TWELVE TORONTO OFFICERS ON LIST

Lieut. Eric Connell, Reported Killed, Enlisted as Private.

PROMOTED AT FRONT

Ptes. I. H. Heuhn and Henry Heighway Also Listed as Killed.

Twelve Toronto officers have been added to the long list of casualties by yesterday's report. Most of these were members of the first division, which evidently recaptured Zillebeke from the Germans.

Lieut. Eric M. Connell, who was reported killed, was a territorial reservist and enlisted as a private at the outbreak of war in a Highland battalion of the first contingent. In the training camps he was promoted to sergeant and last January, by good work at the front, he earned his commission. He lived at 21 Hambly avenue.

Lieut. Wm. M. Cook has been admitted to No. 14 General Hospital at Wimereux with a shell wound in his right side. His parents live at 49 Howard street. He went overseas with a draft of the 33rd London Battalion.

Capt. Herbert S. Adam is reported to be suffering from shock. He was manager of the Toronto branch of the Bank of Montreal.

Lieut. Sydney E. Wedd went overseas with the second University Overseas Company and was in the trenches with the Princess Pats for several months, receiving a commission only a month or two ago. His home is at 162 Jameson avenue.

Lieut. George P. Willis went overseas with the 35th Battalion and has been wounded three times within five months. On one occasion he was mentioned for distinguished conduct and awarded the military cross.

Capt. "Jack" Dymond has received his second wound, this time in the face and shoulder, according to a private message received by his father, A. M. Dymond, law clerk of the Ontario Legislature.

Major D. H. C. Mason, 295 Russell Hill Drive, is suffering from a wound in the foot, and is receiving treatment in London. He was previously wounded in April of last year at the second battle of Ypres.

Capt. H. F. H. Maroni went to the front with the first contingent as a sergeant in the Queen's Own Battalion and was promoted on the field.

Lieut. T. R. Coleman, a Galt man, went overseas with a Toronto unit.

Lieut. H. Hutchison went to the front with a Toronto unit. He is an Ottawa man.

Ernest W. Ellen is reported wounded, according to a message received by his relatives at 2 Blandford avenue. He went to the front with a draft from the All-Toronto Battalion.

Pte. George Tudor, who is reported ill at Liverpool, left only a few weeks ago. He is in the Westminster Road Auxiliary Hospital with pneumonia. Pte. Tudor was in the city street cleaning department and lived at 449 Erie Terrace.

Pte. Henry Highway, 243 Sackville street, was killed in action on June 2. He was a South African veteran, a native of England, and left with the 74th Battalion. Since leaving twin babies were born.

Sergt. John W. Wilson, a son of the late Capt. John Wilson, is wounded and is in the hospital at Boulogne. He is married, his wife living at Mimico.

Pte. Walter Blunt, severely wounded in the left arm, left with the first contingent and was with the mechanical transport for some time. He was born in Canada 31 years ago.

Pte. W. N. Hood, 166 Essex avenue, was severely wounded in the thigh and is now in a hospital at Epsom.

Pte. W. D. Pearson, reported in No. 5 British Red Cross Hospital at Wimereux, was injured in the left arm. He is an electrician and his mother lives at 113 Hazelton avenue.

Pte. Adrian V. Sewell is a son of Stephen Sewell, 96 Spencer avenue, and is wounded in the right arm. He is now in a hospital at Boulogne, but will be sent to England.

Pte. Paul McLaughlin, reported missing, is a son of J. F. McLaughlin, and left Montreal last September. He was about to enter Varsity when he enlisted.

Pte. I. H. Huehn, killed, left from Montreal with a draft. He was an old Parkdale Collegiate boy and lived at 45 Elmwood avenue.

Sergt. Shier, a graduate of the School of Practical Science, died of wounds. He enlisted soon after graduating.

Pte. Harry Wilks, 723 Dupont street, is a son of the caretaker of the technical school and was killed on June 2. He enlisted at the outbreak of the war in the R. C. R. Battalion.

Lieut. Gooderham was reported missing, but according to a message received by E. G. Gooderham, 49 Madison avenue, from Scotland, a friend stated that he received a postcard from Lieut. Gooderham, stating that he was well but a prisoner of war.

