General Intelligence.

Colonial.

The STANZAS in our obituary column, as a tribute to the late Alexr. J. Ritchie, by John A. Bell, Esq., of this city, are creditable alike to the poetic genius and the true friendship of their author.

Arrangements are in progress for receiving the delegates to the Convention of Young Men, to be held in this city early next month. The names of one hundred and twenty have been received by the Committee, but many more are expected.

The Rev. Mr. Saunders, late of Berwick, Cornwallis, has accepted a call to the pastorate of Granville Street Church in this city, and opened his commission accordingly on Sabbath last. We wish him great comfort and success in his new and important sphere of duty.

The *Christian Visitor* has given to the public a report of the judgment of the Council recently held upon the painful matter in relation to the late Pastor of Granville St. Church, by which the accused, though chargeable with gross indiscretion, is not adjudged to be criminal in regard to the grosser matters of accusation. We are gratified by this decision of the Council, even though it should not result in the restoration of public confidence.

Richard Wallace was examined before the Stipendiary Magistrate on Friday, upon a charge of having occasioned the death of a colored man named Thomas Oliver, by kicking him in the abdomen, in City street, a few nights since, and was fully committed for trial before the Supreme Court.

On Friday last the Champion Scullers' Belt was presented to Mr. George Brown, by the lady of His Worship the Mayor, in the City Council Chamber.

SAD ACCIDENT.—On Saturday, 7th inst., Mr. Robert Blaikie, of Back Meadows, received a severe kick from a vicious horse, which resulted in his death on the evening of the Sabbath following. He was an industrious young man of about 27 years of age.—*Eastern Chronicle.*

The great boat race between the St. John crew and the Ward Brothers, which took place at Springfield, Mass., on Wednesday last resulted in favour of the latter.

ST. GEORGE'S PARISH TEMPERANCE SOCIETY.—The Rev Foster Almon has formed a Temperance Society in St. George's parish, which has already borne good fruits. The society meets monthly on the second Monday in St. George's School-house. At the regular meeting held on Monday last, speeches were delivered by Rev. Messrs. Almon and Turner, Judge Marshall and Mr. Roche, and a choir of the Rosebud Band of Hope sang some appropriate Temperance melodies.—*Rep.*

The Committee of the Halifax Industrial School thankfully acknowledge the following contributions:—Hon. T. D. Archibald, 10 chaldrons Gowrie Mines coal; Messrs. Black, Bros. & Co., a keg of paint; the Scottish Volunteer Rifle Company, two drums, value $16; annual contribution to support one boy each from the Universalist Church Sunday School, and from the Wesleyan Church Sunday School, Brunswick street.

The buildings in connection with the Salt Works, at Spring Hill, Cumberland County, were destroyed by fire on the night of the 16th inst.

VAN COUVER'S ISLAND.—From the *Victoria Colonist* we have an account of the death of Mr. John T. Pidwell, formerly of Charlottetown, P. E. I., but for some years past a resident of Van Couver's Island, in which colony at the time of his death he held an official position of responsibility. His death, which was most melancholy, occurred on the 15th July, and was occasioned by a horse on which he was riding, coming violently in contact with a carriage driving in an opposite direction. Mr. Pidwell was thrown from the saddle, and the wheel of the carriage passing over him, his head was shockingly fractured. He remained insensible for an hour, and then expired. The deceased was in the discharge of public duty at the time of the fatal accident. He has a left a widow and large family to mourn his awfully sudden demise. The papers speak of his death as a public loss, as his energy and ability had rendered him greatly useful in public life.

MONTREAL, Sept. 13.—The friends of McGee claim that 500 fraudulent votes were polled in West Montreal for Devlin. A scrutiny of the poll is to be instituted. It is rumored that McGee will shortly be appointed to a high and permanent position under the Government.

The enormous estate of the late Thos. V. Church, located in Wales, G. B., and valued at several million pounds sterling, and about which several meetings were held in the U. S., after investigation has resulted in the claimants failing to establish their right as heirs; and that two other families by the name of Morse and Troop, now or lately of, Granville, in Nova Scotia, descendants of his two sisters, have asserted, and by documentary evidence are now endeavoring to establish their claim to this immense property, which is at present in the power and disposition of the Court of Chancery.—*St. John News.*

ANNAPOLIS RAILWAY.—The *Visitor* says:—"As we passed through the valley of Annapolis, Kings, and Hants the other day, we were pleased to observe the progress making at different points in the construction of the railway from Windsor to Annapolis. A good many men, we did not learn just how many, are engaged on the line, and it is confidently expected that the road will be completed in the summer or autumn of 1869. It is a splendid country for a railroad. The largest proportion of the way is unusually level, and but few cuttings will be required. The survey locates the road on the Wilmot side as far as Bridgetown, and then it crosses the river and proceeds on that side to Annapolis, there to connect by fast and powerful steamers with St. John, and also direct with Portland, Me. Success to the enterprise!

