Where Savages Beat Us

The rude, uncultured savage did not sit most of the day in a padded office chair, a carriage or car. His food was not prepared by a chef. He had to hunt for something to eat. And dinner, when he got it, was none too rich.

But the rude, uncultured savage did not suffer from indigestion, constipation, biliousness, headaches, as we civilized beings do. Exercise and the amount of fruit and fresh vegetables in his diet, kept liver, bowels and kidneys working right.

None of us want to go back to the days of wigwams and tomahawks, but a lot of us certainly would like to have the digestion of the savages.

We can, by taking "Fruit-a-tives." "Fruit-a-tives" act directly on the stomach, liver, kidneys and skin, and keep these organs in perfect condition. "Fruit-a-tives" bring back lost appetite and sound digestion to the dyspeptic—regulate the bowels of those who suffer from constipation—and build up the whole system. Trial size 25c. Regular size 50c, or 6 for $2.50.

Licence to an Extra-Provincial Company

"COMPANIES ACT, 1897."

CANADA, Province of British Columbia, No. 447.

This is to certify that the "American Central Insurance Company" is authorized and licensed to carry on business within the Province of British Columbia, and to carry out and effect all or any of the objects of the Company to which the legislative authority of the Legislature of the Province of British Columbia extends.

The head office of the Company is situate at the City of St. Louis in the State of Missouri, U.S.A.

The amount of the capital of the Company is Two Million Dollars, divided into twenty thousand shares of One Hundred Dollars each.

The head office of the Company in this Province is situate at Victoria, and Herbert Cuthbert, Fire Insurance Agent, whose address is Victoria aforesaid, is the attorney for the Company.

GIVEN under my Hand and Seal of Office at Victoria, Province of British Columbia, this Tenth day of August, one thousand nine hundred and eight.

(L.S.) S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which this Company has been established and licensed are:—To make insurance on houses, buildings, merchandise, furniture, and all other kinds of insurance on ships, steamboats and other vessels, and their freights and cargoes, and also on goods, merchandise, produce, and all other kinds of property in the course of transportation, whether by land or water; and to lend money on bottomry and respondentia.

FIRE FIRE FIRE

The above company was one of the first, and one of the few, to pay in full, without any dispute or process of law, its losses in San Francisco.

It is the kind of Company YOU ought to be in.

Give us your insurance. We take farm and country risks.

HERBERT CUTHBERT & COMPANY
Agents.

LAND ACT
Form of Notice.
Victoria Land District—District of Victoria.

TAKE NOTICE that the Saanich Lumber Company, Limited, of Sidney, B.C., intends to apply for permission to purchase the following described lands:

Commencing at a post planted at high water mark about 500 feet east of the southwest corner of Block 15, Sidney Townsite, Saanich District, British Columbia, thence east 300 feet, thence north 1035 feet, thence north 31 degrees 15 minutes west 1100 feet, thence in a southerly direction following the high water mark to point of commencement.

SAANICH LUMBER COMPANY, LIMITED,
J. C. Billings,
Agent.

NOTICE TO ANGLERS.

An experienced Scottish angler wishes to form a connection with B. C. anglers in order to furnish them with the finest fishing materials at moderate rates, from the largest gut manufacturing establishment in the world.

Gut (specialty) from finest drawn to strongest salmon, fresh and good from the 1908 crop. Salmon and trout rods of greenheart or built cane; reels; lines; flies; tackle-books and cases and all other fishing materials for river, lake, or sea supplied of best quality at almost wholesale rates.

State what you wish and prices will be quoted.

I. A. BEVERIDGE, 10 Hayburn Cres., Partick, Scotland.

MINERAL ACT
(Form F.)
Certificate of Improvements
NOTICE

Jennie Fractional Mineral Claim, situate in the Victoria Mining Divison, on Bugaboo Creek, Renfrew District.

TAKE NOTICE that I, Thos. Parsell, Free Miner's Certificate No. B23086, acting for myself and as agent for L. N. Anderson, Free Miner's Certificate No. B22833, intend, sixty days from date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section, 37, must be commenced before the issuance of such certificate of Improvements.

Dated this 29th day of July, A.D. 1908.

NOTICE is hereby given that, 30 days after date, I intend to apply to the Hon. Chief Commissioner of Lands and Works for a license to prospect for coal and petroleum on the following described lands, situated in the Nanaimo District, and being portion of an Indian Reserve, lands, situated in Nanaimo District, Reserve:—Commencing at a post planted on the west bank of Nanaimo River, at the southeast corner of the Reserve, Section 3, Nanaimo District, thence west 35 chains, thence north 64 chains, thence southerly, following the banks of the river, to place of commencement; containing about 128 acres, more or less.

Dated this 19th day of August, 1908.

