COTTER WINS ROAD RACE BUT WAS CLOSE PRESSED

Big Crowds Attend Labor Day Games—Man Ends Life at Mission.

HAMILTON, Sept. 7.—(Special.)—Eddie Cotter of Burlington won the Labor Day road race, which was held from the Mountain View Hotel this morning to a point about five miles back on the mountain and return. He did the ten miles in 50 minutes 6 seconds, but he was given a great race by Claude Pierce of the Irish-Canadians, Toronto, who ran a remarkable race. Harry Lawson was third, beating out Alfred Sellers of Toronto by a close margin. Pierce ran a great race, having been fifteenth for about half the distance. He was taken with cramps and had to rest for a while, but on the return journey he passed the other runners in rapid succession and gave Cotter a race for first place. The holiday was considerably livelier than has been the custom of late, and the games were a great success financially.

The county police, who were on duty there, owing to the refusal of the city police to act, because the union men tried to boycott their annual games, had a busy time of it trying to preserve order.

Toronto Man's Suicide.

A man named Evans, who came from Toronto, committed suicide at the Bethel Mission early this morning. His body was found suspended from a waterpipe by a strap. He had been dead several hours. Coroner Dickson concluded that an inquest was unnecessary. According to statements made by the dead man, he was doped and robbed of $40 soon after arriving in the city on Saturday night. He spent most of his time between this city and Toronto.

An upturned sailboat was found in the bay yesterday afternoon and towed to the Deering dock. The police were informed. It is said that several people were in the boat when it capsized, and that they were picked up by a motorboat.

Took Acid in Error.

Mrs. Guy Potter, 37 Woodbine-crescent, was taken to the City Hospital to-night, suffering from a dose of carbolic acid, which she took by mistake. She took about an ounce of the stuff, and the doctors have little hope for her recovery. She is about 20 years of age.

MODERN WARFARE.

How German Army is Conducting Its Manoeuvres.

SAN JOHANN, Saar., Sept. 7.—When war was declared last night in the grand manoeuvres of the German imperial army the opposing forces on the slopes of Alsace-Lorraine were so far apart that to-day even the cavalry were unable to get into touch with each other.

The army provisions are coming up in automobile fourgons from Metz. Gen. Von Gaffron spent the morning at Boichen, to await their arrival. Behind him in a field was a portable wireless telegraph system in constant communication with the forces in the rear, while at his side was a telephone box in touch with the cavalry division, which occupies a position in the front. Orderlies, mounted on motor bicycles, constantly come and go.

The authorities attach extreme importance in these manoeuvres to the new motor transport commissariat, which is an innovation. It takes the form of trains of motor wagons of various makes, including one motor omnibus.

GOLD MINE IN BROCKVILLE.

Arrival of Government Geologist Causes Excitement.

BROCKVILLE, Sept. 7.—The arrival in Brockville to-day of A. F. McKinnon of the Geological Survey of Canada and his visit to a stone quarry in the heart of the town, where the municipal council is excavating and crushing rock for macadamizing roads and building cement walks, has awakened the mining fever among the natives. Samples of the output show unmistakable gold deposits that have not been discovered until now. Mr. McKinnon took back to Ottawa several barrels for analysis.

MAY BE MURDERER.

SHERMAN, Tex., Sept. 7.—A man giving the name of William Halfield, but who, it is thought, may be James C. Dunham, charged with the murder of six persons in Santa Jose, Cal., twelve years ago, is in jail here.

HIS LIFE FOR A CHILD'S.

NEW YORK, Sept. 7. — Tho badly burned, John Tuck, a retired real estate dealer, returned to a burning apartment in Brooklyn to-day for a missing child and saved it, but at the expense of his own life. He had already rescued the mother.

THE ROOT OF HEALTH

is lots of red and vitalizing blood to nourish and invigorate the body. If your blood is thin and watery use "Ferrozone." It supplies the necessary elements, such as phosphorus and iron [illegible] spirits. Ferrozone is an unequalled restorative for the tired, the sick and the run down, it stimulates the appetite, aids digestion, soothes the nerves and makes the system too healthy for disease to exist. No tonic does so much good in a short time as Ferrozone. Get it to-day from any druggist for 50c per box, or six boxes for $2.50. By mail from N. C. Polson & Co., Kingston, Ont.

LABOR DAY

Continued From Page 1.

They were headed by an elaborately decorated hook and ladder truck, in which the silver prize was exhibited. The Fur Workers' Union made a striking appearance in a uniform of white caps and tan colored linen dusters, with swagger canes as individual fancy might dictate.

In section two the glass workers' banner of transparent and lettered glass attracted attention, and the Newsboys' Union, white capped and spirited, marched gaily along.

The Allied Printing Trades easily made section three the most imposing, and gave every evidenc that the membership is alive to the value of demonstrating its organic unity.

Ten branches of the metal trades were well represented in section four. One young metal worker caused amusement by carrying a huge pair of shears over his shoulders.

Woodworkers and sheet metal workers were grouped in section five.

The various branches of the garment workers' trades, also butchers and bakers made up section six.

The Journeymen Plumbers', Gas and Steam Fitters' Union, heading section seven, gave evidence of their ability, by exhibiting floats fitted up as bath and furnace rooms.

In the industrial section a union baker was prominent with a large number of bread wagons, attesting the wide support his extensive union bakery is receiving from the citizens.

At Sumach-street the procession dispersed. The industrial section moved off north, while the officers and members of the union took cars for Scarboro Beach Park for the Labor Day sports there or to witness the Labor Day program at the exhibition.