THE ELECTIONS IN NEW BRUNSWICK.—The following gentlemen have been returned for the Commons of the Dominion, viz.: Hon. C. Fisher for York, Hon. Charles Connell for Carleton Co., without opposition; Mr. Johnston for Northumberland, by a majority of over 500; Mr. Ferris for Queen's Co., and Hon. J. H. Gray for Saint John Co., both without opposition; and Mr. Burpee, for Sunbury, with a majority of 238. Mr. Fisher has resigned his seat in the local Legislature, and the Hon. Mr. Wetmore succeeds him as Attorney General of this Province. Hon. Mr. McMillan has been elected by a large majority in Restigouche to his place in the local Legislature. Hon. Charles Skinner takes his place without opposition, as Solicitor General of New Brunswick. So far the Union sentiment is triumphant.

Dr. Day was nominated for the County in opposition to Mr. Gray on Monday, and gave a short address after Messrs. Gray and Tilley had spoken; but did not further pursue the matter. Mr. Gray therefore walked the course in peace. His devotion to the Union cause, and his position in social and political life, entitle him to a prominent place in the general Legislature of his country. In Canada the Union party is triumphant. Our Canadian exchanges are jubilant over the triumphant success of the Union candidates on all hands. Cartier, McGee, and other prominent Confederates, have been returned in despite of the most determined opposition. The Government will, in all probability, have a large majority. If they use their power righteously, well; if not, they will fall by the same power which has given them their position.—*Visitor.*

United States.

The state of matters at Washington remains unchanged. It is not supposed that the recent appointments made by the President will at all be sanctioned by Congress.

The President has issued a proclamation of amnesty, pardoning all participants in the rebellion except the following:—President Davis, Vice President Stephens, all heads of departments, all agents of Confederate government, all who held rank in rebel service, Brigadier in army or Captain in navy, all Governors of rebel States, all persons who cruelly treated Union prisoners, and all persons who at the time they may seek to obtain the benefits of this proclamation, actually convicted and in confinement and custody, or legally held to bail either before or after conviction, and all persons who were engaged directly or indirectly in the assassination of the late President of the United States, or in any plot or conspiracy connected therewith.

BURLINGTON, ST., Sept. 6.—This afternoon a frightful accident occurred during the races at Chittenben County fair grounds in this city.—Seats which were arranged in the form of an amphitheatre, while densely crowded with spectators, fell to the ground with a fearful crash, bringing down with them upwards of 30,000 people, over 500 of whom were injured, some it is supposed fatally.

The district election will take place on the 6th 7th and 9th. Congress meets November 20th. The President takes his seat on the 1st of December, and the Chief Justice on the 1st of June. The Brigand troops had surrendered themselves to the authorities at Linez. General Beero Cabal had resigned the Governorship, and General Pavon was appointed in his stead.

NEW YORK, 16th.—Special correspondence from Rio Janeiro to Aug. 8th, reports a disastrous result to the expedition of the allied forces fitted out at San Pauleo to march to the distant Province of Molto Grosso, and drive out the Paraguayans.

The expedition was obliged to retire after advancing far into Paraguay. They were harried for twenty days by the enemy, and cholera also broke out, carrying off the principal officers. The Brazilians had not succeeded in making any material advance.

European.

LONDON, Sept. 12.—A despatch from Athens states that Great Britain and France have sent a joint note to Greece, urging the government at Athens to refrain from hostilities with the Sublime Porte, and to maintain strict neutrality on the Cretan question.

GENEVA, Sept. 12. (evening).—The Peace Congress which met on the 14th, is still in session. The proceedings attract much attention. At the sitting this morning a sharp attack was made upon the socialists in the United States, which gave rise to an excited discussion. Some ill-feeling was created, and before the close of session many members withdrew from the congress.

LONDON, Sept. 12, (even.)—The returns of Bank of England show that the accumulation of specie steadily continues. The weekly report published this afternoon, shows that the amount of bullion in the vaults has increased £20,000 since the last statement, made on the 5th inst.

