SAYS EARL GREY MAY AGAIN COME TO CANADA AS GOVERNOR-GENERAL

Letter to Montreal Declares a Possibility — Great Champion of Canada

(Montreal Herald)

Will Earl Grey return to Canada, accepting a second term as Governor-General? It appears that there is a possibility that he may.

With the generally regretted return to England of His Royal Highness the Duke of Connaught, made necessary by the illness of the duchess, there is a general impression that the condition of Her Royal Highness' health will make it impossible for Canada's royal prince to return to this country to complete his term as governor-general.

It seems to be generally regarded that Earl Grey would accept a second term in office here. This belief has been strengthened of late. A letter was received by a prominent Montreal man the other day from one of London's leading bankers, and a man who is particularly intimate with Earl Grey. He wrote that there was a strong possibility that Earl Grey would return here as governor-general and even as early as nearly three weeks ago he intimated in his letter that H. R. H. the Duke of Connaught would be forced to return to England, because of the state of the duchess' health. He felt certain that the governor-generalship would again be offered to Earl Grey, and he was equally sure that Earl Grey would accept a second term.

Canada probably never had a governor-general with the exception of the Duke of Connaught, who was more interested in her expansion than was Earl Grey, or one who was more thoroughly engendered with the 20th century "boost" spirit for the dominion. Earl Grey has been one of Canada's best advertisers. He has never lost an opportunity to put the dominion in the best possible light before the world.

Lord Grey—or to give him his proper designation, His Excellency, The Right Honorable Sir Albert Henry George, Earl Grey, Viscount of Howick, Baron Grey of Howick, in the county of Northumberland, and a baronet, knight, Grand Cross of the Most Distinguished Order of St. Michael and St. George—received his commission as Governor General of Canada, on September 26, 1904. Accordingly his term expired on September 26, 1909; but on April 19, of that year he was asked by the Secretary of State of the Colonies to accept an extension of one year, which he did. Therefore his governorship ended on September 26, 1910.

BARBERS AS BOOMERS

Novel Idea Put Into Effect to Boost Victoria Carnival Week

(Victoria Colonist.)

Victorians who visit the barber every twenty-four hours, or every second or third day, as the case may be—and it is generally understood that the interval is capable of such extension on occasions—will in future find the voluble barber insistent upon talking to him or at him about the Victoria carnival week.

This new development must not be mistaken for a conspiracy; it is merely part of a campaign into which the services of the local union has been drafted. Barbers, so tradition has it, are notoriously talkative at all times. What has happened is simply that in future, instead of talking for talking's sake, all the talk of the barber shops will be organized and concentrated upon the subject of the carnival.

This idea for making the man in the street take notice of the carnival emanated from the secretary of the citizens' committee, Randolph Stuart. He took the matter up with the secretary of the local union and impressed upon him the advantages that would accrue if the members would string off a little extemporaneous patter about the carnival to all and sundry. After all, it was pointed out that shaving levels all men, and henceforth no one who has this gentle operation performed in public will escape the advertising campaign of the carnival.

JUST CAUSE.

A little girl remarked to her mamma on going to bed: "I am not afraid of the dark."

"No, of course not," replied her mamma.

"I was a little afraid once, when I went into the pantry to get a tart."

"What were you afraid of?"

"I was afraid I couldn't find the tarts."

TROUBLED WITH KIDNEYS COULD NOT SWEEP FLOOR.

It is hard for a woman to look after her household duties when she is suffering from a weak and aching back, for no woman can be strong and well when the kidneys are out of order.

The weak, lame and aching back comes from sick kidneys and should be attended to at once so as to avoid years of suffering from the kidney trouble which is sure to follow if the back is neglected.

On the first sign of a pain in the back Doan's Kidney Pills should be taken. They go right to the seat of the trouble.

Mrs. Joseph Throop, Upper Point De Butte, N.B., writes:—"I cannot speak too well of Doan's Kidney Pills. For two years I was so tired, life was a burden and I got up more tired than when I went to bed, and my back was so lame I could hardly straighten up. I took different kinds of medicine, but none of them did me any good until a friend advised me to try Doan's Kidney Pills. I did so and to-day I don't know what it is to be tired and my lame back is all gone. I can recommend them to any person suffering with lame back and that terrible tired feeling."

Price, 50 cents a box, 3 for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

THE PRESIDENT'S THANKS

To the editor of The Times:

Sir: While I appreciate beyond my power to express the kind things which your paper has said in regard to my work in the campaign which has just been carried on by the Board of Trade, I feel I have received far more credit than is due me, and I would ask you, through your columns, to kindly express the appreciation which I feel, which you feel, and which all citizens of St. John who have come in contact with the various committees that have given up their valuable time, and have worked well and energetically for the good of the whole movement, feel, towards these men who have so unselfishly devoted their time and energies to make the splendid results which have been attained, possible. We all realize that what these men have accomplished has been far in excess of what any of us believed possible in St. John. These men have given up hundreds of dollars worth of time in the past weeks, and the moral effect of the work which they have accomplished is not to be estimated in dollars and cents.

When such busy men as the chairmen and members of the committees have devoted their time and energy to a movement such as this, it cannot fail to convince the thinking people of St. John that this is a business men's movement, conducted on business principles, and that the thanks of the whole community are due them for the way in which they have conducted the campaign and for the wonderful results which they have accomplished.

Yours faithfully,
J. M. ROBINSON,
President St. John Board of Trade.
St. John, Feb. 1, '13.

STRIKE A LIGHT.

A celebrated physician was once giving a lecture on physiology in which he said the human body contains sulphur.

Thereupon a young woman asked "How much sulphur is there in a girl's body?"

"That varies," said the smiling physician.

"Oh I see, said the young lady "that's why some of us make better matches than others."