W. M. BANNATYNE.
P. Collins, Agent.

NOTICE is hereby given that, 30 days after date, I intend to apply to the Hon. Chief Commissioner of Lands and Works for a license to prospect for coal and petroleum on the following described lands, situated in Cranberry District Vancouver Island:—Commencing at a post planted at the southwest corner of Section 18, Range 8, Cranberry District; thence east 80 chains, thence north 40 chains, thence west 80 chains, thence south 40 chains to place of commencement, containing Section 18, Range 8, and Section 19, Range 8, being a portion of the Indian Reserve, and containing 200 acres, more or less.

Dated this 19th day of August, 1908.

J. O. GREGORY.
P. Collins, Agent.

NEW RECORD FOR THE AEROPLANE

President of French Club Surpasses All of His Rivals

ARE ACCEPTED OFFICIALLY

Remained in Air Until Fluid for the Motor Was Exhausted

Paris, Sept. 6.—Leon D'Lagrange, president of the Aviaton Club of France, established a new world's record with his aeroplane at Issy this morning, both for length and duration of flight. M. D'Lagrange remained in the air for 29 minutes 54 4-5 seconds and encircled the field fifteen and a half times, covering a distance of 24.72 metres. He thus beat the longest flight previously made, that by Henry Farman in July by nine minutes 34 1-5 seconds and exceeded the distance covered by Wilbur Wright yesterday by about one quarter mile. The new records have been accepted officially.

M. D'Lagrange's sensational flight, which closely approaches the longest unofficial flights claimed by the Wright brothers in the United States, is regarded as still more impressive from the fact that he came down only because the fluid used for his motor became exhausted. He carried 24 litres in a tank and practically every drop of it was used. When he cut off the power he came down lightly to the earth. M. DLagrange immediately installed a tank of 40 litres capacity, with the intention of trying for another record, but while the preparations were going on, the wind arose and he decided to postpone the trial. A dead calm prevailed during the record breaking flight today, and M. D'Lagrange plans to make a new effort tomorrow should similar conditions prevail.

MILE IN FIFTY-ONE SECONDS WITH AUTO

Moran's Record Broken by De Palma at St Paul on Saturday

St. Paul, Minn., Sept. 6.—De Palma, in a 90-horse-power machine, yesterday at the State fair, broke the world's record for a mile on a circular track by covering the distance in 51 seconds flat. The former record was 52 seconds made by Walter Christie last year on the same track. The machine in which the record was broken was the one in which Cedrino was killed early this year while racing.

Trade with Seattle

During last month the imports to British Columbia ports from Seattle amounted to $164,983. During the same period the exports from British Columbia ports to Seattle amounted to 5219 tons of coal, salmon, tea, liquors, and general merchandise valued at $144,213.

Reserve Rooms Ahead

The hotels continue to be very full, there seems no abating of the tide of tourists, and any sudden extra influx strains their capacity very much. For instance, the Empress has just received instructions to reserve 50 rooms for the members of the Canadian Institute of Mining Engineers who are due here September 21. This date conflicts with the race week, for which a number of reservations have already been made and the authorities of the big hotel expect to find their resources strained to the uttermost.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water.

The height is in feet and tenths of a foot above the average level of the lowest low water in each month of the year. This level is half a foot lower than the datum to which the soundings on the Admiralty chart of Victoria harbor are reduced.

NOTICE is hereby given that, 30 days after date, I intend to apply to the Hon. Chief Commissioner of Lands and Works for a license to prospect for coal and petroleum on the following described lands, situated in Nanaimo and Cranberry Districts, Vancouver Island:—Commencing at a post planted on the Bank of Nanaimo River, at the southwest corner of Section 19, Range 7 (Cranberry District); thence east 30 chains; thence north 80 chains to the northeast corner of Section 1, Range 7, Nanaimo District; thence west 65 chains to the bank of Nanaimo River; thence southerly, following the bank of the river, to place of commencement; containing Sections 19 and 20, Range 7, Cranberry District, and Section 1, Ranges 6 and 7, Nanaimo District (and being a portion of the Indian Reserve); containing about 260 acres, more or less.

Dated this 19th day of August, 1908.

P. Collins, Agent.

NIMRODS BROUGHT IN SIXTEEN DEER

Number of Sportsmen Successful Yesterday—Small Army After Game

(From Tuesday's Daily.)

A small but heavily-armed army went after the luckless deer on Saturday and Sunday. It is conservatively estimated that, on the trains of the former day, two hundred and ninety guns were carried by an equal number of sportsmen bound to the various resorts along the E. & N. and the V. S. railway lines. The exodus was nearly duplicated yesterday morning and last night there returned comparatively few among whom were distributed, in all, no less than sixteen deer. Of course there were some who were empty handed and these did not wear the happy smiles and the air of conscious pride which illuminated the faces of their more fortunate fellows. But it was not to be expected that all would be successful, especially in view of the exceptionally large crowd who essayed the chase.

