ELEVENTH YEAR. WEDNESDAY MORNING, JUNE 18, 1890. ONE CENT.

THEIR OLD MAN OF THE SEA

STICKS TIGHTER THAN EVER ON QUEBEC'S SHOULDERS.

Mercier Assured of 25 Majority—Attorney-General Turcotte and Leader of the Opposition Taillon in the Tureen—The Two M.P.s Who Resigned to Enter the Contest Elected.

MONTREAL, June 17.—Mr. Mercier has been sustained by an increased majority. His bribery of the constituencies has proven more potent than the desire for honest government and financial retrenchment, and his majority in the new Assembly may be placed with confidence at 25.

One Minister, Hon. Mr. Turcotte, has been defeated in Three Rivers by the mayor of that city, but on the other hand the leader of the Opposition, Hon. L. O. Taillon, who left a sure seat in Montcalm to contest Jacques Cartier against Hon. Arthur Boyer, was defeated by over 100. These are the only surprises of the elections, though each side has made unexpected gains.

Gains and Losses.

The counties which have changed hands are:

CON. GAINS.	GOV'T GAINS.
Bagot.	Arthabaska.
Beauharnois.	Bonaventure.
Champlain.	Bellechasse.
Hochelaga.	Drummond.
Kamouraska.	Lake St. John.
L'Assomption.	Matane.
Maskinonge.	Montreal (2 seats.)
Montreal (one seat.)	Montmorency.
Richmond.	Quebec County.
Three Rivers.	Rimouski.
—Total 10.	Temiscouata.
	Terrebonne(probably)
	Vaudreuil.
	—Total 14.

The Elections by Acclamation.

Nine members were returned by acclamation on nomination day, of whom seven are followers of Mr. Mercier and two are Conservatives. In St. Maurice Heroux (Min.) resigned before polling day, leaving the seat to the former Opposition member. In Verchères, where there were two Nationalists candidates, Geoffrion retired, allowing the former member to retain his seat. The eleven seats filled without a contest are:

A Glance at the Results.

This gives the Government 45 and the Opposition 23 seats, including Terrebonne, which is in doubt, assuring Mercier 22 of a majority. There are three elections yet to take place: Chicoutimi and Saguenay, Gaspe and Lake St. John. Nationalists are sure to be returned in two of these, and there is a chance that Mr. Flynn, the Conservative deputy leader, may be defeated in Gaspe.

The Finance Minister of the Opposition, as Mr. Desjardines was called, is beaten in Montmorency by Charles Langelier, who resigned his seat in the Commons in order to run against him. He will now be taken into the Cabinet.

As before every English county and every English polling district in the province has voted against Mercierism, except in Megantic, where Col. Rhodes was only elected by bribery of the railway subsidy kind.

GUELPH, June 17.—Thomas Woods, aged 70, and for the past 38 years a resident of Guelph, was found dead on Reeve-street last night. Heart disease.

In regard to the assault of a young man by eight roughs near the Bank of Commerce at Monday midnight, Alf Beatty and Thomas Hare state they were merely passing the place at the time and took no part whatever in the disgraceful affair.

ALDERMAN AND MAGISTRATE.

Col. Denison's Attack on the Representative of St. Mark's.

The World saw Ald. Lindsey yesterday in regard to the unfair attack on him made by Col. Denison through a World reporter. The alderman said: "I was not a little surprised at The World giving space to such a slander, and I know now that it appeared without Mr. Maclean's knowledge or consent, but I am more surprised at Col. Denison imagining he can stifle a public inquiry on the part of the council into his conduct as magistrate by an attack upon the private character of one of its members. In inquiring into the abuses of his office I acted in the public interest as a representative of the public, and if the magistrate thinks he can turn public attention from himself in that way he is in my humble estimation very much mistaken. He is evidently annoyed at being recalled by the Attorney-General and having his pay cut off, and so vented his spleen on me. At the proper time and place I will give the matter my attention."

Too Many Tongues Wagging.

"People must have little to do these days or so many of them would not be talking scandal," said a club man yesterday. "The foolish ones blame the press if a hint of any of this gossip gets into the papers; it is bound to get there if people talk about their neighbors as they appear to be doing. A real heavy moral thundershower might clear the air; if one does not come then I advise people to quit talking and go off on their holidays. When they come back the moral atmosphere will be clearer.