Carl C. Green, listed as missing, enlisted with the 37th Battalion and went to the front with a draft. He was a well-known mining editor of Cobalt and Haileybury, and was for some time a correspondent of The Toronto World.

Youthful, Beautiful Skin Easy to Have

You may be as healthy as a bird in the air and still have a poor complexion. Changing seasons and temperatures, winds, dust and dirt, are apt to injure any skin, even though the general health be good. When these external influences spoil the complexion, the natural thing is to remove the spoil by external means. Ordinary mercolized wax will do this. It will actually absorb the weather-soiled film-skin, a little each day. In a week or two you'll have a brand new complexion, a new skin. The exquisitely beautiful and youthful complexion thus acquired comes so easily, without harm or discomfort, there's no reason why any woman should not adopt this simple treatment. Get an ounce of mercolized wax at any drug store, apply nightly like cold cream, washing it off mornings. This will not fail in any case.

To quickly remove wrinkles, signs of care and age, bathe the face occasionally in a solution of powdered saxolite, 1 oz., dissolved in ½ pt. witch hazel. The results will surprise you.

RECRUITING AND LABOR FAMINE

Business Men Favor Keeping Enlisted Men at Work Until Full Regiments Are Raised.

The World has talked to business men, who complain of a labor famine in Toronto. They say that many American papers are carrying advertisements from Toronto firms for all kinds of help. Not only is skilled and unskilled labor being sought, but boys and girls are coming over to take places as stenographers, typewriters, bookkeepers. Teamsters and drivers cannot be had. The Toronto Railway Co. has a hard time to keep its operating staff up to strength, and recently engaged some forty colored men from the States as street car conductors. The steam railways are unquestionably hard hit and at terminal points are undermanned below the margin of safety.

However, that may be everybody is willing to make any sacrifice for the sake of the war. A gentleman connected with one big railway, however, has this to say on the general subject, and we publish his views without prejudice:

"We have a number of battalions in this city," said this gentleman, "that are not up to strength. Some of them have been recruiting for months. I am satisfied that in time they will all get their complement, and too much praise cannot be given to the officers and men composing the same. But in forming these battalions have we not prematurely drawn from the industrial life of the country a great number of men for no military purpose?"

This gentleman went on to say that no effective drill or military training could be had until a battalion was completed. He, therefore, thought that when a man enlisted he should not be compelled to leave his job, but should continue at his civil employment until the battalion was up to strength. Skilled mechanics and others, he said, who could have been earning three or four dollars a day, and could have been rendering great service in industrial work, idled away the winter living at home getting no military training to speak of.

"The objection I have to this system," he said, "is twofold; in the first place, it takes a man from the industrial force without really putting him into the military force. He goes about in uniform trying to get recruits or trying to raise funds for recruiting, but he does not get any real military training or discipline. He ceases to be a producer, and is not trained as a fighter for some considerable time at least. Moreover, instead of his employer providing him and his family with a living, that burden is assumed by the government and the Patriotic Fund. Would it not be better for the enlisted man to stay on his job in the shop, or factory, until the battalion is completed? Then he could go on the government payroll and devote all his time to military duties?"

The same gentleman said that the waste of money during the past six months by the government had been prodigious, but that it was nothing compared to the waste in the matter of production. He also said that his views were shared by the leading railway men, manufacturers and business men of Toronto. If this be true others may give their views, and perhaps the government may make some change in the existing regulations. Sir Robert Borden has already intimated that recruiting will not be carried to the length of crippling the farming industry, and we understand the boys in khaki have been allowed to go back to the farms for seeding, and possibly will be allowed later on to go for the harvest. The university and collegiate institutes also are allowing young men to put in a certain time on the farms in lieu of certain work in the classrooms. Some production is also being extended to the munition industry. We do not understand that any plan has yet been evolved to protect as far as possible the needs of the great transportation companies and manufacturers generally.

"TURNS ON ROOSEVELT" VIEW OF ALD. COWAN

Ald. John Cowan is back from a fortnight's trip to the United States, where he visited New York, Baltimore, Washington, Norfolk and other points in Virginia. He was for a portion of the time the guest of Hon. Wm. Carson of Riverton, Warren County, Va., a nephew of Sir Edward Carson, and a Democratic leader in the old Dominion.