As stated, but a few came back yesterday. The majority will spend today in roaming the wilds in search of their prey. "Think of it—upwards of three hundred enthusiastic nimrods are toiling through the forests, laboriously scrutinizing every valley and clump of low lying brush, within a radius of fifteen miles of the city!" exclaimed a veteran last night. "It looks as though these poor deer weren't being given half a show," he added. And that appears to be the opinion of many. In fact the sentiment is so pronounced that one Victorian, who rarely misses an opportunity to indulge in the sport, refrained. At least that is how he explained the absence of the spoils which usually, on such occasions, bedeck his person. He had decided to allow the harmless creatures to live, as far as he was concerned, and, in lieu thereof, he had gone fishing in Saanich Inlet but without result.

The fruit of today's efforts of sportsmen will not be known until this evening. Another bunch of venison is expected and, in all probability, there will be a curious crowd in attendance to greet the hunters on their arrival. And then, woe betide the men who have nothing to show, if they have friends on hand to extend benevolent "sympathy," while happy will be they who, over their shoulders, carry evidence of their prowess.

Among the successful sportsmen who arrived last night were Sam Smith, Leon Camsusa and C. Taylor. Messrs. Smith and Taylor had one each while Mr. Camsusa was weighted with two. Four of the total number brought down were put on the train at Koenig's hotel, Shawnigan Lake; three came from the 17-mile post, Saanich Inlet; three were placed aboard at the Summit; three were brought into the depot at Langford plains and the remainder from different points further up the line.

Makes Horse Show Entry

E. R. Ricketts, lessee of the Victoria theatre, arrived in the city yesterday and will spend a short holiday here. He has entered his saddle horse in the forthcoming horse show and will be present when that event is held here during the fair week.

King George's Visit Home

Paris, Sept. 6.—King George of Greece left here tonight for Copenhagen.

Chaffeur Killed at the Falls

Niagara Falls, N.Y., Sept. 6.—Forest Ross, an automobile driver, was instantly killed and George Herrick, a mechanic, was severely injured in an automobile accident here tonight. William Hale, who was driving the machine at the time, escaped uninjured. The automobile was running at high speed along Whirlpool street, when one of the front wheels hit a boulder, sending the big machine crashing into the curb. Ross was thrown fifteen feet in the air. His neck was broken. Herrick got several scalp wounds and severe bruises. The automobile took fire and was completely wrecked.

BAYLIS ENTERED FOR VANCOUVER CONTEST

Victoria Distance Runner Will Meet Best Men of the Mainland

Vancouver, Sept. 6.—Although the Gold Seal road race is still some distance away, being slated for Thanksgiving Day, October 26, there is already sufficient interest manifested in the big event to ensure a record number of entries. Already eight of the most prominent runners in British Columbia have announced their intention of competing for the magnificent prizes that are offered. These runners include men who have been winning places in everything held in the province in the last two years, and whose records make it certain that they will put up a race worthy of the event.

The first runner to enter was Brown, a distance man of this city, who has taken part in a good many of these races and who has always given a good account of himself. He finished fifth last year. W. Redfern, the plucky J. B. A. A. distance man, who was second in the Olympic trials and third in the big Marathon held in connection with the police sports, will be a starter. Peter Torway of Claresholm, Sask., who was a rival of Art Burn and who has raced here before, will come down for the race, and expects to win one of the trophies. Frank Bayliss, the best of the Victoria runners, who recently won a big race here, has handed in his entry and should make it interesting for all. Will Chandler, the fifteen-mile champion of the Pacific coast, is going to be one of the strongest competitors in the race.

Socialist Candidate in Calgary.

Calgary, Sept. 6.—Frank H. Sherman, district president of the United Mine Workers of America, was nominated last night by the Socialists of the constituency of Calgary for the Commons. He opened his campaign with an open air meeting.

To Raise Poultry Near Calgary.

Calgary, Alta., Sept. 6.—Prof. Dryde, the poultry expert of the agricultural college, Corvallis, Ore., has spent several days investigating the Canadian Pacific irrigation block east of Calgary, principally with a view to looking into the possibility of establishing a large poultry ranch there.

Six Prisoners Escape

Little Falls, N.Y., Sept. 6.—Six prisoners, one of whom was awaiting trial on a charge of manslaughter, escaped from Herkimer jail last night, and according to latest advices are still at liberty. The men made their way out of prison by sawing the bars of one of the windows. Their escape was not discovered until this morning.