"The attack of Col. Denison on Ald. Lindsey, a thing I heard nearly ten years ago, was of this character. The issue between the two, in so far as it is a public matter, concerns Col. Denison's performance of his magisterial duties and Ald. Lindsey's right as a citizen and as an alderman to criticise the magistrate's official conduct. There was very little chivalry in the colonel's remarks to The World reporter, and my advice to Ald. Lindsey is to fight it out to a finish with the magistrate, and if he can show that official to have been derelict in his duty the public will side with the alderman and not with the magistrate in his personal attack."

OFF TO THE CAMP.

A Busy Day in Military District No. 2—A Serviceable Lesson.

Yesterday was a busy one in Military District No. 2: The departure of several battalions and batteries for the camp at Niagara. The work of massing the men, putting them on the boats, getting them over the lake and then into camp was performed so as to reflect credit on both the officers and the transport arrangements. The two most useful days in the twelve of drill are those occupied in going to and coming from camp, and give officers and men a better insight into actual service than mere drilling up and down the field. And yet some ill-informed critics favor little local camps without the experience of moving the troops, transportation and pitching through towns and over railways. To handle men, and for men to handle themselves "on the road," is half the science of war.

The Toronto Field Battery, Major Mead, and the 12th Battalion, under Col. Wayling, went over on the Chicora at 11 a.m., followed by the 36th, Col. Tyrwhitt, M.P., on the Cibola. The Simcoe Foresters (35th), under Col. O'Brien, M.P., took the Chicora at 4½.

The 34th went over by steamer from Whitby; the Hamilton Field Battery and the 77th and two batteries of artillery from Guelph went by train; while the 19th Battalion and the Welland Artillery marched into camp.

The various corps were made up of strapping men, well equal to the fatigues of the camp. That these men were all got together after daylight in a district extending 200 miles in one direction, centred in Toronto and then moved across to Niagara speaks a good deal for the condition of the militia of the district.

A DOSE OF PARIS GREEN.

Attempted Suicide at Waterdown—Looking for the Betrayer—Boring for Gas.

HAMILTON, June 16.—James Roland, who lives at Waterdown, became despondent on account of ill-health, and took a dose of Paris green yesterday afternoon. Last winter Roland had a severe attack of la grippe, and never entirely recovered from it. After taking the poison Roland walked to the other end of the village, and lay down under a tree, where he was found in great agony a couple of hours afterwards. He was carried home, and a stomach pump used. Roland was much better to-day, and it is likely he will recover. He is an unmarried man, and has lived in Waterdown about a year.

Elizabeth Atkinson of East Flamboro is in the city looking for Charles Hoss of Dundas, who she claims seduced her. Her mind has been deranged by her trouble.

It is likely that the Wentworth gas and oil company will start boring for natural gas in a couple of days.

RAILROADS TIED UP.

Switchmen on Strike at Cleveland—Other Labor Troubles.

CLEVELAND, O., June 17.—Every railroad in Cleveland is "tied up" on account of the switchmen's strike and the wheels of passenger and mail trains are the only ones turning to-day. Six hundred men are out of employment.

NEW YORK, June 17.—The disaffection in the ranks of labor is on the increase here. The cloak makers' lock-out it is asserted is only the beginning of a general strike which in many ways will eclipse anything of the kind as yet known in the city.

Mr. Farrer's Translation.

The translation of Edward Farrer to The Globe's chief editorial chair was the principal talk of the street and the clubs yesterday. The Globe made this announcement in its editorial columns:

When, very shortly, Mr. John Cameron retires from the position of General Manager and Chief Editor of The Globe, the business oversight of the establishment will be in the hands of Mr. C. W. Taylor as Business Manager; the position of Editor-in-Chief will be filled by Mr. J. S. Willison, at present sub-editor, and Mr. Edward Farrer will join the staff of The Globe on 1st of July as principal editorial writer.

"What does it mean?" was the question that nearly everybody asked. Whatever it may mean to the public, there is one thing th t it means to Mr. Farrer—an increase in salary from $3400 to $5000.

This is the highest salary that has ever been paid to an editorial writer on a daily paper in Canada.

Mr. Farrer successfully concluded his "deal" with Sir Richard Cartwright without Mr. Bunting finding out anything about it until the whole thing was closed.

