BENZOL AND ALCOHOL TO REPLACE GASOLINE

Paris, Sept. 16.—The government has authorized experiments with a benzol and alcohol mixture as a substitute for gasoline in automobile engines. In view of the high price of the latter—a dollar a gallon. While benzol used alone undoubtedly gives more power than gasoline, it has an objectionable odor, and chauffeurs who have tried it assert that it corrodes carburetors and cylinders. Both these disadvantages, it is claimed, may be to some extent removed by mixing the benzol with alcohol or ether or both.

WILL OPPOSE PRICES OF LADIES' GARMENTS

London, Sept. 16.—Increasingly high prices for women's clothing, forecast by the clothing trade for the coming winter, probably will be combated by the men, under government supervision, of a half-million "standard" costumes and coat frocks such as were manufactured during 1918.

Leeds firms have upwards of 2,000,000 yards of material available for the men of these "standardized" garments, but announce that increased costs of production probably will bring the cost price of the new lot to $18 or $20. Similar garments last year were retailed for $14 to $16.

PATHFINDING TOUR IS VIA TORONTO

Detroit Motorists Pass Thru New Ontario—Six Thousand May Follow.

Canadian Press Despatch.

North Bay, Sept. 16.—The first party of the Detroit Automobile Club, making the thru trip from that city via the Dixie highway to Sault Ste. Marie, Mich., crossing the river there and making the return trip thru Canada via Sudbury, North Bay, Orillia, Toronto and Windsor arrived here at midnight yesterday. They were due at 10 p.m., but owing to some engine trouble were delayed.

They were met by Messrs. McGaughey and Noble of the North Bay Auto Association, by J. W. Richardson and D. J. McKeown, president and secretary of the board of trade, and Mayor Ferguson and L. Bunyan of the town council. Mayor Ferguson took them to his residence, where lunch was served. Speeches of welcome were made by Messrs. J. W. Richardson, George McGaughey and Mayor Ferguson, and replies were made by Capt. Galbraith, manager of the Detroit Automobile Club; F. S. Case, chairman of the Michigan highway transportation committee, and J. W. Curran, editor of The Sault Daily Star, Sault Ste. Marie, Ont. The party left North Bay this morning for Orillia, and were escorted thru the town by the mayor and Councillor Noble, the latter going on to Burke's Falls. They were also accompanied to that town by Dr. Dudley's auto, driven by Mr. Foster; J. W. Richardson, driven by Willard Richardson, and J. McIver, driving his own car.

Many May Follow.

This trip is really a path finding one to gather first-ahnd information, which if satisfactory ensures the tour of the Detroit Club, with a membership of 6000. Over the route other members of the party were: Ed. Biell, vice-president of the Detroit Auto Association and president of the Michigan Pike Association; W. D. Edenburn, automobile editor of The Detroit News; L. L. Jacobs, secretary-treasurer Saulte Ste. Marie Good Roads Association; W. G. Akins, solicitor for the Spanish River Pulp and Paper Mills Company; Norman H. Hill, editor of The Sault Ste. Marie Evening News; John Ryan, president of the Saulte Ste. Marie Good Roads Association, and Ald. Norman Patterson, representing Sault Ste. Marie, Ont.

This trip is calculated to do much good, as it will give the road traveled publicity and bring it to the attention of United States motor owners and tourists, thousands of whom will avail themselves of a trip over this northern route.

BOYS OF VATICAN CHOIR SENT TO ELLIS ISLAND

New York, Sept. 16.—Eighteen boys, members of the Vatican choir of seventy voices, which arrived here today on the steamship Belvidere, were sent to Ellis Island by immigration officers and not allowed to land because they are under 18 years of age and not accompanied by their parents.

This action closely follows the detention of Urelio Bodini, an Italian tenor, who arrived last week, and was ordered excluded from the country by a special board of inquiry, on the ground that having been engaged as a member of the Metropolitan Opera chorus at $15 a week, he was a contract laborer.

Rumor That Gramophone Companies Will Combine

Special to The Toronto World.

Kitchener, Ont., Sept. 16.—There is considerable conjecture in this city in connection with the rumored merger of the large gramophone concerns of Canada, of which the Pollock Manufacturing Company here is said to be an important unit. It is stated that a large central plant of the new concern will be built in Kitchener. A. B. Pollock interviewed here today denied that any merger has been made or was even under consideration.

Asks Government to Foster Canada's Steel Shipbuilders

Kingston, Ont., Sept. 16.—The council of the board of trade desires to see every encouragement given steel shipbuilders in Canada and has passed a resolution suggesting to the government that a bonus be given and that use of foreign-built ships, at least those over five years old, be not allowed on tonnage constructed.

ANOTHER MYSTERY MAN.

FERGUS WELCOMES ONE FIFTY-THIRD

Village is En Fete on Occasion of Visit of a Thousand Returned Men.

Special to The Toronto World.

Guelph, Sept. 16.—The village of Fergus is en fete today on the occasion of the civic welcome to the members of the 153rd Battalion, who are here nearly 1000 strong. The committee in charge of affairs have left nothing undone to make the welcome the biggest event in the history of the village. From every part of the county came khaki-clad men this morning by train, motor car and vehicles of every kind. The first big event of the day was at noon, when the returned men became the guests of the Women's Patriotic League of Fergus at dinner in Victoria Rink. Following the dinner, a big parade formed at the bowling green and marched thru the principal streets to Victoria Park, where the afternoon program was held.