ROME, Sept. 13.—Pope Pius has resolved to call together a general council of the Roman Catholic Church. He has named a congregation of seven Cardinals, to whom he has entrusted the duty of arranging the preliminaries for the meeting of the Council.

The QUEEN recently paid a visit to the Border country—and the Tweed valley—the region principally illustrated by the genius of Scott. She was enthusiastically received by the people. When on the way north the train with Queen Victoria on board arrived at Carlisle, it was discovered that the new carriage in which Her Majesty was travelling would not pass through the bridges on the "Waverly route" of railway, and a change of carriages was made. But for this discovery at the eleventh hour a fearful accident must have happened.

STOCKHOLM, SWEDEN, Septr. 13th.—The United States Steamship *Franklin*, Admiral Faragut, of the American Navy, arrived here recently after visiting several places in the Baltic. The customary salutes were fired from the fortifications on shore. The grand feature was a *fete* in the Imperial Palace by the King of Sweden which was attended by Admiral Faragut and his officers. The utmost good feeling and enthusiasm was manifested.

COPENHAGEN, Sept. 13.—The United States Steamship *Franklyn*, has arrived from Stockholm and is anchored in this harbour. The Americans were cordially greeted by the people.

VIENNA, Sept. 15—Financial relations between Austria and Hungary have been satisfactorily adjusted.

FLORENCE, Sept. 13th.—The Italian Government threatens to commence legal proceedings against Garibaldi if he persists in his preparations for an attack on Rome.

LISBON, Sept 13th.—The mail steamer from Rio Janeiro has arrived. The allied South American forces had gained recent advantages over the Paraguayans. Just before the steamer left news reached Rio Janeiro that the allies had captured Corumba, and seriously threatened the fortified position of the Paraguayans at Humaita.

CONSTANTINOPLE, Sep. 14—Information from the Sublime Porte granting a general amnesty to the Greek insurgents in the island of Candia has just been officially promulgated. The Turkish Government has concluded not to send to Candia, as was proposed, a mixed commission consisting of Ottoman and Greek to investigate into and report upon the grievances of the Cretans.

WISTAR'S BALSAM OF WILD CHERRY.—This remedy has long been cherished by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases of Cough, Cold, Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflammation of the Lungs; while even Consumption itself has yielded to its magic influence when all other means have failed. Its whole history proves, that the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all other the land.

Unsolicited Testimony.

From ANDREW ARCHER, Esq., of Fairfield, Me.

"About eight years since, my son, Henry A. Archer, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of Lungs, and general debility,—so much so that our family physician declared him to have a "Seated Consumption." He was under medical treatment for a number of months but received no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase *one bottle* of WISTAR'S BALSAM OF WILD CHERRY, which benefitted him so much I obtained another bottle, which in a time, restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all it purports to be—*the Great Lung Remedy for the Times!* The above statement, gentlemen, is my *voluntary* offering to you in favor of your Balsam, and is at your disposal.

None genuine unless signed I. BUTTS *on the wrapper.*

AN EFFECTUAL WORM MEDICINE.

Brown's Vermifuge Comfits,

OR WORM LOZENGES. MUCH SICKNESS, undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "VERMIFUGE COMFITS," although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worm, so hurtful to children.

Children having Worms require immediate attention, as neglect of the trouble often causes prolonged sickness.

Symptoms of Worms in Children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making BROWN'S "VERMIFUGE COMFITS" is such as to give the best possible effect with safety.

AYER'S PILLS.

ARE you sick, feeble and complaining? Are you out of order—your system deranged and your feelings uncomfortable? These symptoms are often the precursor of serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and drive out the humors—purify the blood, and let the fluids move on, unobstructedly, in health. They stimulate the organs of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges the natural operations of that part. This, if not relieved, will react upon itself, and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous diseases. The same purgative expels them. Caused by similar obstructions and derangements, they are surely, and many of them rapidly, cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as headache, Foul Stomach, Dysentry, Billious Complaints, Indigestion, Derangement of the Liver, Coriveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms, and Suppression, when taken in large doses.

They are sugar coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure.

For the speedy and certain cure of Intermittent Fever, or Chills and Fever, and Remittent Fever, Chill fever, Dumb Ague, Periodical Headache or Billious Headache, and Billious Fevers; indeed for the whole class of diseases originating in biliary derangement caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the West, try it and you will endorse these assertions.

Prepared by DR. J. C. AYER & Co., Lowell. Mass., and sold by all Druggists and dealers in medicine everywhere.