At the Assize Court.

At the Assizes yesterday Mr. Justice Falconbridge and a jury were occupied nearly the entire day in hearing the case of W. T. Costigan & Co. v. H. S. Moore. The plaintiffs are engaged as merchants at Montreal, and the defendant is a warehouseman in the village of Norwich, Oxford county. The action was brought on account of alleged non-delivery of a quantity of evaporated apples, and the plaintiffs claimed $1000 and costs. The case was concluded at 5 p.m., when the jury were instructed to bring in a sealed verdict.

The long pending action of Walker against The Globe was withdrawn, the defendants not to claim costs. The action brought by Walker against The London Free Press for $10,000 was also settled.

To-day's list: Temple v. Anderson, Yorke v. Norton, Peuchen v. City Mutual Insurance Co., Keech v. Larkin, Lancashire Ins. Co. v. Cousineau, McCay v. Northern Insurance Co.

Mr. J. W. McMillan Honored.

Mr. J. W. McMillan, assistant bookkeeper for Rice, Lewis & Son's establishment, will to-day tie with his tongue a knot he cannot untie with his teeth. His fellow-employes determined to make his approaching marriage the excuse for presenting him with a token of their regard for him during his thirteen years' service with the firm, and last evening Mr. W. H. Blight, foreman of the retail department, on behalf of his co-workers, presented Mr. McMillan with a handsome Parian marble clock, and in doing so paid a high tribute to the worth of the recipient, who suitably responded.

The Fate of Two Pocketbooks.

D. Forbes, hotelkeeper, of Brantford, yesterday lost his pocketbook containing $250 on the street. Ensign Frederick of the Salvation Army, a Torontonian, found it and returned it to the owner.

Mrs. Capt. A. Welsh of St. Catharines had her pocket picked on Yonge-street wharf yesterday while boarding the boat for home.

Young Equal Righters in Session.

A meeting of the Young Men's Equal Rights Club was held last night in Richmond Hall, a which N. W. Hoyles, Q.C., presided. Mr. A. F. Chamberlain read a paper entitled "A French Nation on the banks of the St. Lawrence."

It was decided to hold an Equal Rights demonstration in September.

THE SUBURBAN SALVATOR'S.

HE BEATS BEVERWYCK'S CASSIUS BY ONLY A NECK.

Murphy Lifts Him in Front in the Last Jump—Tenny is Third a Length Behind Cassius—An Enormous Crowd See the Race—The Betting and the Time—Toronto Loses at Baseball.

NEW YORK, June 17.—The seventh suburban handicap was run at Sheepshead Bay to-day in the presence of a crowd estimated at 30,000 to 40,000 people. There was a good track, and the nine starters were all in first-class shape. The best time ever made for a mile and a quarter is credited to Kingston, who covered the distance in 2.06¼. The winner's time to-day, 2.06 4-5, is a fraction slower, but the race itself was one of the most gallant fights ever witnessed, and the great crowd watched the struggle with almost painful interest. Cassius had not been esteemed very highly as a probable winner, but there was a report got abroad that a trial gallop had resulted in phenomenal speed and there was no lack of backing, although Tenny's performances this season and Salvator's great trial record kept them well to the front in the estimation of bettors.

THE SUBURBAN, a handicap sweepstakes of $100 ea., h.f., and only $25 if decl. by Feb. 20. The Association to add the amount necessary to make the value of the race $10,000. The second to receive $3000 and the third $1000 out of the money so added. Weights to be announced Feb. 1. Winners, after publication of weights, of a race of $1000 4 lbs. extra; of 3 of $1000, or of one of $3000 8 lbs. extra; of 3 of $1000, or of one of $3000 8 lbs. extra; of 3 of $1000, or of 2 of $3000 8 lbs. extra; of 3 of $1000, or of 3 of $3000, or of one of $5,000, 12 lbs. ex. In the case of horses handicapped at 121 lbs. or over, these penalties shall apply to the extent of one-half, and in the case of one of those handicapped at 122 lbs. or over to the extent of one-quarter only. The Race: Cassius took the lead at the start with the others bunched and here Tenny got the advantage until well into the home stretch with Salvator three lengths behind in second place. When a mile and an eighth had been run still Cassius led; but Salvator had crept up inch by inch and a desperate race was made in the last furlong. The three leaders on the last hundred yards were Cassius in front by a little more than a neck; Salvator 2½ a length ahead of Tenny. All were whipping desperately. Then is a moment of intense suspense making a great effort but could not come up. Cassius was still in the front a few feet from the goal when Murphy picked Salvator up at the last jump and put him in front by a head at the wire. Tenny was a good length behind Cassius and Strideaway, in fourth place, was 4 or 5 lengths behind Tenny, with Raceland next, Firenzi 6th.

