WHEAT AND CORN IN HEAVY DEMAND

Estimate of Huge Wheat Yield Temporary Check—Corn at Top Prices.

CHICAGO, Sept. 4.—Readiness with which offerings were gobbled up in the face of depressing news, gave the wheat market today a substantial rally. The close was firm at an advance of ⅝ to 1c net. Corn wound up with a gain of 1⅛ to 1⅜c; oats dearer by ½ to 1c, and provisions showing a rise of 5 to 50c.

Heavy selling, which during the greater part of the day kept wheat values under last night's level, resulted mainly from estimates by a leading crop expert that the total yield in the United States would be 784,000,000 bushels, breaking all records. This total was based on better threshing returns from Minnesota and the Dakotas than the trade had been led to expect. What appeared to be an undertone of strength made some of the principal sellers grow cautious late in the day. When they attempted to reinstate their lines it developed that the pit supply of offerings had shrunk to a remarkable extent. Prices accordingly mounted in quick fashion, and were within a shade of the top point when the last gong rang. There were heavy shipments out of Chicago in the last 24 hours, and much additional vessel room was chartered.

Corn Continues Rise

Corn advanced to new high levels for the season, and closed without any decided reaction. Aggressive profit taking by longs acted as only a temporary check to the upturn. There was brisk demand for cash corn, and but little to be had from rural holders. Meanwhile, drought and heat continued over the belt.

Estimates on the crop were the most bullish of the year.

In oats the feature was the buying of September on the part of cash concerns. It was said there had been a decided improvement in the shipping demand.

An extraordinary demand for January and May provisions was only satisfied after a big advance. The course of the corn market was suggested as the underlying reason.

LIVERPOOL GRAIN EXCHANGE.

LIVERPOOL, Sept. 4.—The firmness in America, strength in Winnipeg, and the firmness in Buenos Ayres yesterday caused shorts to cover freely at the opening, and values were ½d to ⅞d higher, with March leading. Following the opening, December further advanced, with speculative support on the sharp advance in both American and Canadian offers, dearer and fewer cargo offers. Expectations are for moderate world's shipments this week. Spot markets were strong ½d to 1d higher at the opening, and India offers lighter. During the morning there was some profit-taking as a natural result of the recent sharp advance, and prices reacted. Russia offers are larger, but the prices very steady for the same.

Corn opened unchanged to ¼d higher. The strength in America was offset by the forecast of large Argentine shipments this week. Following the opening, the market declined. Later this was recovered, with shorts covering on the strength in plate offers, and the strength in Buenos Ayres yesterday and the strong situation in spot (American grade 1d higher and plate up ¼d).

One leading live stock dealer informed The World that no less than 18,000 stockers and feeders had left Ontario to supply the American farmers during the past two months.

The route via Chicago is an attractive one, many large cities and towns being passed en route, which breaks the monotony of the journey, there being something new to see all the time. The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg, Saskatoon, Edmonton, with smooth roadbed, through the newest, most picturesque and most rapidly developing section of western Canada.

RAILWAY MAGNATES CALL ON MINISTER

OTTAWA, Sept. 4.—(Can. Press.)—Chairman Smithers and Vice-President Wainwright of the Grand Trunk, had a conference this morning with the minister of finance, Hon. W. T. White. It was termed "just a friendly visit," but is understood to have been in connection with the financial arrangement between the company and government, chiefly the $10,000,000 loan of last session and government aquisition of Grand Trunk Pacific bonds.
