BETTER DEMAND IN WHEAT TRADE

Advance at Liverpool Affected Sales of Old Crop at Montreal.

Canadian Press Despatch.

MONTREAL, Sept. 21.—The outside demand for Manitoba spring wheat was better today, and, as the prices bid were 3d to 6d per quarter higher, sales of a few loads of old crop were made to London and Dublin, but there was no enquiry for coarse grains. The local trade in oats continues quiet, the demand being only for small lots to fill actual wants, and prices show no change. In flour, the feeling is firm, with a fair amount of business doing for local account. A fairly active trade continues to be done in millfeed.

The butter market is weaker, and the finest creamery at the auction sale today sold at 27½c. There is a fair enquiry for cheese from the cable, but the volume of business doing is small, owing to the uncertainty of making shipments. The exports for the week were 33,273 boxes, as against 50,106 for the corresponding week last year.

Eggs were active and firm.

WINNIPEG WHEAT LOWER AT CLOSE

Market Opened Strong and Eased Off With Heavy Offerings.

Canadian Press Despatch.

WINNIPEG, Sept. 21.—Wheat prices opened ¼c to 1⅛c higher; oats ¼c to ½c higher, and flax ¾c to 2¾c lower. Following the opening there were further advances in wheat and oats, influenced by the higher Liverpool prices for spot. Later prices eased off considerably on the pressure of heavy offerings. The range in wheat prices up to noon was 2c to 2½c. At noon October was $1.11⅛, December $1.12⅞, and May $1.19⅞. October oats were 49¾c, and December 49¼c. Trading was fairly active, and exporters were both buyers and sellers on today's market. Wheat closed ⅝c to ⅞c lower; oats ⅛c to ¼c lower. Flax prices showed extremely weak, and closed 5c to 5½ cents lower. In cash lines there was good trading in the early hours, but the demand was slow later for all grades. Millers and exporters bought moderat-ely.

Gash grain closed—Wheat, ¾c to 1c lower; oats, ¼c lower; flax, 5½c lower, and barley 2½c higher for No. 4, others being unchanged.

Inspections Saturday and Sunda-y totaled 2408 cars, as against 3026 last year, and in sight were 1500.

Winnipeg cash: Wheat—No. 1 northern, $1.11½; No. 2, do., $1.08; No. 3, do., $1.03; No. 4, 95½c; No. 5, 88½c; No. 6, 84c.

Oats—No. 2 C.W., 50¼c; No. 3, do., 49¼c; extra No. 1 feed, 49¼c; No. 1 feed, 49¼c; No. 2, do., 47¼c.

Barley—No. 3, 64c; No. 4, 59½c; rejected, 57c; feed, 55c.

Flax—No. 1 W.C., $1.22⅛; No. 2, do., $1.19⅛.

BIG DECREASE IN WHEAT RECEIPTS

Prices Strengthened on News From Terminal Points—Corn Also Strong.

CHICAGO, Sept. 21.—Notwithstanding a decided setback at one time, the wheat market today went higher, influenced by a notable falling off in receipts northwest. Closing prices were steady at 1-4c to 3-4c net advance. Corn finished 1-8c and 1-4c to 1-4c to 3-8c higher; oats with a gain of 3-8c and 1-2c to 1-2c and provisions the same as Saturday night to 32 1-2c down.

Much interest in the diminishing movement of the spring crop was taken by wheat speculators here. Arrivals at Minneapolis and Duluth were only 2183 cars, as against 2617 cars a week ago and 2190 cars at the corresponding time last year. Similar conditions prevailed at Winnipeg and it was chiefly on account of these figures that the market shortly after the opening made the best advance of the session.

Wheat prices dipped suddenly about midday, owing to the United States visible supply total showing an enlargement much greater than expected in the face of heavy exports. On the break, however, there was a renewal of buying. Sales of 350,000 bushels for ocean shipment were notedin Chicago and a like quantity at the Atlantic seaboard. There was also foreign business done by way of the gulf.

Europe Wants Corn.

Corn strengthened as a result largely of rumors of a further development of European demand. The market, however, was quite inclined to follow the course of wheat, especially when that cereal underwent a temporary sag.

Oats showed more strength then other grain, being at no time more than fractionally below Saturday's finish. The chief reason was the activity of export call.

Most of the time provisions were on the down grade. Miscellaneous holders seemed bent on pressing to realize and there was no steady support.

STANDARD EXCHANGE

Crown Reserve sold at 1.08 on the Standard Exchange yesterday. Great Northern, for 1000 shares, sold at 4. Nipissing brought 4.90 at first, and advanced later to 4.95. McIntyre sold at 28. The minimum prices will continue to prevail. At the meeting of the members held yesterday this was decided.

MARKET WEAK FOR COMMON CATTLE

Canadian Press Despatch.

MONTREAL, Sept. 21.—At the Montreal stock yards west-end market the receipts of live stock for the week ending Sept. 19 were 2600 cattle, 3500 sheep and lambs, 2700 hogs and 700 calves, while the offerings on the market this morning for sale amounted to 2100 cattle, 2500 sheep and lambs, 1600 hogs and 500 calves.

One of the features of the trade continues to be the very limited supply of good to choice butchers' cattle coming forward, which has created somewhat of a scarcity of these grades, and in consequence the tone of the market for such was stronger at an advance in price of 25c per 100 pounds as compared with a week ago. Another feature of the market was the liberal supply of canning stock offered, which had a depressing influence, and prices declined 25c to 50c per 100 pounds, but at this reduction some drovers refused to sell, and one of the principal dealers in this class of stock shipped ten carloads to the Buffalo market, while others sold bulls at $4.75 to $5 and cows at $3.75 to $4 per 100 pounds. There was a good demand from butchers and packers for the best grades of cattle, and at the above advance noted a fairly active trade was done. A few small lots of picked choice steers sold at $8.75 to $9, and full loads of good steers brought $8.25 to $8.50, but the bulk of the trading was done in cattle ranging in prices from $7 to $8 per 100 pounds.
