that time Mr. Northrop has steadily improved, not only in looks, but in condition till he has regained his old-time strength.

It had been hinted to the writer of this article, who was acquainted with Mr. Northrop, that this miraculous change had been wrought by a very simple remedy called Dr. Williams' Pink Pills for Pale People. When asked about it Mr. Northrop fully verified the statement, and not only so, but he had taken pains to inform any one who was suffering in a similar manner when he heard of any such case. Mr. Northrop was enthusiastic at the result in his own case of Dr. Williams' Pink Pills. It was a remedy that he had heard of after he had tried everything he could hope to give him relief. He had been in the care of the best physicians who did all they could to alleviate this terrible malady, but without any avail. He had given up hope, when a friend in Lockport, N. Y., wrote him of the case of a person there who had been cured in similar circumstances by Dr. Williams' Pink Pills for Pale People. The person cured at Lockport had obtained his information respecting Dr Williams' Pink Pills from an article published in the Hamilton, Ont., Times. The case was called "The Hamilton Miracle" and told the story of a man in that city who, after almost incredible suffering, was pronounced by the most eminent physicians to be incurable and permanently disabled. He had spent hundreds of dollars in all sorts of treatment and appliances only to be told in the end that there was no hope for him, and that cure was impossible. The person alluded to (Mr. John Marshall, of 25 Little William St., Hamilton, Ont.) was a member of the Royal Templars of Temperance, and after having been pronounced permanently disabled and incurable by the physicians, was paid the $1,000 disability insurance provided by the order for its members in such cases. For years Mr. Marshall had been utterly helpless, and was barely able to drag himself around his house with the aid of crutches. His agonies were almost unbearable and life was a burden to him, when at last relief came. Some months after he had been paid the disability claim he heard of Dr. Williams' Pink Pills and was induced to try them. The result was miraculous; almost from the outset an improvement was noticed, and in a few months the man whom medical experts had said was incurable, was going about the city healthier and stronger than before. Mr. Marshall was so well known in Hamilton that all the city newspapers wrote up his wonderful recovery in detail, and it was thus, as before stated, that Mr. Northrop came into possession of the information that led to his equally marvelous recovery. One could scarcely conceive a cure more hopeless than that of Mr Northrop. His injury came about in this way: One day about four years ago, he stumbled and fell the full length of a steep flight of stairs which were at the rear of his store. His head and spine were severly injured. He was picked up and taken to his home. Creeping paralysis soon developed itself, and in spite of the most strenuous efforts of friends and physicians the terrible affliction fastened itself upon him. For nearly two years he was perfectly helpless. He could do nothing to support his strength in the least effort. He had to be wheeled about in an invalid's chair. He was weak, pale, and fast sinking when his timely information came that veritably snatched his life from the jaws of death. Those, who at that time saw a feeble old man wheeled into his store on an invalid's chair, would not recognized the man now, so great is the change that Dr. Williams' Pink Pills have wrought. When Mr. Northrop learned of the remedy that had cured Mr. Marshall in Hamilton, and the person in Lockport, he procured a supply of Dr. Williams' Pink Pills through Messrs Bassett & L'Hommedieu, 95 Woodward Avenue, and from the outset found an improvement. He faithfully adhered to the use of the remedy until now he is completely restored. Mr. Northrop declares that there can be no doubt as to Pink Pills being the cause of his restoration to health, as all other remedies and medical treatment left him in a condition going from bad to worse, until at last it was declared there was no hope for him and he was pronounced incurable. He was in this terrible condition when he began to use Dr. Williams' Pink Pills, and they have restored him to health.

Mr. Northrop was asked what was claimed for this wonderful remedy, and replied that he understood the proprietors claimed it to be a blood builder and nerve restorer; supplying in a condensed form all the elements necessary to enrich the blood, restore shattered nerves and drive out disease. It is claimed by the proprietors that Pink Pills will cure paralysis, rheumatism, sciatica, palpitation of the heart, headache, and all diseases peculiar to females, loss of appetite, dizziness, sleeplessness, loss of memory, and all diseases arising from overwork, mental worry, loss of vital force, etc.

