JULY AND AUGUST

are considered dull months for business, and we suppose they are with those who do not anticipate their arrival by getting goods their customers require during the summer months.

WE MAKE

it a point to calculate what you will want and have it for you when you call and you can generally depend upon getting it from us.

YOU KNOW

the lines we keep. Black Dress Goods have always been one of our specially good lines and no one can beat us in stylish Colored Dress Goods. We also have excellent value in Black and Colored Dress Silks and we always keep a fine assortment of Trimmings for our dresses. This year we bought at very low prices, a big lot of made Costumes, comprising Sacque and Skirt, and are selling them all ready made to go on you for four dollars and up.

This summer having been so warm and comfortable we find ourselves with some Sacques and Capes in our Mantle Department which otherwise should have been sold. We have therefore decided to cut the price down to a figure that you can afford to buy one supposing you only wear it for a month. The balance of our millinery must go through the same operation, as it does not suit Beer Bros. to have old fashioned goods in stock. Cotton goods of all kinds are cheaper than they have been for twenty-five years, and you can get from us a very large parcel for very little money. We are having a lot of short ends and remnants of goods brought togethee and if you can use them you can savr enough money to pay your way into town and home again.

A Case of Kidnapping.

Avices of the 13th, from Worchester, Mass, say that Ferdinand Ward that morning kidnapped his ten-year-old son Clarence, who has been living with his uncle, Fred. D. Green, of Thompson, Conn. Ward, with the assistance of Jerry Cugan, of Webster, seized the boy while on his way to school at 9 a. m., took him, screaming loudly in the carriage with him and drove toward the Massachusetts line, followed soon after by Mr. Green in another carriage. While nearing Webster, Constable Jos. P. Love, of that town, met the two teams, was told by Mr. Green of the situation, and turned back to Webster At the Joslyn house where arrangements had previously been made, Ward, with his son and accomplice, were found. Although he could not arrest the men, as the father was his child's legal guardian, the constable forced Ward, with some difficulty, to give up the boy, who was given into his uncle's hands and taken back to Thompson. Ward left on the 10.10 train for New York. Since the boy was left by his mother a trust fund of $80,000, of which he comes into possession when of age, Ward several times tried to get him peacefully from his uncle. Ward is now living in Rochester with his second wife, the boy being the child of the first wife.

A Fiery Gauntlet.

Kirby Barnum, a farmer on the western border of the Great Red Lakes, Indian reservation, after running a fiery gandtlet of 120 miles down the Thief River, reached Minneapolis, Minn., on Friday last, bringing news that the fire was cutting a swath sixty miles wide through the forests of the reservation, on both sides of the Thief River. Mr. Barnum made the trip on a small passenger steamer that plies between the Indian agency and Thief River Falls. The steamer was forced to go three or four miles at a time, when everybody would get out and stand in the water on the sand bars until the fire and heat abated somewhat. Several times the boat was afire and it was with the utmost difficulty that it was saved. If it had burned, the whole party would have perished. The water in the river has been raised to such a temperature by the fire that its surface was covered with millions of dead fish. Bear, deer, and other large game were fleeing from the flames in great confusion. Many small canoe parties were making their way down stream as best they could There had probably been great loss of life among them. Mr Barnum says the fire originated in a blaze by a man who had tried to get control of some hay land from the government. It was given to another man and out of spite he hired two men to fire it. The flames soon spreed to the forest and have been burning ever since. The people in Thief River Falls and vicinity were so indignant over this act that they threatened to lynch the man if he could be found. He has disappeared with the two men he hired to do the job.

A despatch from Tokio to London says; the Japanese won a great victory over the Chinese in a battle on September 6th. The fighting was very severe. The Japanese scattered the Chinese Cavalry and a detachment of Japanese captured the Castle of H Wau Ju. The losses on both sides were heavy. The Chinese force at Phong Yang numbers 15,000. The Japanese are rapidly approaching that place and a battle is impending.

A notice is published in the Canada Gazette by the Secretary of State, calling the attention of the legal fraternity to the necessity of having legal instruments to be used outside of Canada duly authenticated. When for use in any other portion of her majesty's dominions, it must be authenticated by the governor general, and in the case of another country the consular authority of that country must authenticate the document.

While Fred. Brown's eastbound freight special was going into Stellarton yard Thursday last the engine struck a horse and cart that was crossing the track, throwing the locomotive and twelve cars from the rails. The horse was killed, but the driver of the team escaped unhurt. The locomotive was badly damaged. The train from Sydney was unable to get past the wreck and had to be sent around by the Short line, the Halifax passengers arrived at their destination at 11.30 p. m. The line was cleared at 10 o'clock at night.

Mr. Wm. Thompson of Musquash, N. She became weak and nervous, lost all energy, and had a constant *feeling of dread.* She suffered with *intense pain in the stomach* after eating, which was usually followed by the smothering sensation about the heart and *fainting spells.* She tried a great many remedies and was treated by the doctors for some time, but obtained no relief. She became so *discouraged* that she gave up all hope of ever getting better, when *our pastor suggested* that she try HAWKER'S NERVE AND STOMACH TONIC and LIVER PILLS, *which had produced remarkable cures in several cases he knew of.* We did so and she obtained immediate relief from the distress after taking the second dose, and has continued to improve ever since until today she is as well as ever, and can enjoy her food without fear of suffering. I cannot speak too highly of these valuable medicines which have restored my wife to health and strength and saved much suffering and expense."

Rev. Henry M. Spike, Rector of Musquash, N. B., says: "I am personally acquainted with Mrs. Tompson's case, and am greatly pleased that the medicine which I recommended to her produced such remarkable results."

Malcolm McLean, of Kensington, P.E.I., writes the following:

For five years I suffered from severe Chronic Bronchitis, for which the doctors and numerous patent medicines failed to give relief. My physicians and friends advised a change of climate as my only hope. HAWKER'S BALSAM OF TOLU AND WILD CHERRY was recommended to me, and I am happy to say that I was entirely cured before I had used two large bottles. I consider it to be truly a wonderful medicine, and cheerfully recommend it to all so afflicted.

WRITING ON THE WALL

We claim and hope to command the attention of the public of P. E. Island to our announcement of Fall Clothing. A change of season is something that cannot be ignored, as style follows the season as closely as the cart follows the horse. It's enough to give one a chill to wear a summer outfit in autumn and to meet Jack Frost with a duster. The moment our fall stock arrives, it's time to arrive at the conclusion to look fallish in something new from our unequalled clothing array. Come now, buy suits that are the reflection of Fashion, at prices low as they fairly can be sold. Our stock of Fall and Winter Ulsters and Overcoats are the best value we have ever offered, Don't fail to try us when you want to buy.
