Financial, Commercial and Real Estate

GREAT BRITAIN IS ARMORY FOR THE ENTENTE

Over 4,000 Controlled Firms Producing Munitions of War.

Mr. F. Kellaway, secretary to Dr. Addison, parliamentary secretary of the Ministry of Munitions, has imparted some facts and figures respecting the organization and resources at the disposal of the country that constitute a phenomenal accomplishment even in these modern times.

Great Britain, he said recently, which had throughout been the Treasury of the Allies, had now become their armoury. There are now scattered up and down the country some 4,000 controlled firms producing munitions of war.

Ninety arsenals have been built or adapted. Our weekly output of .303 cartridge is greater by millions than our annual output before the war. There is a certain machine gun being produced by the hundred every week in a factory ordered, planned, and built during the past twelve months, which had never been made in Great Britain before 1915. The output of guns and howitzers has been increased by several hundred per cent.

France, Russia and Italy have been supplied by or through Great Britain with many of the most important munitions of war. Many thousands of tons of steel have been and are being sent to France.

Nation as War Shop

There were 184,000 women engaged in war industries in 1914. To-day there were 666,000. The total number of war workers in 1914 was 1,198,600. It had now increased to 3,500,000. There were 471 different munition processes upon which women were now engaged.

In every branch of the Ministry of Munitions the best business brains of the country had been placed at the nation's disposal in the great work of industrial reorganization. Some of these men had given up incomes which would make a Cabinet Minister's mouth water, and were working like galley slaves, week in and week out, without a penny of reward. If by a business government is meant government by business men, then we had arrived at a business government so far as the Ministry of Munitions was concerned.

"For a long time," Mr. Kellaway added, "our anti-aircraft gunners had been crying out for an improved height-finder for Zeppelins the existing height-finders being slow, clumsy, and having a margin of error of hundreds of feet. You will realize how that handicapped our gunners in their attempts to bring down Zeppelins. Three men set to work on the problem and in two or three months they produced a height-finder which gave rapidly and exactly the height of a Zeppelin. It was an important discovery, but the problem was only one of hundreds which are constantly cropping up."

$ DAY

Building Lots that will stand inspection in residential District. Only $1 Down and $1 a week, or more, payments can be made monthly, if wanted. On sale THURSDAY, AUG. 10, 1916, only on these terms. Enquire at office. We will take you to see these lots.

SUMMER COMPLAINTS KILL LITTLE ONES

At the first sign of illness during the hot weather give the little ones Baby's Own Tablets, or in a few hours he may be beyond cure. These Tablets will prevent summer complaints if given occasionally to the well child and will promptly cure these troubles if they come on suddenly. Baby's Own Tablets should always be kept in every home where there are young children. There is no other medicine as good, and the mother has the guarantee of a government analyst that they are absolutely safe. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hotels which have their bar licenses revoked before September 16, when Ontario goes dry, will not be exempted from payment of the business tax, according to a judgment delivered by Judge Dromgole at Sandwich.

PERVERSION OF THE TRUTH

German Official Report of Zeppelin Raid Some Tall Story.

By Special Wire to the Courier.

Berlin, Aug. 10, via London.—Heavy damage was inflicted by bombs dropped from Zeppelin airships in a raid over England on Tuesday night, says an official statement issued to-day. Naval bases and important industrial plants suffered heavily, according to the announcement which says:

"Several of our naval airship squadrons on Tuesday night again attacked England, lavishly dropping explosive bombs of the heaviest calibre and incendiary bombs upon naval bases on the east coast and industrial plants of military importance in the coastal counties of Northumberland down to Norfolk. At all places our success was notable and could be distinctly observed, the night being comparatively bright.

"In the iron and benzol works in Middlesborough there were very heavy explosions and great fires and in the habor installations of Hull and Hartlepool and also in the dock yards on the Tyne a great explosive and incendiary effect was ascertained. Also in industrial plants near Whitby and railway plants near King's Lynn a marked effect was secured.

"All the airships returned undamaged, despite a violent counteraction by searchlights, anti-air craft batteries and naval forces."

The report is signed by the chief of the naval staff.

What London Says

London, Aug. 11.—Commenting on the Berlin statement regarding Tuesday's night's Zeppelin raid over England a British official statement issued to-night says:

"The German report is the usual perversion of the truth."

FLOUR UP IN NEW YORK

By Special Wire to the Courier.

New York, Aug. 11.—Flour sold in New York markets to-day at $5 to $9 a barrel, an advance of seventy to 80 cts. a barrel, as a result of increased price of wheat. One miller said there was considerable old flour in the hands of jobbers which was still selling at prices prevailing before the advance.

The average flour for domestic use, it was stated, now costs $8 a barrell and householders will have to pay from ten to twenty cents more for a sack than before the advance in wheat. The price of bread here has not yet been increased.

THOUSANDS OF MEN REQUIRED FOR HARVESTING IN WESTERN CANADA

Thousands of men are required to help in the great work of harvesting the Western crop. The task of transporting to the West this great army of workers will fall to the lot of the Canadian Pacific Railway.

Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours, without change or transfer.

"Going Trip West," $12.00 to Winnipeg.
"Returning Trip East," $18.00 from Winnipeg.

Consult C. P. R. Agents regarding transportation west of Winnipeg.

GOING DATES
August 17th and 31st.—From To-ronto-Surbury Line and East, but not including Smith's Falls, or Renfrew, also from Main Line East of Sudbury to, but not including North Bay.
August 19th and September 2nd—From Toronto, also West and South thereof.

Futher particulars from Canadian Pacific Ticket Agents, or W. B. Howard, District Passenger Agent, Toronto.

In order to produce revenue from surplus water from artesian wells in winter months and as a means of preserving the health of the community, the Galt Water Commission is considering going into the business of making fresh water ice.