"I want to say," said Mr Northrop, "that I don't have much faith in patent medicines, but I cannot say too much in favor of Dr. Williams Pink Pills. The proprietors, however, claim that they are not a patient medicine in the sense in which that term is used, but a highly scientific preparation the result of years of careful study and experiment on the part of the proprietors and the pills were successfully used in private practice for years before being placed for general sale. Mr. Northrop declares that he is a living example that there is nothing to equal these pills as a cure for nerve disease. On inquiry the writer found that these pills were manufactured by Dr. Williams' Medical Co., Brockville, Ont., and Morristown, N. Y., and the pills are sold in boxes, (never in bulk by the hundred) at 50 cents a box, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Co., from either above address. The price at which these pills are sold makes a course of treatment with them comparatively inexpensive as compared with other remedies, or medical treatment. This case is one of the most remarkable on record, and as it is one right here in Detroit and not a thousand miles away, it can be easily verified. Mr. Northrop is very well known to the people of Detroit, and he says he is only too glad to testify of the marvelous good wrought in his case. He says he considers it his duty to help all who are similarly afflicted by any word he can say in behalf of the wonderful efficacy of Dr. Williams' Pink Pills. If any of the News readers want any further information, we feel sure Mr. Northrop would willingly oblige them, as he has the writer in relating these facts to him.

At Parliament Building.

Our local legislature will meet in a short time and the repairs on the parliament building are being rapidly pushed ahead. All will doubt that repairs were needed and all will be pleased with the work. There have been changes made in the gallery and in the entrance, the members' cloak room not now being accessible to the ordinary mortal. There is a neat metal rail along the foot of the gallery instead of the late heavy cumbersome one. Fred Winters who has charge of the painting is doing the work well, shades of pink and mauve being the principal colors used in the enterance and lobbies. The legislative chamber is being made very beautiful, the plans for this room being designed by Lady Tilly who visited the room on Thursday afternoon for the purpose.—*Herald.*

As a cure for paralysis, sciatica, rheumatism, female troubles, such as suppressions bearing down pains, etc., general debility and that tired feeling peculiar to so many, Dr. Williams' Pink Pills stand unrivalled. Beware of imitations and substitutes. Sold by all dealers or sent by mail post paid, on receipt of price—50 cents a box—The Dr. Williams Med. Co., Brockville, Ont.

MRS. COLLINGWOOD SCHREIBER died suddenly at her residence, Ottawa, on Monday last, of heart disease.

REV. DR. BURNS has resigned the pastorate of Fort Massey Presbyterian church, Halifax. He is only slightly recovering from the recent paralytic stroke.

A SCOTT ACT REPEAL ELECTION was held in St. John parishes outside of the city on Tuesday and resulted in the defeat of the Act by nearly 200 votes.

MILL BURNED:—Messrs. F. E. & R. Sanson's new steam mill at Stanley was burned to the ground yesterday. All its contents were destroyed. A carload of shingles was also burned.

U. S. CONSULAR AGT.:—Mr. Charles Murray has been appointed deputy consular agent for the United States at Campbellton in place of Mr. John McAllister, who resigned.

THE ICE CROP is not as good hereabouts as usual. Mr. McEwan, who supplies the best ice on the Miramichi for household use, from the Lamont mill pond, says it is not much more than a foot thick.

THE SOCIETY EVENT of the season in Chatham, was the ball given by the bachelors of the Clifton House, on Tuesday evening. It was a success in every particular and the forty or fifty guests present have a very high opinion of "bachelor's hall."

THE SMELT FISHING: A despatch from the Minister of Fisheries to Mr. R. B. Adams, received at five o'clock yesterday evening, just as we were going to press, states that on representations made by Hon. M. Adams, M. P., smelt-fishing on the Miramichi is extended until 1st March.

NICKEL MINES BONDED:—The nickel property at St. Stephen, owned by J. A. Carrol and W. F. Best has been bonded to parties in England who will send a mining expert over in March to report upon it. This is a part of the famous Eben Hall property, over which some of the local opposition papers were so badly sold a few months ago.

HAY.—A Sackville despatch say: "Although hay is very scarce, Thomas Patterson and Anderson Bros., shipped last week three carloads to Halifax. The farmers say that there is not one-half as much hay stacked on the marshes now as there was this time last year. English hay sells readily for $12 per ton."

ACCIDENT TO CONDUCTOR IRVING:—I. C. R. Conductor William Irving was painfully injured in the Newcastle yard, last Friday. He was on top of a car of wood of which a flying shunt was being made. When the car struck another, the stakes broke and the load of wood collapsed. In the fall Conductor Irving was severely shaken and badly bruised about the shoulders and chest.

BUILDING IN ST. JOHN:—The report of Mr. Maher, Building inspector of St. John shows that the number of building permits issued during the last year was 92; 72 for wood or cased buildings costing $35,110, and 29 of brick or stone, costing $96,700, making a total of $181,810. Last year the new buildings erected in the city (west side of the harbor not included) cost $199,070, and in 1889 cost $184,660.

A FOX made his appearance on the Miramichi opposite Chatham on Sunday and Mr. Joseph Gilmore of the ferry service, went gunning after it. He shot it at a point below Mill Cove.

FOXES are often seen about Moorfield, They prowl about the river every night, attracted by the smelts left on the ice by fishermen.