Ask for Amherst solid leather foot wear

MANY VISITORS TO HUNT BIG GAME

Parties From Great Britain and United States Visiting Interior

Vancouver, Sept. 6.—The big game hunting of British Columbia is yearly attracting more attention from the sportsmen of England, Europe and the United States. Already this year a large number of well known "big game men" have left for the northern interior in the quest of caribou, mountain goat, bear, etc. Lillooet, the centre of one of the finest hunting sections in British Columbia, has already seen considerable activity this season, several well equipped parties having left for the hunting grounds within the past few weeks. Reliable and experienced guides, both white and Indian, as well as horses, are nearly always available at this point, and its proximity to the railway, combined with the experience of its merchants in outfitting for such trips has made it both a popular and desirable starting point for hunting parties.

Among those who have gone in this season are a Cleveland, Ohio, party, composed of Messrs. Abraham Garfield, youngest son of the former United States president of that name, A. D. Baldwin and T. Williams. This party left Lillooet on August 27th, with Joe Flethcer, guide in charge, and a train of twelve pack-horses. The same day Guide Machelle took out Messrs. S. Campbell of New York, and F. W. Sinclair, of Philadelphia, who had sixteen horses in their outfit. Both parties expect to be on the hunting ground the whole of September. Major Baden-Powell, of London, Eng., has gone into the Cariboo with a party of friends. He came West with his wife, whom he left at Banff, and joined his party at Ashcroft, which point he left on August 29 for the Barkerville district. The Manson brothers and Henry Schwartz, both well known Lillooet hunters, have also taken out parties within the last month, and some splendid hunting trophies are expected to be on view in Lillooet within a week or two.

Nearly all this year's parties include men who have hunted in the Lillooet district before and who have come back again owing to the successful bags made on the occasion of their previous visits. One "bag" comprised six Rocky Mountain goats, two caribou, one grizzly and one black bear and a stag, while the record of the fifty odd parties that have started from Lillooet within the last four years is 341 head of big game. Some of the trophies secured on these expeditions have been exceedingly fine specimens: Caribou, 53 points, goat, 8¾, 9, 10 and 10½ inch; sheep, 17 inches, and bearskin measuring 9 and 10 feet, have been brought back by successful sportsmen.

MONTREAL'S SCANDAL

Rumored That Aldermen Are Connected With Stuffing of the the Pay Sheets.

Montreal, Sept. 6.—Charest, the former foreman of the road department, who skipped to New Bedford, Mass., after having defrauded the city of about $1,500 by means of bogus pay lists, returned to the city on Saturday morning, having waived extradition proceedings. He admits his guilt. The rumor is that some aldermen are implicated.

LOSS BY FIRES WILL BE HEAVY

The Onward March of Flames Are Checked at Length

VERY MANY ARE DESTITUTE

People of Burned Minnesota Town Are in Severe Straits

Duluth, Minn., Sept. 6.—After destroying the town of Chisholm on the range and burning over thousands of acres in St. Louis, Carleton and Itasca counties in Minnesota, and in Douglas county, Wisconsin, the many forest fires which have been raging in these regions are checked today. If the wind does not spring up again it is not likely that further damage will result. A strong wind which had driven the flames before it in many timbered and agricultural districts subsided this morning and thousands of homeless people took stock of their belongings and prepared to rebuild burned farmhouses and settlements.

The subsidence of the wind enabled the inhabitants of Nashawauk to save the town. Several buildings of Nashawauk were burned but by working all night 1000 miners and citizens prevented the flames from sweeping over the village.

Chisholm presents a scene of ruin and desolation. It was one of the most flourishing towns on the Great Mesaba range. The damage to real property is now estimated at $1,000,000 and that to personal property at $75,000. The insurance carried by Chisholm merchants was about $700,000. Hibbing, five miles west of Chisholm, afforded accommodation to about 1000 refugees from Chisholm last night, and it is expected that 1000 will have places to sleep tonight. There are many destitute persons especially among the miners. Many men are without funds to buy a meal. In most instances the misfortunes are only temporary, for many will soon receive their insurance money. However, some merchants lost everything they had except their clothes, and there will be much suffering and financial embarrassment.

Trade To Be Brisk.

Regina, Sask., Sept. 6.—In an interview today, F. Bole, manager of the Trading Company's big store, states that he expects business during the coming three months will be the best in the history of Regina. During the past season business has been exceedingly slack and everyone has been economizing, but from the present time on, they are going to spend money. The reason for this undoubtedly is the bumper crop, which will start money freely. People now need goods. When they have the money they are good spenders, and Mr. Bole is of the opinion they will have more money this fall than for years past.

R. S. SARGENT, HAZELTON, B. C.

Injured While Hunting

New Westminster, Sept. 6.—The first accident of the hunting season occurred in Surrey on Friday when George Cline, a well known young man of Cloverdale, was maimed for life. Cline was hunting, when he slipped and fell and his shotgun exploded, the charge striking him in the hip, and it is doubtful if he will ever be able to walk again without the aid of crutches. He was brought to the Royal Columbian hospital in this city for medical attendance.
