

This Little Pig Went to Market and Got Top Price

Clean hogs are healthy hogs and make profit. 42 State Agricultural Colleges use Zenoleum on their hogs, and unhesitatingly in Bulletin after Bulletin, recommend you to do the same thing. So do America's most successful hog breeders.

ZENOLEUM

Makes Hogs Wallow in Profit

Disinfectant destroys disease germs, makes sanitary quarters, prevents contagious diseases from taking hold. Famous for warding off and avoiding hog cholera. As a dip, it kills lice, cures mange, eczema, scours, sores, scurvy, canker, surfeit and wounds. *Non-poisonous when taken inwardly*, and is a sure relief from intestinal worms.

Most Dealers Everywhere Sell Zenoleum.

At All Dealers—Four sizes: eight ounce tin, 25 cents; thirty-two ounce, 50 cents; medium tin, 90 cents; large tin, \$1.50. Nearly any dealer in Canada will supply you with Zenoleum. If not, send to us. **Ask Your Dealer First.**

The Zenner Disinfectant Co., 112 Lafayette Ave. Windsor, Ontario

GOSSIP.

The coal-oil lamp is nearing the end of its days. In the past five years there has been a decrease of 40 per cent. in the manufacture of oil lamps in the United States. It is interesting to observe, however, that the output of lamp chimneys still increases. The manufacturers seem to be producing a kind of lamp chimney that breaks if anyone in the room coughs, sneezes, laughs or looks squint-eyed at the lamp.—(Saturday Night.

"Nearly every day," says the Chicago Live-stock World, "makes new history in the sheep market. The paucity of the receipts and the urgent demand is a combination that is giving the packers the nightmare, but as long as people want the mutton at the prices there is nothing to do but pay the price. This is certainly a bonanza for the producer, and it is no wonder that so many people have been attracted to the sheep business during the past year. There will, no doubt, be many more of them trying to get into the band wagon this fall, and if there isn't a hot scramble for breeding ewes then our guess is bad."

Lloyd-Jones Bros., Burford, Ont., write: "The Burford flock of Shropshires at the last International, won the second-prize open flock, winning over all other Canadian flocks, one of the greatest winnings, considering the competition, on record. We have choice ram and ewe lambs to offer, from the champion ram at Toronto, and the third-prize ram at the same show, also champion at London two of the best rams imported to America last year. We have just added to our already large flock, 11 shearing rams from Mr. Carpenter's flock, and six of his best show shearing ewes. They are a sweet lot of ewes and rams. As two other Canadian firms wanted them, we feel that they add more winners to our string. We have 250 of the best we ever had on hand. Our importation consists of 15 shearing ewes, the pick of Mr. Nock's field ewes, he says they are better than last year, also six first pick of Mr. Minton's ewes, also first choice of shearing rams from two flocks we imported last year. Parties interested and wanting a choice imported ram, or a home-bred one, should come and see ours, or write for prices."

A BRACE FOR A KICKING HORSE.

Those so unfortunate as to own a kicking horse know something of the patience that it requires to get along with it, and will welcome anything which will prevent the kicking, and finally effect a cure. The writer knew a horse which was so bad a kicker that, after various trials, and after passing through many hands, and getting worse all the time, to be perfectly cured in the course of three months by the use of the device here given. This is a simple brace, which acts upon the fact that if the head be kept up, the horse cannot kick. A kicking horse is like a balance—when one end goes up the other must go down. The brace consists of a one-half inch iron rod, which may be straight, or, for the looks, bent into a graceful curve. It is forked at both ends; the two divisions of the upper end are fastened to the two rings of the bit, while the lower end fits upon the lower portion of the collar and harness. The upper ends can best be fastened to the bit by winding with wire, which should be done smoothly, so as not to wear upon the mouth. The lower end is secured by means of a strap fastened to the upper loop, and passing around the collar, is buckled through the hole in the lower part of the end of the brace. The brace need not be taken from the bit in unharnessing. Any blacksmith can make such a brace, taking care to have it of the proper length to fit the particular horse. Keep its head at about the height as when "checked up," and the horse will soon be cured.

TRADE TOPIC.

Roofing material and lining paper for building purposes in several varieties are advertised in this paper by Lockerby & McCord, of Montreal, who guarantee quality of all lines and prompt delivery of all orders received. See the advertisement, and write for prices, if interested.

"WHAT IS DYSPEPSIA?"

There is no form of disease more prevalent than dyspepsia, and none so peculiar to the high living and rapid eating of the present day mode of life.

Among the many symptoms are: Variable appetite, faint, gnawing feeling at the pit of the stomach, with unsatisfied craving for food; heartburn, feeling of weight and wind in the stomach, bad breath, bad taste in the mouth, low spirits, headache and constipation.

BURDOCK BLOOD BITTERS

will cure the worst case of dyspepsia, by regulating the bowels, and toning up the digestive organs.

Mrs. Geo. H. Riley, West Liscombe, N.S., writes: "I suffered for years from dyspepsia and could get no relief until I started to use BURDOCK BLOOD BITTERS. After I had taken three bottles I was completely cured and can eat anything now."

Large White Yorkshires

Am offering at the present time a number of choice boars and sows of breeding age, also some imported sows in pig. Also young pigs of spring farrow direct from imported stock. Pairs and trios supplied not akin. Write for what you want.

H. J. Davis, Woodstock, Ont. Breeder of Shorthorns & Yorkshires