"I found pro-ally sentiment everywhere," said Mr. Carson, "and especially in the south. When I passed Fortress Monroe the flag was at half mast in honor of Lord Kitchener. The people of Virginia will support President Wilson for re-election, mainly because he is by birth a Virginian, but they think he has shown weakness in dealing with Mexico and the German peril."

"How about the presidential election?"

"It all turns on Roosevelt. If he supports Hughes, Hughes will be elected. Otherwise no one can predict what the result will be."

Mr. Cowan says that he found the people generally in the United States believing that the war was drawing to a close and manufacturers and others are buying cautiously. The possibility of peace is also a factor that may help President Wilson.

TO RAISE MORE MEN.

Meeting Held at St. Catharines to Decide on Course.

Special to The Toronto World.

ST. CATHARINES, Ont., June 16.—Lt.-Col. Geo. Williams was chief speaker at a meeting held here this afternoon to devise plans whereby 560 men required to complete full establishment of 98th and 176th Battalions of Lincoln and Welland, the 71st Battery and a quota for 216th Bantams be secured. A committe was drafted to prepare plan of campaign to raise this number in the district by second week in July, in order that these units may go to the summer camp at full strength. Men required for 98th already at camp are to meet wastage. Meeting also passed strong resolution in favor of conscription in the Dominion.

MANY MEMBERS OF S. O. E. ARE AT FRONT

A meeting of the Earlscourt branch, Sons of England, No. 306, was held last evening in Maltby's Chambers, corner of Boon and West St. Clair avenues. President Sam Wilkinson occupied the chair. The secretary reported a present membership of 130, of which 45 have enlisted for overseas. Three were killed in action and three wounded.

It was decided to keep the members at present gone overseas in good standing.

W. E. Pilley announced that the Canada Foundry Company are preparing the bridge shop at the Davenport works for female workers on munitions.

FORTY-ONE MEN ATTEST AT DEPOT

Toronto Recruiting Authorities Energetically Pushing Campaign.

The Toronto Recruiting Depot despite the bad weather has been energetically pushing its recruiting campaign, and yesterday 72 men from all sections of the city were persuaded to undergo medical examination with enlistment in view.

As the result of the doctors' scrutiny, 41 of these men were attested. Of this number after the guards and so forth had been deducted the overseas forces obtained 38. The 67th Battalion received 8, the Army Service Corps, 5, University Training Corps, 5, No. 1 Construction Battalion, 4; 69th Battery, 4; 204th Battalion, 3; 198th Battalion, 2; 201th Battalion, 2; 70th Battery, 2; 216th Battalion, 1; 180th Battalion, 1; and the 208th Battalion, 1.

The day's recruiting brings the battalions up to the following strength:—

Mississaugus (170)	885
Buffs (198)	926
Toronto Light Infantry (201)	542
Beavers. (204)	1039
Irish Canadians (208)	813
Bantams (216)	676

About 700 men turned out to the parade and drill of the 48th Highlanders last night and put in a real good night's drill including a parade thru the down-town streets.

Military Sports Day.

Another big day of sports will be held this afternoon by the Second Division Athletic Association. This will be the last meet held in Toronto before the troops go to Camp Borden. The divisional lacrosse championship will be one of the features. The 180th Battalion team will meet the winners of the 147th vs. the 126th of Niagara camp. A game of baseball and also one of soccer will be played between the 198th and the 180th.

The battalion marching competition will be the best of its kind ever held. Col. Campbell has spent a great deal of time in organizing this march, so that every battalion will have the same opportunity, and the whole contest will be strictly judged in every detail, so that the winning battalion will be the victors in the best contest of this kind ever held.

The battalions now at Exhibition camp will march via this route: Dufferin, King, Bathurst, College, Brock, Queen and Dufferin streets, back to the grounds again.

The 127th Battalion will march via Weston road, Keele, Lake Shore road, King and Dufferin.

The 176th Battalion: Yonge, College, Lansdowne, Queen and Dufferin.