DEATH OF THOMAS COGGON:—The death occurred yesterday of Thomas Coggon, a native of Lincolnshire, Eng., who has been a resident of Moncton for some eight or nine years. The deceased came to this country about 36 years ago, first settling in St. John, and after moving to Sussex, where he lived for about 20 years. The deceased leaves a widow and quite a large family—all of whom reside in Moncton with one exception, Richard Coggon, I. C. R., who resides at Newcastle.—[Moncton Times.

A FOREST FIRE CAUSED BY LIGHTNING.—Mr. A. E. Lawrie forwards to the *Indian Forester* an authentic case of forest fire caused by lightning, which occurred in the Alapelli forest of the Chanda District, Central Provinces. During a heavy thunderstorm a teak tree was struck in the Mirkalu reserve, which, it is hardly necessary to say, is protected from fire. The lightning current first struck an upright branch, and then ran down the stem, setting it on fire. The tree was shivered to pieces, long fragments being scattered over long distances. The storm being accompanied with but little rain, the grass and dry leaves round the burning tree were set ablaze. As this unfortunately occurred in the middle of the night, more than 80 acres were burnt before Mr. Lawrie's establishment could reach the spot and extinguish the fire. It is not often that one hears of a forest fire caused by lightning.

PERSONAL:—Rev. Joseph McCoy of St. Andrew's Church, Chatham, is suffering from diphtheria, complicated with la grippe, but it is believed that he will "pull through" all right.

Messrs. Walter White and Alex. McKay, of Chatham, left for Boston last Friday, via Halifax—the latter city being Mr. White's native place. They left Halifax on Tuesday for Boston. Mr. White, came here, a stranger, some three years ago, and by his excellent address and attention to business, as the practical electrician of our light and telephone system, made hosts of friends. Mr. McKay while devoting his time largely to the pharmacy business in Messrs. Mackenzie & Co's establishment, was Mr. White's right hand man in erecting and repairing the lines. Both go abroad seeking improvement and advancement in the great science of the age and leave hosts of friends here who will wish them every success.

Scott Act Case.

Mr. Menzies, who succeeded Mr. W. S. Brown as Scott Act Inspector for Northumberland, brought his first case for trial before police magistrate McCulley, at Chatham one day last week. The information was against Mr. H. Murray, hotel keeper, Newcastle, Robt Murray, jr., Esq., appearing for the prosecution and Hon. L. J. Tweedie for the defence. Silas McLean, formerly of Whitneyville, Northesk, but late of Menominee, was the only witness, and while it appeared he had a bottle of whiskey from which he drank and gave to others, he swore that he did not buy it from the defendant but brought it with him from the States.

It was understood that a Mr. Blackmore, to whom the witness had given some of the whiskey, telling him that he had purchased it at Murrey's, would have been brought to court to prove the fact had an application made by counsel for a postponement been entertained, but Mr. Tweedie objected and the magistrate dismissed the information.

This case illustrates the nature of the difficulties a Scott Act Inspector has to contend against, and will, no doubt, be a valuable experience to Mr. Menzies, whose next case will be better fortified with straight testimony. There seems to be only one opinion about the facts, and it is that the Inspector had them all right. The trouble was with the witness, and there is only one opinion, also, in the public mind, about him.

Chatham Electric Light Company.

The Chatham Electric Light Company have made quite a large improvement in the works here by having a new Engine Room built adjoining the main building, and changing the high-speed engine for a 'Whelock' 13x30 cylinder, and of about 95 H. P. This engine is one of the finest now built in Canada, and was imported from the Goldie & McCulloch Co., Limited, Galt, Ont. It has a 10 feet fly-wheel, having an 18 inch face, and connects by an endless belt of same width with a countershaft, and from the countershaft back to 4 Edison low-tension dynamos. The boiler-house adjoins the main building on the north side and contains two boilers 16 feet long and 60 inches diameter, which are about 90 H. P. each. Only one boiler is used, which leaves the spare one in case of accident. Mr. Walter H. White the company's late electrician superintended the placing of the new engine and made a first class job of it. The works are now in charge of Mr. George McDonald, late of Truro N. S. as Supt. and Electrician. The Company will be able to run from 400 to 500 more lights and ought to be encouraged with orders.

Deanery Meeting and Services at Campbellton.

The Ruridecanal Chapter of Chatham, met at Campbellton, Feb. 1st, and two following days. There were present, Revds. Canon Forsyth, R. D., J. H. S. Sweet, W. J. Wilkinson, H. Beers, and J. Simonds. In addition to the ordinary routine work, 1 Cor. 7, and Ps. 21 were read in the original and discussed by all present. Excellent papers were read by Rev. J. H. S. Sweet and J. Simonds on "The priest in his study" and "How best to secure reverence and heartiness on the part of the people in public worship" respectively.

