What is Scrofula

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or many other manifestations usually ascribed to "humors." It is a more formidable enemy than consumption or cancer alone, for scrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How can it be cured? By taking Hood's Sarsaparilla, which, by the cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. For all affections of the blood Hood's Sarsaparilla is unequalled, and some of the cures it has effected are really wonderful. If you suffer from scrofula in any of its various forms, be sure to give Hood's Sarsaparilla a trial.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

AT THE TRAPS.

Expert Shooting on the London Gun Club's Grounds.

The Mitchell Council Backs Up the "Sports"—The Tennis Tourney at Toronto.

THE TRIGGER.

AT THE TRAPS.

What is pronounced the most interesting of the team shoots that have been held on the London Gun Club's grounds took place yesterday afternoon when Capt. Redpath's and Capt. Evans' teams tried conclusions with each other. Redpath's team came to the front well and by steady work won the match by seven birds. The shooting of Redpath was doubtless the finest exhibition of trap work seen on the grounds this season. He scored 43 birds out of a possible 50, and distanced his nearest competitor by five birds. The scores made were:

Brownell tried his skill at 50 birds and secured 31 of them.

Messrs. Redpath's and Evans' teams will meet again in the near future. As both are in steady training a keen contest can safely be expected when they come together again.

TORONTO LETTER.

TORONTO, Saturday, Sept. 6.

The Toronto Industrial Exhibition, which begins on Sept. 8, will be opened by the Earl of Aberdeen. The number of entries is much in excess of previous seasons, and in spite of additions made to the fair buildings and extra tent accommodation to receive the overflow, many would-be exhibitors have been disappointed. Machinery Hall contains a grand display from the leading manufacturers. The horse and cattle departments are very full and nearly all prominent stables and herds in the country are represented. The show will be unusually attractive, and in addition special features of a novel and "taking" character have been secured, which greatly enhance the interest of the public. The Wild West Show is a strong combination, including 40 Indian and white performers, and 30 horses. There will be a brilliant pyrotechnic spectacle, secured at great cost, and other popular attractions. A great many entries have been received for the International Dog Show, which will be a thoroughly representative exhibition. The influx of visitors from all quarters will be unprecedented in volume, and a large number of Americans will avail themselves of the facilities of excursion trains from the principal centers to attend the fair.

An executive meeting of the Supreme Court, I. O. F., will be held on the 15th inst. to consider matter of importance in connection with the order, after which Dr. Oronhyatekha, the supreme chief ranger, and Mr. John A. McGillivray, Q.C., supreme secretary, will immediately leave for Cleveland to attend the High Court of Ohio, which opens on the 16th inst. Last evening Organizer Mr. C. C. Whale and Mr. D. Millar, H.V.C.R., instituted a court at Scarboro' Junction.

Reynolds, the St. Catharines lawyer, accused of assaulting two little girls, was granted bail by Chief Justice Galt, in two sureties of $500 each. The Chief Justice also granted bail in two sureties of $500 each, to Laura Capill, the Brockville girl, who is accused of murdering her infant child.

A new feature has cropped out in re Central Bank liquidation, which will result in an interesting trial on Friday. S. H. Janes and Joseph Simpson, both of Toronto, who have each been held doubly liable for 137 and 170 shares of Central Bank stock respectively, have filed claims for damages and for the return of the consideration money which they have paid on their stock. Mr. Janes claims $20,000 and Mr. Simpson $17,000.

The Colonial Umbrella Manufacturing Company, which has been carrying on business at 88 York street for the last three years, has made an assignment. The liabilities of the firm are not known as yet. Patrick O'Neil, a native of county Clare, Ireland, died yesterday at the Commercial Hotel, the residence of his son-in-law, at the age of 108.

The Globe in its financial review says: There is little change to note in the financial situation. The rates for money continue stiff, and there is no immediate prospect of a decline. Business paper is discounted at former rates, while money on stock collateral is hard to obtain at the advanced rates of last week, 6½ to 7 per cent.