The 201st Battalion: University avenue, Queen's Park, Bloor, Bathurst, Arthur, Dovercourt, Queen and Dufferin.

The 204th Battalion: University avenue, Anderson, St. Patrick, Bathurst, Bloor, Dufferin, College, Lansdowne, Queen and Dufferin.

The 208th Battalion: St. Lawrence market, Front, Spadina, College, Sorauren, Queen, Dowling, King and Dufferin.

The 26th Battalion: Bayside Park, Bay, Queen, Beverley, College, Brock, Queen and Dufferin.

Field Day Called Off.

Complaints have been heard that Col. Campbell has been working the local units too hard. They chiefly complain of being on duty Saturday afternoon. Col. Campbell has pointed out that the work here is light compared with the old country camps, where the men are worked from 4.30 a.m. to 7.30 p.m., seven days in the week.

Capt. W. A. McLellan will shortly leave for overseas with a draft of 60 N.O.C.'s and men of the C.A.M.C.

The C.A.M.C. are recruiting thruout the division for 500 men under Sergt. Walter McRae. The men are wanted for Camp Borden, Niagara Camp, Toronto Base Hospital and the overseas service.

On account of the weather the tactical exercises that were planned by Col. Campbell to take place at Cedarvale yesterday had to be canceled.

JAMES C. CONLIN KNOWN THRUOUT THE DOMINION

Highly Respected Commercial Man Died at His Home in City Last Night.

With the death of James C. Conlin, who passed away suddenly at his home, 29 Margueretta street, last night, Toronto loses one of its best known and widely respected commercial travelers. Not only in Toronto itself was Mr. Conlin known, but in the whole of the Dominion both east and west of Toronto he was greatly respected and admired. He was identified with several of the largest and most widely-known commercial houses in the province, and in his 30 years of traveling covered territory extending from Halifax to Vancouver. He is survived by his widow and two daughters, Mrs. W. S. Dinnick and Miss Aimee Conlin, now in charge of the Vanderbilt Hospital, at Neuilly, France; Mrs. E. T. Milligan, wife of the eminent Detroit physician, and Mrs. K. Devaney, 287 Keele st., are sisters and two brothers, T. J. Conlin, of Toronto and John C. Conlin, New York City.

HOW TO DARKEN GRAY HAIR

It Can Be Readily Darkened to Its Youthful Color by a Simple Home Recipe.

There is no longer any necessity to worry when age or a diseased scalp streaks the hair with silver; nor is there need to use expensive dyes or sticky, smeary preparations. You can fix up an excellent mixture at home which soon makes gray or faded hair dark, soft and young-looking if you will try this simple recipe:

Bay Rum	1 oz.
Orlex Compound	1 small box
Glycerine	¼ oz.
Water	½ pint

Any druggist can supply the ingredients at a small cost, and you will have a preparation that will be excellent for scalp disorders, dandruff, falling hair, etc., as well as a reliable darkener of gray hair. Apply once a day until the hair is of the required color, then use once every two weeks. Try it.

are entirely unavailing. During the past few months hundreds of persons have been shot down when the police and military charge the mob with rifles and sabres.

One of the most violent outbreaks occurred a few days ago, only a short distance from the kaiser's residence in Berlin. The emperor was greatly alarmed at the rioting in which woman and children were the greatest sufferers. He sent for Bethman-Hollweg to obtain particulars, but he was assured that the outbreak was of little consequence. Dozens of women and children are in hospitals suffering from serious sabre wounds inflicted by the police.

BODY OF MIMICO MAN FOUND ALONG LAKESHORE

County Constables Simpson and Myers Made the Discovery Last Night.

While walking along the Lake Shore road, Mimico, about 8 o'clock last night, County Constables Simpson and Myers found the dead body of a man floating in the water close inshore. Securing a boat they brought the body in, called Dr. Forbes Godfrey and Norman Craig, undertaker, and had the body removed to the latter's undertaking rooms, West Queen street.

The body was later identified as that of Michael Donelly of Mimico, by his son. Donelly has been missing since May 22, and had been despondent for some time prior to that date. It is believed that he ended his life by drowning.