WHO BIDES HIS TIME.

Who bides his time, and day by day
Faces defeat full patiently,
And lifts a mirthful roundelay,
However poor his fortunes be—
He will not fail in any qualm
Of poverty—the paltry dime
It will grow golden in his palm,
Who bides his time.

Who bides his time—he tastes the sweet
Of honey in the saltest tear;
And tho he fares with slowest feet,
Joy runs to meet him, drawing near;
The birds are heralds of his cause;
And like a never-ending rhyme.
The roadsides bloom in his applause,
Who bides his time.

Who bides his time, and fevers not
In the hot race that none achieves,
Shall wear cool-wreathen laurel, wrought
With crimson berries in the leaves;
And he shall reign a goodly king,
And sway his hand o'er every clime,
With peace writ on his signet ring,
Who bides his time.

—James Whitcomb Riley.

THE DAY AT GALT.

Procession a Mile Long—Moulders Win the Prizes.

GALT, Sept. 7.—(Special.)—Labor Day was celebrated with eclat. Galt, Brantford and Guelph joined in a monster demonstration. A fire brigade run and trades procession was the morning program. The procession was over a mile long.

The prize for the largest union turnout went to the Brantford moulders, for the best union turnout to Galt moulders, with Preston a close second, and for the best wagon display, Sleeman Brewing Co., Guelph. Mayor Patterson welcomed the visitors, and warmly praised the committee of management.

A. Studholme, M.L.A., spoke ten minutes extolling labor and eulogizing unionism.

At Berlin.

BERLIN, Sept. 7.—(Special.)—The Labor Day celebration here to-day was a decided success. The trades procession was one of the longest and best ever seen here and was witnessed by immense crowds.

At Ottawa.

OTTAWA, Sept. 7.—(Special.)—Beautiful weather favored Labor Day here, and the celebration was the finest for many years. Every trade was represented and the uniforms were very striking. The procession was over a mile long.

Waitresses Parade.

CLEVELAND, Ohio, Sept. 7.—Wm. D. Haywood, former secretary of the Western Federation of Miners, made the principal Labor Day speech here to-day.

In the parade were about 20,000 unionists, including a large delegation of waitresses in caps and aprons and a body of street railroad employes, who still remain on strike against the Municipal Traction Company.

That Big Rubber Belt.

That large belt exhibited in the Dunlop Tire & Rubber Goods Co.'s booth in the manufacturers' building is one of thirty-four similar belts made for the Grand Trunk Pacific at the Dunlop Company's factory in Toronto. It is 400 feet long, in one continuous piece, and weighs a ton and a half. The Dunlop Company makes large belts of this description for conveying grain into elevators.

Purity Education Association.

The Purity Education Association will meet in the Guild Hall, McGill-street, to-night. Rupert Weeks will sing. Mrs. Baynard Atkins will give an address on "White Life Truths," and Dr. Jenny Grey will give an account of her trip thru the west on the work of the association.

A Bible Hero.

Four-year-old Joe is very fond of Bible stories, and evidently follows the example of his best-loved hero, as to meditation "in the night watches."

He awakened his mother one night, after midnight, with the question: "Mamma, where is David now?"

"In heaven, I guess, Joe."

"Will I go to heaven when I die?"

"I hope so, Joe."

"Mamma," the little voice was very eager now, "do you s'pose when I get there David will just let me hold his slingshot a little while?"

Bee Economics.

The organization of bee life is a fascinating study. The workers in a beehive may be divided, says The University Correspondent, into (1) harvesters, who bring in honey and pollen from flowers, wax from buds of pines and poplars, water to mix with pollen and honey to make the pasty food for the larvae; (2) scavengers, who in early morning carry out debris, including dead, sick or injured workers; (3) ventilators, who stand erect and keep their wings in continual movement in order to ventilate the hive; (4) guards, who defend the hive from wasps, robber bees and other enemies.

PIANOS GOING FAST

Saturday Was a Banner Day at the Great Clearance Sale of The R. S. Williams and Sons Company.

$300.00 NEW PIANOS ONLY $198.00

People Who Want Pianos Cannot Overlook This Golden Opportunity. Railroad Fare Allowed on All Sales Within a Radius of 150 Mi lesFom Toronto.

Saturday was a big day at 143 Yonge-street and several very fine pianos found new homes.

This is certainly a money-saving sale from start to finish and every one should investigate carefully.

Just think of buying an instrument for $198, that other dealers will ask $300 for! Can you make money any faster than this?

We are offering our entire stock at "factory prices," saving you the dealer's profit, and this will amount to thousands of dollars.

All $300 pianos, $198; $325 pianos, only $212; $350 pianos, only $225; $375, $400, $450 and $500 instruments at $253, $278, $298 and $327.

We sell the Weber (New York), New Scale Williams (Canada's best), Kohler & Campbell, Krydner, Ennis & Co., and others, and every one is guaranteed to be satisfactory or money refunded.

We also have the New Scale Williams and Simplex player-pianos which are conceded by experts to be the best on the market.

Don't put this piano question off another day. You all want pianos and you all want to save money, and when you can buy pianos of quality at a saving of $150 in cold cash, it is time to act.

We especially invite the skeptical ones to come and see what we are offering. You know there are always some people who will say "perhaps so" and "I think so" and "but," an da few other things, but they will never call to be convinced. So we want these wise ones to come and see with their own eyes, for "seeing is believing."

Our terms are very low and $10 down and $6 per month will place a beauty in your home.

Remember there are only a few days more. So come at once. The place is R. S. Williams & Sons, Co., Limited, 143 Yonge-street.