The other races resulted as follows:

First race, ⅝ of a mile—Civil Service 1, Geraldine 2, Blue Rock 3. Time 1.01 3-5.

Second race, 6½ furlongs—Russell 1, Bolero 2, Miss Buttons 3. Time 1.19.

A PITCHERS' BATTLE.

Young Stein Only Allowed Five Hits and had Perfect Control.

It was a pitchers' battle yesterday between the south-paw Titcomb and young Stein, the Saginaw. The juvenile won the day because he kept his head all through and, would not let the heavy hitting Torontos bunch. The visitors could not bat the local twirler unduly, but his three bases on balls, Rickley's excusable fumble and Arundel's long sacrifice fly in the sixth brought disaster and a lead to McArthur's men that proved insurmountable. A lucky infield hit by Fitzn, a stolen base, Doyle's little single and a elongated catcher's remarkable run and slide from third to the plate while the ball passed between catcher and second gave to Toronto their first tally. Ike's base on balls and McLaughlin's cocking double completed their scoring. McLaughlin's fumble, a force at the plate and West's single sent home the run that proved the winning one for the Sags. A line catch of Newman's hot one by Stein when McLaughlin was forced; and Newman's catch of Arundel's short fly, doubling Shepherd at the plate, were the fielding features. Score:

International Baseball Dilemma.

DETROIT, June 17.—A special meeting of the International League was held here to-day. There were present President Mills, President McConnell, Toronto; President Hibbs and Director Reed, London; Manager Bacon, Grand Rapids, Director Pettypiece, Saginaw. The meeting was called to ratify the admission of Grand Rapids which was done. Manistee and Port Huron were invited to send delegates but neglected to do so. Hamilton voted by telegraph and stated that their club had been transferred to Montreal and also advocated Sunday games. Bacon declared that Grand Rapids would withdraw if Sunday games were prevented. Saginaw also favors Sunday ball.

A general idea prevails in Hamilton that the club there has shifted to Montreal, being thus forced through lack of patronage.

CROOKED GRAIN DELIVERIES.

The Council of the Board of Trade Will Make a Thorough Investigation.

Some time ago The World announced that certain grain and commission men were in the habit of billing grain in excess of the quantities loaded in the cars and obtaining payment for the full quantity the cars were laid to contain. Charges during the past day or two have been made to the council of the Board of Trade that two members of the board, E. B. McKay and W. J. McKay, were guilty of this "dishonorable" dealing, and the complaints will be considered at the next meeting of the council. In October, 1887, these two members were adjudged guilty of conduct unbecoming members of the board, and E. B. McKay was suspended from the privileges of the board for 12 months and W. J. McKay for a period of six months. It is now alleged that the Messrs. McKay not only loaded and shipped grain so as to deceive the receivers but that when the shortage was discovered they tendered a check for the shortage.

To ascertain extent it has gone forth, from the recent action of the railroads, that it is a custom of the trade so as to defraud—for that is the proper term—the receiver, and the council intend that the good name of the members as a body shall not be impugned and will thoroughly investigate the charges and impose such penalty as the nature of the offence may require.

The St. George Settlements.

There are but two cases arising out of the St. George disaster in which settlements have not been arranged conditional upon, Mr. Justice Rose and the court of final jurisdiction, should it be continued further, deciding that the Grand Trunk are liable. The two not settled are those instituted by Bricklayer Hyslop and Miss Andrews. The latter has been held in abeyance pending the visit of the lady to an electric bath establishment, with a view to ascertaining whether her presently disabled arm is permanently affected. In the Hyslop case it is believed a settlement will be effected on the basis of $2500, precisely one-half the amount sued for. The examination of medical experts will not be completed until to-morrow, however. The latest settlements effected are: Marshall and wife, $3000; Knight, $4000; Higgins, $500.
