COMMENCE HARBOR WORK TOMORROW

Start to be Made on Western Channel When Plant is Located.

MAY NEED MORE MEN

Those Who Got Work Up North Are Doing Well —Others May Go.

The season's work in connection with the harbor improvement plans will commence on Wednesday at the western channel, where the plant is being placed.

The carpenters sent to Parry Sound by Property Commissioner Chisholm have proven quite satisfactory, and it is hinted that "Explosives, Limited," the company the men are working for, will require twenty-five more.

Many Were Disappointed.

There were many disappointed callers at the city hall yesterday, and those who tried the Teraulay and Queen street entrances were not a little annoyed when they were told at the James street entrance that the hall was closed for the day. Municipal employes, like bankers and provincial and federal government employes, are a little more fortunate than others, in that Easter Monday is a holiday with them. The mayor and several heads of departments were down for a short time.

The treasury board will meet today to discuss the question of putting more debentures on the market, and the regular meeting of council will be on Wednesday at 2.30.

Despite all the promises that have been made it appears that nothing will be done on the new Union Station and viaduct this spring.

Take a Look First.

An offer has been received for the filling in of Catfish Pond at 18c per cubic yard, which would make the total cost about $20,000. The work would be done in about two weeks. The mayor wants the members of council to go out to High Park and look the pond over before the estimates are considered.

Since last January Mayor Church has been advocating that contractors doing city work should use hydro power, and some figures have been compiled in this connection. Some 399 contractors have been given civic work, and of these only 199 use the hydro.

GREATER CONTROL OF POOLROOMS

Statute Amendment Gives Municipal Councils Full Authority of Restriction.

The complaint that poolroom proprietors whose institutions in the past have not been considered desirable in some municipalities, had the power to establish themselves under charter privileges and defy interference, has been removed by Hon. W. J. Hanna in a statute law amendment. In future local councils will have absolute power to allow or prevent any such places being opened. The change comes in answer to a special plea from western Ontario centres, where it was charged that municipal authority had been evaded.

The meaning of the term "proprietary club" is changed from one where the members, or some of them, are not shareholders or interested in the property, to include every club other than those licensed under the Liquor License Act. In this way a council may pass a restrictive bylaw for licensing and regulating all places of public entertainment, but power is also given to allow exemptions for any club where the pool or billiard tables are considered subsidiary to the main objects.

ONTARIO APPLES.

The Ontario Government is remembering wounded Canadian soldiers in European hospitals in a way that will appeal strongly to every Canuck in a foreign land. Boxes of Northern Spy apples, the most select fruit of provincial orchards, are being forwarded to the London office for distribution among the base hospitals, and the purpose of the government is to see that every wounded man receives a share of home-grown fruit.

The first consignment of 100 boxes was sent at the end of the week, and arrangements will be made for more to follow. The outlay will not be large but it is felt that a gift of this kind will be unusually acceptable. It resulted from a suggestion of Agent-General Richard Reid of London, who has been closely in touch with the Canadian soldiers.

SEVERELY WOUNDED WALKS TO HOSPITAL

Yon Miernikewiecz Hit Over Head With Lead Pipe by Rival in Love.

ONLY A SHOP TAG

Hanging Out of Muff, Small Pasteboard Formed Clue to Theft.

Yon Miernikewiecz, 181 West Richmond street, was conveyed to the General Hospital last evening in the police ambulance with a dozen severe wounds in the back of his head, and Stanislaus Greenark, same address, was arrested by Officer 441, on a charge of wounding.

The fight occurred in the Richmond street boarding house about 7 o'clock last evening, and commenced after a quarrel over a woman. According to the injured man, they first fought with their fists, but when Greenark was getting the worst of it, he seized a lead pipe and struck him repeatedly on the head.

Altho Miernikewiecz sustained terrible injuries he walked up to No. 2 station with the officer. The doctors at the General Hospital believe he will recover.

While walking along Queen street Acting Detective Maurer, who is attached to headquarters, yesterday saw a shop tag hanging from a muff worn by Dora McDougall and pulled it, and on the other end there was a black silk blouse.

"What is this, lady?" he asked.

"It is none of your business," was the reply.

"Yes it is. I am a police officer," answered the detective.

He took her to the detective office, where it was found that the blouse had been stolen from the T. Eaton Co. According to the police, the woman, ten days ago, finished a 60-day term.

Spring Time and Bicycles.

With the advent of spring weather, bicycle riding fever gained a hold on Roy Black, 15 years, and Roy Lowley, 17 years, when they were in Brantford in company with another lad on Good Friday, with such an effect that they each stole a bicycle from in front of the Y. M. C. A., and rode to Hamilton. They stayed there Friday and Saturday, and Sunday morning rode to Toronto. Sunday night they stole four auto rugs and slept under a bridge in Rosedale. Yesterday morning Black and Lowley were arrested by Acting Detective Nichols of Cowan avenue station on the Lake Shore road. The name of the third boy is not known to the police.

