INDUSTRIAL INSTITUTE FOR GIRLS

To Be Opened at Richmond and Sheppard Streets—The Project in Detail.

Editor World: Within the past few days I have had the pleasure of visiting the Boys' and Girls' homes in our city. Both these institutions have recently been enlarged and beautified. The sanitary arrangements are complete and every appliance for the comfortable maintenance of 150 children in each is to be found. These buildings, with the new Orphans' home, are ornaments to Toronto, and ought speedily to be filled with our outcast, neglected orphan children. Let christian men and women go out into the streets, pick up the boys and girls and place them where they can be trained for future usefulness. All the homes mentioned can accommodate probably 75 additional children each, and there should not be a single vacancy, because from time to time, as christian homes offer, the elder children ought to be distributed and their places filled by others.

Apart however from the classes of boys and girls eligible for admission to our homes are a large number of others who appeal to us for help. Attention is directed to these, and steps must be taken at once for their rescue from ignorance and vice. I allude to those children who live at home, such as it is, and whose parents are unwilling that they shall go elsewhere, but who, for various reasons, are sadly neglected and allowed to wander about the streets, without regular employment or wholesome restraint. Especially is this true of little girls. They grow up without opportunities for learning housework, sewing, etc., and when placed in service do not remain. Want of knowledge makes housework tiresome, the restraint is irksome, a course of sin appears easy, and they drift into vice. The projected Industrial Institute, corner of Richmond and Sheppard streets, proposes, in one of its departments, to deal with cases of this kind. Little girls from the ages of 7 to 12 years will be taught housework in all its branches through "kitchen gardens." This system combines amusement with instruction, the training being given through a series of object lessons. After a course, or courses, of lessons on this plan the girls will be removed to another department, where they will be taught to put their knowledge to practical use. By this means, in a comparatively short time, girls will be turned out well trained for domestic service. Young working girls will also receive a large share of attention in the institute. The projectors intend opening reading, recreation, entertainment and coffee rooms. The reading and recreation rooms will be open constantly, so that no young woman in our city will be compelled for the want of a cheerful and inviting room to spend her evenings on the street. Educational classes will also be established in connection with these rooms. An industrial branch will also be established in connection with these rooms. An industrial department for women and a bureau of employment are included in the proposed plan of work.

Wm. Gooderham, J. Withrow and other friends interested in the scheme have inspected the building, and all agree as to its adaptability for the work planned. The repairs will cost considerably more than was at first anticipated, amounting in all to almost $1000. Mr. Gooderham, with his accustomed liberality, has promised $500 of this amount, if citizens will kindly contribute the remainder. Some smaller amounts have already been given. The repairs must be commenced at once, and as the committee is averse to the contraction of debt, the members earnestly ask for voluntary contributions. Let each christian man and woman interested in our girls give something, no matter how trifling the sum, remembering the wonderful power of letters. Household furniture of all kinds will be needed; also books for the library. These may be sent to 19 Duke street, and contributions of money to Mrs. H. E. Clarke, 534 Jarvis street.

Toronto, July 24. L. J. HARVIE.

Riel and His Charger.

One of the most laughable incidents of the volunteers' reception was a man dressed in an Indian suit to represent Riel and riding on a stuffed horse on top of an express wagon, got up by the Canada Harness company, 104 front street, opposite the hay market. We give them credit for it, and all we can say is they deserve the patronage of the public, for we can safely say they turn out the best and cheapest harness in Canada. We bought a set off them and saved over $10. We are perfectly satisfied with our bargain. They carry the largest and best assorted stock in the Dominion, and they make an affidavit that they cut nothing but No. 1 stock and all hand stitched. You can save 25 per cent by buying off them. Harness sent on approval. Send for catalogue.

Yesterday's Police Court.

Samuel Jackson, a colored fighter from the ward, $2 and costs; Matthew Carpenter, a suspected crook, discharged; Thos. Edwards and Frank Clarke, pickpockets, promised to leave town in six hours; Walter Randle, a juvenile assaulter, discharged; Benjamin Wheeler, insulting language, $2 and costs or 30 days; James D. Meeker, alias O'Donnell, was committed for trial for picking the pocket of Wm. Street at the City Hall square on Thursday last. Albert Stanley, for attempting to relieve Norman Walker of his watch on the same day, was also committed.

Relics From the Northwest.

—The boys from the Northwest have brought back lots of relics. Dogs, bears, wolves, ponies, buffalos, gophers, etc., etc., are now plentiful. Several of the returned heroes have started a zoo on a small scale in their respective back yards. Every volunteer will keep his old campaign cap as a relic, and will (if he obeys the articles of war) go at once to Dineen's, corner of King and Yonge streets, and buy a new hat for civilian wear.

Harbor Arrivals and Departures—July 24.

Ferguson, Lilly, Madeline, stone, lake shore; Jessie Stuart, Hamilton; propeller Cuba, merchandise, Hamilton; steamer Algerian, passengers and freight, Montreal. Departures: Schooners—Jessie Stuart, St. Catharines; Madeline, lake shore; propeller Shickaluna, merchandise, Montreal; steamer Algerian, passengers and freight, Montreal.

The Orange Groves of Florida.

—Monthly excursions from Toronto to Florida will commence about August 20th, through by rail to New York without change, and thence by Malloy steamer to Fernandia, Florida. Thos. Edwards, 20 Queen street, Parkdale, can furnish all particulars of the trip. Read his new pamphlet.