George Burchill, jr., Esq., and Revr. Canon Forsyth and J. H. S. Sweet were appointed a committee to select music for the next Choir Union service, and to report to the meeting of the Chapter in April.

There was a profitable and interesting meeting of the S. S. T. A. on Tuesday afternoon, at which papers were read by H. A. Johnson, Esq., and Revs. H. Beers and W. J. Wilkinson, on "definite teaching," "The importance of Children's Services," and "difficulti s of S. S. Teachers," respectively.

The services were as follows.—Holy Communion at 8 o'clock Tuesday morning, the Dean being the celebrant, assisted by the Rector; Evensong on Tuesday evening at 7 o'clock, at which addresses were delivered by Revs. W. J. Wilkinson and Canon Forsyth, on the importance of the religious instruction of the young, and how best to secure it.

On Wednesday, there was Morning Prayer and Litany at 10 o'clock, and Evening Prayer at 7 o'clock. The Rev. J. H. S. Sweet was the Deanery preacher, and he delivered an able and eloquent sermon, taking as his subject, "The intermediate state."

The next meeting will (D. V.) take place at Derby, April 25th.

The Lover's Lament.

Your face is like a drooping flower,
Sweetheart!
I see you fading hour by hour,
Sweetheart!
Your rounded outlines waste away,
In vain I weep, in vain I pray,
What power Death's cruel hand can stay?
Sweetheart, Sweetheat!

Why, nothing but Dr. Pierce's Favorite Prescription. It imparts strength to the failing system, cures organic troubles, and for debilitated and feeble women generally, is unequaled. It dispels melancholy and nervousness, and builds up both flesh and strength. *Guaranteed* to give satisfaction in every case, or money paid for it refunded.

The Ghost and the Catamount.

No place is too remote to have a hair raising ghost story. The men who work for F. C. Robinson, who is lumbering in the depths of Aroostook, says that a genuine ghost dressed in gray wanders unolested through the forests. Some claim that it is the spirit of a hunter who was killed by a comrade many years ago, while others claim it is the spirit of some woodsman or river driver, that was killed accidentally, whose grave is still to be seen on the banks of the stream. The Catamount is there too, and according to the account given of its wonderful leaps it is a very active animal, and no doubt this spirit and the catamount have a high old time, dodging each other among the trees in the uncanny midnight hours.—Globe.

Young Mon's Christian Association of Chatham.

Meetings held every week in their rooms up-stairs, Barry's Building, as follows:—

Sunday morning at 10 o'clock, for Prayer and Praise.

Monday evening at 8 o'clock, for Bible Study.

Tuesday evening at 8 o'clock, for Training lass.

All young men are most cordially invited to all of these meetings.

Death of Goodridge Roberts.

The Hants *Tribune*, referring to the comparatively sudden death of Mr. Goodridge B. Roberts, of Fredericton, says: "Mr. Roberts went to Wolfville on Saturday in seeming good health, and on Sunday conducted the services in the Episcopal church in that place. On Monday he was attacked with la grippe, accompanied with excessive prostration, and congestion of the lungs, but was not considered dangerous by Dr. Bowles, who was in attendance until Wednesday morning, when his brother, Prof. Roberts, was telegraphed for and went up on the morning express. On Wednesday night Dr. Moody was telegraphed for and went up on the evening train, but when he reached there the case was considered hopeless. The sufferer gradually sank until 4 a. m., on Thursday, when death ended his sufferings. Mr. Roberts was a young man of more than usual ability and promise. He graduated at King's in 1890, and was studying for holy orders."

A Fredericton correspondent of the Globe says:—"The funeral of the late Goodridge Roberts took place from the rectory on Sunday afternoon, and was very largely attended. A service was held at the cathedral, conducted by the Metropolitan, the Bishop Coadjutor and Rev. Mr. Alexander. The remains were interred in Forest Hill cemetery. Rev. Mr. Montgomery assisted Rev. Mr. Alexander in the service at the grave. Much sympathy is expressed for Canon and Mrs. Roberts and family in the sad loss they have been called upon to bear. Miss Roberts, sister of the deceased, was brought home from Halifax in a very weak condition, having been prostrated by an attack of la grippe before hearing of her brother's death."

Mothers!

Castoria is recommended by physician for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing sleep. Castoria is the children's panacea—the mother's friend, 35 doses, 35 cents.

If you suffer with a cough, especially in the morning, HACKNOMORE is a sure relief. If you cannot sleep, try HACKNOMORE—it always relieves—sometimes cures. Try it before you resort to opiates. If you use it once you will realize why so much has been sold. Don't be duped by taking a substitute when it is as easy to get HACKNOMORE. If you always insist upon having HACKNOMORE, and never accept a substitute, you will not be disappointed. Sold everywhere.