The old 153rd made a splendid appearance as they swung thru the streets, and they were cheered to the echo. The parade was in command of Lieut.-Col. Pritchard, and besides the men of the 153rd there were veterans of other wars in the procession. Among them was Sergt. Henry John, nearly 90 years of age, a veteran of the Crimean war, and who has also had a long military record in India. There were several veterans of the Fenian Raid of 1866.

Trooping the Colors.

The colors of the 153rd, which have been reposing in St. Andrew's Church since the battalion went overseas, were taken out this afternoon and trooped at Victoria Park. Following this ceremony, there was a program of speeches. Hon. Hugh Guthrie, W. A. Clark, M.P. for North Wellington, and Warden Howes spoke. A feature of the reception was the presentation to the Fergus soldiers of a medal and $10 in gold by the Women's Patriotic League. A similar presentation to the Nichol township soldiers was also made by the Women's League of that township. Fergus boys, to the number of over 80, enlisted in the 153rd Battalion, a number of whom made the supreme sacrifice.

The celebration in honor of the soldier will last two days. A baseball tournament, in which Fergus, Guelph, Palmerston, Elora and Belwood have teams, began today, and a big program of sports has been arranged for Wednesday. Three bands—Elora, Fergus and Guelph Jazz—are supplying the music for the reception.

MESSENGER DISAPPEARS WITH $32,000 IN BONDS

Prince & Company, members of the stock exchange, left the broker's offices in the financial district yesterday morning with bonds valued at $32,000 and never arrived at his destination.

Another messenger employed by Prince & Company was held up and robbed of securities a few months ago, but the securities were recovered.

Quebec, Sept. 16.—Omer Drouin, R. Hansen and A. Dionne, all three charged in the Quebec police court with conspiracy to defraud in connection with the granting of false exemption cards, were today found not guilty by Judge Langelier. Immediately counsel for the prosecution inscribed an appeal which was granted so that the three men will have to appear before a grand jury in April next when the jury will decide whether a true bill or no bill verdict should be returned against the trio.

GIANT AIR LINER MAKES TEST TRIP

Carries Sixteen Passengers on Flight Over Long Island Fields.

New York, Sept. 16.—A party of sixteen, the majority newspapermen, flew 5,000 feet over Long Island yesterday in the Lawson Airliner, a huge biplane.

Seated in comfortable wicker chairs in an inclosed cabin they read newspapers, or glanced thru the observation windows at the moving map-like scene far below. At the end of the cabin a "movie" man turned the crank of his machine and recorded a picture of the expressions on the faces of the passengers.

The flight was a demonstration of the possibilities of the transcontinental passenger aerial service that is about to be established by Alfred W. Lawson, designer of the giant aircraft.

The passengers entered the spacious inclosed cabin thru a six-foot door in the side, and then filed down the aisle to their seats. The interior of the cabin is a reduced replica of the modern railroad parlor car.

After a short run across Mitchel Field, the huge 'plane took the air gracefully at 4.32 o'clock, and rapidly attained an altitude of 1,000 feet, despite its weight of seven tons.

Flying at a hundred miles an hour the machine made a circuit around the lower end of the island. It returned to a perfect landing on Mitchel Field at 5.03 o'clock.

PROFITEERING BOARD TO BEGIN AT THE TOP

London, Sept. 16.— Chairman McCurdy of the central committee under the profiteering act and parliamentary secretary, in a speech at Northampton, said the committee would begin investigations at the top because very often the retail tradesmen were not so blameworthy as a powerful trade organization of which the public knew nothing.

In this connection he mentioned the operation of the meat trust in America, which began and it was alleged was largely interested in the British empire and used its power to crush competition, and the profiteer. He said the prime minister intended to introduce legislation making permanent the powers temporarily provided by the profiteering act in order to deal with such trusts. The central committee would sit in three sections namely, investigation of prices committee, committee on trusts, and complaints committee.

U. S. WANTS DATE FIXED FOR RETURN OF SHANTUNG

Tokio, Sept. 16.—According to The Jiji Shimpo, the United States government has requested a memorandum from Japan, stating, first, that Japan has no aggressive designs on the province of Shantung; second, that Japan is to abandon her rights to the establishment of an exclusive Japanese settlement in Tsingtao, and, third, announcing the exact date for the return of Shantung to China, and also the date for the withdrawal of the Japanese troops there.

The newspapers point out that it will be difficult to fix the dates, as this must be settled by direct negotiations between Japan and China.

BOYS' FALL FAIR.

Lieut.-Col. G. W. Barker, V.C., D.S.O., D.F.C., will officiate at the grand opening of the Broadview Boys' Fall Fair to be held at 8 o'clock this evening. On account of this year's fair being named victory year, it was thought appropriate by those in charge to have a Canadian aviator preside at the official opening.

In entries, all previous records have been broken and everything points to a "bigger and better" fair than ever. The opening ceremonies will be followed by a swimming exhibition, and the grounds and buildings in general will be in complete readiness. A dog show, pigeon show, art exhibits, good working displays and a host of other features, including a new midway and a vaudeville show will offer the visitor a couple of hours' of enjoyable entertainment.

NEW BRANCH BANK.

A branch of the Canadian Bank of Commerce has been opened at Ottawa street and Campbell avenue, Hamilton, in charge of C. D. Nevill.