Cure of Drunkenness.

—Dr. Wm. E. Bessey of Montreal, who has been successful in curing inebriety among the better classes, is now paying a visit to Toronto, and may be consulted during the evenings at the "Avonmore," 276 Jarvis street, by any persons or their friends suffering from nerve prostration or dipsomania. 56

Don't Miss This Picnic.

—On Monday, 20th instant, commences the big slaughter sale at the Waterloo House; this is the only word that properly conveys any idea of the reductions that have been made in prices of all classes of goods. Mr. McKendry has been very busy for several days using the blue pencil, and those who want dry goods, fancy goods or millinery should not hesitate one moment as to where they should go to spend their money. Waterloo prices are always away down, but with a reduction of 20 to 25 per cent. off; oh! dear, what a picnic. 246

Zoological Association.

At a general meeting of the Zoological association yesterday afternoon in the Canadian Institute there were present Prof. Goldwin Smith (chairman), Ald. McLaughlin, Ald. Woods and Piper, A. R. Boswell, T. McGaw, Alf. W. Smith, W. G. McWilliams, J. MacArthur, Jr., J. P. Murray, A. W. Murdock, D. Roberts, J. E. Smith, W. H. Knowlton and others. Fifteen directors were appointed to make arrangements for the removal of the Zoo to the exhibition grounds. A vote of thanks was tendered to Prof. Goldwin Smith for the active interest he has taken in the association since its inception. There is already subscribed upwards of $17,000, and the stock is being rapidly taken up. The grant of land has been arranged for with the city and exhibition authorities, and Ald. Piper hopes to have his animals comfortably housed on the fair grounds by September.

Princess Beatrice as a Wife.

—England has had another royal marriage. The charming youngest daughter of Queen Victoria has given her hand and heart, to say nothing of her fortune, to Prince Henry of Battenburg. The English papers say that it was a true love match, and that in spite of her royal mamma's wishes the princess was bound to wed the man after her choice. May they be happy. The Oakland's Jersey Dairy, 131 Yonge street, supply ice cream made from pure Jersey cream. Sent to any address in freezers in quantities of one quart or upwards.

The Shorthanders' Convention.

This convention opens in Toronto Monday, August 17. The minister of education has placed the theatre of the Normal school at the disposal of the Canadian Shorthand society. A morning and afternoon session will be held for the transaction of business, reading and discussing of papers, etc., and in the evening a complimentary benefit will be tendered the American visitors. Full particulars may be had on application to the secretary, Frank Yeigh, 262 Sherbourne street, Toronto.

Another Murderous Revelation.

—Toronto is once more the talk of the dominion, and the Canadian Harness company, 104 Front street, opposite hay market, is the cause; and no wonder. They are selling a $35 harness for $18. The people are wild to think they have been paying $10 to $15 more for a set of harness than it is necessary. They must be alive to the fact now, for the above house is selling about 40 set per week. They make an affidavit that they use nothing but No. 1 stock and all hand stitched. Agents wanted in every town. Send for catalogue. 246

Ordination Service.

There will be an ordination service at St. James' cathedral to-morrow forenoon. A. C. Miller, B. A., W. H. S. French, H. P. Hobson, A. W. Daniel of Wycliffe college, and Messrs. Oliver, Scadding, Harris, of Trinity college, will be ordained deacons; Rev. Mr. Angell, Rev. W. J. Armitage and Rev. L. A. Bilkey will be advanced to the priesthood. Bishop Sweatman will officiate.

Notice.

—Brewers and others: Our Trade Mark, Blue Ribbon, has been registered at Ottawa. Any person using either word, "Blue" or "Ribbon," in connection with any beverage, will be prosecuted according to law.

We are the only brewers making Blue Ribbon Beer, Quinine Ale, and Iron Porter in addition to the ordinary brands. All guaranteed as first class quality.

DAVIES BREWING CO.,
(Advt.) Thomas Davies, President.

What is the World Coming To?

—It is coming to the opinion that the only man in the dominion who can repair old country watches and timepieces of every description to the entire satisfaction of the public is Doherty, 360 Queen street west, eight doors east of Spadina avenue. 136

Well Done, Boys.

—The Bon Marche, besides giving you a hearty welcome, takes 25 per cent off gents' furnishings. Their extremely low prices won't stand it, but our brave volunteers must have a benefit.

None Better.

—There is no more wholesome or delicious fruit on earth than the Wild Strawberry, and there is no more effectual remedy for cholera, dysentery, cramps and other summer complaints of infants or adults, than Dr. Fowler's Extract of Wild Strawberry.

A Wise Precaution.

—During the summer and fall people are liable to sudden attacks of bowel complaints, and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a physician is seldom required.

New York Life Ins. Co., Montreal.

DEAR SIR,

I desire to thank you for the exceedingly prompt settlement of claim for $10,000 occasioned by the death of my son, William Charles Fitch, who was killed in action at Batoche, while leading his company on the 12th of May, 1885. He only insured with your Company last November, and consequently had paid only one premium. The proofs of death were furnished the Company June 6th, and I received cheque in full settlement on the 18th. I understand that in cases of this kind Life Insurance companies are allowed sixty days to make settlement, but with the least possible delay and without any deduction whatever, payment was made within twelve days of the completion of necessary papers establishing claim.

Adherence to such a line of policy cannot do otherwise than create a very favorable impression of your Company in the estimation of the public.

I am, dear sir, yours sincerely.