THIN-BLOODED MEN AND WOMEN

Need the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

Thin-blooded people do not remain so from choice, but from indifference; in some cases from despair. People who are pale, languid, with palpitation of the heart, some difficulty in breathing and a tendency to be easily tired are suffering from thin blood. They need only the resolution to take the right treatment and stick to it until cured. The remedy that can be relied upon is Dr. Williams' Pink Pills for Pale People. With every dose they make new blood, and new blood means health and strength. The red cheeks, good appetite, increasing weight and strength that follow the use of these pills prove their great value to thin-blooded people. Here is an example: Mrs. R. Steele, Afton road, P.E.I., says: "Following child-birth I took a pain in my head which grew so bad I had to call in a doctor. He told me that my blood had turned to water and that I was in a serious condition. He treated me four months, but still the pain remained, and my condition was growing pitiable. I lost my appetite, and was so weak and run-down that I could no more than walk across a room. I was as pale as a corpse, and the doctor told my friends he had but little hopes of my getting better. A cousin who came to see me urged me to try Dr. Williams' Pink Pills and I sent and got a supply. In about a month after beginning their use I had much relief, and by the time I had taken six more boxes I was fully cured and felt as well as ever I did in my life. I have never had a twinge of the pain since, and feel that I owe my life to Dr. Williams' Pink Pills, as they cured me after the doctor had failed."

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for $2.50 by The Dr. Williams Medicine Co., Brockville, Ont.

MARRIED ON EASTER MONDAY

Mrs. Robert Elliott Maxwell (Miss Marjory Macdonald), who was married yesterday in her father's home, Avenue road.

SOCIETY

Conducted by Mrs. Edmund Phillips.

Last night in the Art Museum Gallery of the public library, Mr. Peter McArthur Appin gave a most interesting and entertaining address to the Ontario Library Association, which is holding its fifteenth annual meeting this week. The galleries were filled to capacity, 250 delegates being present, and sundry other people. Afterwards Dr. Locke held an informal reception in the reference library and the Ross Robertson room, the rooms being decorated with the most exquisite foliage plants, ferns and flowers. There was also a most interesting exhibit of books in the hall leading to the art gallery, the executive of the Ontario Society of Artists lending beauty and brilliant coloring to the walls of the galleries where the annual meeting is being held.

Thomas Egan, the great Irish tenor, sings in Massey Hall tonight.

The marriage took place very quietly yesterday afternoon at the house of the bride's father in Avenue road, the Rev. Dr. J. O. Miller (Ridley College, St. Catharines) officiating, of Marjory Marguerite, only daughter of Mr. Frank Macdonald (Newcastle, Ont.), to Mr Robert Elliott Maxwell, son of the late Col. Robt. Maxwell, New Orleans, and of Mrs. Maxwell, Toronto. The large rooms were exquisitely decorated with palms, Madonna lilies, hydrangeas, pink roses, and the bow window, where the ceremony took place, was draped with smilax, and grouped with feathery crocus palms, and white bearskins on the floor. An orchestra played the wedding music. The bride, who was brought in and given away by her father, looked lovely in her Parisian gown of satin and lace; the pointed overskirt was of satin, the petticoat being of lace and chiffon, the narrow train being of real lace. A wreath of orange blossoms held her veil, which was also of real lace, and she carried a bouquet of lilies and ferns. Her only bridesmaid was Miss Delia Davies, who looked very pretty in white taffeta, with girdle of Saxe blue and tulle hat to match wreathed with white roses, and she carried a bouquet of pink and white sweet peas, and the groom's present, a gold vanity box. The groom was attended by his brother, Mr. Allison Maxwell, Pittsburg, whose present to the bride was a gold watch-bracelet, the groom and his mother giving the bride a motor, the bride's present to her husband being a miniature of herself. The bride's table in the dining room was centred with the cake and many silver vases of pink and white sweet peas and roses. Mr. and Mrs. Maxwell left by the "bride's train" for Buffalo and New York, the bride traveling in a very smart dark blue tailor-made, and small hat to match. On their return they will live in Newcastle. Among those present were: Mrs. Maxwell, mother of the groom, looking extremely well in a blue satin gown, draped with antique white, pale Chantilly lace, a hat to match, with pink roses, and a corsage bouquet of pink roses and diamond ornaments; Mrs. Herman Macdonald, black satin, trimmed with white net, embroidered with crystal and pearls, a black and white hat and diamond ornaments; Mr. Donald Macdonald, Mr. Herman Macdonald, Mr. Charles Macdonald, Mr. and Mrs James Worts, Mr. H. CHILDREN'S SWEET VOICES FILL HALL

Seven Hundred in Chorus at the Festival of the Lilies.

Seven hundred little voices arose to the occasion last night at Massey Hall, when they sang "Canadian Jack" and "The Empire is Our Country" at the Festival of the Lilies. The children's voices filled the large hall as only children's voices can, in the sweetest possible manner.

Most of the numbers rendered by the choir were of a patriotic nature, and included "Heroes and Gentlemen" and "The Admiral's Broom."

In addition to the chorus, the Royal Grenadiers' Band gave several selections, opening with "The Red, White and Blue." Fred Cook gave a number of cornet solos, and H. Meade and Fred Collett played solos on the xylophone and clarionet, respectively. Mrs. Wilson B. Mills was the accompanist. The conductor was Llew Rees.
